THE WEST BENGAL LEGISLATIVE ASSEMBLY PROCEEDINGS

Official Report of the Second Session, 1948.

Volume II—No. 1.

Proceedings of the West Bengal Legislative Assembly assembled under the provisions of the Government of India Act, 1935, as adapted.

THE ASSEMBLY met in the Assembly House, Calcutta, on Tuesday, the 10th February, 1948, at 2-30 p.m.

Present:

Mr. Speaker (the Hon'ble Sri ISWAR DAS JALAN) in the Chair, 12 Hon'ble Ministers and 61 members.

Obituary on Mahatma's Death

MR. SPEAKER: Friends, we are meeting today under the shadow of a great catastrophe which has unfortunately fallen over our country. I regret to announce that Mahatmaji is no more. It was inconceivable that we shall have to mourn this most unfortunate loss so soon. Mahatmaji has disappeared from the scene at a time when he was required most by this country. We have achieved freedom, but we required his assistance in order to tide over the great difficulties which have come in the stream of our political emancipation, but God willed it otherwise. He always in his life time said that he was entirely in the hands of God and, so long as God desired, he would remain in this world; but the moment He willed otherwise, he would disappear. It seems to have come out true, and it so happens that this seems to be the way of great Incarnations of God. We know that Shri Krishna, after His mission was fulfilled, did not die a natural death. He died by the arrow of a hunter. Shri Ramchandra when His mission was fulfilled did not die a natural death. He was drowned in the river Saraju. In the case of Mahatmaji it seems God willed it that after the political emancipation of our country his mission ended, and God has taken him away. Mahatmaji's was a personality the parallel of which can hardly be found in the history of mankind. There have been political leaders who have brought about political emancipation of countries, but they had nothing to do with religious principles. There were religious leaders who brought about revolutions in human thought in mankind by their teachings, but they had very little to do with political emancipation or political struggles and movements of their countries. It was Mahatmaji, and, I believe, Mahatmaji alone, who combined both religion and politics. He led the Congress movements for emancipation of this country not on the usual principles of violence, untruth and revenge, but he led those movements on principles of non-violence, truth, amity and love. And this is a unique achievement which will be for ever remembered in this world. High tributes which have been paid to him throughout the whole world bear eloquent testimony to the high esteem in which he was held not only by the people of this country but by the people of the world. Though he is no more with us, his teachings, that he has preached throughout his whole life are with us, and that will serve us as a beacon light to guide us to the true destiny to which our country is destined to reach.

So far as Mahatmaji's death is concerned, it is not a question of sending any condolence to the bereaved family, because today the entire nation

is bereaved: he was not a member of a particular family, but the entire Indian nation was his family, but still with your permission I shall convey a message of condolence to the members of the family of Mahatmaji.

The Hon'ble Dr. BIDHAN CHANDRA ROY: Mr. Speaker, Sir, today we meet under the shadow of a great calamity. The Father of the Nation, Gandhiji, Bapuji, is no more. He is no more in this world to guide us, to advise us, to indicate our duties and responsibilities. No more shall his mortal voice ring through this torn and tired world asking humanity to follow the path of truth and non-violence. Yet he lives, as he himself said, "Death is only a big change in life and nothing more". Yes, he lives; his spirit is with us, that deathless spirit which will ever guide this country and the whole world to its destined goal. Gandhiji's life was one of constant strife. Twenty years ago in 1928 he wrote me, "I am vain enough to think that I shall still lead my country to freedom, but the time is not yet". Throughout his life he fought for the freedom of his country and for the freedom of humanity, never losing faith in his mission. His was not a fight with the sword to destroy. He loves his enemies and eventually gave them his life and in doing so vanquished the forces of evil to fulfil his mission in life. Today the whole world mourns the passing of Gandhiji. His death is a loss to all men from one end of the world to the other. The poisonous fumes of hatred darkened the atmosphere and the spirit of violence has at last roused itself and desecrated the spirit of man. Gandhiji's teachings are ever, more than ever, necessary. It was his conviction that the world is tired of violence, that it would at last take to his path of non-violence and truth. "Non-violence", he said; "is the first article of my faith; it is also the last article of my creed". At no time in the history of civilisation was this article of faith more vitally necessary for peace than now. Today in the name of democracy freedom of the individual is suppressed—the people, the individual, is forgotten. There is no freedom for the common man. We now utter slogans, we repeat shibboleths, we declare our affiliation to parties and groups. We have neglected to develop the moral concepts of the individual. We have denied him the freedom that is his birth-right. We have to restore to him his individuality even. Let him be free even as Gandhiji was free through living a life of non-violence and truth. Gandhiji was a free man inside out. Starting his life with the usual frailties and imperfections of an ordinary individual mortal, weighed down with fears and temptations, passions and prejudices of human beings, he succeeded in changing his whole personality by years of rigorous concentration on a few simple emotionally significant ideas, years of strict self-discipline and intensive self-training. He thus developed within himself a peace of mind and a freedom which was ever eager to recognise freedom in others. It is said that he was a saint amongst statesmen and a statesman amongst saints, but, above all, he was a Man amongst men. As a man (with a big M) he was bold enough to confess his error and he withdrew his non-co-operation movement after the Chauri Chaura incident calling it a Himalayan blunder. Who in his place as a leader of men would have the courage to own his mistake?

In March, 1934, the late Dr. Ansari and myself approached him with a request to withdraw his Civil Disobedience movement because in our view the country needed another programme and that those who did not subscribe to the Civil Disobedience programme should be allowed to enter Assemblies and work inside them. In a characteristic way Gandhiji said, and it was Gandhiji alone who could have said it: "I still believe that my scheme is the correct one for leading the country to freedom, but as I am an honest man and believe in the correctness of my scheme, I will not say that you are not also sincere in your conviction and, therefore, I have decided to let you have the opportunity of putting your scheme into practice. It may be that after a time you will come to my way of thinking or I shall be converted into yours." That is a bold statement which could only be made by Gandhiji as Gandhiji himself had said "You must have freedom to be free".

Misunderstanding, jealousies, rivalries, suspicion and distrust prevail in the world today. His teachings are forgotten. People suffer from persecution complex. Hate and distrust—sectional, communal and otherwise—raise their ugly heads and cause delusion in the minds of men. How else can we explain this cruel and inhuman act? How else can be explained this act of barbarism which has deprived the world of the Prince of Peace of our times?

"The manner of Gandhiji's death is a grim and urgent reminder of the forces of hate and violence that are at work in our country and which imperil the freedom of the nation and darken our fair name." That is the resolution of the Government of India. These forces must be swiftly controlled and suppressed. I have no doubt whatsoever that the Indian people as a whole demand that prompt action should be taken and our duty performed. The Government is determined to deal with such forces of evil with determination and courage. We ask for co-operation of all right-thinking people in our efforts to prevent further mishaps, but the individuals alone must not take the law into their own hands. Government today is of the people—it is theirs. If any action of the Government is not approved those with different ideology will take its place.

Gandhiji is no more. He cannot be replaced. But as long as we are here, we on our part should strive our utmost to fulfil the great message of Gandhiji, i.e., the pursuit of truth and the practice of tolerance. He stood for the Kingdom of God. He braved everything—he lost his life but won the Eternal Crown.

Janab MD. KHUDA BUKHSH: Mr. Speaker, Sir, the foul hands of a cowardly assassin have robbed the world of one of its greatest treasures. It is impossible for us to assess the gravity or the magnitude of the calamity, for Mahatmaji not only belonged to the present but he also belonged to the unborn future. He not only belonged to India but he belonged to the world. He was a light that sought to dispel the gloom and the darkness that overhanged humanity; he was a light that shed truth, justice, love; he was a light that showed the path of rectitude and orderly conduct to humanity. Sir, for his death the world is darkened.

Sir, our religion enjoins on us not to mourn the departed by recounting their virtues and extolling them. Sir, death is an inevitable bridge that a mortal has to cross to embark on life eternal. Mahatmaji's soul has been freed from the trammels and the bounds of this limited and circumscribed earth and now roams freely in the limitless expanse of the universe. From God he came and unto God he has returned, but for us, Sir, who have been left behind to mourn his loss, his presence in our midst in flesh and blood was sorely necessary. When the forces of evil, hatred, distrust and disintegration are rampant the unifying force that was Mahatmaji was necessary. Sir, his penetrating insight, his universal love and his wise guidance, his transcendent sympathy were all sorely necessary to us in the hour of our dire peril.

Sir, we have lost our father and it is a small consolation to know that he has gone to heaven.

Therefore we now turn to search the root of this fell tragedy that removed the dear one from our midst. How is it that India was capable of producing even one man who could inflict such a grave and terrible injury on us? Sir, we have been told that elaborate police precautions and other precautionary measures were taken to safeguard this inimitable, this wonderful gift of the Indian nation to the world, but we have seen to our ever-lasting shame how misguided political fanaticism has spoiled and foiled all those measures.

Sir, Mahatmaji was a true friend of the Muslims. In fact, he has laid down his life in protecting the Muslims, and, Sir, we plainly feel apprehensive now of our future—indeed the future of India. If India is to be

saved from Fascism, we have, all of us, to apply ourselves to the task of rooting out this cult of violence from our fair land, and, in this I can assure the Hon'ble the Leader of the House that he will get unstinted, unreserved and unqualified support and co-operation from us, the Muslims of India. Sir, even in this grave menace that is besetting us, the peril that we are facing, I wish Mahatmaji were present to guide us as to how best to tackle it. It is indeed a very cruel dispensation of Fate that he has been taken away from our midst when we need him so much. Mahatmaji is no more. We cannot look to him for guidance any more. But he has left us a rich heritage of abiding ideals and rules of conduct, and it is in the relentless pursuit of those ideals and unremitting application of those rules of conduct in our own lives that we can establish peace, that we can create conditions for the ordered progress of the country.

With these words I and the Muslim members of this House wish to associate ourselves with the resolution moved by the Hon'ble the Leader of the House and also associate ourselves with the sentiments that he has expressed.

Mr. J. R. WALKER: Mr. Speaker, Sir, on behalf of my colleague and myself and the commercial associations we represent I identify myself completely with all that you, Sir, the Chief Minister and my honourable friend, have said. It is my distressful duty to give voice to our deep sense of sorrow and sadness occasioned by the death of Mahatma Gandhi in such tragic circumstances.

The Father of the Indian Nation was the world's most powerful exponent of peace through non-violence and no words of mine can express how we feel for the people of this land in particular and humanity in general at his loss. He was simple and humble in heart and long will be remembered his sympathy with the poor and lowly and his courageous endeavours in the face of personal anguish and sacrifice to further the cause of his beloved country. Like all great men Mahatma Gandhi knew that "the more life is spiritual the more it is real" and his saintly bearing captured the imagination and commanded the respect of the whole world, while the simplicity of his way of life serves as an inspiration to all who would emulate the dictates of his doctrines. In his play Abraham Lincoln, John Drinkwater uses these words—"when we worship greatness passing by, ourselves are great". In paying this tribute of respect to the memory of Mahatma Gandhi mere lip service cannot make us be considered as great. We must be determined to further the cause for which he worked, namely, brotherhood, to see in reality the vision as expressed by Robert Burns that "Man to man the world o'er shall brothers be for a that". No mere lip service can suffice, deeds not words will be required of us all in the service of India.

To members of Mahatma Gandhi's family we extend our sincere and heartfelt condolence. To his countrymen our firm belief that his shining life-long example will ever remain a source of spiritual influence to guide those who must continue in his great work.

In company with the multitudes of his people we mourn his passing and honour his memory.

Mrs. E. M. RICKETTS: Mr. Speaker, Sir, the Anglo-Indian Group wholeheartedly associates itself with the sentiments expressed by the previous speakers. On an occasion like this, words are of little avail to express sorrow, or to pay tribute to the departed great, and for my part I would consider it presumptuous for me to attempt to sing the praises of a man of the calibre of Mahatmaji. On the single occasion on which we had the privilege of coming into personal contact with him, we were so impressed with his innate goodness and with the charm of his magnetic personality, that we still find it difficult to realise that any human being should have dared to raise his hand against him. The world-wide respect

and veneration in which he was held were due more to the instinctive recognition of his greatness than because of a thorough appreciation and understanding of his doctrines. India had grown so accustomed to depending on him to solve her difficulties, that it was impossible for us to visualise a time when he would no longer be there to guide and lead us in his own inimitable way. His sincerity, his convictions were so strong that they could not but influence others, and wear down all opposition, and we who had seen him pass from victory to victory, had almost come to believe that he was not only invincible, but also immortal.

To one, however who had borne the burdens of a nation for over half a century, the ordeal of repeated fastings must have been an increasing strain, to which was attached the ever present dread of his succumbing, and leaving the warring elements of his beloved people with the feeling that they had been the cause of his death. Losing him as we have done, at the hands of an assassin, all men of good will are spared the tortures of remorse. No nation can be without its Judas, and the tragic success of the dastardly attack has made everyone realise the bitter harvest of disunity and disaffection. The Mahatma had done all he could to bring us to our senses. His frail frame could hardly have stood further mortification. If the choice had been given him, there is no doubt that he would gladly have made a holocaust of himself for the peace and happiness of his beloved Motherland. His death like his life has been a sacrifice. A cruel fate has taken him from us whilst we are still floundering in the deep and dangerous waters of newly acquired Freedom and Independence and the only way in which we can show our appreciation for this Great Soul, and our gratitude for the privilege of the many years of his inspired guidance and leadership, is by giving him in death, the consolation we so often denied him in life. Let us his children, sink our differences in our common grief, and just as the loss of a dear one so often unites a divided family, let each one of us who is associated with this condolence resolution, erect a living monument to his beloved memory, by sincerely practising in our day to day actions, in our every word and thought his doctrine of tolerance, of brotherly love and of kindness and consideration to the weak.

No matter how wise or how clear-sighted a man may be in life, he is not always able to read the thoughts and the hearts even of his friends; but once he becomes immortal, he can no longer be deceived. In life the power, the influence of the Mahatma were limited, in death his spirit is everywhere, nothing is hidden from him. He is still, like an anxious parent, watching over us, hoping and praying that the cruelty and inhumanity of his end might shock us all back to our senses, so that the fruits of his teachings might be even more abundant in death than in life.

We grieve most bitterly at the loss of the Father of our nation. May his noble soul receive eternal consolation and peace!

Sri JYOTI BASU: Mr. Speaker, with the whole nation my party mourns for Gandhiji. I shall not attempt to describe today Gandhiji's role in Indian politics and struggle for emancipation, nor do I feel it necessary to do so because it is common knowledge that for over a quarter of a century Gandhiji has been dominating Indian politics. In recent months Gandhiji, with whom we also came in very close contact, appeared to us as a distinct personality grasping with keen insight that communal strife would lead once more to the forging of new imperialist shackles of bondage. Whilst fratricidal war enveloped our minds and agonised cries of thousands of men, women and children rent the air, while even top ranking Congress leaders deviated from their ideals and the Congress Ministry failed to stem the flood of universal hatred, Gandhiji in his own simple way appealed to the people, to their basic humanity in Noakhali, Calcutta, Delhi and the rest of our land. While Congress leaders and Governments were failing him, he prepared himself for the supreme sacrifice of his life and the

ordinary people, both Hindus and Muslims in India and in Pakistan, responded splendidly. It was indeed in the fulfilment of this noble task that Gandhiji gave his life, being slain by the foul hands of a communal Hindu Mahasabha murderer. I am constrained to say that the Congress Government have so far failed to demonstrate their steadfast faith in Gandhiji's teachings. Those leaders do not believe in non-violence as far as the workers and common people are concerned. While Gandhiji preached unity, the Congress Government have split up the working classes into two camps through the I. N. T. U. C. Whilst Gandhiji believed in truth, his disciples, the Congress leaders and Governments spreading the falsehoods that the workers and the communists and other left parties with violence are threatening the State and not the communally-minded police, R. S. S. and the Hindu Mahasabha and such other communal bodies. The passing of a pious resolution, or joining in prayers, or erecting a monument will not help in fulfilling the task dear to Gandhiji. It is a false cry to say, as is being done through the radio and in public meetings, "Father, forgive them for they know not what they do!" We must pledge to declare war on malevolent forces of communalism, to hate those wretched and powerful forces which sow bitterness amongst us, to rouse just anger in our people against those, whether inside or outside the Government, who are attempting to crush the common people. We shall declare war on them and we shall move forward for the establishment of a truly free and democratic government of the workers and the kishans. We shall wait and see whether the Congress Government which has so far failed will change their attitude after the supreme tragedy and not merely pray but act in a manner which will be a fitting monument to the memory of Gandhiji.

Sri UDAY CHAND MAHTAB, Maharajadhiraj Bahadur of Burdwan: Mr. Speaker, Sir, I rise to join in the homage paid to the memory of Mahatmaji by you, Sir, by the Hon'ble the Chief Minister and leaders of various other groups in this House. It is difficult to find words adequate enough to express one's sense of deep sorrow during such a great national calamity. Gandhiji was not merely a great leader to all of us, but he was one of the greatest men of his age throughout the world. The void caused by his passing away is almost impossible to fill. Though he may not be with us in body, his spirit, his noble example of self-sacrifice will help and guide us through all our difficulties, and I am sure if we follow the path he wanted us to, we can steer clear of evil forces, avoiding rocks of hatred, strife and want, and bring our great country to the shores of prosperity, greatness and peace. And this alone will be a fitting and lasting monument to one who was the great architect of our freedom and independence today.

Janab ABDUR RAHMAN SIDDIQI: Mr. Speaker, Sir, so many tributes have been paid to the memory of our great leader that it is difficult to say anything new about the many aspects of Gandhiji's life and work. I have read and heard the many tributes paid by leaders of the world and by our countrymen in all parts of India. There was a reference in the meeting held in Bangalore, where the President of the meeting said that the concourse that had gathered to honour Gandhiji's memory reminded him of the glorious days of the Khilafat Movement.

I am standing here, Sir, today to declare with all the sincerity I possess that Gandhiji was not the leader of the Hindus alone. He was our leader. He understood us and he gave his life to save us. Whether in South Africa or whether in the earlier years of his activities in India Mohandas Karamchand Gandhi was more our leader than the leader of any other group in the country. We put him—to translate an Urdu idiom—on our head and eyes. Gandhiji's word was law to us. In spite of the ferocity in the proverbially fanatic Muslim he followed Gandhiji on the path of non-violence with greater sincerity than some other sections of our people. Gandhiji, Sir, tried and tried successfully to show us the right political

path and he was our greatest advocate in the councils of those who could not see eye to eye with us. Gandhiji may not have accepted our ideology in its totality but Gandhiji understood the psychology behind it and I feel that if he had been spared to us longer who knows the whole aspect of the present Indian political situation might not have changed for the better. In spite of the division, in spite of the bitterness obtaining in the country, he, the man of peace, the man of friendship, the man of universal brotherhood, would have succeeded in bringing mutual friendship and affection among the Muslims and the non-Muslims not only of the Indian Union but of the part of India outside the Indian Union.

I had the honour of meeting Mahatmaji so far back as 1917. Since then, Sir, off and on I have been associated with him through the years. Sometimes I took the liberty to question his decisions. Not by anger, not in any other way but by a smile and by argument he put me right. Only three years ago I had the honour of going to him in Bombay and placing my grievances before him—why had he left us alone. He was not a Congress man, he was not a Muslim Leaguer; he was the leader of united India and I wanted him once more to come out and lead us. I guaranteed to him that the old Khilafatists and the senior members of the non-slogan chanting part of my community would rush to him in their hundreds and thousands and if Gandhiji led that Muslim crowd he would have a ten times larger crowd of non-Muslims with him and thus he would be able to settle outstanding problems. He could not see his way to do that immediately then but Gandhiji could not ignore things as they were happening. He brought peace to Calcutta, he brought peace to Bihar and he brought peace to Delhi. It is a pity that Providence did not permit him to go to Pakistan. I wish he had been spared to us even for a month for that visit. Had he gone to Karachi and Lahore the whole set-up of the country might have changed and then both India and Pakistan could have started to build the two Dominions as they should be built—not on animosity, not on unfriendliness but on amity and concord as brothers building their own two different homes but with the one object to build the country as a whole.

God in his wisdom, Sir, took away the Man of Peace. We mortal human beings cannot undo the act, but I feel confident in my own heart that in death Gandhiji will have served his people both in India and Pakistan—Hindu, Muslim, Sikh, Parsee, Christian, Jew—better than what he did in his life.

Sri NISHAPATI MAJHI:

মাননীয় Speaker মহোদয়, ভারতের তপোবনে

উপস্থিত ন্যায় রবীন্দ্রনাথ ও মহাত্মাজী যত্নকে অবহেলা করে জাগ্রত তপোবানকে অন্তরে বসিয়ে সাধনার নিমগ্ন হয়েছিলেন। কিন্তু এমনি আমাদের দৃষ্টিপা, পৃথিবীতে যখন হিংসা, বিদ্বেষ, অশ্রদ্ধা ও ভৌতিক প্রবল হয়ে উঠলো তখন রবীন্দ্রনাথ আমাদের ছেড়ে গেলেন। তবু ভরসা ছিল মহাত্মাজী আমাদের যথোপযোজ্য তপোবনে বিরাজ করছেন। কিন্তু বিগত ৩০শে জানুয়ারী তপোবনে একজন উন্মাদ আততায়ী মহাত্মাকে প্রাণহার সময় আঘাত করে সে সাথেও বাদ সাধলেন। মহাত্মাজী এ নিষ্ঠুর আঘাত সহ্য করতে পারলেন না;—আজ এই ভারতের তপোবন নীরব;—দুঃখ, বেদনা, লজ্জা ও অপমানে ভারত শোকাভিভূত।

আজ গভীরভাবে অনুভব করবার দিন, মহাত্মার যে সব পরিকল্পনা কঠিন কারাগারে এতদিন যাবত অবরুদ্ধ করে রাখা হয়েছিল সেই সব কথা। কেন না এই পরিকল্পনাকে কার্যকরী করার জন্যই মহাত্মাজী বিপ্লবী হয়ে, বিদ্রোহী হয়ে রাষ্ট্রকে এবং জনসাধারণকে জাগ্রত করতে চেয়েছিলেন। কিন্তু দুঃখের কথা সকলে তাঁর সেই অমর-বাণী কাণ পেতে শুনেন নাই। ৪১কোটি লোকের মধ্যে কয়েক লক্ষকে নিয়ে মহাত্মাজী রাজনৈতিক স্বাধীনতা অর্জনের জন্য সংগ্রামে নিযুক্ত হন। বিশ্ববাসী এজন্য স্তম্ভিত হয়েছিল। কিন্তু অহিংসা মন্ত্রের পাখ সোনাগতিরূপে যে দিন ২৫ বছর পর ১৫ই আগস্ট আমাদের হাতে আমাদের দেশকে তুলে দিলেন সেদিন আমরা এই বিধিকার মহাপুরুষের গম্বুজ নিয়ে ধন্য হয়েছিলাম। সে দিন তিনি এই কলিকাতা নগরীতেই ছিলেন সাধানার দ্বিপ্ত ছিলেন।

বাংলা মহাত্মাজীকে কতখানি গ্রহণ করেছে আজকে হয়ত সে বিষয়ে উল্লেখ করা অনান্য। কিন্তু স্বীকার করতেই হবে বাংলাতেই মহাত্মাজীর শান্তি প্রচেষ্টা, মহাত্মাজীর অস্পৃশ্যতা বহুজন-গাছ আজ ফলে ফলে প্রস্ফুটিত হয়ে উঠেছে। তাই আশা হয় বাংলাতেই হরিরজনপণ অস্পৃশ্যতাকে দশ বৎসরের মধ্যে উচ্ছেদ করে মহাত্মাজীর পরিকল্পনাকে সাধক করে তুলবে।

হরিরজনদের জন্য ভিক্ষাপাত্র হাতে নিয়ে তিনি এই বাংলায় বার বার দ্বারের দ্বারে পরিভ্রমণ করেছেন। ১০ জনের স্থলে বাংলার পরিষদ-সমস্যার সংখ্যা তিনিই ৩০ জন স্থির করে দিয়েছিলেন। সেইরূপ ভারতীয় গণপরিষদে তিনিই নির্দেশ দান করেছিলেন যে অস্পৃশ্যতাকে দণ্ডযোগ্য বলে ঘোষণা করতে হবে। তাঁর নির্দেশেই বিভিন্ন প্রদেশে হরিরজন উন্নয়ন কার্য, মানকল্প বা বহুজন এবং অস্পৃশ্যতা বহুজন বিল কার্যকরী হতে গিয়েছে। বোধ হয় এই কারণেই পল্লী-সংগঠন এবং দূষিত-সেবা বিভাগের স্থিতি হরিরজন উন্নয়ন কাজের দপ্তর কেন্দ্রীয় পরিষদে কার্যকরী হয়েছে।

আজ বঙ্গীয় পরিষদের নিকট প্রার্থনা, অবিলম্বে হরিরজন-উন্নয়ন বিভাগ কেন্দ্রীয় পরিষদের ন্যায় স্থাপন করুন এবং এই অধিবেশনেই অস্পৃশ্যতা-বহুজন এবং গ্রাম-পঞ্চায়েৎ বিল উপস্থিত করে মহাত্মার পরিকল্পনাকে কার্যকরী করে ভারতকে আলোকিত করুন। ঈশ্বরলোক হতে মহাত্মার আশীর্বাদ তাহলে নিশ্চয়ই আমরা লাভ করবো।

পল্লীর অশিক্ষা, অস্বাস্থ্য, অর্থাহীনতা এবং দলদাঁড়ি প্রধান সমস্যা। পল্লী-দরদী মহাত্মাজী এই জন্য শেষ পরিকল্পনা যা কংগ্রেসকে দিয়েছিলেন, তা দলিল স্বরূপ সম্পাদক মহাশয় দেশবাসীর নিকট উপস্থিত করেছেন। পল্লীতে পঞ্চায়েৎ কমিটি, ব্রতীদল, পল্লী-নায়ক এবং অধিনায়ক স্থির করে আমাদের আর্থিক স্বাধীনতা অর্জনের পথে আজ অগবর্তী হতে হবে। পশ্চিম বাংলার ৩০ হাজার পল্লীতে যদি এইরূপ স্বাধীনতা রক্ষার ব্যত নিষ্পত্তি করা হয় তাহলে সত্যি আমরা পল্লীর উপকার সাধনে সক্ষম হতে পারবো। স্বেচ্ছা স্বেচ্ছা তৎপারনে মহাত্মাজী ও রবীন্দ্রনাথ বিশেষকৈ একটি পুত্রের ন্যায় নিষ্পত্তি করবার যে আশা আকাঙ্ক্ষা করেছিলেন তাও সাধক হতে পারবে। এও বিশ্ববাসী সাগরের পার হতে এ পারকে ধিকার দিচ্ছে। আজও যদি সমস্ত অলংকরণ দিয়ে হারবের প্রত্যেক পরিষদ ও কেন্দ্রীয় পরিষদ মহাত্মাজীর পরিকল্পনাকে কার্যকরী না করেন তাহলে তাঁর প্রত্যন্ত পরিকল্পনা জাতি মান প্রাণে গ্রহণ করতে পারবে না।

অপরূপ অনেক করা হয়েছে। এ জন্যই পাপ পুণ্যবিশিষ্ট হয়ে উঠেছিল। এই হাঁস হত্যার অপমানে আমাদের হাজার হাজার জনে জগতের নিকট ছোট হয়ে থাকতে হয়েছে। দুঃখ হয় যদি তাঁর জীবন্ত অবস্থায় তাঁর প্রাণ সম্মান আমরা দিয়ে পারতাম তা হলে আরো কিছু দিন তিনি সংগঠন কাজে প্রতীকস্বরূপ বিরাজ করতেন।

প্রতীক সম্মুখে আমাদের বৃত্ত গুলন করবার শূন্যদিন উপস্থিত হয়েছিল। কিন্তু তিনি কাজের জন্যই আমাদের সম্মুখ হতে অদূর অবস্থান করতেন। আমরা আজ আমরা সকলে মিলে প্রার্থনা করি তিনি যে অধিকার আমাদের দিতে বলেছিলেন আমরা সেই অধিকার সকলে মিলে সংগ্রহ করে। যে একান্তে পশ্চাৎপদ হবে তাকে ধিক্কার দিতে কুণ্ঠিত হবে না, তাই হয়ে ফাইকে গ্রহণ করতে জীর্ণ সমাজকে সূর্ণ বিচ্যুত করবো, এ কাজে জীর্ণতাকে অগ্রসর করে আর কাউকে ঘৃণা করবো না, নতুবা মহাত্মাজীর প্রার্থনাকে ব্যতির প্রার্থনিত হবে না। লোকলুপ্ত সমাজতন্ত্র ও মৃত্যুতন্ত্রে পদদাঁড়ি করে যদি আমরা এগিয়ে দিতে পারি, এ কাজে শ্রমজর ও পরাক্রম হতে না দিই, তাহলেই সমস্ত পৃথিবী বিস্মিত হয়ে বসবে, জয় হয়েছ, পাশ্চাত্য, জয় হয়েছ আপনাব সাধনাব, সাধক হয়েছ, মহাত্মাজী, সাধক হয়েছ আপনাব পরিকল্পনাব; ধন্য হয়েছ দেশ, ধন্য হয়েছ আপনাব স্বপ্নজাগ্রতে।

Mr. DANIEL COMES: Mr. Speaker, Sir, I wholeheartedly associate myself with the sentiments expressed by you, the Hon'ble the Premier and the honourable members of this House. On any reckoning the death of Mahatma Gandhi is a calamity of great magnitude. Our beloved Mahatma by his exemplary manner of plain living and high thinking had attracted the attention of the whole world and he was looked upon by the entire world as the embodiment of all that is best in the Indian civilisation. Rightly or wrongly, but inevitably the world will interpret his death in

such a foul and criminal atmosphere as the beginning of the end of that ancient civilisation of ours. The death of Mahatma following within a few years of the death of Rabindranath Tagore undoubtedly leaves a very deep cavity in the international reputation of India which may take years to fill. In our own country the death of Mahatma has thrown the people into indignation, bewilderment and frustration. Our language fails, our voice gets choked and our senses swim in an ocean of grief. The present and the past by contrast bring home to us what a source of courage, what a pillar of strength and stability, what a fountain of justice and equity, our Mahatma was. The Central and Provincial Governments have lost a friend, philosopher and guide. The people have lost a selfless leader, a forgiving commander, a guardian and a comforter. Mahatma was a person who inhaled nothing but truth and who exhaled nothing but non-violence. To contemplate that this flower of innocence, this champion of the down-trodden, this hero of our battle of independence should have been destroyed by one of our countrymen in circumstances which cry heaven for vengeance, fills us with an overwhelming sense of shame and bitter poignancy. If our grief is natural, our atonement for the sin is very necessary. We must strive to bring about the fulfilment of the destiny of India as Mahatma had foreseen it. We must strive to achieve a new India in which the dignity of labour is raised to its proper level where untouchability will be an unknown thing, where the different communities will mingle with one another in fraternal affection like milk and sugar. We must search our heart and purge ourselves of the slightest vestige of *himsa*. We must determine to infuse the country with a Gandhian sense of spiritual values; we must resolve to bring about the social revolution by means compatible with the Gandhian sense of tolerance and charity, patriotism and discipline. Above all we must resolve to be worthy of the independence that Mahatma has earned for us. Only thus can we hope to atone for the shameless ingratitude one of us has shown to him.

Mr. SPEAKER: To mark our respect to the memory of Mahatmaji I propose that we should stand for two minutes and observe silence.

(Members rose in their seats and two minutes silence was observed.)

There will be no further business of the House today and in memory of Mahatmaji I adjourn the House till 3-45 p.m. on Friday, the 13th February, 1948.

Adjournment.

The House was accordingly adjourned at 3-30 p.m. till 3-45 p.m. on Friday, the 13th February, 1948, at the Assembly House, Calcutta.

Proceedings of the West Bengal Legislative Assembly assembled under the provisions of the Government of India Act, 1935, as adapted.

THE ASSEMBLY met in the Assembly House, Calcutta, on Friday, the 13th February, 1948, at 3-45 p.m.

Present:

Mr. Speaker (the Hon'ble Sri ISWAR DAS JALAN) in the Chair, 10 Hon'ble Ministers and 55 members

STARRED QUESTION

(to which oral answer was given)

Night-soil depot in the Bally Municipality.

***1. Janab MUDASSIR HOSSAIN:** (a) Is the Hon'ble Minister in charge of the Health and Local Self-Government Department aware that there is a long-standing dispute between the Bally (district Howrah) Municipality and the rate-payers of Ward No. 1 regarding removal of a night-soil depot located within the residential area and human habitation of said Ward No. 1?

(b) Is the Hon'ble Minister aware—

(i) that some correspondences, *e.g.*, No. 821P.H., dated 30th April, 1942, were made with the Health and Local Self-Government Department in this matter who forwarded it to the District Magistrate, Howrah, for taking necessary action;

(ii) that the District Magistrate, Howrah, issued necessary instructions to the Bally Municipality for taking early steps in the matter; and

(iii) that no action by the said municipality appears to have been taken up till now?

(c) If the answers to (a) and (b) are in the affirmative, will the Hon'ble Minister be pleased to state what steps have been taken or proposed to be taken in the matter?

(d) If no action has been taken, is the Hon'ble Minister considering the desirability of making an enquiry into it and taking such steps as he deems necessary in near future?

Prime Minister and Minister-in-charge of the Health and Local Self-Government Department (The Hon'ble Dr. BIDHAN CHANDRA ROY):

(a) Government are not aware of any such dispute.

(b) (i) and (ii) No such correspondence is available in the offices of the District Magistrate, Howrah, and of the Bally Municipality.

(iii) and (c) Do not arise.

(d) An enquiry has been made into the matter from the Commissioners of the Bally Municipality in order to find out the exact situation.

Janab MD. KHUDA BUKHSH: With reference to answer (d) will the Hon'ble Minister be pleased to state when the enquiry was made?

The Hon'ble Dr. BIDHAN CHANDRA ROY: The papers were sent to me the day before yesterday. I think the enquiry has gone to-day.

Janab MD. KHUDA BUKHSH: Will the Hon'ble Minister be pleased to state what were the findings of the enquiry?

The Hon'ble Dr. BIDHAN CHANDRA ROY: No enquiry has been made from the Commissioners. With regard to the enquiry from the District Magistrate, I have already given the answer. With regard to enquiry from the Commissioners of the Bally Municipality, that enquiry has been sent to-day.

Janab MD. KHUDA BUKHSH: Will the Hon'ble Minister be pleased to state if the views of the local people were taken in the enquiry?

The Hon'ble Dr. BIDHAN CHANDRA ROY: No. I think I have not made myself clear. After I get a report from the Commissioners of the Bally Municipality I shall institute my own enquiry through my own Director of Public Health as well as take the view of the rate-payers.

Janab MD. KHUDA BUKHSH: Am I to understand that the enquiry has not yet been made?

The Hon'ble Dr. BIDHAN CHANDRA ROY: No, no. I think the word "enquiry" has a different meaning. The enquiry means that an enquiry has gone from the Bally Municipal Commissioners, and no enquiry has been made by the Government.

Janab MD. KHUDA BUKHSH: Will the Hon'ble Minister be pleased to state whether he would let the House have the findings of the enquiry when it is completed?

The Hon'ble Dr. BIDHAN CHANDRA ROY: That depends upon what the findings are.

Janab MD. KHUDA BUKHSH: Will the Hon'ble Minister be pleased to state if he is aware that there is some long-standing dispute between the rate-payers of some wards and the Bally Municipality?

The Hon'ble Dr. BIDHAN CHANDRA ROY: I am not aware of it. But I can assure my friend that I am more anxious to prevent any filth depot affecting the rate-payers, being a medical man, than anybody else.

Panel of Chairmen.

Mr. SPEAKER: In accordance with the provisions of rule 6 of the West Bengal Legislative Assembly Procedure Rules, I nominate the following members of the Assembly to form a panel of four Chairmen for the ensuing session:—

- (1) Sri J. C. Gupta,
- (2) Janab A. F. M. Abdur Rahman,
- (3) Mrs. Edna May Ricketts,
- (4) Sri Radha Nath Das.

unless otherwise arranged, the senior member among them present in the above order will preside over the deliberations of this Assembly in my absence and in the absence of the Deputy Speaker.

GOVERNMENT BILLS.

The West Bengal Special Benches (Continuance) Bill, 1948.

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: I beg to introduce the West Bengal Special Benches (Continuance) Bill, 1948.

(Secretary then read the short title of the Bill.)

Sir, I beg to move that the West Bengal Special Benches (Continuance) Bill, 1948, be taken into consideration.

As it is clear from this Bill, it is a non-controversial measure which this Government has to bring before this House as we are saddled with a sour legacy from the past Government and the date on which the Special Benches will expire is the 16th of March this year. There are still 29 cases pending before these Special Benches and these are 29 cases of crimes committed during the period of riots. Government examined for a long time those cases and particularly those involving heinous offences are now pending their trial, and it is not possible that the trial will be over by the 16th of March. Therefore, to meet the anomaly which is likely to arise, Government is constrained to bring this measure before this House with a view to provide for the continuance of the Special Benches.

Sri JYOTI BASU: Mr. Speaker, Sir, the Hon'ble Minister has made out a case that this is a non-controversial Bill which is before us but we have not been told as to why, for instance, those cases which were pending before the Special Benches were not gone into as yet. They took place a long time back. Secondly, we are told in the Statement of Objects and Reasons that other cases may be allotted to these Benches before that date. Therefore it seems that it is not merely a question that some cases are pending and therefore we need a Bill of this kind, but that the Hon'ble Minister wishes to extend these provisions in such a way that in future also we shall have to be ruled by Special Benches. On principles I am against this particular kind of justice, and I think all democratic opinion would be on my side. But I know that there may be occasions when such things may be necessary, but those occasions have gone by, and I do know why again at this particular stage we are being subjected to this kind of law. It would have been much better if those cases which are pending before the Special Benches could have been referred to the ordinary courts of law, and as far as the future is concerned, I am against giving any power to the Government whereby they can constitute such Special Benches even if it be for trying such offences. I think the ordinary laws of the land and the ordinary courts of justice are sufficient to meet the situation.

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: Mr. Speaker, Sir, I should like to say that my honourable friend has brought forward points, I am afraid, under a misconception of the whole situation. It is not for me to say why those cases have not been gone into. As I have already stated, those cases are pending before the Special Benches, and the gentlemen who are members of the Special Benches are trying to dispose of them. But there is an inordinately large number of cases before them which have been disposed of. I would have been very happy if so many cases had not cropped up and if the riots did not take place at all. An immense volume of riot cases have been disposed of—by far the largest number of them—and the number pending to-day is 29, as I have ascertained, and I find that it is not possible for those 29 cases to be disposed of within this short time. Therefore the Special Benches have to be continued until those cases are disposed of, and I do fervently hope that there will be no occasion for fresh cases to arise. The question of allotting cases that has been mentioned are the cases which have already been taken notice of by the police, investigation completed and at the trial stage, these cases are to be allotted.

I do fervently hope again that no fresh episodes may take place which would necessitate fresh prosecution on the ground of these riots and there is no question of anyone being ruled by these Special Benches. These Special Benches are not ruling over the country, but they are entrusted with the task of trying offences which are committed. I do hope that no

such occasion arises and, as I have stated, other questions could be better answered by my predecessors—by the Government which had earlier been in office when the riots had been taking place—but we look forward all to see that the Special Benches may be rendered a dead letter after the 29 cases have been disposed of and in this, I hope, the co-operation and goodwill of all men will come forward to see that no further occasion arises to invoke the aid of the Special Benches. That much I could say to clear up the misconception and I commend this measure to the acceptance of the House.

The motion of the Hon'ble Sri Niharendu Dutt-Mazumdar that the West Bengal Special Benches (Continuance) Bill, 1948, be taken into consideration was then put and agreed to.

Clause 1.

The question that clause 1 do stand part of the Bill was then put and agreed to.

Clause 2.

The question that clause 2 do stand part of the Bill was then put and agreed to.

Preamble.

The question that the preamble do stand part of the Bill was then put and agreed to.

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: Sir, I move that the West Bengal Special Benches (Continuance) Bill, 1948, as settled in the Assembly, be passed.

The motion was then put and agreed to.

The West Bengal Finance (Amendment and Repeal) Bill, 1948.

The Hon'ble Sri NALINI RANJAN SARKER: Sir, I very much regret that Government are not prepared to-day to introduce this Bill. We shall give you notice in due course.

The West Bengal Motor Spirit Sales Taxation (Amendment) Bill, 1948.

The Hon'ble Sri NALINI RANJAN SARKER: Sir, I beg to introduce the West Bengal Motor Spirit Sales Taxation (Amendment) Bill, 1948.

(Secretary then read the short title of the Bill.)

Sir, I beg to move that the West Bengal Motor Spirit Sales Taxation (Amendment) Bill, 1948, be taken into consideration.

Sri JYOTI BASU: Of course, I see that this is a very small Bill which has been placed before us for continuing the enhanced taxation on petrol, but we have not been told as yet—not explained as yet—by the Hon'ble Finance Minister as to why it was necessary to introduce this Bill to-day before the House. I should have thought that there was sufficient petrol in the country whereby it was not necessary for us to enhance the rate of taxation. Government's information may be different—we do not know. I am reluctant to give this power to Government whereby they are going to introduce such taxation. I know that it may be said that this affects certain rich people who run cars, but we also know—and that is what I am concerned with—that if this Bill is introduced and these rates are continued, it may so happen that bus fares and so on may go up and that will certainly affect the public generally. Therefore, as we do not know whether a war is on the agenda of the Government and so they are storing up petrol, it would

have been good of the Finance Minister to kindly explain to us as to why this was necessary. I think that every effort should be made by Government to bring down such kind of taxation of the public generally, but, on the other hand, I find around in Bengal, for instance, that the cost of living index has gone up to about 350 or 360 during the last three or four months and the Government are unable to deal with the situation at all—with ameliorating the people's livelihood at all—and yet they are coming and asking us to enhance the petrol tax or to continue that in operation so that, they say, their revenues may increase. But I am sure that for a people's Government, which the present Government claim themselves to be, this is not the procedure, this is not the method whereby they should increase their revenues. Increase of revenue should be firstly by taxation of the rich as much as they like—we would not mind that—nationalisation of industries and so on, but this kind of taxation—as I have said, I repeat it once more—does affect the public generally. We would have liked the bus and tram fares to go down, but we find that that is not happening and the Government are not helping us to do that but are doing the very opposite and, therefore, on principle I am opposed to this kind of taxation.

Janab MD. KHUDDA BUKHSH: Mr. Speaker, Sir, the object of this Bill is to continue in force on a permanent basis the present rate of taxation. When this Bill was passed by this House in 1946 it was given only a life of little over two years. Now the present Government wants to give it an indefinite life.

Sir, when this Bill was introduced there was a shortage of petrol and petrol was rationed and therefore people were not able, even if they wanted, to consume as much petrol as they wanted to and therefore revenue on petrol had fallen and Government felt constrained—and I feel justifiably—to increase the duty or the taxation on petrol. Sir, petrol is even now rationed but it is easing up. We find that there are more issues of petrol made by the Petrol Rationing Authority and a time will soon come when petrol will be derationed, but with the coming of derationing of petrol it is incongruous, Sir, that the Government should seek to keep the enhanced taxation on a permanent basis. If the Government wanted to keep the level of revenue on a par by keeping in force the taxation on petrol, as was allowed for in the Bill of 1946, for only a limited period till such time as petrol was derationed, I should have understood it, but the Government now seeks to enhance the rate by 6 annas per gallon, irrespective of whether petrol is rationed or derationed or whether there is unlimited supply of petrol or not. We do not know what the Government proposes to do with the money it will get at this enhanced rate of tax when petrol is eventually derationed but I suspect the Government's motive for only introducing the words "on a permanent basis." Government should immediately, here and now, state like the old Petrol Bill that it should have a limited life of two years or till such time as petrol is derationed and the country is able to consume as much as it will be willing to consume.

The Hon'ble Sri NALINI RANJAN BARKER: Mr. Speaker, Sir, the first part of the objection of the Honourable Mr. Basu has been answered by my friend on the other side. The Bill was necessary, because the Act levying the tax at the current rate will expire on the 31st of March. As regards the question of putting it on a permanent basis, that is necessary in view of the financial position of our Province, and the honourable member will be able to find the position in that regard on Tuesday when I shall present the Budget. But though it is permanent, it is absolutely possible for the members to alter the rate and to decrease the tax if a case is made out. Because it is in the Statute Book, it does not take away the right of members to change the Bill. We have not been able at the short time at our disposal to go through the implications of all the taxation measures. That is why we have kept the *status quo*. And if we find it necessary—(Janab

MR. KIRDA BUKHSH: Have it extended for two years.) (Cries of No, No.) It is necessary to put it on a permanent basis because we think that petrol tax money will be permanently necessary. Avoiding taxation and demand for all the amenities of life—I do not think—can go together.

The motion of the Hon'ble Sri Nalini Ranjan Sarker that the West Bengal Motor Spirit Sales Taxation (Amendment) Bill, 1948, be taken into consideration was then put and agreed to.

Clause 1.

The question that Clause 1 do stand part of the Bill was then put and agreed to.

Clause 2.

The question that Clause 2 do stand part of the Bill was then put and agreed to.

Clause 3.

The question that Clause 3 do stand part of the Bill was then put and agreed to.

Preamble.

The question that the Preamble do stand part of the Bill was then put and agreed to.

The Hon'ble Sri NALINI RANJAN SARKER: Sir, I beg to move that the West Bengal Motor Spirit Sales Taxation (Amendment) Bill, 1948, as settled in the Assembly, be passed.

The motion was then put and agreed to.

MR. SPEAKER: The other Bills will not be taken up to-day, because time has been given for tabling amendments. They will be taken up on some other day.

Adjournment.

The House was then adjourned at 4-15 p.m. till 3-45 p.m. on Tuesday, the 17th February, 1948, at the Assembly House, Calcutta.

Proceedings of the West Bengal Legislative Assembly assembled under the provisions of the Government of India Act, 1935 as adapted.

THE ASSEMBLY met in the Assembly House, Calcutta, on Tuesday, the 17th February, 1948, at 3-45 p.m.

Present:

Mr. Speaker (the Hon'ble SRI ISWAR DAS JALAN in the Chair, 11 Hon'ble Ministers and 61 Members.

(When the question was called the Hon'ble Minister was found absent.)

Sri BIMAL COMAR CHOSE: Sir, I suggest that the question be held over today.

Mr. SPEAKER: Let the question be held over today.

BUDGET FOR 1948-49.

Finance Minister's Statement.

The Hon'ble Sri NALINI RANJAN SARKER: Mr. Speaker, Sir, I rise to present the first Annual Budget of West Bengal, one of the two youngest Provinces in free India brought into being under the new order of things. As I recall the occasion when it fell to me, as the first Finance Minister of Autonomous Bengal under the Government of India Act, 1935, to present the first Budget, I cannot but feel the irresistible impact of the momentous changes that have taken place in our land during these intervening years. Today, we breathe the air of freedom and the power to shape our destinies lies in the hands of our own people. And yet on the morrow of our newly-acquired freedom, a great national calamity has robbed us of our proudest possession and leaves us stunned with an overpowering sense of sorrow. I share with millions of our people and with countless men and women all over the globe the profoundest sense of grief at the tragic event. It is difficult to reconcile oneself to this stupendous loss; difficult and awful to contemplate that the ship of State will have, henceforth, to sail the uncharted sea of freedom without the wise and sagacious pilot at the helm. For over a quarter of a century Mahatma Gandhi has been our never failing guide and mentor; that vast shadow under which we have lived and grown; and the mainspring of all our national urges and aspirations. In fact, he represented the soul of India and the quintessence of her culture and civilisation with its ideal of plain living and high thinking and service to the common man. It was his life's mission to attune our freedom to the highest concept of Indian life of which love, piety and simplicity are the key-notes. And our desire for democracy and our determination to achieve it have their springs of inspiration in the teachings of the Master, who lived for the lowly and the poor and symbolised in his bare and spare physical frame their mute yearning for self-expression.

By his experiments with truth and non-violence, he was weaving into pattern a unique synthesis between different classes, creeds and communities which was opening up a new and hitherto undisclosed chapter in human history. He more than made up, in himself, for the defects and shortcomings, not only of Ministers of State, but also of the vast multitude of his countrymen. In fact, he filled the gaps in our nationhood until we became a nation; and yet the infant nation, mothered by sorrow and

travail, is today, almost at its nativity, bereft of the solicitous care of the ministering angel. The hand that guided us along the path of strife and struggle, towards the goal of independence, is today withdrawn behind the veil of death. Today, when our need for his advice and guidance is, if anything, greater than ever before, he has been snatched away from our midst by a cruel destiny. As a barge in a perilous sea looks up to the lighthouse for a safe haven, so our leaders used to look up to him for light and guidance. Now that light is gone, and gone is that central unifying force in our national life. Let us not forget, at this turning point of our history, to try to translate into our policy and actions the lessons which he has left behind as our heritage—to serve the common man and to bring into his life the bracing air of peace, prosperity and happiness. Let us not forget that in a secular government moulded in the form of true democracy, the emphasis must always remain on the common man irrespective of religion, caste or creed.

As I reflect upon the life of the Master, my heart also goes out in deepest gratitude to those fighters for our national liberation—known and unknown—many of whom made the supreme sacrifice by laying down their lives so that those whom they left behind could live and die as free men in a free India. They have now passed into history; but the light that they had lit will never grow dim and will illumine the long and arduous path that lies ahead.

Mahatma's passing away marks the end of a crowded epoch in our history, the closing phase of which, full of storm and stress, has made our task today even more onerous than it was a decade ago. It enjoins on us an extraordinary humility in view of the magnitude of the task and emphasises the need for care, caution and vision in the discharge of the responsibilities that lie ahead of us.

The birth pangs of our infant Province have indeed been terrible. The insensate outburst of communal frenzy, generated by the pernicious two-nation theory and its attendant cult of hate, have left behind it a trail of misery too deep for words and given rise to problems too baffling for the ingenuity of human endeavour. Thanks to the wise counsels of our leaders and, above all, to the mighty spiritual influence of Mahatma Gandhi, the innate good sense of our people has begun to reassert itself and to West Bengal belongs the proud distinction of being the first to recover sanity. We have upheld in practice the fundamental tenet of our new Constitution that, under the flag of the Indian Union, all its citizens are equal as brothers and comrades, irrespective of religion, caste or creed.

It is most unfortunate, however, that it has not been given to us to share the fruits of our newly-acquired freedom with our kith and kin who have been severed from us by the immutable course of events culminating in the new frontier of East Bengal. It is easy to realise the sense of frustration and the wrench of heart which they must be feeling when they find that all their sufferings and sacrifices for the cause of freedom have proved to be so barren to them. With the limitations imposed on us by the new political changes, it may not be possible for us to render all the relief they may need or all that we may wish to render to them in the new predicament, but I give vent to our sincere feelings when I say that they have our deepest and most sincere sympathies in the situation they find themselves in and that their interest and welfare shall ever remain a matter of vital concern to us. Whenever necessary and wherever possible and to the full limit of constitutional proprieties, we shall use all our good offices with our neighbouring Dominion to secure for them political and economic justice. Political division and man-made frontiers cannot, I sincerely think, alter the fundamental cultural unity of the great Bengali race, born and brought up in the midst of a multitude of cultural, economic and social ties. I

devoutly hope that, given good-will, the two sister Provinces can yet regain and re-establish that good neighbourliness which must ultimately tend to serve the best interests of both, culturally and economically.

In the present political set-up it is necessary to take a closer view of the area to which our activities, political and administrative, have to be confined. Partition of the Province has, indeed, changed the complexion of our economic problems in many important respects. An appreciation of these changes is essential before we can proceed to tackle such of our problems as fall within the scope of the Provincial Government. In population and area, West Bengal is about a third of the old Province of Bengal. According to the Census of 1941, its population is about 2 crores 12 lakhs or 35.1 per cent. of the population of undivided Bengal. This number must have increased substantially due to the general growth in population during the inter-census period after 1941 and also during the war years when influx of population to Calcutta and adjacent areas from other parts of the country was considerable. The latest contributory factor to the increase in population has been the steady influx of people from East Bengal after the Partition.

The area of West Bengal is about 28,215 square miles or 36.4 per cent. of the area of the parent Province. The density of population is 751 per square mile which must have risen as a result of the increase in population in recent years. According to the occupational statistics, about 50 per cent. of the population follow non-agricultural occupations and of them about 16 per cent. are believed to be engaged in industry of some type or other.

As regards distribution of population in West Bengal, about 22 per cent. live in towns while the corresponding figure for East Bengal is about 4 per cent. only. Since the influx from East Bengal is mostly swelling the population in the towns, West Bengal's problems of food-supply, housing, education and public health as also of finding employment for large blocks of floating population are rapidly growing in magnitude and complexity. For example, housing shortage in the towns is very acute; owing to sudden influx of population, the existing sanitary arrangements even in smaller towns are proving inadequate and unequal; the need for increase in agricultural production has become urgent for the purpose of providing the necessary foodstuff and also the raw materials for certain industries. This process of rapid urbanization of the Province should no doubt be welcomed for it has a brighter side as well. It is easier to organise better facilities for education, public health and other social amenities in urban areas. But at the same time urbanization throws a great responsibility on the people and their Government to find the necessary funds for all these purposes as also for feeding the entire urban population. Urban areas provide the most lucrative market for agricultural produce but the agricultural economy of the Province must be so planned as to fulfil this great responsibility of feeding the urban population by the intensification of production. Rural economy should, therefore, be more efficient, more progressive and more elastic.

Agricultural land in West Bengal has low productivity. Compared with East Bengal, it has a lower percentage of low lands and a smaller average rainfall. Irrigation is ill-developed, only about 1,648,000 acres being irrigated. Of this, again, only about 244,000 acres are irrigated by Government canals while some 800,000 acres are irrigated by tanks. Compared with East Bengal, West Bengal has larger percentages of agricultural land classified as current fallow, cultivable waste and uncultivable; and it has a lower percentage of good arable lands. The high location factors of current fallow, cultivable wastes and uncultivable land measure the further possibilities in the direction of extensive cultivation. Such possibilities can, however, be tapped only by suitable irrigation facilities, including multi-purpose projects like the Damodar Valley Scheme. There is also much scope for intensive cultivation by double cropping and other methods, for which also suitable conditions have to be created, the existing conditions being not very favourable. Generally speaking, lands in West Bengal

suffer not so much from any serious inherent deficiencies as from the scarcity of water which is now the greatest drawback; for even the best manure can have little effect in the absence of necessary moisture in the land.

Agricultural land *per capita* of population in undivided Bengal was nearly 0.49 acre. In West Bengal it is now 0.44 acre including land under food-crops to the extent of 0.40 acre. The Province is deficit in most crops, *e.g.*, jute, sugarcane and mustard, and possibly in rice as well.

The problem of jute is one of vital importance to us. So far as jute manufacturing industry is concerned, West Bengal retains all the mills of undivided Bengal, but more than 70 per cent. of raw jute is being produced by East Bengal although she has no manufacturing industry of her own. In such circumstances, the inter-dependence of the two Provinces should act as a potent factor for establishing friendly commercial relations between them. Should this prove not to be possible, it may be necessary to meet the raw material requirement of our jute mills by increased production in Assam, Orissa and Bihar, and by removing the existing restriction on the acreage of jute in West Bengal.

The sugarcane position in West Bengal has also got to be fully investigated. The acreage under sugarcane in this Province according to available statistics is 65,000 acres and the average yield is about 400 maunds per acre. The total acreage, however, is scattered all over the Province mainly in small plots and the output is mostly used for producing *gur*. It is necessary to increase the acreage under sugarcane as well as the yield, to facilitate an expansion of the very limited production of sugar within the Province and incidentally to secure a larger output of molasses which is a basic raw material for the manufacture of rectified spirit. The area, it is estimated, can be doubled by expanding cultivation of sugarcane in Kalna and Katwa subdivisions of the Burdwan district, Ghatal and Tamuk subdivisions of the Midnapore district and the districts of Nadia, Murshidabad and 24-Parganas.

As a result of the Partition we have lost all the big rivers except the Hooghly. The small rivers we have now got all originate in the hills of Chota-Nagpur in Bihar. These rivers are really drains for eliminating the rain-water of Chota-Nagpur. After causing floods in West Bengal during the rainy season, they go dry during the summer. If the floods are to be controlled or if the water is to be used for irrigation purposes, it is necessary to build reservoirs in the upper reaches of the rivers which are situated in Bihar. To this end two schemes, viz., the Damodar Valley Scheme and the Mor Scheme, have already been conceived to which I shall refer later on.

West Bengal has the advantage of a diversified economy with well-developed industries, trade and commerce. On the eve of the World War II, Bengal had nearly 5.70 lakhs of industrial workers in large establishments, or 28.7 per cent. of all such workers in the whole of India. The number has since exceeded by 6 lakhs. The Partition has put nearly the whole of industrialised Bengal within the orbit of the new Province of West Bengal.

West Bengal retains all the resources of coal, iron ore and other minerals so far found within the old Province as well as a substantial area under tea. It also includes the major industries in and around Calcutta and Asansol. With the principal industries in East India situated within its territories and with Calcutta as its port of pre-eminent importance, West Bengal still offers an attractive field for new industrial enterprise which will improve further with the implementation of the new electrification schemes.

Factories and commercial organizations in Bengal grew up in the past on the basis of the Province being an economic unit and necessarily one marketing zone. Now, under changed conditions, it is doubtful if the old markets in East Bengal can be counted upon with as much confidence. So, in planning our industrial and commercial expansion, more reliance will

have to be placed on the markets in the Indian Dominion than on those of our sister Province which today forms a part of a different Dominion. This may create considerable difficulties for some of the industries in the matter of development and expansion and the Province will require the effective goodwill and support of our Dominion Government for providing opportunities for expansion along new lines in the framework of all-India plans.

As regards geographical compactness West Bengal has suffered greatly from the Radcliffe Award. The two northern districts of Jalpaiguri and Darjeeling have no territorial contiguity with the rest of the Province and there are consequent difficulties in communication with the southern part, which is compact and well-served by roads and railways and whose potentialities for development are demonstrably great. In Calcutta, we possess not only a great cosmopolitan city, but also a great centre of trade and commerce. We have renowned centres of culture like the Calcutta University and the Viswabharati. We have been fortunate that institutions like the Medical College and its Group of Hospitals, the Engineering Colleges, Research Institutions and other important institutions have fallen within the territorial limits of our Province. We thus possess a good basic structure to which we can add progressively according to our requirements, though, as I shall mention later, the retention of these assets will result in our being burdened with a larger share of the liabilities of undivided Bengal. As part and parcel of the great Indian Union I am quite hopeful, we shall not lack opportunities of development and progress. But the *sine qua non* for such development and progress is a peaceful atmosphere and the requisite will, energy and initiative of our people. Given these conditions, there is no reason why West Bengal should not fulfil a glorious destiny and it shall be our endeavour to work towards that end.

Now, turning to the administrative and financial consequences of the Partition, the most important of these relate to the transfer of staff on the basis of their choice and the division of assets and liabilities. In regard to the former, had the Government of East Bengal agreed to a standstill arrangement for a short period and consented to offer to the Government servants an opportunity for revising their choice at the end of the period, as was done at the Centre, both the Provinces would have benefited. This Province would not have been saddled with a large surplus service personnel and the Government of East Bengal would not have lost the benefit of the experience of a large body of trained personnel. But, as in spite of repeated attempts it was not possible to persuade the Government of East Bengal to agree to such a course of action, immediate movement of a very large personnel from East Bengal had to be undertaken on the 15th August, 1947. Owing to the limited scope for employment available at the present moment due to a substantial shrinkage of the administrative area of the Province, it has not been possible to provide useful occupation for all these persons. The position is particularly difficult in regard to subordinate staff. We have seen to it, however, that avoidable hardship is not caused to this section of our service personnel. Some of them have been granted leave pending absorption; others have already been absorbed in suitable services; and the rest have been attached as supernumeraries pending absorption in permanent posts. It is our intention that all such pools of displaced manpower should be liquidated as early as possible by absorption in our expanding schemes of development.

In regard to the division of assets and liabilities, a large number of Departmental Committees on which both the Governments of East and West Bengal were equally represented were appointed under the aegis of the Separation Council to tabulate all the known assets and liabilities of their respective departments and to suggest the most reasonable basis for their allocation. These suggestions were considered first by a main Committee and thereafter by the Separation Council and agreements were reached on

a number of points. Division of various items like furniture, equipment, motor vehicles, launches, dredgers, medical stores and stock of foodgrains, etc., were carried out by agreement. Lands and building were allocated on the basis of their territorial location. But it was agreed at a later stage that their values should be determined for the purpose of financial adjustment between the two Provinces. The basis of valuation is pending before the Arbitral Tribunal. In regard to some other important points also, as for example, the ratio in which the net excess of liabilities over assets should be distributed between East and West Bengal, no agreement was found possible and these had to be referred to the Arbitral Tribunal for decision. In an Appendix to the Red Book which has been placed in the hands of the Hon'ble Members will be found a statement of the assets and liabilities of undivided Bengal showing the value of items specifically taken over by East and West Bengal either as a direct consequence of the Partition as in the case of buildings, or on the basis of negotiations as in the case of stocks of foodgrains. The estimates of value are in most cases approximate since the actual figures will not be known till the accounts of the old Province of Bengal are finally settled.

A matter of most vital and immediate concern has been the settlement of outstanding liabilities of the old Government of Bengal on account of goods supplied and services rendered before the date of Partition. In order that creditors might not be left in doubt and uncertainty about the position, it was provided by the Indian (Rights, Property and Liabilities) Order, 1947, that the initial liability for all goods supplied and services rendered, and for outstanding loans, guarantees and financial obligations of the late Government of Bengal at the time of Partition should be the liability of East Bengal subject to an equitable contribution from this Province to be settled later on. By agreement with the Government of East Bengal, an Application Committee consisting of one representative from each of the two Provinces was set up for the purpose of scrutinising the claims of creditors of the old Bengal Government with a view to their initial payment by the Government of East Bengal in terms of the said Order. Unfortunately, the Government of East Bengal has not yet found it possible to send their representative to the Application Committee in spite of repeated reminders and requests, and to the great disadvantage of the creditors of Bengal, this statutory financial obligation of East Bengal remains undischarged up till now. The amount involved in such outstanding claims, as far as we have been able to ascertain, will be over 6 crores. Apart from the financial obligations in respect of supplies made and services rendered to the Government of Bengal, the old Government left a large financial liability of a miscellaneous nature. Thus, they not only left behind a public debt in the form of treasury bills, but had also spent up all the Provident Fund deposits of Government servants as well as civil, criminal, revenue deposits and deposits of public bodies which formed a part of the cash balance of undivided Bengal. West Bengal will have to take a further share of these liabilities according to the award of the Arbitral Tribunal in addition to the financial liability of 2½ crores taken immediately after Partition, which I shall explain later. Financial adjustment will also lie against West Bengal in respect of assets like land and buildings, institutions with plant and machinery, etc., which are geographically located in this Province. Unless adequate help is forthcoming from the Centre to enable this Province to start on a clean slate, the new Province will have to begin its career with a financial handicap.

Let me now explain the position of the Government Account as it stood on the 15th of August, 1947. The House is aware that the Government of undivided Bengal had a succession of deficit budgets during the last few years and their budget for the current year left an uncovered gap of 6 crores between revenue and expenditure. It is not surprising in these circumstances that on the date of Partition, leaving aside the cash in

Treasury chests, the Account of the late Government of Bengal with the Reserve Bank showed a debit balance of over 5 crores. This debit balance, was, by direct negotiation between Pakistan and the Indian Union in Delhi, allocated in equal proportions to East and West Bengal. This Government accordingly started with a debit balance of 2½ crores in the Reserve Bank partly counterbalanced by the cash balance in Treasuries amounting to about half a crore. In other words, it started with a net negative opening balance of 2 crores. The debit balance of 2½ crores in the Reserve Bank was liquidated with the help of a special advance of an equivalent amount obtained from the Government of India. A further Ways and Means advance of 2 crores was taken from the same source to enable the Province to carry on till sufficient revenue had been collected for the purpose of a reasonable working balance. The Ways and Means advance of 2 crores has since been fully repaid. The terms of repayment of the other advance of 2½ crores have not yet been finally settled.

I shall now review, very briefly, the financial estimates for the period from 15th August, 1947, to 31st March, 1948, as introductory to the Budget for the coming year.

The total revenue expected during this period of 7½ months is close upon 19 crores out of which 2 crores represent grants from the Centre for financing of Development Projects. The yield from normal sources thus amounts to 17 crores. This figure includes 50 lakhs on account of Jute Duty and 3 crores 60 lakhs on account of Income-tax receipts. Both these estimates are provisional because the Government of India have not yet decided what change should be made in the basis of allocation of these two items as a result of the Partition of Bengal. In regard to Jute Duty the position is that in terms of the Niemeyer Award, 62½ per cent. of the export duty on jute used to be divided among Bengal and other jute-growing Provinces in proportion to the amount of raw jute produced in each Province. This method of distribution is no longer suitable since the Partition has resulted in a cleavage between East Bengal which cultivates the bulk of raw jute and West Bengal which manufactures the bulk of jute goods. It seems necessary in these circumstances that the divisible export duty on jute should be divided into two categories, namely, duty on raw jute and duty on jute goods; and that, while the former may continue to be distributed on the basis of acreage, the latter should be distributed on the basis of production of jute goods. Proposals to this effect have been submitted to the Government of India and are still under their consideration.

In regard to Income-tax, the arrangement based on the Niemeyer Award has been that Bengal should get 20 per cent. out of the divisible pool of income-tax collected by the Centre. This pool consisted of half the net collections reduced by a sum of 4½ crores. As a result of the Partition and consequent reduction in the size of the Province, it has been suggested by the Centre that the allotment to West Bengal should be reduced from 20 per cent. to 12 per cent. of the divisible pool. The value of the pool being estimated at 30 crores, our share according to the revised formula comes up to 3 crores 60 lakhs, the figure adopted in our estimate, as against 6 crores to which we should have been otherwise entitled. In our view the proposed change in the basis of allocation is not justified and we feel that our share of income-tax receipts should not be reduced by a figure greater than the actual amount of income-tax collected from East Bengal which comes up to a very insignificant amount. We have submitted our views to the Government of India and are awaiting their final decision.

In regard to the remaining heads, the estimates have been based on amounts actually derived in previous years from areas now included in West Bengal. The more important contributory items are 1½ crores from

Land Revenue, 1½ crores from Stamps, 3½ crores from Excise, 1½ crores from Sale Tax, 70 lakhs from Betting Tax, 30 lakhs each from Entertainment Tax and Electricity Duty and 40 lakhs from Motor Spirit Sales Tax.

On the expenditure side of the Revenue Account, the estimate for the 7½-month period of the current year stands at 16½ crores out of which 2 crores is on account of Development Project financed by grants from the Government of India. What may be called the ordinary revenue expenditure for the period under review thus amounts to 14½ crores. The Development Projects undertaken in the current year are, to a great extent, continuation of schemes already taken in hand before the date of Partition but provision has also been made for a number of new projects which have been worked out in sufficient detail to admit of their partial implementation in the current year. Among these may be mentioned a provision of 17 lakhs for the introduction of Basic Primary Education, 1 lakh for a Planning Organisation for heavy chemical industries in collaboration with Bihar and the Damodar Valley Corporation, 3 lakhs for the rehabilitation of Cottage Industries, 1 lakh for production of hand-made paper, 60 thousand for *Khadi* and 19 thousand for the promotion of *Gur* industry. The estimates also provide for the execution of a large number of irrigation schemes in various localities, the more important ones being the Trans-Damodar Internal Drainage Scheme in the districts of Hooghly and Howrah, the Soodigha-Gangakhali Drainage Scheme in the Midnapore district, the Beraul Canal Project and the Subankar Daura in the Bankura district, re-excavation of the Saraswati Khal in Hooghly and Howrah and the preparation of a master plan for the drainage of Calcutta and the surrounding areas. Details of all the items included in the Development Programme will be found in an Appendix to the printed copy of this statement.

As already stated, the revenue expenditure in the current year, outside the Development Programme, is estimated at 14½ crores. This includes 57 lakhs for famine relief, 33 lakhs for the rehabilitation of riot victims, 48 lakhs for grants to local authorities for payment of dearness concessions to their employees and 2 crores for the administration of the Civil Supplies Department. Under other administrative charges may be mentioned about 1 crore under General Administration, 2 crores under Police, 38 lakhs under Jails, 50 lakhs under Administration of Justice and an equivalent amount for the discharge of pensionary liabilities. The provisions under beneficent activities include 1 crore and 8 lakhs for Agriculture, 52 lakhs for Irrigation, 1 crore and 10 lakhs for Education, 98 lakhs for Health Services, 66 lakhs for Industries and 90 lakhs for Civil Works. Details of all these provisions will be found in the Red Book and I need not tax the patience of the House by recapitulating them here. All that I would like to mention is that increased provision has been made for the development of facilities for education and medical relief both in State-owned and privately-managed institutions and due attention has been paid to the urgent need for irrigation, seeds and manures in an all-out attempt to increase the production of food-crops. Steps have also been taken to carry out essential improvements in our means of communication which is so necessary for speedy transport of agricultural and other produce.

With an estimated revenue of 19 crores and an expenditure budget of 16½ crores, the Revenue Account for the current year closes with a balance of 2½ crores. This has been carried over as the opening balance for 1948-49.

I have already referred to certain transactions outside the Revenue Account. These include a Ways and Means advance of 2 crores which has since been repaid; and a further advance of 2½ crores which has been utilised for wiping out the negative debit balance in the account of undivided Bengal with the Reserve Bank of India. This second advance remains outstanding at the close of the year. The only other item which requires a

word of explanation is the provision of 2 crores under "Capital Expenditure". Out of this 1½ crores represents the net outlay on the procurement of foodgrains or, in other words, the value of stocks acquired in the current year which are expected to remain in hand at the end of the year. Procurement operations are financed by means of a cash credit advance from the Imperial Bank of India, the advance being secured by hypothecation of the stock. The balance of the Capital Expenditure relates to the outlay on productive development projects, the most important of these being the Mor Irrigation project for which 40 lakhs has been provided in the current year. The expenditure is to be financed by a loan from the Government of India, for which requisite provision has been included in the estimates. As in the case of these transactions receipt and expenditure balance each other, the closing balance is not affected.

I now turn to the estimates for the coming year. The year starts with an opening balance of 2½ crores. Revenue Receipts are estimated at 31 crores out of which 6½ crores are on account of grant from the Centre for financing Development Projects. The "ordinary" revenue, therefore, amounts to 24½ crores. The principal items contributing to this revenue are 1 crore under Jute Duty, 3 crores 60 lakhs under Income-tax, 40 lakhs under Agricultural Income-tax, 2 crores under Land Revenue, 6 crores under Excise, 2½ crores under Stamps and 5 crores under Sales Tax and cognate levies. The estimates under Jute Duty and Income-tax are tentative ones and reasons for this have been already stated.

There are two points in regard to the Revenue Estimate to which I wish to invite the attention of the House. In the first place, two of the most important sources of revenue, viz., Income-tax and Excise, are very sensitive to trade conditions, the latter being particularly conditioned by the excise policy of Government. Secondly, the present estimates are based on the existing structure of financial allocation between the Centre and the Province. It will be only after the new Constitution has been finally settled that we shall be in a position to know what our future financial resources are likely to be.

The Revenue Expenditure in the coming year is estimated at 32 crores out of which 6½ crores are on account of Development Projects financed out of the grant obtainable for the purpose from the Government of India. The estimate also includes a lump provision of 1 crore with a view to afford some further measure of financial relief to lower paid Government employees. Leaving these two special items out of account, the estimate of what may be termed the ordinary expenditure of the Province stands at 24½ crores. The House may be interested to know how this figure compares with the expenditure in undivided Bengal. It appears from the Accounts that Bengal's revenue expenditure stood at 40 crores in 1945-46. The actuals for 1946-47 amounted to 42½ crores but as this was inclusive of 3½ crores on account of Development Projects, the ordinary revenue expenditure was very nearly the same as in the previous year. The estimated expenditure according to the Bengal Budget for 1947-48, amounted to 54 crores including 12½ crores for Development Projects; which places the ordinary expenditure at 41½ crores. An *ad interim* increase in pay granted to Government servants on the eve of Partition raised the estimate by 2½ crores to a total of 44 crores. It will thus appear that the estimated expenditure in this Province is nearly 56 per cent. of the estimate for undivided Bengal. That the proportion is not in closer accord with the reduction in the size of the Province is due to a variety of factors. In the first place, there is a large body of surplus personnel opting from East Bengal for whom provision has had to be made. Then, again, the administrative and other charges in the city of Calcutta which form a large part of the expenditure have not undergone any diminution as a result of the Partition. These include, among other things, the charges on account of the Calcutta Police, the rationing organisation in Calcutta as well as the larger medical, educational and other Government institutions situated within the city. Apart from these, the most important reason

for the enhanced expenditure in West Bengal is that expenditure on beneficent activities has been very substantially increased over the limit fixed for undivided Bengal. This is most noticeable under "Agriculture" where the provision in the present estimates stands at 2 crores 31 lakhs against an actual of 2 crores 7 lakhs in 1945-46 and 2 crores 11 lakhs in 1946-47 for the whole of Bengal. The principle of making proportionately larger provision than would follow from the reduction in the size of the Province, has been pursued under a good many other heads of beneficent activity.

Let me now mention briefly some of the more important items for which provision has been made in the Budget for the coming year.

Having regard to the fact that efforts are likely to be wasted or be productive of very limited results in the absence of timely and carefully drawn up plans as parts of an integrated comprehensive scheme, it has been decided to set up special organisations for the survey of requirements and for comprehensive planning in respect of Education, Agriculture, Irrigation, Medical Relief, Public Health measures, Fisheries and Industrial Development. The total provision made for these purposes amounts to 10 lakhs. There is a further provision of 5 lakhs for a Planning Organisation for Heavy Chemical Industries to be set up in the current year in collaboration with Bihar and the Damodar Valley Corporation. It is hoped that with the assistance of these various planning organisations it will be possible to chalk out an effective and well-co-ordinated programme of all round development in the Province to be implemented according to our resources in men, money and material and in pursuance of a correct order of priority. In the meantime it is proposed to proceed with a number of items in regard to which objectives and schemes have been more or less definitely settled.

Under the Education Budget provision has been made for the improvement of facilities in various directions. The grant to the Calcutta University which is the pivot of our higher educational system has been enhanced from 8½ lakhs to 14½ lakhs mainly for the purpose of expanding the activities of the Post-Graduate Department in regard to higher research and the study of scientific subjects. For the expansion of Collegiate education, 3 lakhs have been provided by way of research grants, 2 lakhs for the improvement of the Sanskrit College and 1½ lakhs for preliminary expenses in connection with the establishment of a new College in Darjeeling to satisfy the needs and aspirations of the Hillmen for higher education. An extra provision of 3 lakhs has been made for grants to non-Government Colleges for building projects and for the improvement of their libraries and laboratories. A provision of 1½ lakhs has been made for the establishment of four new High Schools for girls at Krishnagar, Suri, Jalpaiguri and Jhargram. A contribution of 10½ lakhs has been provided for a non-lapsable Fund created for the promotion of education amongst those sections of the society which are educationally and economically backward, and this will contribute towards the special needs of Scheduled Castes, Hillmen and Muslims. The grant to the Viswabharati has been enhanced from twenty-five thousand to forty thousand, and fifteen thousand has been provided for Tagore Memorial prizes.

The Development Programme under Education includes a provision of 11 lakhs for the introduction of the system of Basic Education in the Province. Also, in view of the importance which literacy among adults is likely to attain as a result of the impending change in franchise qualifications, a provision of 5 lakhs has been made for an adult education drive. Five lakhs have been provided for the improvement of the Shib-pore Engineering College, 5 lakhs for the attachment of technical classes to High Schools and 2 lakhs for the setting up of an Engineering School for diploma courses. A provision of 7 lakhs has been made for the overseas training of students in various branches of technical and scientific study.

Other provisions comprised in the Development Programme include 6 lakhs for the expansion of Secondary Education including 3 lakhs for Girls' Education; 2 lakhs for the extension of the Presidency College; 2 lakhs for additional grant to Women's Colleges; 3½ lakhs for equipment and machinery for Government Colleges and 1 lakh for Hostel Buildings in rural areas.

The largest individual provision for Medical Relief is one of a crore and 3 lakhs under the Development Programme for the establishment of a network of Union and Thana Health Centres throughout the Province, each centre being equipped with an indoor hospital, an outdoor dispensary, a maternity clinic and an anti-malarial squad. Other provisions include 72 lakhs for the maintenance of Auxiliary Hospitals in rural areas and 6 lakhs for the establishment of a rural Nursing Service. Provisions for the improvement of medical facilities in Calcutta include 26 lakhs for the Lake Medical College, 6 lakhs for the improvement of the Campbell Medical School with provision for an extra 100 beds, 1 lakh for the children's ward in the Medical College Hospital and 1 lakh for preliminary expenses in connection with the establishment of an Infectious Diseases Hospital. Among measures for combating tuberculosis are included a provision of 10½ lakhs for the hospital at Ranchrapara, 4½ lakhs for the establishment of a Sanatorium, 2 lakhs for the improvement of the Jadavpur Hospital and 1 lakh 44 thousand as a maintenance grant for the same Institution. A lump provision of 6 lakhs has been made for the improvement of non-Government medical institutions and of 10 lakhs for the rehabilitation of existing State-owned hospitals.

Provisions under Public Health include 35 lakhs for Rural Water-supply and 12½ lakhs for Water-supply and Drainage Projects in municipal areas. There is also provision amounting to close upon 25 lakhs for the execution of anti-malarial measures including free distribution of Quinine and Paludrine. A lump provision of 8 lakhs has been made for anti-Leprosy Schemes and of 3 lakhs for Maternity and Child-welfare Centres.

The most important item in the Agriculture Budget relates to the supply of seeds and manures to agriculturists with a view to increase the cultivation of food-crops. The total provision on this account amounts to 1 crore 33 lakhs, the greater part of the outlay being recoverable from the cultivators. Other provisions made for the same purpose include 6½ lakhs for the distribution of Iron and Steel for Agricultural Implements, 3 lakhs for the distribution of improved Sugarcane Cuttings, 4 lakhs for small Irrigation Projects in agricultural areas, 3 lakhs for the production of Compost and 5 lakhs for the establishment of Seed Stores. The more important provisions under the Development Programme are 20 lakhs for the re-excavation of Irrigation Tanks, 8 lakhs for the improvement of Livestock, 6 lakhs for Crop Survey, 50 thousand for Agricultural Research, 66 thousand for Soil Survey and 50 thousand for a Special Survey regarding the possibilities of extension of potato cultivation. With a view to secure the requisite trained staff for improved agricultural activities it is proposed to start an Agricultural College in West Bengal and a provision of 2 lakhs has accordingly been included in the Budget for land acquisition and other preliminary expenses. One lakh has been provided for the establishment of a dry cow salvage farm and 4½ lakhs for the running of the Brooklyn Ice Plant and Cold Storage chambers which have been acquired from the Army authorities. Finally, there is a provision of 25 lakhs for the completion of structures and provision of equipment in connection with the Central Live-Stock Station at Haringhata.

The most important item in the Irrigation Budget is the Mor Irrigation Project for which a provision of 86 lakhs has been made under a Capital head in the coming year. The Project is divided into two parts, Part I being the construction of a reservoir behind a high dam across the Mor in the Santhal Parganas in Bihar and Part II being the setting up of a

barrage in Suri along with pick-up weirs across the rivers Dwarka, Brahmani, Kopai and Bakreswar and a network of canals which are expected to irrigate an area of six lakhs of acres in Birbhum and parts of Burdwan and Murshidabad. The present provision is for the second part only which will irrigate about a lakh and 20 thousand acres and is estimated to cost 4 crores 38 lakhs in all. Execution of Part I of the Scheme awaits an agreement with the Government of Bihar. It is hoped that this agreement will be soon forthcoming as Part II by itself will not be sufficiently productive. Other important provisions include 17 lakhs for the Soodighi-Gangakhali Drainage Scheme, the Jhargram Scheme and the Dolong Project in Midnapore, 10 lakhs for the Berai Canal and Subankar Daura Scheme in Bankura, 8 lakhs for the re-excavation of the Saraswati Khal and the Trans-Damodar Internal Drainage Scheme in Hooghly and Howrah, 4½ lakhs for the development of the River Research Institute and 6 lakhs for the preparation of a master plan for the drainage of Calcutta and the surrounding areas. In connection with our plans for irrigation, I should like to refer to the Damodar Valley Development Project which is a multi-purpose scheme of unique importance and interest. The scheme involves the erection of as many as eight dams in Bihar and is estimated to cost 55 crores. It will not only ensure adequate protection from the danger of floods but will also irrigate a vast area in this Province and generate 3 lakhs kilowatts of electric power which will be available both to Bihar and to West Bengal. The scheme when completed will help in the production of additional food-crops of between 2 and 3 lakh tons; and the hydro-electric power generated by it will be of great benefit to the coalfields.

Under present day conditions a large sector of Industry will continue to be left to private enterprise. Government's role will be to provide suitable facilities and assistance under proper control and regulation where necessary. Government can help the development of industries by creating favourable conditions and by providing necessary facilities with a view to maximise production and employment. In accordance with their latest industrial policy, the Central Government propose to develop a number of basic industries either as purely State enterprise or as enterprise set up partly with State and partly with private capital, or even wholly as private enterprise with State support and under regulation by the State. The Provincial Government's direct responsibility has, therefore, to be limited to the residual field. In that field again, they have necessarily to direct their attention more to cottage, small and medium-sized industries than to large industries, which are more organised and can look after themselves much better. Besides, big industries have to operate not only on an all-India basis but, in some cases, on an international scale. These industries are particularly affected by questions relating to taxation, tariff, foreign exchange, currency, etc., which come under the sphere of the Central Government. The scope for action on the part of the Provincial Government is also circumscribed to some extent by the responsibility of the Central Government to co-ordinate regional development in accord with all-India plans. Subject to these limitations, the Provincial Government can and will render all the assistance they are capable of towards the development of all categories of industries in the Province under proper control and regulation where necessary with a view to maximise production and employment.

By this it is not suggested that under no circumstances will the Provincial Government venture upon any industrial enterprise on their own account. In regard to industries which are of a basic nature or which constitute public utility services, Government may decide to undertake such enterprises with a view either to carry out pioneering work or to create maximum employment for the people or to supply raw materials for other industries. The generation and supply of electricity, for instance, is a type of industry which Government has decided to undertake on their own

account, with the object of providing power to be utilised in irrigation, agriculture and industry. Government is also considering the question of developing the salt industry either on their own account or through suitable public corporations and Boards and by affording necessary assistance to the existing concerns.

Consistently with this policy, a provision of 15 lakhs has been made in the Budget for participation in the Central Government's scheme for the manufacture of fertilisers on a large scale at Sindri in Bihar. A sum of 14 lakhs has been provided for the development of the silk-reeling industry. Other items concerned with the development of the silk industry include reorganisation of the Silk Conditioning House, the Silk Technological Institute and the Department of Sericulture at a total cost of 8 lakhs. Five lakhs have been provided for the development of salt production and 3 lakhs for the encouragement of various types of small-scale industries such as hand-made paper, *gur*, etc. There is a provision of 4 lakhs for the promotion of the Khadi Industry and of 3 lakhs for the reorganisation of the industrial Research Laboratory. With a view to ensure an adequate supply of electrical energy which is so necessary for industrial development 32½ lakhs has been provided for the North Calcutta Electrification Scheme, 2½ lakhs for the appointment of power engineers and 2½ lakhs for the Kharagpur-Midnapore Electrification Scheme. There is also a provision of 3 lakhs for Diesel alternators for the supply of power and energy to areas where electricity is not yet available. The Tanning Institute and the Textile Institute under the Directorate of Industries are going to be considerably expanded and a total provision of 13 lakhs has been made for these two items. A number of provisions has been included in the Budget for the development of technical training institutions in West Bengal. A sum of 6½ lakhs has been provided for the establishment of two Technical Schools at Jalpaiguri and Darjeeling and of 5 lakhs for the provincialisation of the existing Technical Schools at Burdwan and Bishnupur. A provision of 5 lakhs has been made for the acquisition of land for a Higher Technological Institute to be established by the Government of India in the vicinity of Asansol. I would also like to refer to two other important provisions, namely, one of 4 lakhs for a general Planning Organisation for industrial development and another of 5 lakhs for a Planning Organisation for Heavy Chemicals in collaboration with the Bihar Government and the Damodar Valley Corporation.

I hope, in due course, to place before the House a proposal for the creation of an Industrial Finance Corporation for financing the development of medium-sized and small industries in this Province. The proposal is still under the consideration of Government. The organisation is proposed to be formed on the lines of the recent scheme for Industrial Finance Corporation formulated by the Government of India. No provision for this item has been included in the Budget but when the scheme matures, it will be placed before the House and the necessary demand for funds will be made.

Earlier in my statement I have referred to the urgent need for developing our means of communication. The total provision made for this purpose in next year's Budget amounts to 1 crore 33 lakhs and covers both Provincial Highways and important District Roads. There is also a provision of 45 lakhs for the section of the Calcutta-Delhi and Calcutta-Bombay National Highways passing through this Province as well for a road link with Assam from the border of Bihar to Bagdogra in Jalpaiguri. Work is also in progress on the National Highway connecting the southern part of West Bengal with the northern part. The entire expenditure on account of all these National Highways will be met by the Centre and the Provincial Budget is accordingly relieved of the charges relating to them.

The House is well aware of the extreme hardship to which the people going about their business in greater Calcutta are subjected daily for absolute inadequacy of transports facilities. As this area is the nerve-centre of the economic activities of the Province, facility of movement is absolutely essential, and Government have decided to create an organisation for putting a large number of buses on the roads immediately. Besides offering the necessary relief to the people, the scheme will also provide the requisite experience which will be helpful in connection with the eventual nationalisation of transport services in Calcutta. A provision of 50 lakhs has been included in the estimates with this object in view.

A very important matter which is engaging the earnest attention of Government is the problem of providing suitable housing accommodation for *bustee* dwellers as well as for the lower middle classes. The Budget includes a provision of 20 lakhs for the rehousing of inmates of slums and bustees and of 50 lakhs for housing schemes for lower middle-class people. The outlay on the latter project is expected to be fully recoverable in course of time.

Another item of productive expenditure which calls for individual mention is the Kanchrapara Area Development Scheme for which a provision of 50 lakhs has been included in the Budget. The object of this scheme is to acquire the Army site at Kanchrapara measuring about 13,000 acres with a view to develop it on a planned basis for industrial, residential and other purposes. The need for development of residential locations has assumed special urgency at the present time.

A lump provision of 1 lakh has been included in the estimates for the purpose of helping the establishment of a few community kitchens on an out of the scheme is to alleviate the hardship of the large floating population of moderate means in this city who are confronted with acute difficulties of accommodation and cannot run their own kitchens for want of facilities. It also aims at providing a welcome relief to such families from the drudgery of cooking and at assisting them in obtaining a balanced diet. The kitchens will serve nutritious food under hygienic conditions and at economic prices. If this experiment proves successful in creating a favourable response to community feeding, it will have rendered a distinct social service by lightening the household problems of a large number of middle-class families. It will not, however, be possible to put the scheme into operation before the food stock position improves substantially.

We feel that those patriotic persons, who suffered and made sacrifices for the cause of the country and hastened the dawn of freedom, deserve special consideration from the Government. The Government are aware that some of them are living a life of poverty and are desperately trying to find their feet in life. A scheme of assistance for them is under the consideration of Government. When all over the world it is found that the war-veterans are being helped in many material ways by the Governments, we owe it to ourselves to do what we can to assist these veterans in the fight for freedom in the best practicable manner.

The welfare of labour is engaging the earnest consideration of Government. It is fully recognised that contented and efficient labour is a vital asset to industrial production. The labourer is entitled to his full share in production and to adequate attention to his problems of welfare. At the same time it is obvious that increasing production is the surest road to increasing wages. Production being a co-operative process, the maintenance of good relations between the employer and the employed is essential to increasing production which is to the mutual benefit of both parties. It is, therefore, the duty of

Government to assist in the development of trade unionism on sound lines and to provide the necessary machinery for the settlement of disputes by bringing together the parties on a plane of reason and discussion. In consonance with this policy a provision of 1 lakh 68 thousand has been made for the establishment of a conciliation machinery, development of trade unions on sound line and the opening of new labour welfare centres. There is also a provision of 1 lakh 25 thousand for labour welfare centres with attached dispensaries, radios, reading rooms, etc.; and 40 thousand from the publication of the Calcutta Labour Journal.

There is a provision of 10 lakhs included in these estimates for preliminary expenses in connection with the abolition of the Zemindari System which has been decided to carry out in the shortest possible times. The details of the programme of abolition are being worked out jointly with other Province and considerable progress has already been made. The question of the amount of compensation as well as the method of its payment has not yet been settled as it is now being discussed at the all-India level. The provision of 10 lakhs represents merely the preliminary expenses in connection with the preparation of records and the assessment of claims to compensation.

It will be seen that in the estimates before the House for the coming year an additional provision of 1 crore has been made for increasing the emoluments of lower paid Government employees. This increase, I may point out, comes in addition to an increase of 2½ crores per annum provided for on the eve of the Partition. Both these increases are recurring charges. I am well aware that in the conditions of the present times even these increases may be found inadequate to meet the full needs of those for whom they are meant. But I am sure that Government employees, consisting as they do of a large proportion of educated men, will not fail to appreciate the difficulties in the way of making larger appropriations for this purpose. While there can be no denying that conditions of living in the urban areas have become difficult for many, particularly those with fixed incomes, it will be recognised that the salaries of Government employees must bear a certain relation to the income and the standard of living of the vast masses from whose toil the coffers of the State have to be filled. The Government of a country is not a profit-making institution like a commercial enterprise in which increased emoluments can be claimed on the basis of the profits made. Besides, Government service can have a real significance only when it is actuated by a genuine spirit of service to the public. That does not mean that Government should be indifferent to the economic welfare of their employees or should not reward their devotion to duty by improving their emoluments. But this should be a gradual process, conditioned by our ability to achieve an improved standard of living for the masses and consequent availability of requisite resources to the State. I am fully confident that Bengal is second to no other Province in the display of public spirit which I have just now mentioned. And I make the appeal in the fullest confidence that Government employees of every grade and in every branch will evince that spirit of service to the country without which our new-found freedom would be of no avail to the masses and may, indeed, prove to be a bitter disappointment to them. I may assure them that after our present developmental plans for the amelioration of the conditions of the masses have progressed to some extent and the full picture of our financial resources under the new Constitution is known, we expect to see our revenues expand and then the question of raising the emoluments of lower paid Government servants will again be considered. For the present, let us not forget that the masses too are looking forward to the first fruits of freedom and the most essential amenities of civilised Government in the shape of better educational and medical facilities and other measures of social service.

Let me now state briefly the financial results of the working of the coming year according to the estimates placed before the House. The year starts with

an opening balance of 2½ crores. Revenue receipts amount to 31 crores against an expenditure of 32 crores thus resulting in a revenue deficit of 1 crore. The net effect of operations under the Debt, Deposit and Capital Sections of the Budget is a debit balance of 1 crore representing mainly the net outlay on procurement operations, that is to say, the value of stocks of foodgrains purchased but not sold off during the year.

The outstanding liabilities at the end of the year include the advance of 2½ crores taken from the Centre to liquidate the share allocated to this Province of the debit balance of undivided Bengal with the Reserve Bank of India. As already explained, other liabilities of substantial dimensions are likely to accrue as a result of the allocation by the Arbitral Tribunal of the outstanding financial commitments of undivided Bengal and the value of assets like buildings included within the boundaries of this Province.

The House will observe that the first annual Budget of the Province of West Bengal is a deficit Budget. This however, need not give rise to misgivings. If we succeed in implementing the schemes for which financial provision has been made in these estimates, we shall have achieved encouraging progress towards the development of our Province. As the financial settlement under the new Constitution is finalised and comes into effect, we shall be in a position to know the nature and extent of our financial resources and we shall be able to exploit further sources of revenue according to requirement.

I may thus permit myself to end on a cautiously confident note. If the potentialities immediately ahead of us are fully realised by the right kind of endeavour on our part, there is ground, indeed, for taking a definitely optimistic view of the future. I hope and believe that in planning and executing our future Development Programmes, lack of money will not prove to be a great obstacle, provided money is properly used, schemes are rightly drawn up and taken up for execution in the correct order of priority, an efficient machinery is set up for their implementation and the enthusiasm and co-operation of the public are forthcoming in an adequate measure. Let me stress my conviction that given highest sense of integrity and the keenest standard of efficiency, the immediate future may well pave the way to a better, stronger and more balanced economy for our Province.

I have just given you a brief account of our plans and proposals for the coming year. I confess that these do not present a complete picture or a fully integrated programme of development for the Province. During the short time which was available to the previous Ministry, absorbed as they were with the immediate problems caused by the Partition, and the very brief period during which the present Ministry have been in office, it has not been possible for us to formulate such integrated plans. In respect of most of the development schemes, lump provisions have been made as an earnest of our sincere intention to elaborate comprehensive plans covering the requirements of the Province. When detailed schemes in respect of the lump provisions made under different department are ready, it is hoped that it will be possible to fit them together into an integrated whole.

The central objective of our Development Programme is admittedly to raise the standard of living of the masses. This, in ultimate analysis, is conditioned by two obvious factors, namely production of more wealth and its equitable distribution among the people. The foremost emphasis should, of course, be laid on the first of the factors at this stage of our economic development. Even the most equitable distribution of our existing national wealth can hardly ensure any substantial improvement in the standard of living and more wealth must be created by the improvement of agriculture

and industry. The resuscitation of our rural economy is naturally to be placed in the forefront of our programme of work and will depend mainly on the provision of cheap electricity and adequate irrigational facilities. Cheap electricity can alone assist the cottage and small industries in a material way and place them in a position of competitive efficiency in regard to organized industries—not indeed, with a view to replace them but as an effective part of an integrated whole comprising large-scale, medium-sized, small and cottage industries. The improvement of irrigational facilities in the rural areas will improve the yield of agriculture and help its extension in the Province in which many thousands of acres remain arid and uncultivated in the absence of adequate water-supply. Schemes for tackling all these problems are, of course, being taken in hand on a graduated scale and according to due order of priority.

In this process of developing our resources and creating new wealth, it shall be our constant endeavour to see that the increased production and prosperity is shared in its full measure by the common man both in rural and urban areas. It will be our aim to abjure any policy that tends to concentrate wealth in the hands of a fortunate few, thereby making, relatively, the rich richer and the poor poorer. It should, however, be remembered that it is not within the competence of any Provincial Government to control all the factors responsible for such inequalities in the society. I need hardly stress that no country can be a true democracy if it allows great inequalities of wealth and rank to exist except such as are warranted by differences in merit. For, it is basically wrong that one should go through life with every conceivable material advantage while others should be subjected at every turn to the cumulative penalties of the under-privileged.

I am fully conscious that whatever schemes, we have been able to provide in the present Budget do not go far enough to solve our pressing problems and to meet the anticipation of the public. I feel also that in the first year of freedom, it is difficult for the people as a whole or particular classes thereof to adjust their hopes and expectations to the realities of the situation. The exhilaration of new-found freedom, the sense of achievement that it gives, the material impulse to seek a just reward for the sacrifices or privations of decades and, above all, the inescapable feeling that foreign rule was almost the sole impediment to our prosperity and plenty—these inevitably raise high expectations and tend to accentuate the sense of disappointment. It is necessary, therefore, at this stage to remind ourselves of our difficulties and to view the problems to be solved on an objective basis. The change that freedom implies is that we are free to pool and apply our energies to our common task as we envisage it to our best interests. It does not automatically or by itself change in a moment the resources at our command. Those who expect that freedom, by itself, will, in the twinkling of an eye, wave all our wants and troubles away and at once re-establish our deranged economy on a sound basis, are counting without the inherent responsibilities of freedom. While Government may find ways and means of making larger outlays on big and beneficial schemes, the accomplishment of the various constructive schemes and projects would depend upon the expert personnel at our command, the capacity for co-operation and co-ordination which we have in our ranks and also the availability of requisite materials. That capacity can be greatly enhanced if we are capable of eliminating unhealthy differences, and enthusing one and all for the common aims we have before us.

While our endeavours as represented in this, the first Budget of our Province, in Free India are not spectacular or far-reaching, let us pray to Almighty God that these may lead to greater and more comprehensive efforts on our part. Let us also invoke the blessings of the Father of the Nation,

Mahatma Gandhi, in all our endeavours to build up a society in which there will be no poverty, no feeling of high class and low class; a society in whose making the common man will have an effective voice and in which all communities big or small shall live in perfect harmony.

“BANDE MATARAM.”

Janab MD. KHUDA BUKHSH: “Jai Hind.”

The Hon'ble Sri NALINI RANJAN SARKER: “Gandhiji ki Jai.”
Although Mahatma Gandhi is not with us in flesh and blood, his spirit is with us.

APPENDIX I.

West Bengal Budget, 1948-49.

(The figures are in thousands of rupees.)

	Estimate from 15th August 1947 to 31st March 1948.	Budget, 1948-49.
Receipts—		
Opening Balance	2,06,12	2,54,22
Revenue Receipts	18,88,26	31,18,52

Mr. DEPUTY SPEAKER: I think no other business will be transacted today. I adjourn the House till 3-45 p.m. tomorrow.

Adjournment.

The House was accordingly adjourned at 5 p.m. till 3-45 p.m. on Wednesday, the 18th February, 1948, at the Assembly House, Calcutta.

**Proceedings of the West Bengal Legislative Assembly assembled
under the provisions of the Government of India Act, 1935,
as adapted.**

THE ASSEMBLY met in the Assembly House, Calcutta, on Wednesday, the 18th February 1948, at 3-45 p.m.

Present:

Mr. Speaker (the Hon'ble SRI ISWAR DAS JALAN) in the Chair, 9 Hon'ble Ministers and 57 members.

STARRED QUESTIONS

(to which oral answers were given)

Export of cattle from Murshidabad to Pakistan.

*2. Sri SHYAMAPADA BHATTACHARYYA: (a) Is the Hon'ble Minister in charge of the Agriculture Department aware—

(i) that a large number of cattle is being exported from Murshidabad to Pakistan areas, and

(ii) that there is a serious shortage of milch cows as well as cattle meant for agricultural needs in the Province?

(b) If so, what immediate steps, if any, do Government intend to take to prevent the export as referred to in (a) (i)?

The Hon'ble Sri JADABENDRA NATH PANJA: (a) (i) মুর্শিদাবাদ জেলার কয়েকটা হাট মারফৎ বিহার এবং অন্তর্ভুক্ত প্রদেশের গবাদি পশু পূর্ববঙ্গে রপ্তানি হয়। ইহা বর্তমান প্রচলিত ব্যবসায়ের ধারা অনুযায়ী হইতেছে। ভারতীয় ইউনিয়ন হইতে পাকিস্তানে একরূপ রপ্তানীর কোন অস্বাভাবিক বৃদ্ধি হইতেছে কি না তাহা বিবেচনা করিয়া দেখা হইতেছে।

(ii) পশ্চিমবঙ্গে যথেষ্ট সংখ্যক গবাদি পশু নাই।

(b) কোন অস্বাভাবিক অবস্থা দেখা দিলে রপ্তানী বন্ধ করাব বিষয়ে আবশ্যকীয় ব্যবস্থা অবলম্বন করা হইবে।

Sri ANNADA PROSAD CHOWDHURY: অতিরিক্ত প্রশ্ন, সম্মান, বিহার ছাড়াও অন্যান্য প্রদেশের গবাদি পশু পূর্ববঙ্গে রপ্তানি করা হয় বলে বলা হয়েছে। মাননীয় মন্ত্রী মহাশয়, অনুগ্রহ করে বলবেন কি, অন্যান্য কোন প্রদেশ হইতে মুর্শিদাবাদ জেলার হাট মারফৎ এই গবাদি পশু রপ্তানি হয়?

The Hon'ble Sri JADABENDRA NATH PANJA: উড়িয়া।

Sri ANNADA PROSAD CHOWDHURY: পশ্চিম বঙ্গে যথেষ্ট সংখ্যক গবাদি পশু নাই বলে বলা হয়েছে; যদি তাই সত্য হয় তবে পাকিস্থানে বা অন্য যে কোন প্রদেশে গবাদি পশু মুর্শিদাবাদ থেকে যার কোন? এবং বাংলাদেশের এই অভাব দূর করার জন্য যে কোন প্রতিকারের ব্যবস্থা অবলম্বন করা বাংলা সরকার বিবেচনা করেন কি?

The Hon'ble Sri JADABENDRA NATH PANJA: Standstill agreement থাকা অবস্থায় আমরা বিশেষ বাধা দিতে পারি না। যুব abnormal অবস্থা যদি হয়, স্ট্যান্ড-স্টিলের উপর order আছে, বন্ধ করে দেবার জন্য।

Sri ANNADA PROSAD CHOWDHURY: Standstill agreement আছে বটে, কিন্তু খুশী থেকে মাহ কলিকাতার আসে না। মাহ যদি খুশী না ও গোয়ালন্দ থেকে কলিকাতায় আসা বন্ধ থাকে তাহলে পাকিস্থানে গরু রপ্তানি বন্ধ করবেন কি?

The Hon'ble Sri JADABENDRA NATH PANJA : যদি কোন প্রদেশ অন্যায় করে থাকে তাহলে আমাদেরও অন্যায় করতে হবে, তার কোন মানে নাই। তাছাড়া এ সম্বন্ধে জাভারা Government of India-কে refer করিছি। এ সম্বন্ধে কি করা কঠোর তা এখনও পর্যাপ্ত কোন নির্দেশ পাওয়া যায়নি।

Sri KHAGENDRA NATH DAS GUPTA : মাননীয় মন্ত্রী মহাশয় জানেন কি, মুর্শিদাবাদ ছাড়াও উত্তরাঞ্চল ও পশ্চিম বঙ্গের অন্যান্য জেলা হঠাৎ পূর্ব পাকিস্থানে প্রচুর গবাদি পশু চালাই হচ্ছে?

The Hon'ble Sri JADABENDRA NATH PANJA : হ্যাঁ, মালদহ ও দিনাজপুর হ'তে কিছু কিছু চালাই হয়।

Sri KANAILAL DE : মাননীয় মন্ত্রী মহাশয় বলেছেন, মুর্শিদাবাদের কোন কোন হাট হ'তে বিহার এবং অন্যান্য প্রদেশের গবাদি পশু রপ্তানি হয়, পশ্চিম বাংলার কোন গরু রপ্তানি হয় না, তাহলে তিনি কি বলতে পারেন যে ঐ হাটে পশ্চিম বঙ্গের কোন গরু যায় না?

The Hon'ble Sri JADABENDRA NATH PANJA : এই প্রদেশেরও গরু যেতে পারে। যেমন বিহারের গরু সেখানে যায়, আবার এই প্রদেশের গরুও সেখানে যেতে পারে। কারণ সবচেয়ে বড় হাটে কেনা বেটা হয়।

Sri ANANDILALL PODDAR : Will the Hon'ble Minister be pleased to state as to what action he proposes to take for the import of milch cows, considering the serious shortage?

The Hon'ble Sri JADABENDRA NATH PANJA : Import of milch cow সম্বন্ধে এখনও পর্যাপ্ত বিশেষ কোন ব্যবস্থা করা হয়নি, তবে আপনারা গুলেছেন এই যে Haringhatta scheme প্রাচ্য হাটে ম'ড় এবং ম'ট দুই বাধা হবে এবং তার দ্বারা দু' সরবরাহ সম্বন্ধে কিছু কিছু ব্যবস্থা হবে। এছাড়া আর কিছু এখন বলা যায় না।

Sri ANANDILALL PODDAR : What will happen in the meantime between the period of now and the Haringhatta scheme, how our children are to drink milk in the meantime?

The Hon'ble Sri JADABENDRA NATH PANJA : এখন আপাততঃ যেভাবে চলছে, সেইভাবেই আরও কিছু দিন চলবে। তারপর বিহার প্রদেশ থেকে পরে যথার্থে আনা চলতে পারে।

Janab ABUL HASHEM : মাননীয় মন্ত্রী মহাশয় বলেছেন যে বিহার এবং উড়িষ্যা প্রদেশ থেকে গবাদি পশু পাকিস্থানে রপ্তানি হয় মুর্শিদাবাদের মধ্য দিয়ে। আমি ভিজাঙ্গা করছি শুধু, তিনি এ বিষয় কি অনুসন্ধান করেছেন যে উড়িষ্যা এবং বিহার প্রদেশে যে সমস্ত গবাদি পশু আছে, সেগুলি বিহার এবং উড়িষ্যার প্রয়োজনীয়তার আঁতরিত আছে, না, ঘাটতি আছে?

The Hon'ble Sri JADABENDRA NATH PANJA : উড়িষ্যা গভর্ণমেন্ট নুতন এটা আইন করেছেন যে উড়িষ্যা প্রদেশ হ'তে গবাদি পশু আর আসতে পারবে না। বিহার সম্বন্ধে বিশেষ কিছু জানি না, তবে বলতে পারি বিহার থেকে এখানে গরু আসে।

Janab ABUL HASHEM : যেমন উড়িষ্যা গভর্ণমেন্ট যোগদান ব্যবস্থা করেছেন, বিহার ও অন্যান্য প্রাদেশিক গভর্ণমেন্ট যদি সেই রকম ব্যবস্থা করে, পশ্চিম বঙ্গে গবাদি জামদানী বন্ধ করে দেন তাহলে গভর্ণমেন্ট কি করবেন? এবং গবাদির অভাব মোচনের জন্য কোন পরিকল্পনা করেছেন কি না সেটা জানতে চাই।

The Hon'ble Sri JADABENDRA NATH PANJA : এ সম্বন্ধে কোন প্রকার আইন করা যাবে কি না, সে সম্বন্ধে India Government-এর কাছে নির্দেশ চাওয়া হয়েছে।

Janab ABUL HASHEM : আমি আইনের প্রশ্ন এখানে ভিজাঙ্গা করছি না। যেমন উড়িষ্যা গভর্ণমেন্ট গবাদি পশুর রপ্তানি বন্ধ করেছেন, তেমনি ভবিষ্যতে অন্যান্য প্রদেশও যেখানে থেকে গবাদি পশু আসে তা তাঁরা বন্ধ করতে পারেন, এটা জেনে পূর্ববাংলা কোন ব্যবস্থা অবলম্বন করা হয়েছে কি না বাস্তবে গবাদি পশুর অভাব মোচন করা যায়—সেটার সম্বন্ধেই আমি ভিজাঙ্গা করছি।

The Hon'ble Sri JADABENDRA NATH PANJA : এই ব্যাপার আমাদের বিবেচনাধীন আছে এবং এ সম্বন্ধে আলোচনা চলেছে।

Shaik MOHAMED RAFIQUE: Supplementary question, Sir. Will the Hon'ble Minister be pleased to state if he is aware that there is a cattle surplus in Eastern Pakistan and such surplus cattle are brought to Murshidabad for sale in the cattle market?

The Hon'ble Sri JADABENDRA NATH PANJA : পাকিস্থানে গরুর সংখ্যা কি পরিমাণ আছে, বলতে পারি না।

Janab MD. KHUDA BUKHSH : মন্ত্রী মহোদয় বসেছেন, মুর্শিদাবাদ জিলার কয়েকটি হাট মারফৎ পূর্ববঙ্গে গরাদি পশু রপ্তানি হয়। সেটা যখন হাট, মন্ত্রী মহোদয় বলবেন কি পূর্ববঙ্গের গরুও সেখানে বিক্রয় হয় কি না এবং তা বিহার ও অন্যান্য প্রদেশে চলে যায় কি না।

The Hon'ble Sri JADABENDRA NATH PANJA : সে সম্বন্ধে আমার কিছু জানা নেই।

Sri ANNADA PROSAD CHOWDHURY: Supplementary question, Sir. মন্ত্রী মহোদয়ের উত্তরের দ্বিতীয় অনুচ্ছেদে বলা হয়েছে যে পশ্চিম বঙ্গে যথেষ্ট পরিমাণ গরাদি পশু নেই এবং আমাদের দেশে যথেষ্ট দুধের অভাব আছে এবং প্রায় ৮।৯ লক্ষ টাকার পরিমাণ গুঁড়া দুধ আমাদের আমদানী করতে হয় বিদেশ থেকে। সেই টাকা দিয়ে পাঞ্জাব ও যুক্তপ্রদেশ থেকে বা বিহার থেকে গরু এনে দুধের আমদানী বাড়ানোর প্রচেষ্টা সম্বন্ধে মাননীয় মন্ত্রী মহোদয় বিবেচনা করবেন কি?

The Hon'ble Sri JADABENDRA NATH PANJA : সেই সমস্টই বিবেচনাধীন রয়েছে। যখন final বিবেচনা হবে, তখন আপনার suggestions বিবেচনা করা হবে।

Janab ABUL HASHEM: Supplementary question, Sir. যখন এখানে দুধের ঘাটতি থাকার বিদেশ থেকে গুঁড়া দুধ আমদানী হয় এবং তা দ্বারা স্বাস্থ্যের যখন অবনতি হচ্ছে এবং যদি তা হয়, তবে সেটা বন্ধ করবার কোন পরিকল্পনা করেছেন কি?

The Hon'ble Sri JADABENDRA NATH PANJA : সে সম্বন্ধে বিবেচনা করা হচ্ছে, কিন্তু সম্ভ্রতি যে সে অভাব মোচন হবে, তা আশা করা যায় না।

Complaint against the Second Munsif of Kandi, Murshidabad.

***3. Sri SHYAMAPADA BHATTACHARYYA:** Will the Hon'ble Minister in charge of the Judicial Department be pleased to state—

(a) whether the Government have received any grievance from the members of the Bar as well as the public regarding the conduct of the Second Munsif of Kandi in the district of Murshidabad; and

(b) if so, do the Government contemplate taking steps to remedy the grievances?

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: (a) Yes. Representations have been received from the Secretaries of the Berhampore and Kandi Bar Associations.

(b) The matter is receiving attention.

Sri SHYAMAPADA BHATTACHARYYA: Has the High Court been moved in the matter?

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: Yes, the High Court has been informed.

Sri KANAI LAL DE : অতিরিক্ত প্রশ্ন, Sir. কি nature-এর complaint বা অভিযোগ পাওয়া গেছে, মাননীয় মন্ত্রী মহোদয় অনুগ্রহ করে বলবেন কি?

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR : একটা হন কথাকথির ভাব সম্বন্ধে অভিযোগ পাওয়া গেছে।

Sri KANAI LAL DE : আর কিছ নর?

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR : সমস্ত বিষয়টি বিবেচনায়নি
আছে।

Janab MD. KHUDA BUKHSH: অতিরিক্ত প্রশ্ন. Sir. এই যে মন করাকাবর
কথা বলছেন, তা কাদের সঙ্গে?

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR : জনৈক হাকিম ও Bar এর
memberদের মধ্যে।

GOVERNMENT BILL.

The West Bengal Land (Requisition and Acquisition) Bill, 1948.

Mr. SPEAKER: The Hon'ble Sri Mohini Mohan Barman.

Janab MD. KHUDA BUKHSH: On a point of order, Sir.

Mr. SPEAKER: Will you please let him introduce the Bill first?

Janab MD. KHUDA BUKHSH: Sir, I want to raise this point of order before the Bill is introduced. I will refer you to section 299 of the Government of India Act, which lays down the procedure that must be followed when Government proposes to introduce a Bill for compulsory acquisition of land. Section 299 lays down that no person shall be deprived of his property save by authority of law, and in (2) it says that the law should provide payment of compensation for the property acquired and fix the amount of compensation, and it lays down the procedure relating to compensation. But, Sir, I would draw your attention particularly to No. (3) which says that no Bill or amendment making provision for the transference to public ownership of any land for the extinguishment or modification of rights therein including rights or privileges in respect of land revenue shall be introduced or modified in either chamber of the Dominion Legislature without the previous sanction of the Governor-General or in a chamber of the Provincial Legislature without the previous sanction of the Governor.

Sir, we want to know whether this previous sanction of the Provincial Governor has been obtained prior to the introduction of the Bill.

Mr. SPEAKER: It has been obtained.

Janab MD. KHUDA BUKHSH: When it has been obtained, I want to know whether the country is entitled to know that the sanction has been obtained or only the Speaker of the House should be satisfied that it has been obtained. Section 299 is clear that it should be obtained, and my submission is that the country should know that the previous sanction of the Governor has been obtained before the Government propose to legislate on the compulsory acquisition of land. Here the Governor and the Government are two distinct things. Here the Government may decide to do one thing, but the 1935 Act holds that the right of the individual to continue in uninterrupted possession and enjoyment of his property is to be so valued as sacred that before the Council of Ministers come to any decision they must apprise of their intention to the Governor, and the Governor and the Council of Ministers after applying their mind may come to two independent decisions on the same subject that the Government would be authorised to acquire the land for public use.

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: What is the point of order, Sir?

Mr. SPEAKER: The point of order is, whether the sanction of the Governor has been obtained.

The Hon'ble Sri NIHARENÔU DUTT-MAZUMDAR: It is not a point of order; it is a point of information. And I would submit on that point of information, as it has been already stated, that the sanction of the Governor has been obtained, and so far as the public are concerned, since the Bill has been published it has been done so after conforming to all the pre-requisites; and you may take it that it has been done properly and all rules have been conformed to unless the honourable member is in a position to state that the sanction has not been obtained. But when the information has been supplied that the sanction has been obtained, my submission is that there can be really no point of order raised.

Janab ABDUR RAHMAN SIDDIQI: Sir, has the Government any objection to read out that permission in this House?

The Hon'ble Sri BIMAL CHANDRA SINHA: Sir, may I submit that the request made by the honourable member is not really tenable. He might remember that a member of the Assembly asked your predecessor about a year ago in this House as to what was the procedure by which a private member could know whether the recommendation of the Governor had been obtained. Your predecessor was pleased to observe that when the Speaker had allowed a Bill to be introduced it might be presumed that he had seen to it that all the procedural regularities and necessities had been gone through and all the formalities had been observed; and that was the guarantee that the Governor's sanction had been obtained. I think, Sir, that should close the matter and the formal sanction of the Governor need not be read out.

Mr. SPEAKER: I think the moment the Bill is introduced it is presumed that the necessary formalities have been observed, and when the honourable member enquired as to whether the Governor's sanction had been obtained, the moment it was stated that that sanction had been obtained the matter was closed. I do not think therefore that it is necessary to say anything in this connection.

The Hon'ble Sri MOHINI MOHAN BARMAN: Sir, I beg to introduce the West Bengal Land (Requisition and Acquisition) Bill, 1948.

(Secretary then read the short title of the Bill.)

The Hon'ble Sri MOHINI MOHAN BARMAN: I beg to move that the West Bengal Land (Requisition and Acquisition) Bill, 1948, be taken into consideration.

Janab MD. KHUDA BUKHSH: On a point of order, Sir. My point of order is precisely whether this Legislature is competent to limit, modify or alter the provisions of a Central Act. If you see clause 7, which deals with compensation, it reads: "Wherever any land is acquired under section 4 there shall be paid compensation the amount of which shall be determined by the Collector in the manner and in accordance with the principles set out in sub-section (1) of section 23 of the Land Acquisition Act, 1894"—this is a Central Act, and then follows:—

"Provided that the market value referred to in clause first of sub-section (1) of section 23 of the said Act shall, in respect of any land acquired under this Act, be deemed to be the market value of such land on the date of publication of the notice referred to in sub-section (1) of section 4;

"Provided further that if such market value exceeds by any amount twice the market value of the land on the 31st December, 1941, on the assumption that the land had been at that date in the state in which it in fact was on the date of publication of the notice referred to in sub-section (1) of section 4, the amount of such excess shall not be taken into consideration."

Sir, this is directly contrary to the provisions of the Land Acquisition Act to which this Bill has referred in six or seven places. In fact, it is a subterfuge by which the Provincial Government seeks to modify, alter and amend and nullify and annul the provisions of the Land Acquisition Act which is an Act of the Central Legislature.

Sir, in the Statement of Objects and Reasons we find that in consequence of the partition of Bengal it has become urgently necessary to obtain powers for Government so as to ensure at short notice and fair price—please mark these words “fair price”—procurement of lands required for public security, facilities for communication and transport and for maintaining supplies and services essential to the life of the community. Sir, all these are perfectly legitimate objects for which land can be acquired—and in some instances they are laudable objects—but Government, when in the Statement of Objects and Reasons, states that it will be prepared to pay fair price for land acquired compulsorily from the people, it goes on in a proviso to say that the fair price shall be twice the market value as in 1941. When the Government was prepared to buy gold at more than twice the market value as in 1941 and the Minister would be willing to purchase a motor car at twice the market value, why is it that Government will not be willing to pay more than two times the market value of 1941? Sir, all these objects for which this Bill is purported to have been introduced are covered by the Land Acquisition Act. What is the necessity, Sir, of trying by this method to limit the provisions of the 1894 Act? If you find, Sir, as I submit you ought to, that this is an attempt by the Provincial Government to modify and to restrict the application of provisions of a Central Act, I hope you will be pleased to rule that this is *ultra vires* and, therefore, this Bill is not sustainable in the Provincial Legislature.

The Hon'ble Sri BIMAL CHANDRA SINHA: Mr. Speaker, Sir, may I submit that the point of order raised by my honourable friend opposite is really no point of order. He has tried to make out a case that this Bill is really not within the competence of the Provincial Legislature and, as such, is out of order. He said, Sir, what is the necessity for this Bill? May I submit that the question of necessity is a different matter altogether. We shall have to find out whether it is within the competence of this Legislature to enact such a Bill into law. My submission, Sir, is that if you refer to section 299 of the Government of India Act, you will find specifically stated there, “Neither the Federal nor a Provincial Legislature shall have power to make any law authorising the compulsory acquisition for public purposes of any land, or any commercial or industrial undertaking, or any interest in, or in any company owning”, etc., etc. “unless the law provides for the payment of compensation for the property acquired and either fixes the amount of the compensation, or specifies the principles on which, and the manner in which, it is to be determined”. It is, therefore, clear from this section that it is quite within the competence of the Provincial Legislature to enact such a Bill only if there has been made provision in the body of the Bill for fair compensation in accordance with section 299. Sir, that is the first point on which I rely and I submit that this Bill is quite within the competence of the Provincial Legislature.

Secondly, I draw your attention to List II of the Seventh Schedule, Legislative Lists: If you refer to item 9 of List II, you will find that item 9 of the Provincial Legislative List is “Compulsory acquisition of land”. Therefore, it has been made quite clear that it is only the Provincial Government—I say, Sir, it is only the Provincial Government—which can legislate in this matter and I would submit that the Central Government has no right or jurisdiction so far as this matter is concerned. I would, therefore, say that in view of the fact that compulsory acquisition of land is entirely a provincial subject, the Provincial Legislature and the Provincial Legislature alone is competent to legislate on the subject.

Sir, I would also refer you to item 21 of List II. There it has been mentioned: "Land, that is to say, rights in or over land, land tenure, including the relation of landlord and tenant, and the collection of rents; transfer, alienation and devolution of agricultural land; land improvement and agricultural loans; colonisation; Courts of Wards; encumbered and attached estates; treasure trove", etc. All these are items for provincial legislation. Therefore, in view of these facts, I submit that it is quite within the competence of this House to legislate on the subject and you would be pleased to rule Mr. Khuda Bukhsh's point of order out of order.

Janab MD. KHUDA BUKHSH: May I be permitted to elucidate the point that I made before you give your ruling. My point was not whether it was within the competence of the legislature to legislate but the subject of acquisition. I am aware quite as much as my honourable friend is aware that it is within the competence of the Provincial Legislature to legislate on the subject. The point I wanted to make out was whether it was in effect an alteration of the provisions of an existing Act which was also applicable over Bengal. At present land is acquired under the Land Acquisition Act and in the acquirement of that land Government has to follow a prescribed procedure and the Government has to pay compensation as laid down by the Land Acquisition Act. If you find that by this section 7 the Provincial Government seeks to amend or to alter the provisions of that Act, then, Sir, it is in effect trying to amend the provisions of a Central Act. That is my point of order. If you find that it is an attempt to alter the provisions of a Central Act, you will rule that it is *ultra vires* and that cannot be done.

The Hon'ble Sri BIMAL CHANDRA SINHA: May I submit, Sir, that it has been specifically laid down in section 299 that we have to lay down certain principles. That is the only limitation placed on the functions of the Provincial Legislature and what we have done in this Bill is that we have only laid down that the principles which we have to follow are the principles which have been mentioned and enunciated in the Land Acquisition Act. Therefore, Sir, if we take a leaf out of the Central Act, it does not by itself make this *ultra vires* or vitiate this Bill. Therefore, I submit that as it has been laid down in section 299 that the principles on which compensation should be given must be mentioned in the Bill, we have done only that much, viz., we have mentioned the principles that are to be enunciated in connection with the grant of compensation and the principles are those which have been followed in the Land Acquisition Act. Therefore, Sir, I think this Bill is quite in order and does not in any way go beyond the jurisdiction of the Provincial Legislature.

Mr. SPEAKER: In my view this Bill is within the purview of this Legislature and I do not agree with Mr. Khuda Bukhsh's point of order. The subject after the Act of 1935, has come within the purview of the Provincial Legislature and the Provincial Legislature is now quite competent to deal with the same. When the Land Acquisition Act was passed it was passed prior to 1935. At that time this list was not there but after the Act was passed the list is there and the list empowers the Provincial Government to pass legislation on this subject. Therefore, in my view it is within the competence of this legislature.

So far as Mr. Khuda Bukhsh's objection to second proviso to section 7 is concerned, in my view section 299 clearly says that there should be compensation and the compensation may be fixed by the Act or the principles may be laid down. I find that so far as the principles are concerned, they have been laid down in this proviso and I do not find that that offends against section 299. I, therefore, hold that this Bill is in order and it is within our competence to pass this Bill.

Does anybody want to speak on the consideration motion also?

(No response.)

(The motion of the Hon'ble Sri Mohini Mohan Barman that the West Bengal Land (Requisition and Acquisition) Bill, 1948, be taken into consideration was then put and while the motion was being agreed upon, Mr. Speaker observed:)

Mr. SPEAKER: I am sorry I find that there are three amendments—one for circulation and two other for Select Committee, and I think they will be moved. Therefore, I ask Mr. Khuda Bukhsh to move his amendment.

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: Sir, were the amendments moved? If the amendments were not moved before you were on your legs to take a decision, it should be presumed that the amendments have not been moved.

Janab MD. KHUDA BUKHSH: The Hon'ble Speaker has already permitted that the amendments should be moved. I feel that after the Hon'ble Speaker's permission has been given to move the amendments, the question raised by my friend opposite does not arise. Therefore, I propose to move—

Mr. SPEAKER: Order, order. So far, I believe, the practice in this House was that the Speaker used to call the amendments. What I said here is this: "Does anybody want to speak on the question of consideration?"

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: After the motion for consideration has been moved and when the Hon'ble Speaker has given an opportunity to the members of the House, it is for members to get up and move amendments of which they might have given notice. No invitation for speech is necessary. When the motion for consideration is before the House, it is certainly within the right of any honourable member to get up and move the amendment of which he may have given notice. But if no one gets up, it is presumed that it is not intended to move the amendment.

Janab MD. KHUDA BUKHSH: Sir, I beg to move —

Mr. SPEAKER: Order, order. No doubt what my honourable friend has said should be followed, namely, that if anybody wants to move an amendment, he should stand up before and say "I have got an amendment and I want to move it." Here I am sorry I have not called the attention of the members with regard to any particular amendments. Therefore, I feel that an opportunity should be given to them to move their amendments and I allow this without creating any precedent on the point and I think the House has no objection.

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: All right, Sir.

Mr. SPEAKER: Without creating any precedent I ask Mr. Khuda Bukhsh to move amendment No. 1.

Janab MD. KHUDA BUKHSH: Sir, I beg to move by way of amendment that the West Bengal Land (Requisition and Acquisition) Bill, 1948, be circulated for the purpose of eliciting opinion thereon by the 15th of May, 1948.

Sir, I have had already occasions to mention that as the objects and reasons enumerated in this Bill all come under the Land Acquisition Act, I feel that there was no necessity for the presentation of this Bill for acquirement of land in Bengal alone. Land Acquisition Act is of all-India applicability, and land has been acquired, is still being acquired and will be required even if this Bill were not there for the said purpose. Sir, the most controversial portion of the Bill—and, in fact, that is the only reason for the introduction of this Bill—is the portion by which it is intended to limit the provisions of the Land Acquisition Act, i.e., the second proviso to

section 7(1). Sir, this is revolutionary inasmuch as Government do not want to pay compensation more than twice the market value of 1941. This, I am emphatic and I know, the country will not accept and the country should be allowed to express its opinion. When the cost of living index has gone up by three hundred to four hundred per cent., Government only propose to give twice the market value of land acquired for the purposes enumerated in the Bill. Sir, this will not be accepted by the country and the country should be allowed to express an opinion to Government whether the people would be prepared to swallow the fact that they will be deprived of their land—that their land will be, I was going to say, confiscated at only twice the market value of the land. Therefore, I propose that the Bill be circulated and opinion elicited thereon and the Bill should come up before the House after Bengal has agreed that such a Bill is at all necessary.

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: In answer to the motion for circulation I would like to say and remind the honourable members of this fact that it is not on every point that the community can allow the bare question of laws of supply and demand to determine the prices. Sir, it is known when the market price of essential foodstuffs goes up, there is a limit which the State is entitled to set in order to save the community—there control becomes necessary, even subsidised food-stuffs become necessary, for the life of the community. Sir, land, particularly which grows foodstuffs, is of very great importance, and in the situation of today when everything soars to a high and very high level indeed, it is necessary that the State should intervene and acquire land for the purposes which are vital to the life of the community. In that view the price of land shall not be allowed to soar to such a pitch as my honourable friend might have liked. It has been said that it is a revolutionary measure. If my friend says so, then this Government would accept that it is a revolutionary Government I should say, in order to effect changes in conditions which have been in the past ruinous to the life of the community. Today in the present situation land is of prime importance, particularly so in the setting of West Bengal Province. Therefore, what the Government aims at is to curb the opportunities of profiteering on land, on acquired land in order to further the various State projects which are vitally necessary for the life of the community. I, therefore, hope that it would not be necessary for Government to face any difficulty and all those who have land within their possession—land which has been lying without the proper use that can be made of it—ought to volunteer as a part of their patriotic duty to help Government to acquire that land, so that that land can be made the best use of, and on this I can say with all the sense of responsibility I can command that public opinion is known. It would be mere dilatory work on the part of the Government and of this House if this measure is allowed to be delayed further on the plea of circulation for public opinion. The public are clamouring for the acquisition of land for making the best and social use of it possible, and in that view I consider the motion for circulation for the purpose of eliciting public opinion quite unnecessary, and in that view of the matter I commend this motion to be rejected by the House. I, therefore, think that we should proceed straightway with the consideration of the Bill.

The Hon'ble Sri MOHINI MOHAN BARMAN: Sir, I oppose the amendment.

The motion of Janab Md. Khuda Bukhsh that the West Bengal Land (Requisition and Acquisition) Bill, 1948, be circulated for the purpose of eliciting opinion thereon by the 15th of May, 1948, was then put and lost.

MR. SPEAKER: As regards your second amendment, Janab Khuda Bukhsh, you have not obtained the consent of Sri Dharendra Narayan Mukherji and Mr. G. C. D. Wilks.

Janab MD. KHUDA BUKHSH: Sir, I propose to omit those two names since I have not been able to obtain their consent. I have obtained consent of all other members. As regards quorum, since the number of members has decreased, I beg to fix the quorum at five.

Now, Sir, I beg to move by way of amendment that the Bill be referred to a Select Committee consisting of—

- (1) Sri J. C. Gupta,
- (2) Sri Satish Chandra Bose,
- (3) Sri Nishapati Majhi,
- (4) Janab Muhammad Rafique,
- (5) Janab Jasmuddin Ahmed,
- (6) Mr. C. E. Clarke,
- (7) Sri Jyoti Basu,
- (8) Mr. Daniel Gomes,
- (9) The Hon'ble Minister in charge of the Department of Land and Land Revenue, and
- (10) Janab Muhammad Khuda Bukhsh,

with instructions to submit their report by the 15th May, 1948, and that the quorum of the Select Committee be fixed at five.

Sir, this Bill is of a controversial nature as is proved by the number of amendments that have been sent in by all shades of opinion in this House. You have noticed, Sir, that as many as 19 amendments have been sent by members belonging to all shades of opinion in this House. Sir, I find that Sri Anandilal Poddar has sent in amendments. Sri Shyamapada Bhattacharji on the Government side has also sent in amendments and all these amendments are regarding the notorious clause 7. So I suggest that the Bill be referred to a Select Committee wherein, in an atmosphere of sympathy and give and take, members of the Select Committee could come to an agreement and present an agreed Bill before the House and the House would then be able to accept the Bill with less acrimony and with a better heart.

With these words, Sir, I commend my motion for the acceptance of the House.

The Hon'ble Sri MOHINI MOHAN BARMAN: Sir, I oppose this amendment of Janab Muhammad Khuda Bukhsh to refer the Bill to a Select Committee. This is a short measure and it is an urgent piece of legislation. It is of a temporary nature and it will remain in force only for 2,3 years. On account of the urgency of the situation this Bill should be passed at an early date. The honourable member is aware that in consequence of the partition of Bengal, serious matters, new problems are cropping up daily and at the present moment immediate necessity has arisen for undertaking construction of strategic roads providing direct communication between Northern, Central and Southern parts of the Province of West Bengal. In the interests of public safety this Bill should be passed expeditiously and if we refer this Bill to the Select Committee it will be deferred unnecessarily. So without delaying this matter the Bill should be passed immediately and as it is a short term measure it should be settled here in the chamber.

Janab MD. KHUDA BUKHSH: The Hon'ble Minister has not stated the urgency of the measure.

Janab ABDUR RAHMAN SIDDIQI (rose to speak).

Mr. SPEAKER: After the Minister I do not think you are entitled to speak on this motion.

Janab ABDUR RAHMAN SIDDIQI: I thought that the Hon'ble Minister would explain the point of view of Government in this matter.

Mr. SPEAKER: Anyhow the Hon'ble Minister has replied and you should have risen earlier than him.

The motion of Janab Md. Khuda Bukhsh that the Bill be referred to a Select Committee consisting of—

- (1) Sri J. C. Gupta,
- (2) Sri Satish Chandra Bose,
- (3) Sri Nishapati Majhi,
- (4) Janab Muhammad Rafique,
- (5) Janab Jasimuddin Ahmed,
- (6) Mr. C. E. Clarke,
- (7) Sri Jyoti Basu,
- (8) Mr. Daniel Gomes,
- (9) The Hon'ble Minister in charge of the Department of Land and Land Revenue, and
- (10) Janab Muhammad Khuda Bukhsh,

with instructions to submit their report by the 15th May, 1948, and that the quorum of the Select Committee be fixed at five, was then put and a division taken with the following result:—

Ayes—6.

Abdur Rahman, Janab, A.F.M.
Abdur Rahman Siddiqi, Janab.
Nusan Ars Begum, Janab.

Khuda Bukhsh, Janab, Muhammad.
Muhammad Sayed Min, Janab.
Molla Mohammad Abdul Halim, Janab.

Noes—39.

Bandopadhyay, Sri Pramatha Nath.
Banerjee, Sri Suoil Kumar.
Banerji, Dr. Surech Chandra.
Barman, The Hon'ble Sri Mohini Mohan.
Basa, Sri Momanta Kumar.
Bhandari, Sri Charu Chandra.
Bhattacharyya, Sri Shyamapada.
Bose, Sri Satish Chandra.
Chakravarty, Sri Satish Chandra.
Choudhury, Sri Annada Prasad.
Das, Sri Radha Nath.
Das Gupta, Sri Khagendra Nath.
Dasa, Sri Kamalini.
De, Sri Kanti Lal.
Deolai, Sri Narendra Nath.
Dutt-Mazumdar, The Hon'ble Sri Niharendu.
Ganguli, Sri Bepin Behari.
Gayer, Sri Arambada.
Ghosh, Sri A. K.
Gupta, Sri J. C.

Halder, Sri Kuber Chand.
Mahanty, Sri Charu Chandra.
Maiti, The Hon'ble Sri Nikunja Behari.
Majhi, Sri Nishapati.
Majumdar, The Hon'ble Sri Shupati.
Mal, Sri Iswar Chandra.
Mallik, Sri Ashutech.
Mandal, Sri Bankubehari.
Mandal, Sri Krishna Prasad.
Mookerjee, The Hon'ble Sri Kalipada.
Murarka, Sri Sasantlal.
Naskar, The Hon'ble Sri Nem Chandra.
Panja, The Hon'ble Sri Jadabendra Nath.
Poddar, Sri Anandlal.
Pramanik, Sri Rajani Kanta.
Ray, Sri Kamal Krishna.
Roy, Sri Jajneswar.
Roy, Sri Debendra Nath.
Sinha, The Hon'ble Sri Bimal Chandra.

The Ayes being 6 and the Noes 39, the motion was lost.

Mr. SPEAKER: As regards the next motion, I have not received the consent of the members whose names have been proposed, and, therefore, it is out of order.

I put now the main motion again to vote and the previous one stands cancelled.

The motion of the Hon'ble Sri Mohini Mohan Barman that the West Bengal Land (Requisition and Acquisition) Bill, 1948, be taken into consideration was then put and agreed to.

Clause 1.

The question that clause 1 do stand part of the Bill was then put and agreed to.

Clause 2.

The question that clause 2 do stand part of the Bill was then put and agreed to.

Clause 3.

Sri KHAGENDRA NATH DAS GUPTA: With your permission, Sir, I beg to move that in clause 3(*I*), lines 5 and 6, after the word "communication" the words "and for irrigation and drainage" be inserted.

Sir, I am sorry I do not want to move it.

Janab MD. KHUDA BUKHSH: I think, Sir, he has already moved the amendment, and if it is to be withdrawn it requires the leave of the Chair as well as of the House.

Mr. SPEAKER: So far as this amendment is concerned, Mr. Das Gupta, do you want leave to withdraw it?

Sri KHAGENDRA NATH DAS GUPTA: Yes, Sir.

Mr. SPEAKER: Leave has been asked to withdraw the motion. Is there any objection?

(No objection was raised.)

The motion was, by leave of the House, withdrawn.

Sri AMAR KRISHNA CHOSE: With your permission, Sir, I beg to move the following short-notice amendment:—

That in sub-clause (*I*) of clause 3, in lines 5 and 6, for the words "and communication", the words "communication, irrigation or drainage" be substituted.

Janab MD. KHUDA BUKHSH: Sir, I beg to move that the following further proviso be added to clause 3(*I*), namely:

"Provided further that not less than one calendar month's notice of the Provincial Government's intention to requisition any land shall be given to the owner."

The wording of sub-clause (*2*) is: "An order under sub-section (*1*) shall be served in the prescribed manner on the owner of the land and where the order relates to land in occupation of a tenant also on such tenant".

Here the prescribed manner is left to the rule-making power of Government, but I say we should settle it here and now that Government shall not give under the rule-making power less than one calendar month's notice. The land may be under occupation and the man in occupation may be evicted from that land with a notice shorter than one week. If we leave the matter to the Government to be settled by their rule-making power, he may be evicted by a notice shorter than even one week. To provide against that contingency, Sir, we must here settle what notice shall be given to the owner of the land before he is asked to quit, before he is asked to make over possession of the land. Therefore, I suggest not less than one calendar month's notice shall be given to the owner to make over possession of the land to the Government.

Sir, I hope my amendment would be accepted and with these words I commend my motion to the acceptance of the House.

The Hon'ble Sri MOHINI MOHAN BARMAN: Sir, I oppose this amendment of Janab Muhammad Khuda Bukhsh on the ground that if this

amendment is accepted, the very purpose of this Bill will be frustrated. There is a provision in the Land Acquisition Act that after requisition time shall be given to the parties for determination of values and for possession, etc. After requisition this question arises but before requisition this sort of time cannot be allowed. If this be allowed then it will frustrate the very object of this Bill. So I oppose the amendment.

(The motion of Sri A. K. Ghose that in sub-clause (1) of clause 3, in lines 5-6, for the words "and communication" the words "communication, irrigation or drainage" be substituted, was then put and agreed to.)

The motion of Janab Md. Khuda Bukhsh that the following further proviso be added to clause 3(1), namely:—

"Provided further that not less than one calendar month's notice of the Provincial Government's intention to requisition any land shall be given to the owner", was then put and lost.

The question that clause 3, as amended, do stand part of the Bill was then put and a division taken with the following result:—

Ayes—35.

Bandopadhyay, Sri Pramath Nath.
Banerji, Dr. Surash Chandra.
Barman, The Hon'ble Sri Mohini Mohan.
Bose, Sri Hemanta Kumar.
Bhandari, Sri Charu Chandra.
Bhattacharyya, Sri Shyamapada.
Bose, Sri Satish Chandra.
Chakravarty, Sri Satish Chandra.
Choudhury, Sri Ananda Prasad.
Das, Sri Radha Nath.
Das Gupta, Sri Khagendra Nath.
Das, Sri Kanailal.
De, Sri Kannal Lal.
Debul, Sri Harendra Nath.
Dutt-Mazumdar, The Hon'ble Sri Niharendu.
Ganguli, Sri Bipin Behari.
Gayer, Sri Arabinda.
Ghose, Sri A. K.

Ghose, Sri Bimal Comar.
Gomes, Mr. D.
Gupta, Sri J. C.
Mahanty, Sri Charu Chandra.
Maiti, The Hon'ble Sri Nikunja Behari.
Majhi, Sri Nishapati.
Majumdar, The Hon'ble Sri Bhupati.
Maj, Sri Iswar Chandra.
Mallick, Sri Ashutosh.
Mandal, Sri Bankubehari.
Murarka, Sri Basantial.
Naskar, The Hon'ble Sri Hem Chandra.
Panja, The Hon'ble Sri Jadbendra Nath.
Pramanik, Sri Rajani Kanta.
Ray, Sri Kamal Krishna.
Ray, Sri Jajneswar.
Sen, Sri Debendra Nath

Noes—6.

Abdur Rahman, Janab, A.F.M.
Abdur Rahman Siddiqi, Janab.
Husein Ara Begum, Janab.

Khuda Bukhsh, Janab, Muhammad.
Muhammad Sayeed Mia, Janab.
Molla Mohammad Abdul Halim, Janab.

The Ayes being 35 and the Noes 6, the motion was carried.

Clause 4.

Janab MD. KHUDA BUKHSH: Sir, I beg to move that in clause 4(1), line 3, after the words "it in such manners" the expression "consistent with sub-section (1) of section 3" be inserted.

Sir, section 4 says, "Where any land has been requisitioned under section 3, the Provincial Government may use or deal with it in such manner as may appear to it to be expedient ...". The word "expedient" is very vague and the Government may put the land requisitioned or eventually acquired after that to any use that it may deem expedient. We have a glimpse of what the Government might feel tempted to do from an amendment that was tabled by an important member of the Government which reads as follows (though it has not been moved it is interesting):—"for purpose of rehabilitation and development". Sir, if this is an insight into the mind of Government members that land acquired for public purposes should be employed for rehabilitation then, Sir, the very character of the Bill is frustrated and lost, and therefore, Sir, to ensure that the statement of objects and reasons shall be strictly adhered to the land taken for a public purpose and compulsorily acquired from the possession of the poor

tenants shall be employed only for such purposes as would be consistent with the objects and reasons stated in the Bill. So I hope that Government will see nothing objectionable in this and will accept my amendment.

The Hon'ble Sri MOHINI MOHAN BARMAN: Sir, I oppose this amendment on the ground that the expression "consistent with sub-section (1) of section 3" is served by sub-clause (1) of clause 3. I think this amendment is superfluous and so it cannot be accepted.

The motion of Janab Md. Khuda Bukhsh that in clause 4(1), line 3, after the words "it in such manners" the expression "consistent with sub-section (1) of section 3" be inserted, was then put and lost.

The question that clause 4 do stand part of the Bill, was then put and agreed to.

Clause 5

Janab MD. KHUDA BUKHSH: Sir, I beg to move that in clause 5(2), lines 4 to 6, the words beginning with "as reside" and ending with "the land is situate" be omitted.

Sir, here the manner of serving of notice is laid down. It says that "the Collector shall also serve notice in the manner prescribed on the occupier of any of such land and on all such persons known or believed to be interested therein, or to be entitled to act for persons so interested." But here the condition is "as reside" or have agents authorised to receive service on their behalf within the revenue district in which the land is situate. You know, Sir, that Bengal has been partitioned, and many people have on that account been displaced. People owning land in this part of the province may have migrated to the other part, to another district. It will be very hard on them if only such persons who reside within the revenue jurisdiction of the district where the land is proposed to be acquired should be served with notice and people who have gone out should not get any notice at all. Here Government should try to ensure service of notice on the owner. If the person is not traceable then the question becomes a different matter. But where the person is traceable and the man has migrated to a district other than his own it should be the duty of Government to serve the notice on him and to ensure that the notice reaches him. But here Government want to take power and they do not want to serve with notice the owner of the land who may have migrated to another part of Bengal and there the person will have to suffer for no fault of his own. I want the Hon'ble Minister to give an assurance that he will apply all diligence and care to search for the man who is the real owner of the land which he proposes to acquire.

The Hon'ble Sri MOHINI MOHAN BARMAN: Sir, I oppose this amendment on the ground that this expression is in the Land Acquisition Act. It is already provided in the Act. Otherwise there will be no service of summons and in that case no case will be disposed of. I, therefore, think that this amendment cannot be accepted.

The motion of Janab Md. Khuda Bukhsh that in clause 5(2), lines 4 to 6, the words beginning with "as reside" and ending with "the land is situate" be omitted, was then put and lost.

The question that clause 5 do stand part of the Bill, was then put and agreed to.

Clause 6

Janab MD. KHUDA BUKHSH: Sir, I beg to move that in clause 6(2), line 1, after the words "Possession of such land" the words "in like order and condition as when requisitioned" be inserted.

Sir, here this section lays down the procedure of derequisitioning land and making over possession of land to the owner. The land had been

requisitioned with the ultimate purpose of being acquired, but later on it was decided by Government that the land should be released from requisition. But if in the meantime Government had altered the land and had suffered it to be used in such manner as was detrimental to the interest of the owner, then I submit the land should be made over to the owner in the condition in which it was taken over from him, and it is fair that when Government wants to deprive a man of his property and when subsequently Government in charity wants to give him back his property it should also in its charity decide to give it back in the condition in which it was taken from him.

With these words I commend my motion to the acceptance of the House

The Hon'ble Sri MOHINI MOHAN BARMAN: Sir, I oppose this amendment on the ground that when there is provision for compensation such questions do not arise. If there be any damage to the land the owner will be entitled to compensation when the land will be returned to him.

Janab MD. KHUDA BUKHSH: For that he will have to file a suit. Government will not of its own volition give compensation. That is what I want to avoid. I want that Government should give compensation of its own initiative, of its own volition.

The Hon'ble Sri MOHINI MOHAN BARMAN: If there is any damage Government will pay compensation. So there is no need for such provision in the Bill. I, therefore, think that the amendment cannot be accepted.

The motion of Janab Md. Khuda Bukhsh that in clause 6(2), line 1, after the words "Possession of such land" the words "in like order and condition as when requisitioned" be inserted, was then put and lost.

Janab MD. KHUDA BUKHSH: Sir, I beg to move that the following proviso be added to clause 6(2), namely:—

"Provided that the Provincial Government shall, on the request of the person entitled to possession of such land, remove any structures or masonry work that may have been erected on the land."

Here I am thinking of the air-strip and aerodromes or runways and such like that the Government may have to build on that land and after the Government has done with the land the Government decides to derequisition the land and to make over possession of the land to the owner. Sir, the Minister has just now said that Government would be prepared to pay compensation for any damage done to the land. But, Sir, for that damage the owner of the land will have to go through a lot of technicalities and formalities and he will probably have to contest his claim for compensation in a court of law. But here, Sir, the owner of the land, instead of taking damage in rupees, annas and pies, may require the Government to demolish any structure or to take away the strip or runway or any other masonry work that the Government had necessity to have built on the land. Sir, this is fair and I hope the Minister will see his way to accept my amendment.

The Hon'ble Sri MOHINI MOHAN BARMAN: I oppose this amendment on the ground that when the requisitioned land is derequisitioned the owner of the land will get compensation for any damage done to the land. But in the case of any masonry or any other work done by the Government, Government will naturally take away those structures because when there be any structure it will be constructed at the cost of Government and when the land will be derequisitioned Government cannot but take away such structures.

Janab MD. KHUDA BUKHSH: Government will also take away the runway, etc.

The Hon'ble Sri MOHINI MOHAN BARMAN: Certainly.

The motion of Janab Md. Khuda Bukhsh that the following proviso be added to clause 6(2), namely:—

“Provided that the Provincial Government shall, on the request of the person entitled to possession of such land, remove any structures or masonry work that may have been erected on the land,”

was then put and lost.

Janab MD. KHUDA BUKHSH: Sir, I beg to move that in clause 6(2), lines 3 and 4, for the words “on and from the date of such publication” the words “after one calendar month from the date of such publication” be substituted.

Sir, here the Bill says, “When a notice referred to in sub-section (3) is published in the Official Gazette, the land specified in such notice shall cease to be subject to requisition on and from the date of such publication and shall be deemed to have been delivered to the person entitled to possession thereof; and the Provincial Government shall not be liable for any compensation or other claims in respect of such land for any period after the said date.”

Sir, the clause contemplates that the person is either an Hon’ble Minister, or an M.L.A., or a literate person who is also in the habit of reading Official Gazette so that as soon as the notification is published in the Official Gazette it would come to his notice and he would go to the spot to take possession of his land. All this, I should say, is rather a tall order. A common peasant of Bengal is neither in possession of an Official Gazette nor is he always on the spot to take possession of the land. That is why, Sir, I have proposed that the person should be given one calendar month’s notice from the date of publication so that some kindly gentlemen may tell him that “Your land has been derequisitioned and you should within a month from this day take over the possession of your land”. It is very hard, Sir, for him to do that. It may be that he has left the place and from the date of the publication—from the date when the land stands derequisitioned—the Government washes its hands off it and it is not liable for anything done to the land from that date. Therefore, I hope my amendment would be accepted.

The Hon’ble Sri MOHINI MOHAN BARMAN: Sir, I oppose the amendment on the ground that it is already provided in the Land Acquisition Act. This amendment cannot be accepted also on the ground that if after derequisition time is allowed for one month Government will have to bear unnecessary compensation when they actually do not retain the land. So after notification in the Official Gazette the liability of the Government ceases. If one month’s time is allowed it will involve unnecessary expenditure on the part of Government. Therefore, I oppose the amendment.

The motion of Janab Md. Khuda Bukhsh that in clause 6(2), lines 3 and 4, for the words “on and from the date of such publication” the words “after one calendar month from the date of such publication” be substituted, was then put and lost.

The question that clause 6 do stand part of the Bill, was then put and a division taken with the following result:—

AYES—39.

 Husan Ara Begum, Janab.
 Khuda Buksh, Janab Md.

Mahammad Sayeed Mia, Janab.
 Motia Mohammad Abdul Halim, Janab.

The Ayes being 39 and the Noes 5, the motion was carried.

Clause 7.

Janab MD. KHUDA BUKHSH: Sir, I beg to move that in clause 7 (1), the second proviso be omitted.

Sir, this is a proviso that seeks to limit and alter and modify the Land Acquisition Act, and it is in this particular that this Act is different from the Land Acquisition Act. Sir, the poor peasant of Bengal will perhaps be willing to part with his land for the larger interest of the State when the State wants his land for building up a military camp or a police outpost to guard the border line, or wants his land for bettering the communication by making a highway, or wants his land for an aerodrome or such other things. But it will be cruel to him to be asked that he should part with his land at twice the market value prevailing in 1941 when he is perhaps called upon to purchase the necessities of life at 300 to 400 per cent. of 1941 prices and when it means probably his last bigha of land. Under the scheme by which Government has to acquire it he will have to part with his land at twice the market value of 1941, but I say, Sir, if he has to part with his land he must have the current market value. I have already characterised it as revolutionary but now I say it is worse than revolutionary inasmuch as it savours almost of confiscation of property. Nowhere in the world such thing has been done when compensation is decided upon. The compensation should be fair. The Bill in its Statement of Objects and Reasons has stated "at fair price", but it blows hot and cold in the same breath, and it says, it should be the fair price, and then it says, the fair price is twice the price as it was in 1941. Everything is selling at higher rate than twice the rate of 1941. But the poor peasant of Bengal who has half a bigha or a bigha of land has to sell it to Government at twice the price of 1941. This is not the thing in the Land Acquisition Act. Everywhere else the Hon'ble Minister has been pleased to say that this is a part and parcel of the Act I of 1894 and therefore he cannot accept my amendment because it is so worded in the Land Acquisition Act. But, Sir, in this particular case he will have to deviate from what is there in the Land Acquisition Act and what the Land Acquisition Act provides is a fair price, namely, the market value. But the Hon'ble Minister deviates from that and only proposes to give him twice the 1941 price. In this connection all sections of the House agree that this should be omitted. You have called out the name of Sri Anandi Lal Poddar who is not here and of Sri Shyamapada Bhattacharyya who has declined to move his amendment for pressure from the party to which he has to submit. Sir, you can guess the mind of the House that this should be omitted. I hope this has been brought home to the Minister and he will be prepared to accept my amendment.

Sri A. K. CHOSE: Sir, with your permission I beg to move two short notice amendments to clause 7.

Mr. SPEAKER: Yes.

Sri A. K. GHOSE: Sir, I beg to move that in the second proviso to sub-clause (1) of clause 7, line 2, the word "twice" be omitted.

I also beg to move that in the second proviso to sub-clause (1) of clause 7, line 3, for the figure "1941" the figure "1946" be substituted.

The Hon'ble Sri MOHINI MOHAN BRAMAN: Sir, I oppose the amendment of Mr. Khuda Bukhsh and I accept the short notice amendments of Mr. A. K. Ghose. I should like to say to my friend opposite that Government is ever ready to pay fair prices.

The motion of Janab Md. Khuda Bukhsh that in clause 7 (1) the second proviso be omitted, was then put and lost.

The motion of Sri A. K. Ghose that in the second proviso to sub-clause (1) of clause 7, line 2, the word "twice" be omitted, was then put and agreed to.

The motion of Sri A. K. Ghose that in the second proviso to sub-clause (1) of clause 7, line 3, for the figure "1941" the figure "1946" be substituted, was then put and agreed to.

The question that clause 7, as amended, do stand part of the Bill, was then put and agreed to.

Adjournment.

The House was then adjourned at 5-25 p.m. till 3-45 p.m. on Thursday, the 19th February, 1948, at the Assembly House, Calcutta.

**Proceedings of the West Bengal Legislative Assembly assembled
under the provisions of the Government of India Act, 1935,
as adapted.**

THE ASSEMBLY met in the Assembly House, Calcutta, on Thursday, the 19th February, 1948, at 3-45 p.m.

Present:

Mr. Deputy Speaker (Sri ASHUTOSH MALLICK) in the Chair, 8 Hon'ble Ministers and 53 members.

GOVERNMENT BILLS

The West Bengal Land (Requisition and Acquisition) Bill, 1948.

Clause 8.

The Hon'ble Sri BIMAL CHANDRA SINHA: Sir, with your permission I beg to move that in paragraph (a) of sub-clause (1) of clause 8, for the word and figure "section 6" the word and figure "section 7" be substituted.

Janab MD. KHUDA BUKHSH: We have not been quite able to follow the amendment.

Mr. DEPUTY SPEAKER: Mr. Sinha, will you please read it again?

Mr. JYOTI BASU: May I suggest that some explanation should be given when short-notice amendment is moved, otherwise we cannot follow?

The Hon'ble Sri BIMAL CHANDRA SINHA: Sir, this is a formal amendment. I beg to move that in paragraph (a) of sub-clause (1) of clause 8, for the word and figure "section 6" the word and figure "section 7" be substituted.

The motion was then put and agreed to.

The question that clause 8, as amended, do stand part of the Bill was then put and agreed to.

Clause 9.

The question that clause 9 do stand part of the Bill was then put and agreed to.

Clause 10.

The question that clause 10 do stand part of the Bill was then put and agreed to.

Clause 11.

The Hon'ble Sri BIMAL CHANDRA SINHA: May I have your permission to move the short-notice amendment?

Sir, I beg to move that in clause 11 before the words "No decision" at the beginning, the words "save as otherwise expressly provided in this Act" be inserted.

Sir, since an explanation was demanded of the short-notice amendments, may I explain this amendment? It is only a formal amendment. It has been laid down in section 11 that "No decision or order made in exercise of any power conferred by or under this Act shall be called in question in

any Court", but in section 8 we have said that reference to court is possible. Therefore, unless we add these words, viz., "save as otherwise expressly provided in this Act", the powers given to the Courts under section 8 would be nullified. Therefore these words are being added to clause 11 whereby we are giving the powers to Courts as provided in section 8. That is the object of the short-notice amendment.

The motion of the Hon'ble Sri Bimal Chandra Sinha that in clause 11 before the words "No decision" at the beginning, the words "save as otherwise expressly provided in this Act" be inserted, was then put and agreed to.

The question that clause 11, as amended, do stand part of the Bill was then put and agreed to.

Clause 12.

The question that clause 12 do stand part of the Bill was then put and agreed to.

Clause 13.

Janab MD. KHUDA BUKHSH: Sir, I beg to move that the following proviso be added to clause 13, namely:—

"Provided that all rules made by the Provincial Government shall be laid before the Provincial Legislature".

Sir, here in the rule-making powers Government have reserved unto themselves the power to make rules without any prejudice to the generality of the foregoing powers, the manner of service of orders on the owner or occupier of land, referred to in sub-section (2) of section 3, the manner of service of notice, referred to in sub-section (3) of section 5 and sundry other things.

Sir, we know that these rule-making powers are often abused by the Government departments and to provide against that contingency, Sir, I suggest that all rules made under this Act be laid before the Provincial Assembly so that the accredited representatives of the country have a chance to see what rules are being made—whether they are contrary to or whether they are in agreement with the wishes of the people or whether they are in agreement with the purposes set out in this Bill.

Sir, there is precedent also of this procedure. In respect of the Motor Vehicles Act Government agreed that rules made thereunder should be placed before the Provincial Legislative Assembly and also, Sir, there are other Bills where Government have accepted the principle that the rules should be laid before the House. Therefore, Sir, I suggest that my amendment should be accepted by Government.

The Hon'ble Sri BIMAL CHANDRA SINHA: Mr. Deputy Speaker, Sir, I think the proposal put forward here is really redundant because it is one of the universally accepted principles of legislation that only the general principles are laid down in the body of the statute and there must be given some powers to the Provincial Government to make rules without infringing the letter and spirit of the statute. I quite agree with my honourable friend that the Government in certain cases have the chance of misusing the powers, but Sir, no legislation, I submit, can be fool-proof and knave-proof. Therefore, the ultimate test is whether you have confidence in the Government or not because you have to give certain powers to Government if you have to carry legislation into practice.

Sir, I could not really follow the argument of my honourable friend. He said that the rules should be laid before the Assembly. I do not know whether he meant that the rules shall have to be approved by the Assembly or shall have to be laid before the Assembly only for information. Well, Sir, I find that the honourable member says that the rules will have to be laid before the Assembly only for information. If that be the object of this

amendment, I beg to submit that this is really quite unnecessary, because rules are published in the gazette and the gazette is also laid on the Assembly table and is supplied to the members of the House free. Therefore, if the members of the House want to have any knowledge of the rules, they may also go through the gazette and have information on that point. Therefore, Sir, my view is that this amendment should not be accepted.

Janab MD. KHUDA BUKHSH: Sir, may I rise again to clarify the point raised? My honourable friend has said that the gazette is available to the members as also to those of the public who would care to read it. Sir, laying of the rules before the House has an implication. When they come before the Assembly, members can express themselves on them and members can take the Government to task, if they disapprove of those rules, but mere publication in the gazette, Sir, does not give the members that opportunity. What I wanted from Government is an opportunity to be able to express ourselves on the rules made by the Government. My honourable friend is quite right in thinking that my intention was that the rules should not have the prior approval of Government, but the rules made in exercise of the powers given to the Government under this section should be laid on the table, so that the members may have a look at them before they are printed and they can ask questions or probably by a resolution disapprove of a certain rule. And, Sir, in another Bill the same Hon'ble Minister has accepted the principle of laying down the rules on the table.

(The motion of Janab Md. Khuda Bukhsh that the following proviso be added to clause 13, namely:—

“Provided that all rules made by the Provincial Government shall be laid before the Provincial Legislature”,

was then put and a division taken with the following result:—)

AYES—10.

The Ayes being 10 and the Noes 37 the motion was lost.

The question that clause 13 do stand part of the Bill was then put and agreed to.

Preamble.

Mr. DEPUTY SPEAKER: Amendment No. 19 is dependent on amendment No. 4 which has been withdrawn. So it falls through.

Sri A. K. CHOSE: With your permission I beg to move a short notice amendment.

Mr. DEPUTY SPEAKER: Yes.

Sri A. K. CHOSE: Sir, I beg to move that in the preamble for the words "and communication" at the end, the words "communication, irrigation or drainage" be substituted.

The motion was put and agreed to.

The question that the Preamble, as amended, do stand part of the Bill, was then put and agreed to.

The Hon'ble Sri MOHINI MOHAN BARMAN: Sir, I beg to move that the West Bengal Land (Requisition and Acquisition) Bill, 1948, as settled in the Assembly, be passed.

Janab MD. KHUDDA BUKHSH: Mr. Deputy Speaker, Sir, the clauses of the Bill have been accepted by the House on the strength of the majority of the Government benches. All the amendments that this side of the House suggested have been rejected on the strength of their majority.

Sir, in the Statement of Objects and Reasons it has been stated that in consequence of the partition of Bengal it has become urgently necessary to obtain powers for Government so as to ensure at short notice and fair price procurement of land for public security, etc. Sir, whether this urgency has evolved or has come overnight, the Hon'ble Minister has not been able to make out a case for urgency. Sir, as I have always maintained and I wish to repeat it here with all the emphasis I can command that all the provisions in this Bill are to be found in the Land Acquisition Act but it differs only in this respect that it provides for speedier acquisition of land. But speedier acquisition can only be justified by urgency. ~~But Sir,~~ he has only said that a situation has arisen or that there is urgency, but he has not thought it fit and proper to take the House into confidence and tell us exactly what is the nature of the urgency and in what manner or in what particular the Land Acquisition Act is deficient for his purposes.

Sir, we have tried to improve the Bill in certain respects, but in his hurry—I must say, in his indecent hurry—the Hon'ble Minister has not looked into the amendments with the consideration that they deserve. And, Sir, before this Bill is placed on the Statute Book we are again asking the Hon'ble Minister to avail of this last chance of taking the House into confidence and tell us what exactly is the urgency and what is the necessity that certain provisions of the Land Acquisition Act should be waived and speedier processes be substituted for probably more lengthy processes.

Sir, with the last amendment that I moved for placing all rules made under this rule before the House, I again enter our protest that this should have been done and at this stage I should like to have an assurance from the Hon'ble Minister that though he has had the amendment rejected by his party, he will lay those rules before the House.

The Hon'ble Sri BIMAL CHANDRA SINHA: Mr. Deputy Speaker, Sir, before the Hon'ble Minister replies to the points raised by the members opposite, may I point out, Sir, that in presenting the Bill, the Hon'ble Minister in charge of this legislation made out a case for speedy acquisition of land. I think it is unfair to complain that this Bill has been rushed through the Legislature by sheer weight of the majority because, firstly, it must be understood that in the present time when parties are so'd and there must be clear-cut party lines, there is no use complaining about that. We also used to complain on that score for two years, and Hon'ble Ministers from these treasury benches used to put forward the assurance that they would give sympathetic consideration to our suggestions but they used to reject all our amendments.—While I do not propose to emulate that

example, I should like to say a few words as regards the reasonableness of this piece of legislation. (We should not forget for one instant that the border of Bengal is also the border of India, and that it is therefore necessary to connect the border regions with good roads so that there may be easy movements in all the areas. Secondly, you know West Bengal would become a deficit province and it is necessary for good food procurement to have interior villages connected with towns with a good network of roads. If we go through the ordinary processes of land acquisition, it will take six months or seven months, to say the minimum, before any road construction can be taken up. Therefore I put it before the House if the House desires that six or seven months should elapse before even preliminaries to road construction should be completed. As the rains would intervene, a delay of six months would really mean that it will take one year more to begin construction of roads. Is it the desire of the House that at the present moment there should be no roads, even dry fair-weather roads for food procurement for one good year?

Sir, it is quite understandable that we cannot leave the province in that state of affairs, and if that be so, it is essential that before rains come, there should be at least dry fair-weather roads, and preparations should be set on foot so that we may have good roads within a year. This Bill has been brought with this object in view, and as my Hon'ble friend, Mr. Niharendu Dutt-Mazumdar pointed out yesterday, it should be the patriotic duty of all interested in the stability of the State or in the interest of proper food procurement to see to it that land is voluntarily given up so that we may connect villages with the Central headquarters and other towns in order that there might not be any possibility of famine or possibility of any dangerous activities. I think, it has been made amply clear that this Bill has been drafted with that object in view and that has been stated specifically and clearly in the Preamble. I do not think there is any reason that the powers given in this Bill will be misused because this Bill is after all a limited Bill, limited to three years only.

With these words, Sir, I entirely support the motion moved by my Hon'ble friend, Sri Mohini Mohan Barman, and suggest that this Bill be passed into law.

SRI JYOTI BASU: Mr. Deputy-Speaker, Sir, I had no desire yesterday to participate in the discussions with regard to this Bill which is before us because I felt that it was so vague—the Statement of Objects and Reasons, etc.—that it was not possible to say anything until and unless one heard, especially the Ministers, on this particular Bill and its clauses. I heard them yesterday and today and especially just now I have also heard another Minister on the purpose of this Bill. I feel as Mr. Khuda Bukhsh has rightly pointed out that no case has in fact been made out as to why this Bill was necessary. We are told that for quick irrigation purposes, for roads, food procurement and all the rest of it we need this Bill very urgently. Of course, in the Objects and Reasons they do not say so. This is made out in the speeches of the Ministers. In the Objects and Reasons, as usual, the Government trots out the reason that for public security due to the partition of Bengal and for communication and transport this Bill is necessary, that is, to requisition and acquisition lands, but we do not know—the Ministers have not told us—whether there is a war on between Pakistan and India. Those things are never told us. Yesterday I thought and on first reading of this Bill I thought that probably for the border districts bordering on Pakistan for certain defence purposes the State of West Bengal would need some lands and therefore it would be of limited application. But having heard the Ministers I come to realise that in actual fact it is of far wider application than what I thought at the beginning. The Objects and Reasons, as I have tried to show, do not mean anything, because, for instance, it says that for maintaining supplies and services essential to the life of the community such powers—wide powers—are necessary for the Government. Now, this has nothing to do either with

the partition of Bengal or with the creation of a new State, because it is easy enough for any State at any moment to say that for maintaining supplies such and such powers are necessary and therefore drastic legislation must be gone through. Therefore I feel that no case has at all been made out as to why this Bill is particularly necessary.

We are told that before the rains—that is the most amazing part of it—just now we have been told by another Hon'ble Minister that before the rains this road construction is going to be started. I would like to see this Government doing that particular thing before the rains. We know how the Government moves as far as giving benefit to the ordinary people is concerned. Therefore we shall wait and see for another two months how this road construction is going to start before the rains. If I may say so, Mr. Deputy Speaker, it is no use trying to bluff us—I use that word and I know what I say—because when it was framed they did not have all this in mind. Now in order probably to hoodwink the people again a short-notice amendment was introduced that for irrigation purpose also to benefit the Kisans they need these powers under this Bill. Again we are told, as always we are told these days, that the State is in danger—for public security. Now, if the Hon'ble Ministers specially are so enamoured of public security, if they so love their country, I do not see why during these three, four or five months all that they have been doing was to squabble amongst themselves for petty offices. Today there is no question of doing service to the people. We heard a few days back that again signatures were being taken by some or other Ministers or people who want to become Ministers. Of course the best thing would be in such a case to make all of them Ministers—those who want to become Ministers—by rotation, if necessary. However, I made out that point in order to show that really this question of public security or the security of the State has nothing to do with the purposes as stated in the Objects and Reasons.

Mr. Deputy Speaker, Sir, I have also felt on hearing the speeches that these gentlemen sitting opposite have enunciated a principle here which is very dangerous and which may in future be used for other purposes even if this particular Bill or Act was used for the limited purposes for which it is purported to have been placed before us.

Now, with regard to compensation, that is, clause 7. Yesterday one of the Ministers was very eloquent. He said that somebody paid him a compliment by saying that this was a revolutionary measure and that particular Hon'ble Minister congratulated himself and his Government because he thought that this was really a revolutionary measure. I also feel that it is to some extent a revolutionary measure because here the poverty-stricken people, the ordinary people are told if their land is going to be requisitioned or acquired from them, as it is said in the Bible—Blessed are the poor for theirs is the Kingdom of Heaven—they should not ask for more, the rate of compensation in their case should not be higher than what would be in the case of their friends, the rich. That is why we find no distinction whatsoever made. That is their idea of fairness, fair play, fair price and all the rest of it, because we thought in our simple human logic that fair price cannot be the same for all persons. If a rich man's land is taken away from him, I can even suggest that if it is necessary for the State, no compensation shall be paid to him because even then he can carry on his livelihood. But if a poor man's property is taken away from him, then surely the rate of compensation should be much higher than what is given to either a middle class person or a zemindar and so on. But our present Ministers do not believe in that kind of logic because within a very short period of time they have succeeded in forgetting—almost forgetting—the people and therefore according to their present logic they think that parasites should be paid the same compensation as the ordinary toiling people. Of course, it would be, I know, a sacrilege even to suggest to the members sitting opposite, specially those adorning the Ministerial Benches, that compensation need not be paid at all in certain cases, because I know

that in the constitution which has been framed by the Congress it has been laid down that no property shall be taken away from a person without compensating him adequately. I do not of course agree with that point of view but I know that the gentlemen sitting opposite do agree with that point of view because they are the servitors of the rich and they will not and cannot serve the ordinary people. But I would suggest at the same time that even if they did not do that sacrilege, at least there must be some justice left in them, so that they might at some time or other look at the ordinary common people and see that they at least, if their lands are taken away, get something more than what the rich get. But I know that I am shouting in vain. It is not possible that I shall be able to convince them, because some of them have, during the last three or four months, somehow or other got office and power. Office, of course, they have got, but as regards power some of them think that they are already independent and the Britishers are no longer there. All this has turned their heads. So naturally I cannot expect to convince them about my suggestions. But I would ask them: is this the principle—the principle which has been enunciated in this Bill and which on first reading may sound to be very innocuous—which is going to be followed in future with regard to all other measures which may come about during the course of one, two or three years, if they get sufficient time leaving apart their own petty squabbles and quarrels? If they do bring these measures, measures for instance in order to get rid of the zemindari system, then would the same principle be followed, I wonder. And that is why after having heard all the debates I would even at this stage suggest that since, in fact, no case has been made out that they need all these powers, so that within the next two or three months they have to go through some emergent work—since that case has not been made out, I would suggest to them that even at this stage they should not proceed with the Bill but halt here, so that as was suggested, may take this up a little later on after having some more discussion, because some very vital principles are involved. Therefore, I am constrained to say that my vote shall certainly go against this Bill, because all these principles have been violated—principles by which I stand, by which the gentlemen sitting there stood a few months back before they were in office.

Janab ABDUR RAHMAN SIDDIQI: Mr. Deputy Speaker, Sir, the very fact that vicarious defences are being offered for the relevancy of this Bill, is enough to convince me of the fact that it was not wanted. Imagine, Sir, bringing forward the argument that because a new frontier has been established on the eastern side of this province and for that purpose roads and all the other paraphernalia of military strategy will be required is an argument that could come out of a brain full of enthusiasm but not good sense. When you think of the frontier from the Bay of Bengal to the confines of Assam and then if you consider the whole military problem and the manner in which the vicarious defence was put before us, had the Finance Minister been here he would perhaps have given up the ghost. Sir, we have heard of Maginot Line. I wonder if we are going to have another. After the financial statement that was presented to us only the other day I feel that the whole thing—to use an Americanism—is bunkum. There are reasons why this Bill is being wanted, but its sponsors are mightily afraid of giving out those reasons to the House. I wish they had come out openly and freely and told us why this Bill is wanted. Sir, we all know that the majority must support the Government: Otherwise the Government would not be there. But to use the power of the majority either by silence on their own part or by refusing to listen to those who have some criticisms to offer shows tendencies which, to say the least of it, are unparliamentary and definitely undemocratic. These are tendencies which honourable members sitting opposite would have described as totalitarian. Sir, I know we are passing through a crisis these days. I am hoping that soon we shall come down to Mother Earth and that very soon we shall begin to realise that even the critic may have sincerity in his heart. He does not criticise merely to criticise, but the duty of the Opposition is to

tell the Government where it is going wrong, to tell the Government why it should not do this and why it should do the other thing. Otherwise there need be no opposition, there need be no legislature; they could sit in their ministerial offices and issue orders. Sir, to mention monsoon as a sort of time limit was another argument which made me laugh. Perhaps there was something in the cheek of the Hon'ble Minister who was using it. We are in February. Monsoon will come soon. Whether roads are built in monsoon and whether irrigation schemes are taken up in monsoon is, to put it again in the most modest manner, laughable. Yes, the whole scheme and plan of roads, irrigation and the thousand and one other things connected with military strategy—I am leaving aside the civil aspect of the matter—to use military strategy as the main argument and simultaneously to talk of procurement and joining the villages with the centres, again establish the fact that there is something up the sleeve of the Cabinet which it is not prepared to divulge to the House.

In these circumstances, Sir, we can only utter our warnings, because we know that the Bill will become an Act in 10 minutes' time from now. Again it is possible to appeal to the new Cabinet to go about their business in a friendlier way—I am repeating this *ad nauseam*—for the simple reason that with our criticism before them they will perhaps be able to reconsider their position on some of the points. All that is uttered from this side of the House need not be brushed aside summarily. There may be sense in it somewhere, because they will themselves agree that a Cabinet or individual Ministers are not infallible. It is possible for them to make mistakes, and the best proof of what I am saying, is the fantastic idea that all these schemes will have taken shape before the monsoon and, as I understand, will have come into being within the period of the Bill, three years. Sir, let us go about our business in a more sensible manner than this. I can understand that the partition has created certain problems for us, and we have got to handle them as best as we can, but let us meet them sensibly, let us meet them with generosity or statesmanship for the good of the province which, as the Hon'ble the Finance Minister told us, needs combined effort and united endeavour to reach the goal which he considers will be a glorious one.

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: Mr. Deputy Speaker, Sir, our friends opposite seem to find some difficulty to realise the urgency of this measure. I do not wish to waste much time of the House in replies or criticisms of all the speeches.

Sir, some of my friends opposite seem to have been neutralised, to start with, in the course of the debate yesterday and, as is their wont, to sit on the fence and then alternately to be on one side or the other. Of course that liberty of theirs must be recognised. I do not wish to pursue such vacillating gyrations of that point of view any further. But I wish to say this only that it should have been obvious to my friends opposite what the urgency of this Bill is. In the first place, thanks to all men of good will, we are enjoying comparative peace and tranquillity in this West Bengal province of ours. Here is no question of communalism in our politics any longer: citizens find absolute protection of the State; the State is unsparing of lawlessness and hooliganism, no matter what community the hooligans might belong to. Thanks to that, we have been fortunate so far as this province of West Bengal is concerned. We are also fortunate that in the neighbouring sister province of ours which is now in a separate State, we have got a Government about whose intention I have no doubt that they are absolutely friendly to this their sister province of West Bengal. Sir, we look forward to the best and utmost cordial relations between the Governments of these two provinces, but at the same time it is not possible to shut the eyes of any thinking or seeing people to the fact that very unfortunately the Government of East Bengal does not seem to be able to control the people as it ought to be. Sir, we have read only recently that villages

have been burnt down just a few days ago. We have seen that there are elements of lawlessness there. Incidents have taken place when such elements have crossed the border and created trouble.

Sri J. C. Gupta: On a point of order, Sir. I think criticism of another State in this connection is not permissible.

Mr. DEPUTY SPEAKER: It is not permissible.

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: No, Sir, I have not said anything against another State. I have said, to start with, that we are very fortunate in having a friendly neighbouring Government, but at the same time I have said that there are elements who have crossed into Indian border, and it is with a view to ensure that in any emergency when such lawless elements who in spite of the best of intentions of the Government transgress all restrictions of law and international decorum our people must be fortified and we must see that they are supplied with good roads so that even citizens having the advantage of good communications may be able to defend themselves against the inroads of marauders whom the Government of East Bengal province, I am sure, decry. But if it is beyond their power to resist these elements, at least our people in the border land who are precariously situated must be able to defend themselves. That is one reason why in the particular region there ought to be good roads for the purpose of seeing that no smuggling out of the province can take place; there is proper arrangement for patrol; there may be proper cordoning to save this province from foodstuff and other essential articles going out illegally, and it is well known that a lot of these free booters are about. When this province is in a precarious state as regards essential necessities and foodstuff, I do not see why there should be any objection to make this provision. There is no question of any panic in this province but at the same time this province is faced with this situation that thousands of people are flocking in as immigrants out of panic. That constitutes an enormous problem for this province, but the same situation does not arise in the case of our sister province. Taking all these points into consideration it is necessary that our Government and our people should be in a position to provide for good roads, good communications, and places where refugees may find shelter, where proper patrolling arrangements may be made so that foodstuffs cannot go out, and where our forces may be in a position to restrain the marauding bands who cross the border.

Sri JYOTI BASU: On a point of order, Sir. There is no such thing in the Bill as housing of refugees. He is talking irrelevant. I think the Hon'ble Minister should read the Bill.

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: Sir, with all these things happening around us the Government is asking that power should be given to the Government in order to acquire land where works of urgent public importance may be started. An honourable friend of mine opposite was carried away in his enthusiasm; in his enthusiasm for the monsoon, he seems to have skipped over the whole of the winter season, and he is now skipping over the spring season that lies ahead. But all works have to be carried through and carried through straightway, and for these purposes these powers are urgently required.

Sir, beyond this I do not wish to say anything further. With a little bit of imagination on their side it might not have been difficult for our friends opposite to see the urgency of this Bill. There is no question of rushing this piece of legislation through. We have seen on the floor of the House that by a simple validating Bill, seven, eight, nine or ten Ordinances have been converted into law. That is a practice which this Government would never emulate. There is no question of rushing this Bill through. The Bill has been published, notified and circulated; and if any honourable member changing his opinion breaks his neutrality, he is at liberty to do so

to add an interest to the debate. But so far as the relevancy and the urgency of the Bill are concerned, I think it ought to satisfy my honourable friends that it is in the interest of the public of this province that these arrangements should be made immediately and these powers are precisely directed to meet these necessities of Government.

The Hon'ble Sri MOHINI MOHAN BARMAN: Mr. Deputy Speaker, Sir, honourable members of this House are aware that this short and temporary piece of legislation will remain in force for a period of three years and honourable members are also fully aware that in consequence of the partition of Bengal many problems have cropped up which could not be anticipated before. At the present moment good roads are essentially necessary in order to connect the border lands with other parts of the province. This is the time when in the interest of public safety and for providing direct communications and for maintaining services and supplies essential to the life of the community, the Bill is essentially required.

Janab MD. KHUDA BUKHSH: Is it intended to acquire land under this Act for housing the refugees also?

The Hon'ble Sri MOHINI MOHAN BARMAN: No.

Now, that is also the procedure of acquisition under the Land Acquisition Act, but if we follow the principles of the Land Acquisition Act, this work will be deferred and we will not be able to proceed further and in that case practically a year will be lost without any progress or without any work. So, in order to ensure public safety, Government should have power, as in this Bill, to ensure acquisition of land at short notice and also at a reasonable price—reasonable market price.

As regards determination of market value I like to submit that we also provided previously that the market value would be determined according to the market value of the present day or double the market value for the year 1941 whichever is less. But now we see that if we determine the value according to the price of 1941, or double of it, the land-owners will be losers thereby. So, we thought that the price of 1946 would be the fair price and if we take the price according to the present day, that is in 1948, it will be practically a black-market price. Now, the price has risen up to a very high level and it is not the proper price. So, we shall determine the value of the land according to the market value of 1946.

Janab MD. KHUDA BUKHSH: Who will determine the market value—Collector?

The Hon'ble Sri MOHINI MOHAN BARMAN: Yes. It is provided in the Land Acquisition Act. The Collector will do that.

Janab MD. KHUDA BUKHSH: How will he come to know what was the market value in 1946? That needs clarification. What will be the procedure that the Collector will be asked to follow in determining what should have been the price of land or what would have been the price of land in 1946?

The Hon'ble Sri MOHINI MOHAN BARMAN: It is a question to be determined by the Collector. According to the Land Acquisition Act certain valuation is fixed by the Collector and in this matter also the Land Acquisition Collector will fix the value.

Janab MD. KHUDA BUKHSH: The Land Acquisition Collector will be able to fix the market price because there will be persons present who will be able to testify or adduce evidence, but what will be the procedure to be followed in arriving at a price two years ago?

The Hon'ble Sri MOHINI MOHAN BARMAN: It is rather the concern of the Collector to determine. I think my friend is fully aware that the prices are settled according to the *kobala*—according to the transfer deed.

Janab Md. KHUDA BUKHSH: Transfer deeds of lands that took place in 1946?

The Hon'ble Sri MOHINI MOHAN BARMAN: What value will be determined is a question of evidence. How much the price of the land will be, has rather to be determined by the Collector according to the evidence he will get.

Sir, with these words I commend this Bill for acceptance of the House.

The motion of the Hon'ble Sri Mohini Mohan Barman that the West Bengal Land (Requisition and Acquisition) Bill, 1948, as settled in the Assembly, be passed was then put and a division taken with the following result:—

AYES—37.

Bandopadhyaya, Sri Prámatha Nath.
Banerji, Dr. Suresh Chandra.
Barman, the Hon'ble Sri Mohini Mohan.
Basu, Sri Memanta Kumar.
Bhandari, Sri Charu Chandra.
Bhattacharyya, Sri Shyamapada.
Bose, Sri Satish Chandra.
Chakravarty, Sri Satish Chandra.
Chakraborty, Mr. C. E.
Das, Sri Jyotika Singh.
Das, Sri Radha Nath.
Das Gupta, Sri Khagendra Nath.
Das, Sri Kanailal.
De, Sri Kanai Lal.
Dey, Sri Narendra Nath.
Dutt-Mazumdar, the Hon'ble Sri
Niharendu.
Ghose, Sri A. K.
Ghosh, Sri Bimal Kumar.

Gupta, Sri J. C.
Haldar, Sri Kuber Chand.
Mahanty, Sri Charu Chandra.
Maiti, the Hon'ble Sri Nikunja Behari.
Majhi, Sri Nishapati.
Majumdar, the Hon'ble Sri Bhupati.
Mal, Sri Iswar Chandra.
Mandal, Sri Bankubehari.
Mandal, Sri Krishna Prasad.
Murarka, Sri Basantlal.
Naskar, Sri Ardhendu Sekhar.
Naskar, the Hon'ble Sri Hem Chandra.
Panja, the Hon'ble Sri Jadabendra Nath.
Pentony, Mr. L. R.
Pramank, Sri Rajani Kanta.
Ray, Sri Kamal Krishna.
Roy, Sri Jajneswar.
Sinha, the Hon'ble Sri Bimal Chandra.
Walker, Mr. J. R.

NOES—8.

Abdul Wahid Sarker, Janab.
Abdur Rahman, Janab A. F. M.
Basu, Sri Jyoti.
Brahmin, Sri Rataniai.

Khuda Bukhsh, Janab Md.
Mahammad Sayeed Mia, Janab.
Molla Mohammad Abdul Halim, Janab.
Muhammad Idris, Janab.

The Ayes being 37 and the Noes 8 the motion was carried.

The Requisitioned Land (Continuance of Powers) West Bengal Amendment Bill, 1948.

The Hon'ble Sri MOHINI MOHAN BARMAN: Sir, I beg to introduce the Requisitioned Land (Continuance of Powers) West Bengal Amendment Bill, 1948.

(Secretary then read the short title of the Bill.)

The Hon'ble Sri MOHINI MOHAN BARMAN: Sir, I beg to move that the Requisitioned Land (Continuance of Powers) West Bengal Amendment Bill, 1948, be taken into consideration.

Sir, this is a very short measure and it will remain in force for two years. The existing Act whereby the powers in respect of requisitioned lands under the Defence of India Act, 1939, have been retained will expire on the 31st of March, 1948. Unless therefore, a further legislative action is taken in the matter extending the period for the exercise of such powers, it would be necessary for the Government to release all requisitioned lands and buildings to the owners within a very short time on or before the 31st of March, 1948. A large number of requisitioned properties are still being used by Government. Most of the Departments of Government will require these premises even after 31st March, 1948. The honourable members are aware that the housing situation in Calcutta as well as in mofussil towns

has not yet been eased, on the other hand it has become acute as a result of a large number of people coming from the Eastern Pakistan. It has therefore become necessary to extend the period of operation of the existing Act, so that various Departments of Government might retain possession of those lands and buildings for some time more.

With these words, Sir, I commend this Bill for the acceptance of the House.

Janab MD. KHUDA BUKHSH: Sir, we have just heard the Hon'ble Minister tell us that lands and the houses requisitioned for Government use are still under the use of various departments. But, Sir, in proceeding to tell us he has said that the housing problem has taken an acute form and that there is a shortage of house in Calcutta and that there is an influx of refugees from East Bengal. Will the Hon'ble Minister tell us exactly how many houses have been taken under requisition and for what purpose? Will he tell us the names of the departments to which houses have been allotted and the number of houses they have actually in occupation? Sir, we know that certain houses which were originally requisitioned have been made over for use of refugees from East Bengal. Sir, is it the purpose of Government to maintain those houses in requisition for the purpose that the refugees from East Bengal may have continued occupation of those houses? In the Bill the Government has said that the houses are under the occupation of different departments. Sir, it becomes interesting and it also becomes necessary for this side of the House to know exactly how many houses are there under requisition and how many have been allotted to the departments and how many to each department. The Hon'ble Minister must have those figures with him and also figures showing the houses originally requisitioned by Government for departmental purposes which have been given over to the refugees for occupation.

The Hon'ble Sri MOHINI MOHAN BARMAN: There are as many as 459 houses under requisition and they have been allotted to various departments.

Janab MD. KHUDA BUKHSH: Please tell us how many houses have been allotted to each department.

The Hon'ble Sri MOHINI MOHAN BARMAN:

Controller of Vagrancy	4
Calcutta Corporation	40
A. R. P.	6
Education Department	2
Civil Supplies Department	33
Government Office quarters	17
Director of Industries	3
Agriculture Department	18
Police Department	72
Fire Brigade	9
Textile Department	2
Public Health and Local Self-Government	8
Controller of Relief	245
Total	459

Janab MD. KHUDA BUKHSH: On a point of information, Sir, May I be permitted to ask one or two questions for eliciting information?

Mr. DEPUTY SPEAKER: Yes.

Janab MD. KHUDA BUKHSH: Sir, the Hon'ble Minister has said that 9 houses have been allotted to Fire Brigade—

Sri BIMAL COMAR CHOSE: On a point of order, Sir. After the Hon'ble Minister has spoken, I think, a particular subject should be treated as closed; otherwise, the honourable member may go on for any length of time.

Janab MD. KHUDA BUKHSH: Sir, what I am going to make is not a speech, but I want to have a piece of information from the Hon'ble Minister, and I do not see how I am transgressing the bounds of debate.

The department has allotted nine houses to the Fire Brigade. Is this Fire Brigade the regular Fire Brigade of Calcutta or the Auxiliary Fire Brigade? And if it is the latter, is No. 52, Begg Bagan Road included in these nine houses?

(No answer.)

The motion of the Hon'ble Sri Mohini Mohan Barman that the Requisitioned Land (Continuance of Powers) West Bengal Amendment Bill, 1948, be taken into consideration, was then put and agreed to.

Clause 1.

The question that clause 1 do stand part of the Bill was then put and agreed to.

Clause 2.

The question that clause 2 do stand part of the Bill was then put and agreed to.

Clause 3.

The question that clause 3 do stand part of the Bill was then put and agreed to.

Clause 4.

The question that clause 4 do stand part of the Bill was then put and agreed to.

Clause 5.

The question that clause 5 do stand part of the Bill was then put and agreed to.

Clause 6.

The question that clause 6 do stand part of the Bill was then put and agreed to.

Clause 7.

The question that clause 7 do stand part of the Bill was then put and agreed to.

Clause 8.

The question that clause 8 do stand part of the Bill was then put and agreed to.

Preamble.

The question that the Preamble do stand part of the Bill was then put and agreed to.

The Hon'ble Sri MOHINI MOHAN BARMAN: Sir, I beg to move that the Requisitioned Land (Continuance of Powers) West Bengal Amendment Bill, 1948, as settled in the Assembly, be passed.

Janab MD. KHUDA BUKHSH: Mr. Deputy Speaker, Sir, all the clauses have been gone through, and they have more or less received the assent of the House, but this requisitioning of private houses causes a lot of hardship to the owners. The solution to the relieving of the congestion is not to continue the requisitioning of houses by Government under stress of emergency, but the solution should be found elsewhere by building more houses by Government themselves and encouraging other people to build more houses so that the congestion may be removed permanently. In those cases where properties from the beginning have been retained by Government since 1939 under requisition order although the owners of properties want to have them back, Government have not done so. I would therefore like to impress upon the House that the houses that are under requisition should be made over to their respective owners as expeditiously and rapidly as possible and also the question of building new houses may be given effect to so that Government may be able to house the people in their own houses.

The motion of the Hon'ble Sri Mohini Mohan Barman that the Requisitioned Land (Continuance of Powers) West Bengal Amendment Bill, 1948, as settled in the Assembly, be passed was then put and agreed to.

Adjournment.

The Assembly was then adjourned at 5-10 p.m. till 3-45 p.m., on Friday, the 20th February, 1948, at the Assembly House, Calcutta.

**Proceedings of the West Bengal Legislative Assembly assembled
under the provisions of the Government of India Act, 1935,
as adapted.**

THE ASSEMBLY met in the Assembly House, Calcutta, on Friday, the 20th February, 1948, at 3-45 p.m.

Present:

Mr. Deputy Speaker (SRI ASHUTOSH MALLICK) in the Chair, 10 Hon'ble Ministers and 54 members.

General discussion of the Budget.

Janab MD. KHUDA BUKHSH: Mr. Deputy Speaker, Sir, the Budget that has been presented the other day will go down in history as a catalogue of empty promises and it will also dash to the ground the hopes that the millions in Bengal had pinned on the present Government.

Sir, in the introductory portion of the Budget the Hon'ble the Finance Minister has mentioned that the housing shortage in towns is very acute owing to sudden influx of population, but, Sir, I find from the Budget that only Rs. 50 lakhs has been provided for relieving the house shortage. Sir, this problem has been engaging the attention of the Government for a long time and it is extremely disappointing that this Government, after the need for this has been brought to its notice so vehemently, has come out with the proposal to spend only 50 lakhs.

Sir, in everything else the Government has raised false hopes and immediately has gone to dash those false hopes to the ground. (The Hon'ble Dr. BINAY CHANDRA ROY: So much the better. False hopes should be dashed to the ground.) Yes, but why raise false hopes at all.

Sir, in industries when there is need felt everywhere that the basic industries should be nationalised, and I think that was the policy of the party now in power, the Hon'ble the Finance Minister goes to say: "By this it is not suggested that under no circumstances will the Provincial Government venture upon any industrial enterprise on their own account". Sir, it shows that the accepted policy of the Government is not to nationalise but only in certain cases the Government might feel tempted to embark on nationalising industries.

Sir, among one or two points that I find have been duplicated even in the present Budget is the 4½ lakhs for the running of the Brooklyn Ice Plant and Cold Storage Chambers which have been acquired from the Army authorities. I should like to ask the Hon'ble the Finance Minister, is it the same Brooklyn Ice Plant of which we heard in the last Budget of undivided Bengal?

But, Sir, the most glaring omission in the Budget, to my mind, is the Government's failure to provide funds for the increase of the salaries of the Government employees. Here it says: "provision of 1 crore has been made for increasing the emoluments of lower paid Government employees. This increase, I may point out, comes in addition to an increase of 2½ crores per annum provided for" by the Government of undivided Bengal. But, Sir, I should like to draw your attention to a question I recently asked the Government—not this Government but its predecessor in office—regarding whether it had any intention of implementing the recommendations of the Pay Commission. In reply to one of my questions, the Hon'ble Mr. Choudhury replied that they had the intention of implementing the recommendations of the Pay Commission, though he said that they would

do it in their own way and their increase would very nearly approach the recommendations of the Pay Commission but would not be quite the recommendations of the Pay Commission. When I subsequently asked him as to when he proposed to give effect to these, he categorically stated "from the 1st of April". But, I find, Sir, to my utter disappointment and dismay that no provision has been made in the Budget. Sir, when this Ministry came into office we were told that this Ministry will introduce dynamism and will try to do away with the static administration. Sir, I think this Ministry has certainly scored. It has introduced speed and dynamism in going back on the words of the previous Ministry.

Sir, I find that the Government are trying to hoodwink the public and probably take a little applause cheaply. Here it says that Government propose to give assistance to the political sufferers: "We feel that those patriotic persons who suffered and made sacrifices for the cause of the country and hastened the dawn of freedom deserve special consideration from the Government". Sir, it goes on to say: "When all over the world it is found that the war veterans are being helped in many material ways by their Governments, we owe it to ourselves to do what we can to assist these veterans in the fight for freedom". But where is the fund provided for this most laudable object? Sir, instead of implementing the recommendations of the previous Ministry this Ministry has chosen to, shall I say, inflict a homily on the Government workers. Instead of trying to redress their just and legitimate grievances, it has decided to inflict on them a lecture and appeal to their sense of service, to their spirit of service, and so on. And it goes on to say with an affected air of sweet reasonableness "we expect to see our revenues expand and then the question of raising the emoluments of lower paid Government servants will again be considered". They have never said when and how. Sir, the Niemeyer Award has been criticised. Even in the last Budget the last Finance Minister had an occasion to criticise the Niemeyer Award. Sir, it is manifestly unjust and we hope that this Government will do their best to have the Niemeyer Award modified and altered to the advantage of the province.

The Hon'ble Sri NALINI RANJAN SARKER: The Niemeyer Award has already gone. I have not said about Niemeyer Award.

Janab MD. KHUDA BUKHSH: You did mention about the Niemeyer Award. And when the alteration has been made after the province has prevailed upon the Centre to modify the Niemeyer Award about the adjustment of income-tax and jute duty, and the province has profited in the transaction, what the Government propose to do with that money it does not say. So I suggest it and when that adjustment does materialise, the Government will proceed to give effect to the promises made by their predecessors in office in that they will immediately raise the emoluments and salaries of their lower paid and the middle class employees.

In the "Labour" chapter—I do not find my Communist friend here; I am quite sure that he will have much more to say on the subject—I find the Hon'ble Finance Minister has provided Rs. 40,000 for the publication of the *Calcutta Labour Journal*. It certainly fulfils one long-standing need, and if the Labour Journal does what it should do then we shall welcome it. But I have a misgiving, I have a sneaking fear in that the Labour Journal may be employed to cause a rift in the ranks of Labour. It is said "it is, therefore, the duty of Government to assist in the development of trade unionism on sound lines". Sir, we have never yet been treated to an enunciation of what the sound lines are, how trade unionism should be developed. I hope my fear will never materialise that this Government will take upon their head to cause a rift in the Labour ranks. I leave my honourable Communist friend to dilate on this subject because he knows more about Labour than I ever pretend to do. Sir, it has been said that the House will observe that the first annual Budget of the province of West Bengal is a deficit Budget, but I cannot understand

how it could be called a deficit Budget, because deficit of one crore that there is, is the price of foodstuffs that the Government hold in stock. Therefore, I should think that the Budget just about balances itself, and therefore what the Government have proposed not to do on that score should have been taken in hand. Sir, we have seen Budgets with even bigger deficits. In the last Budget the deficit was to the tune of Rs. 12 crores or more. But here, Sir, the present Government of West Bengal probably are proceeding on very cautious lines. They do not want to implement the promises and also to carry out the projects that are crying for being carried into effect. Sir, Government members will surely congratulate the Finance Minister on certain good things that he has provided in the Budget, for example, experiment in community kitchens. I do not mean that this side also does not appreciate this. I also congratulate the Finance Minister on this bold experiment. It has removed a long-felt want and I hope that Calcutta will make use of those community kitchens and that the experiment shall prove successful.

With these words I resume my seat.

Janab MUDASSIR HOSSAIN: Vo, Vo, Speaker. ভাণ শ্রীকথকজী—বহাদুর, I am sorry I am not in a position to congratulate the Hon'ble Finance Minister for his statement in presenting the Budget for 1948-49. It is a thoughtless statement on a worthless Budget, and it is not worth the paper on which it is written. (Cries of "Hear, hear" from Muslim League benches.) The statement and budget reveal a colossal ignorance of the knowledge of rural and urban economy on which the economic reconstruction of a baby State like West Bengal should be based. The statement is full of slogans and platitudes. If we eliminate the flowery words used in the statement and scrutinise the same in the matter of words, it will reveal an astounding ignorance of the principles of political economy, political science and lesson of history. I must explain myself as to what has led me, a humble faqir, to speak of such a reputed financier as the Hon'ble Sri Nalini Ranjan Sarkar in such disparaging terms. The Hon'ble Minister began by saying "today we breathe the air of freedom and the power to shape our destinies lies in the hands of our people" and he ended his political speech by saying "By insensate outburst of communal frenzy generated by pernicious two-nation theory and its attendant cult of hate have left behind it a trail of misery too deep for words". Does the Hon'ble *Arthasachib* really think that he is breathing the air of freedom in spite of fraternal strife, arson, loot, murder, abduction, slaughter of innocent men, women and children and countrywide conspiracy to kill Mahatma Gandhi, Pandit Nehru and other great leaders of our country? May I ask why this conspiracy is for? It is to organise and establish a Hindu Raj where men who hold different faiths will have no place. It may be that such people are in majority at present and in the words of Mahatma Gandhi it may be that *bona fide* and genuine Congressmen are in the minority. If, in spite of all these disquieting facts, the *Manyabar Arthasachib* Sri Nalini Ranjan Sarker really breathes the air of freedom, he is really a mystery man who finds delight in the contemplation of butchery and other inhuman and devilish actions. (Cries of "Hear, hear" from the Muslim League benches.) There was such an attempt when the Moghul Power decayed but the rise of Tipu Sultan, Nizam of Hyderabad, and advent of the British Power nipped the conspiracy in the bud. There was such an attempt even before and this dream of Hindu Raj and a faith in the great Shivaji cult was shattered at the third battle of Panipat when the Maharatta Power was broken to pieces. The plausible remedy for preventing the idea of Hindu Raj gaining ground lies in the forming of the Hindu society from which race arrogance and superiority complex will be wiped off. The structure and ideal of Hindu society are such that it is a hard task to liquidate such ideals from Hindu society. The great Arabian Albaruni who stayed in India for 25 years in order to study the different aspects of Hinduism, in his *Safarnama-i*, wrote: "The Hindus are strange people who are difficult to tackle. They say that their religion is best,

their philosophy is best, their science is best and that they are so many gods, they do not tolerate the opinion of others, and others are *Ashurs*, barbarians and savages. The war between *Ders* and *Ashurs* in Hindu mythology will clearly show the ideals of Brahmanical society. Great reformers arose in India to combat this evil of race arrogance and superiority complex which brought untold miseries on the masses of India and generally on the mankind and it seemed that they would succeed, but alas! those great reformers succumbed to the fanatical onslaught of militant Hinduism. It is well known that the greatest of those reformers was Lord Gautama Buddha. His disciples Chandragupta and Asoke set up an ideal administration based on the policy of equality and brotherhood of man and humanity and their influence was felt far and wide, but lo, Sankaracharya, the Great Hindu hero, arose and drove out Buddhism from the land of their birth and exterminated the followers of Buddha and hell was let loose.

Sri KANAI LAL DASS: On a point of order, Sir, ভেপুটী স্পীকার মহোদয়, তখন হুজুটিৰ সাহেব যা বলছেন সেটা কি বাতৰি সম্পৰ্কিত ব্যাপাৰে, না অৱা কেস ব্যাপাৰে ?

Janab MUDASSIR HOSSAIN: What do you say? Do you say that it is irrelevant? It is Sri Nalini Ranjan Sarker's speech which makes it all relevant. I ask our great and Hon'ble অৰ্থনূতিৰ Nalini Ranjan Sarker, "Was there then Mr. Jinnah to propagate his two-nation theory? Mahaprabhu Sri Chaitanyadev, Guru Nanakji, Raja Rammohan Roy, Keshub Chandra Sen were born to combat the race arrogance and superiority complex prevalent in the Hindu society. They were all opposed by Brahmanical Hindu society and they all failed. The Brahmanical society won the fight all along the line and no trace of their benevolent faith can be found and the entire Hindu society lapsed into their inherent and former ideals. Well, I should have thought that every man having common sense in him will hold this ideal of the Hindu society for the two-nation theory propounded and sponsored by Mr. Jinnah and his associates. It is the race arrogance and superiority complex as also intolerance of others which are responsible for the insensate outburst of communal frenzy.

This is, Sir, in answer to the great political statement which has been made by Sri Nalini Ranjan Sarker, the great *Arthasachib*, and which is nothing but an irrelevant speech.

Now I come to the Budget itself. Does the great *Arthasachib*, Sri Nalini Ranjan Sarker, realise what is meant by independence? Mr. Cove, a famous member of the House of Commons of England, said about independence that "independence is a means to an end". And what is that end? That end is to remove the illiteracy, the grinding poverty which is smashing and crushing the entire Indian population. Therefore the justification for getting independence only rests on this that if you are able to remove the poverty of the people, if you are able to remove the illiteracy of the people, if you are able to remove the distress of the people, if you are able to unite the entire people into one whole, then and then only you are entitled to get independence, for you have then used your power towards that end, but I challenge—

Sri RADHA NATH DAS: At least you must give them some time.

Janab MUDASSIR HOSSAIN: You people understand nothing. You are so many fools. You are mere babies in politics. In the words of Psychology even a sensation has not yet been created in your brains (Laughter). Let me proceed uninterrupted, because I am delivering an *extempore* speech and there is nothing in my hand (Renewed laughter).

Now, Sir, I say with all the emphasis at my command, have you been able to secure the unity of the entire population by which you can maintain your independence? Have you treated all alike—all persons as your

brothers? Have you followed the principles of our great Mahatma Gandhi who was really the Avatar of the present age. After Buddha no greater Indian was born than Mahatma Gandhi. It is said by the Churchmen, the Christians, that while thousands die, death is nothing, but human being is everything. You may mourn, you may lament for Mahatma Gandhi's death, but if you do not follow his principles, if you do not follow his advice and the footsteps of Mahatma Gandhi, you are a traitor and the simple cry for the Mahatma will mean nothing.

Mr. DEPUTY SPEAKER: Please address the Chair.

Janab MUDASSIR HOSSAIN: Yes, I am doing so আপনি আমাদেব সকলের পুত্র, আপনি যা করুন করবেন, আমরা তাই করবো। আপনি যদি বলতে বলেন, তাহেল বলে পড়বো।

(A voice এখন বাংলায় বলুন।)

হী, তাই বলছি। আমার মোটামুটি কথা হচ্ছে—আপনারা যোয়েন Independence এর যোগ্যতা আমাদের কিছু মাত্র নাই। Independence এর যানে হচ্ছে—সমস্ত people united হবে—সকলে একত্রীভূত হবে। সমস্ত লোক একমন একপ্রাণ হয়ে দেশের উন্নতি করার জন্য সর্ব-ভায়ে চেষ্টা করবে।

Janab ABUL HASHEM: On a point of order, Sir. I know that in this House it is quite permissible for a member to speak in any language he likes—English, Urdu, Persian, Hindi—but I would like to know from you whether it is permissible for any member to speak in ten different languages in the same speech. It is only for my guidance.

Janab MUDASSIR HOSSAIN: Sir, if you order me I shall speak in English but our great leader Dr. Roy ordered me to speak in Bengali (laughter). I have been following him because I take him to be our leader.

Mr. DEPUTY SPEAKER: Mr. Mudassir Hossain, speak in English.

Janab MUDASSIR HOSSAIN: Very well, Sir, I bow to your ruling.

Mr. DEPUTY SPEAKER: I think you have finished.

Janab MUDASSIR HOSSAIN: No, Sir, I have not even started, Sir. (Laughter.) These are all preliminary remarks; about the budget I have not spoken anything. These are all preliminary remarks. As our *Arthasachib* Sri N. R. Sarker in his preliminary speech mentioned irrelevant things I also speak like that.

Very well, Sir. Independence—I ask him, is he breathing the free air of independence? (Janab JASIMUDDIN AHMED: No.) No. Has he secured unity of the entire people? The answer is no. Has he removed or taken steps to remove the illiteracy of the people? No. Has he taken steps to remove the poverty of the people? No. Therefore he does not breathe the air of freedom. It is hypocrisy. I shall just now come down to the region of economics.

(At this stage blue light was shown.)

(A voice: আপনার বীজ বতি জ্বলছে।) বীজ বাতি জ্বলছে জ্বলুক, ও বাতি যদি Care করিনা। বীজের জন্য থেকে অনুগ্রহ করে সবাই আমাকে exempt করে দেবে। সুতরাং আমাকে আর ও একটু সময় দিতে হবে।

Not only here, Sir. In Madras All-India Co-operative Conference in which Dr. Rajendra Prasad presided, the time-limit given was five minutes but to me it was given 25 minutes and the whole House was clamouring for hearing me. (Laughter.) Then, Sir, I speak about agriculture. Now, Sir, I beg to submit that this is a country which has been humiliated, which is under distress, and if we read the economical history of the European countries such as Denmark, Holland, Greece, Germany, what will you find? It has been said by Mr. Wolf in his book on "Agricultural Co-operation" that those Gothic Danes, Slavs, Finns, Germans and

other people who have been humiliated and who were in distress found salvation in agricultural co-operation. It is agricultural co-operation alone which gave them the relief, and it is agricultural co-operation alone which raised the standard of civilisation, which raised the standard of living and whereby the production of every country which took to agricultural co-operation was doubled and trebled.

Sir, after the partition I submitted a note to the then Hon'ble Chief Minister, Dr. Ghosh, about the introduction of agricultural co-operation which was found so very beneficial in the case of Germany, in the case of Finland, in the case of Poland, in the case of Belgium, in the case of Holland and other European countries, but, Sir, to my utter regret and to my utter surprise that note was never taken note of, and it seems to me that the present Hon'ble Finance Minister who is reputed to be a great economist has not read the history of the economic development of the countries like Germany. Sir, had he known that (laughter)—it is not a matter to be laughed at, it is a serious matter to which I would draw your special attention because you are known to be one of the cleverest financial magnates of this side of Bengal (Janab ABUL HASHEM: He belongs to that side.) Now he has come to this side. I do not care whether he belongs to that side. He is our brother. Whether he belongs to West Bengal or East Bengal does not matter. Though his position is higher and my position is humble I have the privilege of calling him a brother because I am a man and believe in universal brotherhood. What have you done to organise agricultural co-operation? I do not think you understand what is agricultural co-operation (laughter). It is not a matter to be laughed at. I am very, very serious. If you want to remove poverty from the people, if you want to unite the whole people, if you want to double the produce of your country, introduce agricultural co-operation on the lines introduced by Germany, introduced by Holland, introduced by Finland and other European countries, but to my utter surprise, Sir, no such plan has been made for agricultural co-operation which will regenerate the country and which will produce enormous result.

My friend the Hon'ble Finance Minister has said that the influx of middle class people from East Bengal has altered the situation. This is the worst position. You have not understood the implication of such exodus, of such incoming. Sir, the result is that a population of 60 lakhs is fenced in Calcutta within an area of 36 square miles and the rest of the population is in the villages—the district headquarters and subdivisional headquarters may be termed as villages. Sir, the gentlemen who have come from East Bengal are all middle class gentlemen; they are not producers; they will not and cannot help you in production. What we wanted is the immigration of sturdy peasantry which can help us in the production of our food-grains, but instead of that they will eat up whatever West Bengal can produce by its peasantry. So what we want to say is this: Find land for those persons and influence them to till the land and produce more food for themselves as far as the country which they have adopted permits. But if you want them to remain in this province of ours as parasites or only as settlers and feed them from the sources of this province that will be no good. It will further enhance the difficulties and will further impoverish West Bengal which is already a poor province. The *Amrita Bazar Patrika* says "there is plenty and plenty". But where is the "plenty"? Plenty is nothing. Mere rupee, mere money is nothing.

(At this stage the red light was lit.)

MR. DEPUTY SPEAKER: Your time is up.

Janab MUDASSIR HOSSAIN: Will you give me some more time—2 or 3 minutes more? Only 3 or 4 members from this side will speak. Members on the other side are supporters of Government.

Mr. DEPUTY SPEAKER: Please take your seat.

Sri ANNADA PROSAD CHOWDHURY : মাননীয় ডেপুটি স্পীকার মহোদয়, স্বাধীন বাংলার বাজেট সম্পর্কে আর কিছু করার সুযোগ পাওয়ার অনেক কথাই মনে হইতেছে। সব কথা বলিতে পিয়া অধিক সময় লইতে অথবা বৈষাভূতি ঘটাইতে চাই না। সবপ্রথমের মাননীয় অর্থ-সচিব মহাশয়কে অভিনন্দিত করিতে চাই। অবশ্য কংগ্রেস মন্ত্রিসভার কংগ্রেসের দ্বারা এবং কম্পর্কিত অনুসারেই বাজেট প্রস্তুত করিবেন—করার চেষ্টা হইয়াছেও। প্রশংসনীয় বিষয়গুলির উল্লেখ না করিয়া যে বিষয় কয়টি অধিকতর স্পষ্ট হইলে ভাল হইত ত্রমাসব্যয়ে ঐ বিষয়গুলির প্রতি অর্থসচিব মহাশয়ের দৃষ্টি আকর্ষণ করিবার চেষ্টা করিব। আশা করি উন্নতির পথে এইগুলি সাহায্য করিবে।

কংগ্রেস মন্ত্রিসভার প্রথম বাজেটে যে ঘাটতি দেখা গিয়াছে তাহার জন্য বিচলিত না হইবার আশ্বাস অর্থসচিব মহাশয় দিয়াছেন। পূর্বাপর অবিস্তৃত বাংলায় অনেক বন্দর ধরিয়া যে বিরাট ঘাটতি চলিয়া আসিতেছিল তাহার তুলনায় সত্যিই ইহা অকিঞ্চিৎকর এবং কাহারও বংশবান্ধে কোন ঘাটতি নাও দাঁড়াইতে পারে। কলিকাতার এবং সুরতলীর ব্যবসা বাণিজ্য এবং শিল্পক্ষেত্রের দান যদিও এই গুট পরিবর্তনের বিশেষ কারণ, তাহা হইলেও যেন কলিকাতা সহরের আশ্রয়িতা আশায় অন্যান্য আয়ের পথ অবলম্বন করার অথবা যে সব কর ধারা আছে—যথা বিক্রয়-কর—তাহা আদায় করার চেষ্টায় কোন শিথিলতা না আসে। কারণ জনগণ নিজেদের শোষণ-ব্যবস্থার প্রতি তাহাদের কর্তব্য সম্বন্ধে সচেতন হইলে এবং সরকার সেই কর্তব্যবোধে জাগৃত করাইতে পারিলে একমাত্র বিক্রয়-করের আয়ই অনেক বাড়িতে পারে এবং তাহার দ্বারা অন্যান্য কাজেরও সহায়তা হইতে পারে, অথবা কলিকাতা সহর হইতে রাজস্ব আদায় হইতেছে বলিয়া পশ্চিম বাংলার ম্যাগেরিয়াগুস্ত পল্লীগণের দাবী যেন উপেক্ষিত না হয়।

কংগ্রেস চিরদিনই বলিয়া আসিতেছে—গ্রামীন অর্থনীতির বিনিময় স্ফূর্ত্ত করার মধ্যেই সমগ্র দেশের ঐ ও সম্পদ নিহিত করিতেছে। বাজেটে পল্লীর উন্নতির জন্য একাধিক পন্থা অবলম্বিত হইয়াছে। সবদিক-গণী গ্রামসেবার জন্য দুই লক্ষ টাকা বরাদ্দ করা হইয়াছে। জানি না ঠিক কোন পথে মন্ত্রিসভার তাহা কার্যে পরিণত করিতে চান। গাম্বীজী তাহার জীবদ্দশায় যে স্বপ্ন দেখিতেন তাহাই যেন পথ নির্ধারণে প্রেরণা জোগায়।

পল্লী শিল্পের উন্নতি সাধনের জন্য একাধিক পরিকল্পনা গ্রহণ করা হইয়াছে। কিন্তু জাতীয় অর্থ-নৈতিক ক্ষেত্রে উহার স্থান কতটা এবং কতদিন তাহার কিঞ্চিৎ আভাস পাইলে সবদিক দিয়া সুবিধা হইত। কংগ্রেসের অর্থনৈতিক কর্মসূচীই কি আমরা অনুসরণ করিব? কতগুলি লোকের যোগ্যতা বাড়াইবার অজুহাতে বর্তমানে যে সকল লোক যে কাজ করিয়া জীবিকাার্জন করিতেছে তাহাদের জীবিকা হরণের ব্যবস্থা যে করা হইবে না সরকার ইহা নীতি হিসাবে গ্রহণ করিবেন কি? অর্থাৎ work-robbing industryতে উৎসাহ না দেখাইয়া work-creating industry কি গড়িবার চেষ্টা করা হইবে? আরও পরিষ্কার করিয়া বলিতে গেলে, চরকা প্রচারের জন্য যেমন চার লক্ষ টাকা বরাদ্দ করা হইয়াছে, তেমনি সস্তায় মিলের কাপড় উৎপাদন করিবার উদ্দেশ্যে Finance Corporationএর মারফৎ তাহার বহুগুণ অর্থ আবার বরাদ্দ করা হইবে না তো? পল্লী অঞ্চলকে স্বাবলম্বী করার উদ্দেশ্যে নিত্যপ্রয়োজনীয় তৈল অথবা ঘি গ্রামে উৎপাদন করিবার চেষ্টা করিব, না বৃহৎস্কেলে vegetable ছি তৈরীর প্রচেষ্টার আর্থনিয়োগ করিয়া পল্লী শিল্পের বিবর্তিতা করিব? হাতে তীত বুনিয়াদ দ্বারা জীবিকাার্জন করে তাহাদের সংখ্যা, কৃষিজীবী বাদ মিলে ভারতবর্ষে সবদিকেরা বেশী। Efficiencyর অজুহাতে মিলের তীত বসাইয়া তাহাদিগকে বেকার করিব না তো? প্রাদেশিক ক্ষেত্রে এই সব বিষয় পরিষ্কার না হইলে সরকারের পক্ষে জনসাধারণকে এবং কম্পর্কিতকে কর্তব্য পথে সচেতন ও উৎসাহ করা সম্ভব হইবে না। বাজেটের সঙ্গে এবিষয়ে পরিষ্কার একটি ধারণা জন্মিলে ভাল হইত। সকলেই স্বীকৃতি পারিতেছেন যে উন্নয়ন পরিকল্পনার ভারকেন্দ্র (centre of gravity) কোন দিকে। অবশ্য উহা পরিকল্পনার রেখাচিত্র হইতে কতটা আত্মজ্ঞ করা গেলেও সরকারের বৈশিষ্ট্য কোন দিকে তাহা না স্বীকৃতি পারিলে পরিকল্পনাকে কাব্যকরী করিবার জন্য যে জোক আসিবেন তাহার দ্বাৰা দ্বাৰা উহাকে রূপায়িত করিতে পারিবেন না। কাজেই বৃহৎ নীতি সম্বন্ধে প্রাদেশিক ক্ষেত্রেও কিছু একটা ঘোষণা করা অত্যাবশ্যক। অন্যথায় নানাবিধ বিভ্রান্তি উন্নয়ন সম্ভাবনা আছে।

ক্ষাপান নিবারণ করা কংগ্রেসের একটা প্রধান কাজ। প্রতি শনিবার বেদিন কারখানার প্রতিক্ষেপা বেতন পার সেদিন ক্ষাপান নিবারণের প্রথম ধাপ হিসাবে মদের দোকান বন্ধ রাখার কলে প্রার পচিপ লক্ষ টাকা কমিলেও সরকার তাহা গ্রহণ করিয়াছেন এবং এইভাবে সপ্তাহে একদিন বন্ধকনের নীতি সরকারের ক্রমে ক্রমে সাত দিনের উপরই আরোপ করার কথা। কাজেই, আমরা জানা করিয়াছিলাম শ্রীমত সরকারের বাজেটে “শূন্য” দিনগুলির সংখ্যা আরো বেশী দেখিব, কিন্তু শূন্যের বিষয় তিনি সেই দিক দিয়া আমাদিগকে সম্পূর্ণ নিরাশই করিয়াছেন। শূন্য তাহাই নহে, নতুন আরও মদের দোকান খুলিবার আবেদনপত্রও আহবান করা হইতেছে বলিয়া শুনিয়াছি। মদ্যপানের মত জুরাখেলাও আমাদের কম সমবাস-সাধন করে না। সরকারের লাইসেন্স গ্রহণ করিয়া কলিকাতার বুকোর উপর ঘোড়দৌড়ের মারফৎ বে জুরাখেলা হয় তাহা বন্ধ অথবা সংযত করিবার কোন চেষ্টাই করা হয় নাই। এই জুরাখেলায় কলে কত লোক যে পথের ভিখারী হয় তাহা সকলেই জানেন। যে Calcutta Turf Club ১৯১৮ সন হইতে কোন রকম license fee না দিয়া সরকারের অনুমতি লইয়া কয়েক কোটী টাকা মূল্যের সম্পত্তি অর্জন করিয়াছে তাহাদের উপর আজ পর্যন্ত কোন license fee ধার্য করা হয় নাই। যে মস্তিস্কশলী বিনাশী মদের দর ৭৮ হইতে ১৮ টাকা করিলেন, ষাঁহার আফিমের দর প্রতি সেরে প্রায় ৪৮ টাকা বাড়াইয়াছেন, ষাঁহার গাঁজার দর প্রতি সেরে ৫০ টাকা পর্যন্ত বাড়াইয়াছেন, তাঁহার ঘোড়দৌড়ের জুরাখেলায় টিকিটের দর কিছু বাড়াইয়া এবং Totalisation ও Betting Tax শতকরা ১৫ হইতে ২০ করিয়া জুরাখেলায় দৌড়ের সংখ্যা কমাইবার চেষ্টা করার প্রস্তাব গ্রহণ করিলেন না কেন তাহা বুঝিতে পারিতেছি না। অর্থসচিব মহাশয়কে এই দুইটি বিষয়ে পুনর্বিবেচনা করিতে অনুরোধ জানাইতেছি।

কলিকাতায় সরকারের অনুমোদিত (recognised) একটিমাত্র বেসরকারী Dental College ডাঃ আর. আহম্মদ সাহেবের আগ্রাণ চেষ্টা করিয়া চালাইতেছেন। এই কলেজের পাশ করা বহু ছাত্র কৃতিত্বের সহিত বিভিন্ন ক্ষেত্রে কাজ করিয়াছে ও করিতেছে। ডাঃ আহম্মদ উক্ত কলেজটিকে পশ্চিম বাংলা সরকারের হাতে তুলিয়া দিতেও উদ্যম। অনেক মস্ত-চিকিৎসাবিদ বিনা বেতনে অথবা কম বেতনে শিক্ষকতার কাজ করিতেও প্রস্তুত। কাঁচড়াপাড়া হাসপাতালের পূর্বাংশে মস্ত-চিকিৎসার বস্ত্র-পাতি মজুত আছে। প্রস্তাবিত অর্থ বরাদ্দ বজায় রাখিলেই যে বাড়ীতে এখন বিদ্যালয়টি স্থাপিত সেখানেই একটি Government Dental College গঠন করা হইতে পারিত। মস্তিস্কশলী ঐ প্রস্তাব কেন যে গ্রহণ করিলেন না তাহা বুঝা গেল না। Scheduled Caste অথবা Muslim Education Fund ইত্যাদি নামের পরিবর্তে Funds for the promotion of education amongst educationally backward classes বলিয়া যে নতুন নামাকরণ হইয়াছে উহা প্রশংসাহ। কিন্তু ব্যক্তিগত অভিজ্ঞতা হইতে বলিতে পারি যে উপযুক্ত ছাত্রও general line বাতীত medical অথবা technical line-এ শিক্ষান্নত করিতে চাহিলে এই fund হইতে সাহায্য লাভ করিতে পারে না। কেবল কেবলী স্টুডি না করিয়া এই প্রণীর ছাত্রদিগকে অন্যান্য বিষয়েও শিক্ষান্নতের সুযোগ দেওয়া বাঞ্ছনীয়। তবেই ৬ লক্ষ বা ১০ লক্ষ টাকা বরাদ্দ ধরা সাধক হইবে।

Vagrant Home পরিস্কারনার জন্য ৫ লক্ষ ১ হাজার টাকা খরচার বরাদ্দ ধরা হইয়াছে। এই সব Home-এ প্রায় ১,৬০০ ভিখারী থাকে। উক্ত Vagrant Home কলিকাতায়ই এ বৎসর থাকিবে, না অন্যত্র পাঠান হইবে তাহা সঠিক জানি না। আমার মতে ঐ Home যদি মধ্যস্থলে কোথাও স্থানান্তরিত হয়, তবে ভিখারীগুলিকে দিয়া উন্মত্ত স্থানে কাজও করান হইতে পারে এবং খরচাও বোঝ হয় কলিকাতার তুলনায় কিছু কম হয়। এই ব্যবস্থার কলে কলিকাতার বাসোপযোগী গৃহ কত জন সাধারণের পাইতে পারে, আর বেশনের উপরে যে চাপ পড়িতেছে তাহাও কখনো হ্রাস পায়। অধিকন্তু ঐ সকল ভিখারীদের মধ্যে কুপারোণীও আছে। উহাদিগকে নিরাশ্রিতভাবে কুপারোণীর কাজে সূচু হইতে পারে। পুনঃপ্রত্যাপন এই কুপারোণীর জন্য মুসলিম লীগ সরকার ২০ লক্ষ টাকা বরাদ্দ করিলেও কাজ কিছুই হয় নাই। গত জানুয়ারী মাসে আমি উহা পরিদর্শন করিয়া আমার রিপোর্টও সরকারকে দিয়াছি। যে সকল বাড়ী-ঘর এখন ওখানে টিকিয়া আছে তাহা সামান্য মেরামৎ করিয়া নিজেই বসবাসে কাজ চলিতে পারে। Vagrancy Act-এর জন্য কলিকাতায় Vagrant Home করার কথাই উল্লিখিত আছে। এই Home স্থানান্তরের ব্যাপারে গভর্ণমেন্ট কেবলমাত্র গেজেটে notification দিয়াই সংশোধন করিয়া নিতে পারেন বলিয়া আমি মনে করি।

গ্রামে গ্রামে টিউবওয়েল বসাইয়া পানীর উল্লেখ্য ব্যবস্থা করার জন্য ও পুরাতন টিউবওয়েল মেরামতের জন্য সরকার প্রায় ০৫ লক্ষ টাকা বরাদ্দ ধরিয়ছেন। অভিজ্ঞ ব্যক্তিরা বলেন—প্রতি ৪০০ জনে একটি টিউবওয়েল দরকার। সে হিসাবে সহরাণ্ডল বাদে শ্বে গ্রামাঞ্চলের জন্য প্রায় ৪০ হাজার টিউবওয়েল বসাইবার প্রয়োজন। অবশ্য পুরাতন টিউবওয়েলও কিছু আছে। ০৫ লক্ষ টাকা ব্যয়ে এ বসারের ন্যূন ১,৫০০ টিউবওয়েল বসিবে এবং পুরাতনগুলি মেরামৎ হইবে। এই পণ্ডিতে যদি টিউবওয়েল বসিতে থাকে তবে উহা বীর্ঘদিনসাপেক্ষ। আমরা এই ব্যাপারটি সরকারকে আরও ত্বরান্বিত করিবার অনুরোধই করিতেছি।

গ্রাম্য স্বাস্থ্যকেন্দ্র সংগঠনের জন্য মোট ১ কোটী ৫ লক্ষ টাকা বরাদ্দ ধরা হইয়াছে। প্রতি ইউনিয়নে ইউনিয়নে একটি স্বাস্থ্যকেন্দ্র ও প্রতি থানায় একটি হিসাবে থানা হাসপাতাল স্থাপনের জন্য প্রাথমিক ব্যয় করেক কোটী টাকা ছাড়াও বাৎসরিক খরচা নির্ধারণের জন্যও সরকারকে যথেষ্ট অর্থ ব্যয় করিতে হইবে। আমাদের দেশীয় চিকিৎসাপ্রণালী বিদেশীয় চিকিৎসার প্রভাবে মৃতপ্রায়। আরবদেশীয় ঔষধের কেন্দ্রও যদি ঐ ইউনিয়ন স্বাস্থ্যকেন্দ্রের পরিকল্পনার অঙ্গীভূত হইত, তবে এক দিকে যেমন খরচাও কিছু কম হইত তেমনি দেশীয় গাছগাছড়ার ঔষধের সঙ্গে জনসাধারণ আবার পরিচিত হইয়া উঠিত এবং সামান্য রোগে নিজেরাই বিনা পরসার ঔষধ পাইবার ব্যবস্থা করিতে পারিত। এতদ্বারা সন্দেহ ঔষধ হিসাবে হোমিও-প্যাথি ঔষধকেও পরীক্ষামূলকভাবে করেকটি কেন্দ্রে প্রয়োগ করিলে খরচা অনেক কম হইত। জনসাধারণও এই সব কাজে অর্থসাহায্য করিতে অগ্রসর হইয়া আসিয়াছিছেন; এ পর্যন্ত তাহার চাঁদা হিসাবে অনেক টাকা প্রদানও করিয়াছেন। সরকার এইরূপ চাঁদা অতঃপর আর গ্রহণ করিবেন কি না বাজেট দেখিয়া তাহা সঠিক বুঝা যাইতেছে না।

কৃষি একটি অত্যন্ত প্রয়োজনীয় বিভাগ। যে কোন কারণেই ইউক এ পর্যন্ত এই বিভাগের কাজ জনসাধারণের মনে আগ্রহ এবং উপস্হেদে পড়ার করিতে পারে নাই। মনে হয় সুস্তু অর্থনৈতিক ভিত্তির উপর সকল কর্মপন্থা প্রতিষ্ঠিত নয় বলিয়াই এই ফল হইয়াছে। Research experimentation এবং propaganda নামে অনেক অক্ষমতা যেন ঢাপা দেওয়া হয়। Research experiment, propaganda প্রভৃতির জন্য যত খরচ হয় তাহা পৃথক করিয়া দেখান উচিত। কৃষি-ক্ষেত্রগুলি স্বাধীনবলী না হইলে জনসাধারণের উপর প্রভাব বিস্তার করিতে পারে না। Seed Store-এর মারফতে বীজ, সার, মোহোর জিনিস ইত্যাদি বিক্রী করিয়া যে করেক লক্ষ টাকা স্হোকসান হয় তাহা নিবারণ করা একান্ত প্রয়োজন। বিহার প্রদেশে Credit Agricool প্রতিষ্ঠা করার ফলে শ্বে যে এই স্হোকসান বন্ধ হইয়াছে তাহা নহে, বরং করেক লক্ষ টাকা লাভ হইতেছে। Credit Agricool সম্বন্ধে যে সব বিবরণ আছে তাহা পরীক্ষা করিয়া ব্যবসায়িক দৃষ্টিতে এই কাজ পরীক্ষিত হইলে স্হোকসান অনেক পরিমাণে কমিতে পারে। কৃষি বিভাগে প্রচার প্রচারণার জন্য প্রায় ১ কোটী ৭৫ লক্ষ টাকা বরাদ্দ ধরা হইয়াছে। এত বিপুল অর্থব্যয়ে যে ফললাভ হইতেছে তাহা দেশের কৃষি-ব্যবস্থার কোন উন্নতি করতে পারে নাই এবং ভবিষ্যতেও পারিবে না যদি না কর্মপন্থা পরিবর্তিত হয়।

Famine Relief খাতে ৭ লক্ষ ২৮ হাজার টাকার বিজাতীয় গুঁড়া দুধ সরবরাহের একটি বরাদ্দ আছে। যে টাকা বরাদ্দ আছে তার উপরে আর করেক লাখ টাকা মূলধন হিসাবে ধার দিলে সরকার গ্রামের স্হোককে দুগ্ধবতী গাভী সরবরাহ করিতে পারেন। নিয়মের একটু পরিবর্তন করিয়া cattle purchase loan এর মত cow purchase loan এর ব্যবস্থা করা যায়। ঐ গাভীর মূল্য গ্রামবাসী কিস্তিতে পরিশোধ করিবে। ইহার ফলে গুঁড়া দুধ ত্রুণ করিবার জন্য যে ৭।৮ লাখ টাকা বিদেশে চলিয়া যাইতেছে তাহা বন্ধ হইবে। ছোটভাবে এই কাজ করার অভিজ্ঞতা নিরাবাকভাবে এই পরিকল্পনার সমগ্র দেশের দুগ্ধ উৎপাদন ও গো-সম্পদ বৃদ্ধি করা যাইতে পারিত। অতঃপর এ বিষয়ে যথেষ্ট আলোচনা হইয়াছে। উহা কাজে পরিণত করিবার চেষ্টা করিলে সব দিক দিয়াই ভাল হইত।

স্বারত্ত্বশাসন বিভাগের আর্থিক দৃষ্টিতে চরম পর্যায়ে পৌঁছিয়াছে। ইউনিয়ন বোর্ড হইতে কমিটিতে কমিটিতে পর্যন্ত সবদিকই অধীভাবের জন্য মেথর বাড়িমারের বেতন দেওয়া হয় না, রাস্তাঘাট মেরামত হয় না, জজাল-জাবজ্ঞান পরিস্কার হয় না—সবদিকই একটা বিশৃঙ্খলা চলিতেছে। এ অবস্থা হইতে রেহাই পাওয়ার জন্য মাস্ত্রাজ গণপঞ্চকি যেমন কতকগুলি রাজস্ব স্থানীয় স্বারত্ত্বশাসন বিভাগের

হাট্টেই ছাড়িয়া দিয়াছেন তদন্তের কোন ব্যবস্থা আমাদের এখানেও অবলম্বন করা দরকার। যদি উহা করা সম্ভব না হয় ত তাহাদের আর্থিক অবস্থার উন্নতিবিধানের পথ নির্দেশ করিয়া দিতে হয় বিশেষতঃ রাস্তা মেরামতের জন্য সরকারী সাহায্যের পরিমাণ ২০ লক্ষ হইতে কমাইয়া এখন আগামী বৎসর ১০ লক্ষ করা হইয়াছে। কোনক্রমেই এরূপ বিসৃজক অবস্থা আর বেশী দিন চলিতে দেওয়া বাইতে পারে না।

অসাময়িক সরবরাহ বিভাগ সম্পর্কে অনেক কথাই বলিবার ছিল, কিন্তু আমাদের বিধর যে, ভারত সরকার আমাদের মত গ্রহণ করিয়াছেন এবং চাউল ও আটা বাতীত কাপড়, চিনি প্রভৃতি সবই decontrol করিয়াছেন। চাউল ও গমের উপর কন্ট্রোল কতদিন চলিবে জানি না। এই বিভাগ সম্বন্ধে অনেকেরই অনেক কিছু বক্তব্য আছে। এই ধরনের একচেটিয়া কারবার করিয়া ব্যবসায়ীরা যেখানে প্রচুর লাভ করে, সেই কাজে সরকার প্রচুর পরিমাণে লোকসান দিয়া থাকেন। কেবল বটন-ব্যবস্থায়ই যদি সরকারী নিয়ন্ত্রণ এই পরিণতি দিয়া থাকে, তাহা হইলে আমরা উৎপাদন বটন-ব্যবস্থা জাতীয়করণের কথা বলিব কোন মুখে? অন্য্যনা বিষয়ের মধ্যে প্রধান দুই-একটি বিষয় অর্থসচিব মহাশয়ের দৃষ্টি আকর্ষণ করিব। বিষয়গুলি এই : (১) ধান ভাঙ্গার দর; (২) ধান হইতে উৎপন্ন চাউলের পরিমাণ নিয়ন্ত্রণ। বোম্বাইয়ের ধান কলের মালিকেরা যে দরে ধান হইতে চাউল উৎপাদন করেন তাহা যদি গ্রহণযোগ্য নাও হয়, তবে এখানে যে হারে মজুরী দেওয়া হয় ইহা হইতে জনপ্রতি অন্ততঃ চারি আনা কমাইলে, কয়েক লক্ষ টাকা লোকসান বাঁচান হইতে পারে। ইহা ছাড়া ১ই মণে ১৮ চাউল উৎপন্ন হওয়ার যে সাধারণ প্রথা তাহার বাতিল করা ৮৮ অথবা ৮৯ সের চাউল গ্রহণ না করিলে এই বিভাগের লোকসান বহুলাংশে কম হইতে পারে। প্রয়োজন হইলে দ্রুত হস্তে ইহা কাজে পরিণত করা উচিত।

আমি আমার বক্তব্য আর বেশী দীর্ঘ করিতে চাই না। মোট কথা, উন্নয়নের জন্য যে পক্ষে হয় কোটী টাকা ব্যয়ের পরিকল্পনা করা হইয়াছে তাহা বাছাতে যথায়ভাবে সম্পূর্ণ ব্যয় হয় তৎপ্রতি প্রথম হইতেই বিশেষ সতর্ক দৃষ্টি রাখা প্রয়োজন। অন্যথায় দেখা যাইবে যে বৎসরান্তে বরাদ্দের বহু টাকাই পড়িয়া রহিয়াছে—খরচ হয় নাই। আবার উপযুক্ত ক্ষেত্রেও সোজের হাত দিয়া এই অর্থ ব্যয় না হইলে, টাকা মরচ হইয়া গেলেও দেখা যাইবে যে কাজ হয় নাই। পরিকল্পনা ছোট বড় বহু আমাদের দেশে হইয়াছে—বিল্ড মশিনের বহু গবেষণাসভা পরিকল্পনাও কাজে লাগাইবার অন্তরে নষ্ট হইয়া গিয়াছে। কাজেই পরিকল্পনা ও বিশেষতঃ ব্যবস্থার উপর জনসাধারণের মন খুবই বিরূপ হইয়া থাকে। জনসাধারণ ও চিকিৎসা বিভাগে পল্লী অঞ্চল পানীয় জল সরবরাহ ও চৌপলতাল স্থাপন ইত্যাদি ব্যাপারে আবার প্ল্যানিংএর চাপ পড়িলে কি না সঠিক বোধিত্তি না, কেন না উক্ত দুই বিভাগে এক লক্ষ টাকা হিসাবে দুই লক্ষ টাকা প্ল্যানিং ব্যয় বরাদ্দ ধরা আছে। কাজেই আমার ভয় হয়, স্বাস্থ্যকেন্দ্র গঠন ও টিউবওয়েল বসাইবার শিশু পরিকল্পনা ৬টি বা অতীতের মত বিল্ড পরিকল্পনার চাপে আতুড়েই মারা না যাব। কাজেই আমার বিনীত নিবেদন এই যে, পরিকল্পনার কৃতক ধরে বেশী বাড়িতে না দিয়া কাজ যথাযথ করাইয়া নিবার ব্যবস্থায় মনোনিবেশ করিলেই জনসাধারণ বেশী উপকৃত হইবে। পরিকল্পনা অনুযায়ী কাজ করিতে গেলে সরকারকে জনসাধারণের সম্মতি মিশিতে হইবে। তাহাদের সহযোগিতায় ও সাহায্যেই তাকে কাজ করিতে হইবে—যার সে সাহায্য ও সহযোগিতা পাইতে হইলে দৃষ্টিভঙ্গীর ও অধিকারী কেতাদম্বর্তিতরও বহুলাংশে পরিবর্তন করিতে হইবে। আমি আশা করি মাননীয় মন্ত্রী মহাশয় সেদিক দিয়া সকলটা লাভ করিবেন।

Sri JYOTI BASU: Mr. Deputy Speaker, unfortunately I thought that I would speak tomorrow and so I am not very well prepared, but I hear tomorrow is a holiday and as I shall not be here on Monday, I shall try to make my speech today on the Budget.

I feel that any estimate of the Budget must of necessity relate to the needs of the people and the material conditions which exist in our country. It is needless to point out that the condition of our people has continued to deteriorate even after the end of the war in spite of the existence of the Congress and the League Governments. The cost of living has steadily gone up until today in Bengal it stands at about 340 as compared to the 1939 figure. Blackmarkets' rule and profiteers' heaven have been established in our fair land. In the countryside the *kisan* has become poorer and the army of landless labourers has increased in volume. During the

last one year the rice-producing *kisans* had to buy rice and manufactured articles at blackmarket prices and consequently they have had to sell out the little plots of land or the little property that they possessed. The prices of bullocks, iron and steel and plough having immensely risen the peasant became pauper and the village industries ceased to exist in many villages. The workers' wages and salaries of middle class employees were depreciated to the extent of 40 to 50 per cent. of the former income, even making full allowance for higher dearness allowance and, in some cases, increment in wages. The ration supplied to him is insufficient for himself as well as for his family. Cloth has also been scarce for him for the last one year. Want and privation have become common phenomenon amongst 98 per cent. of the families of workers and middle class people as Imperialism refused to allow the real industrial development of our country by the denial of building her basic industries. No sooner was the war over than lakhs of people faced unemployment or have already been retrenched from the Army or the Government Ordnance Factories, Government service, Civil Supplies, Military Accounts, etc. I wish to clearly impress upon the Ministers that whilst the people thus groaned under the Imperialist economy, the rich capitalist section prospered through war contracts and orders and amassed huge wealth. The zemindars and the jotedars in the villages increase their power to exploit through acquiring the property of the peasant. Added to all these is the division of Bengal which has seriously affected our economy, as pointed out by the Hon'ble the Finance Minister. If West Bengal were to be pulled out of the mire, if her people were to be saved and the foundations of a happy and prosperous land laid, then swift, urgent and even drastic measures are necessary. The dirt, the filth and the diabolical crimes of the British Imperialism perpetrated through scores of years cannot be wiped out in a day, I know. Neither can it be done through slow reforms and following the path laid down for us by our Imperialist masters. We have to make up for the loss of 100 years. We have to catch up with the advanced capitalist countries within the shortest possible time. We are, therefore, in a hurry and a bit impatient. I also know that by the waving of a magic wand, as it were, prosperity and plenty of our land cannot be built up in a very short time or in a day. But the budget which has been placed before us must clearly give us the perspective of a revolutionary change. It must lay before us strikingly new departures which will proclaim convincingly to the people a break from the inglorious past. Judging from this aspect I shall show that this Budget is as stereotyped as any other Budget which the Hon'ble the Finance Minister prepared under different British Governments.

The revenue estimate for 1948-49 in this so-called first Budget of free Bengal shows that the ordinary revenue of Rs. 24½ crores is made out amongst other things of 6 crores under Taxes—that is one-fourth of the total 5 crores under Sales Tax and 40 lakhs under the Agricultural Income-Tax. These figures speak eloquently. A province which has to sell opium, wine, etc., for raising funds and tax the common people through Sales Tax has a bleak future. The Congress members, I remember, raised a hue and cry over this particular Sales Tax at the time it was introduced, but today shamelessly the Congress Ministers are again advocating that revenues of this land shall be raised through the Sales Tax. True to its character, however, this Government has shown commendable concern for their own friends—the zemindars—and, therefore, only 40 lakhs has been raised from them as Agricultural Income-Tax. No innovation has been made to tax the rich, to introduce death duties, for instance, as exist in other capitalist European countries, to lay the basis of nationalisation of iron and steel, coal, textiles, tea and other industries and the abolition of the zemindary system which will—I am sure the Ministers will understand—fetch revenues for the State. The Centre, too, having got rid of the Excess Profits Tax shamelessly ask for a greater share of the Income-Tax than would be justified by partition of Bengal. The Congress Governments

have followed the path of our Imperialist capitalist masters in the matter of collecting revenues and not the people's methods. Therefore, I was surprised to find mention being made in the Budget speech by the Hon'ble the Finance Minister that he was attempting to lay the foundation of an economy which would in the shortest possible time ensure in our province that the difference between man and man does not exist.

Now, turning to expenditure, we see a similar depressing picture and the accentuation of the difference between man and man. All-clear signals have been given to the rich to grow richer and the poor to grow poorer. The Hon'ble Finance Minister has given us a general clear picture of the divided province of Bengal. But the first thing that strikes one is that although West Bengal is about one-third of the original Bengal yet administrative expenses continue to be the same as ever, at the top specially. The officers continue to draw—I do not know why—the same salaries as before and their travelling and other allowances continue to be as handsome as ever before. The votaries of plain living and high thinking, the habitual wearers of *khadi*—I do not mean of course the Hon'ble Finance Minister but the others and the gentlemen sitting opposite who have been used to third class travelling only yesterday—are behaving, to say the least, atrociously as soon as they have come to power, and yet they pretend that this is a people's Budget and the difference between man and man shall be abolished.

Expenditure on Police, I find of course, covers as large a percentage of the whole Budget as before, and is about the same as was spent in undivided Bengal. Of course this must be done logically from the path that has been traversed by the Government both in the past and is seeking to traverse through this particular Budget, because if the Ministers have not laid the basis whereby some good will be done to the people, whereby the wages of workers will be raised or whereby unemployment shall be prevented, then the police force has got to be increased and they have to be sent out to the villages and the towns in order to bring about or preserve, as they would say, safety and stability of the State from the workers and the *kisans* when they ask for more wages, more rice, more food, more cloth. And the workers have to be compelled by more expenditure on account of police to be slaves of the capitalist class, so that they may not protest that they are not being given sufficient food to eat. Therefore I say that this expenditure on Police Budget is logical.

I also find a very interesting expenditure introduced by the Hon'ble Finance Minister along the lines of Mr. Suhrawardy in the past. That is an expenditure for trade union activities on the right lines and such other things. About Rs. 3 lakhs and 33 thousand are going to be spent on that account. I know that this used to be done by Mr. Suhrawardy when he wanted to build up Government controlled and Government dominated trade unions in order to break other trade unions of the workers. Today in the I.N.T.U.C. of Dr. Suresh Chandra Banerjee the present Government have got their own organisation and men to do the same thing, and that is why perhaps this money—the money which the workers probably will not give to the I.N.T.U.C.—is being provided for them by the present Ministry. This of course is in the tradition of fascist trade unions in Germany and in Italy in the past. Dr. Goebbels and Dr. Ley were there in Germany and there are doctors in our country who are going to do the same job for the capitalist class and the money has been provided on that account.

If we turn to Irrigation and Agriculture, we find the Hon'ble Finance Minister has taken some pains to show us that a little more money will be spent on Agriculture in proportion to what was spent during the last Budget. That is quite true. A few lakhs extra are being spent on Agriculture and Irrigation, but that does not make any qualitative change. A few lakhs extra are to be spent to meet the needs of the people and if we

consider the needs of the people, we shall find that this is but a drop in the ocean, and the Hon'ble Minister also probably realises it. The chief necessity today as has been recognised by the Congress, by everybody in fact in the country, is the abolition of the zemindari system—the very system which corrupts people, the very system which confines people to poverty, illiteracy and degradation generally—but we find that there is no such attempt worth the name which is being made for the abolition of the zemindari system, probably because the gentlemen sitting opposite have started representing this very class. It has even been recognised by capitalist economists, spokesmen of capitalist classes, that the zemindari system should go and some other form of relationship should be established between the *kisans* and the Government. Even then we find in the first Budget of free Bengal that no such provision, honest, straightforward provision, has been made to that effect. You may spend one, two, three, four, five or ten lakhs or more on agriculture for supplying seeds, manures, iron, steel, etc., to the *kisans*, but that will go down the drain into undesirable hands and nothing will remain and no result will be seen within one year or two years.

Similarly with regard to Industries, it has been very kindly impressed upon the country and specially the capitalist class that a large section of industry will continue to be left to private enterprise. In the true tradition and role which the present Government have taken, they have said this. I do not blame the Hon'ble Finance Minister although he himself is a capitalist. I shall not blame the Finance Minister because I know that this is being followed by the other Congress Ministers as well. People who have been in the Congress, who have fought—I do not know whether they fought for high ideals but who have preached high ideals in the past—are enunciating this policy and probably that is why they have brought inside their Governments the Hon'ble Sir Sannukhan Chetty, Dr. Bidhan Chandra Roy and Mr. Nalini Rangan Sarker. They have said very plainly, Sardar Patel, for instance, told the capitalist class "why are you afraid?"—

(An honourable member from the Muslim League benches crossed the Chair.)

MR. DEPUTY SPEAKER: Order, order. It is my painful duty to warn the honourable member not to cross the line between the Chair and the speaker. (A VOICE: I am sorry.)

SRI JYOTI BASU: Sir, I shall not blame those gentlemen who have prepared the Budget. They have done so on the guidance of Sardar Patel and his friends and they have told the capitalist class plainly "Why are you afraid? You have your representatives within the Congress Government". Therefore, I need not further dilate on Industries. We know what kind of economy we shall get in our country when there is a crisis of Capitalism all the world over. Even in that land of the new masters of some of the gentlemen sitting there, i.e., America, there seems to be some sort of crisis brewing and therefore today to leave industries in the hands of private enterprise will not help our land and within a very short time we shall see a tremendous economic crisis besetting our dear land. Then of course the workers shall be blamed that they are not producing and the *kisans* will also be blamed that they are not producing and that the fault shall be theirs.

We find that Government have provided Rs. 20 lakhs for *bustee* improvement, and that will mean probably Rs. 2 per head in place of Re. 1-8 per head which was sanctioned by the then Suhrawardy Government, because there was then over a million of *bustee* dwellers in Calcutta but their numbers have grown by now as people have come from East Bengal and other places.

Then, Sir, Rs. 50 lakhs has been granted for middle class families. It is a very paltry sum and I do not know how it will be spent, but by this amount not more than 300, 400 or 500 families can be accommodated.

Then there is not a word in this Budget speech about requisitioning cement, steel, iron, bricks and other materials which are required for building purposes. We know that even private persons would be ready to build houses if they are supplied with materials at controlled rates. We know this was denied to us during the war, neither did Government undertake to build houses, and it was denied to private individuals as well. But today there should not be any such question. Yet how can the present Government, the Ministers, displease their Capitalist friends, those people who have cement factories, who have iron and steel factories, and so on? Therefore there is not a word about that. We are told that a few lakhs are going to be spent for solving the great housing problem of West Bengal.

There are one and half pages devoted to increase in pay in the Budget speech. As far as I remember and I know, Dr. Ghosh, the last Premier of our province, promised that the Pay Commission's scales would be paid to the Government employees, and on a calculation we find that that probably would have cost us 3 crores of rupees or a little more, but one crore has been sanctioned by the present Ministry. I also hear that even though provision for greater expenditure was incorporated in the first draft of the Budget when it was prepared, the present Hon'ble Finance Minister crossed that out and made this grant. I do not know why, because everybody knows today about the condition of middle class employees who work in offices. There is not a home in the whole of Bengal where there is no suffering—not one. There is not a home where we do not see the tears of our mothers and sisters. This is not unknown to the Congress Ministers, but still even this paltry increase in their wages has been denied to them; that which has been won after tremendous battles by the Central Government employees has been denied to the Bengal Government employees. On the other hand, adding insult to injury, we find that they are being told that the Government of a country is not a profit-making institution. A lecture is being delivered to them as to how under the free condition they must learn to do service to the people. I think that had better be delivered first in Writers' Buildings and that at the top before we come down to preach lecture on services to the State, to people who get 30, 40 or 60 rupees. I think the Ministers, who besides their pay as Ministers earn hundreds and thousands of rupees through business, contract, etc.—the first thing they should do is to deny themselves of the pay they get from the Government, and start self-denial from the top, before they come to the bottom.

The Hon'ble Sri NALINI RANJAN SARKER: They have given it up when they joined the Government.

Sri JYOTI BASU: Of course the Hon'ble the Finance Minister tells us that he has given it up.

The Hon'ble Sri NALINI RANJAN SARKER: Everybody has given up.

Sri JYOTI BASU: I do not know of everybody. But if he has given up or Dr. B. C. Roy has given up their huge business concerns and for service to the motherland joined the present Cabinet, it would be a very good example if it were true. I know that even today—and that cannot be denied by those Hon'ble gentlemen—they are connected with the biggest concerns in Bengal either as Directors, or God knows, what, because I am unable to make out as to how they are earning their profit. Sometimes I do not find their names in the prospectus, books and so on, and yet businessmen have their own way of earning money through these concerns. We know, for instance, who are the gentlemen amongst Ministers who are connected with this Exhibition—this huge show. We know what profit they are going to make through this concern. But my point is not particularly directed at them, because to my utter shame and surprise, after the Congress has come into power, I see some people—ordinary people—rushing in and out of the

Ministers' rooms to get contracts and the like. I have seen that myself. I know that such things are happening. Therefore let us reserve our lectures for our ourselves before we deliver them to the poor clerks who have been denied the Pay Commission's scales.

Sir, I do not find anything in the Budget about the unemployment problem. The other day I visited the Civil Supplies Department and some clerks came to me and asked me whether I would raise their question in this Assembly. Now, there was no need for them to ask me to do so, because everybody knows that hundreds and thousands of these men like the Military Accounts people are going to be retrenched within a short time. There is no scheme of the Government for paying unemployment doles as in England and other countries: there is no scheme that they shall be taken in in other jobs and other industries which are going to be built in our country. I know they will be told, "for your motherland and for service to your country keep quiet even though you are retrenched". They shall be told that for three years they must not go on strike; they will be sabotaging the free Government of India if they go on strike. "But if you are unemployed, then with your wives and children and parents go out into the streets or do what you like, but Government shall not take care of you". That is the sort of civilised government which exists in our country.

Sir, I find that not sufficient provision has been made, as was used to be made under the Suhrawardy Government, for procurement of food, of rice and other things to be supplied to our people at low prices or even free because that may be necessary, for otherwise starvation will be the order of the day with many hundreds and thousands of families in the towns and the countryside. Generally speaking, I cannot—I have tried to read this Budget speech and the Red Book—understand. I did not have a picture, an integrated picture, of plans which are going to emerge out of the provisions of the Budget which has been placed before us, because I suppose the details have not been worked out; they will be done by the different departments of the Government as the Hon'ble Finance Minister told us. Therefore we shall wait and watch and see what happens within the course of one year even with regard to the plans which have been made in this Budget, even with regard to the grants which have been made under the different heads of Agriculture, Education, Irrigation, Housing and so on—whether the whole sums are spent. We shall see on what they are spent, whether on middlemen or whether the money goes to the benefit of the poverty-stricken people.

Mr. Deputy Speaker, I shall not take much more time but I shall say that an illusion has been created in the minds of the people that we are at least free and that the last Britisher has left our shores. Therefore, naturally there are high expectations among the people and the people after the 15th of August were looking forward to peace and plenty in our land, they were looking forward to the foundation of a new civilisation in our country, but they are being disappointed week after week, month after month. I know that the Government has control over the so-called nationalist papers and therefore in many of them we find that it has been trumpeted that this is a people's Budget, but how nobody has told us. It is being told over the radio, through the newspapers and in this Assembly that this is a people's Budget, that in the Budget foundations have been laid whereby we shall not see any longer the difference between man and man, but we do not know the details as to how this is going to happen. On the contrary I find from my reading of the Budget that this is in the tradition of our British Imperialist masters. The Budgets that have been prepared for them by the Hon'ble Finance Minister were of the same nature as is being given to us now when he is also a Congress Finance Minister. I would suggest that the way to move forward is not through these means. It cannot be done, neither can you raise revenues by these means which the British taught us, nor can you spend money and benefit the people in the usual ways of the British Capitalist masters.

I remember on the first day the Hon'ble Prime Minister, Dr. B. C. Roy, told us that we must not confine our attention to our own country but look around—he had just come back from a European and American tour. Therefore I shall also look around but not at America. I find that in the Eastern European countries where new democracies are arising, they are behaving in quite a different fashion. Those are peoples' Republics. Therefore they do not raise bogeys of difficulties. What they have done is to take land from the rich zemindars and jotedars and distribute the land to the peasants. They have discussed their plans with the common people of those countries in Yugoslavia, Czechoslovakia, Rumania, Poland, etc., and through discussions with them they have roused enthusiasm and therefore they have found youths building railways free. They do not take wages because they feel that railways are theirs and therefore for their country they must work. The factories—the main, chief factories and industries—are being taken off from the hands of the Capitalists. There are no Birlas, Ispahanis, Tatas in those lands. They are finished for good and therefore the factories are the property of the people, of the workers, peasants and other sections of society and therefore when the people see that this is happening in front of their eyes they really feel that a new civilisation is growing in their land, that is why they work for their land free; if necessary they give their lives for their motherland because they feel that is their motherland. Unfortunately, instead of taking lessons from those countries, our Governments look to America and our masters, the British. That is why we are in this sorry mess today.

I feel that this is a political matter; it is not merely the fault of the Bengal Government but it is the fault of the Congress Government as a whole, because they have taken the path of reaction, the path of kowtowing to the capitalist and zemindar classes. They are behaving as their representatives and that is why they got rid of the Excess Profits Tax, and that is why they have started a new venture, some sort of Finance Corporation. I wonder whether those are going to be along the lines of the Fascist corporations which were built in Italy. I am afraid that it may be somewhat on those lines.

However, Mr. Deputy Speaker, before I sit down I would urge upon the Ministers—I shall not separate the representatives of the capitalists themselves who are in the Ministry from the others who are habitual wearers of *khadi*, as they say—I shall not differentiate between them because there is no difference, because today they are following the same path—I urge upon them if they are at all serious about doing any good to the people, then tear asunder the Budget which has been placed before us. It is the height of affrontery to tell us today that this is a people's Budget. The people are nowhere in the picture except that they have to pay—that is the only place where the people come in. Therefore the first people who congratulated the Ministry on their presenting this Budget in free Bengal were the Capitalist sections, were the industrial organs, when they said that this is a great Budget which has come before us. Whatever the so-called nationalist papers may say—and I believe some of their editorials are being inspired from other places—whatever that be, the people will not be hoodwinked and cannot be hoodwinked today. The people shall understand day after day through their privations and suffering that this is not their Budget. They shall understand that the present-day Government is following in the footsteps of the old Imperialist masters, and as such, the people shall very soon come on their own and ask the present gentlemen to relinquish their position. If they cannot rule in the people's way, let them quit and let others present their Budget who can rule in the people's way as people's representatives.

Sri BASANTLAL MURARKA : মাননীয় স্পীকার মহোদয়, পশ্চিম বঙ্গের বাণ্যেরিক
মার্জিত সম্বন্ধে আমি আজ আমাদের প্রাদেশিক ভাষার বঙ্গিয়ার প্রদর্শন করিতেছি। এই ভাষার উপর
আমার বিশেষ আস্থা না থাকায় প্রতি অবশ্যম্ভাবী; উক্তব্য জানা করি আমাকে ক্ষমতা করিব।

আমার ক্ষমতা বলিবার পূর্বে মাননীয় অর্থসচিব মহোদয়কে কৃতজ্ঞতা প্রকাশ করেছি।

মাননীয় অর্থসচিব মহোদয় যে তাঁহার বাজেটে দেশসেবকগণকে স্মরণ করিয়েছেন এবং আমাদের দুঃখ-দুঃখা নিবারণকল্পে সরকার যে যত্নবান হয়েছেন তাহা অতীত আনন্দদায়ক।

কুটীর শিল্পের উন্নতিকল্পে সরকার পক্ষ হইতে যতটা করা উচিত ছিল ততটা করা হয় নাই। বাংলা বিভাগের পর আমাদের প্রদেশকে আবার নতুন জীবন দান ও শক্তিশালী করিতে হইলে কুটীর শিল্পে বহুল প্রচার ও বৃদ্ধি আবশ্যিক। আমি প্রায়ই শুনিতে পাই, আমাদের মন্ত্রী মহোদয়গণ বলিয়া থাকেন যে শিল্প জাতীয়করণের জন্য ব্যয় করিলে দেশের উন্নতি হইবে। ভারত সরকারের প্রধান মন্ত্রী মাননীয় জহরলাল নেহেরু মহাশয় স্পষ্টই বলিয়াছেন যে দেশের উৎপাদন শক্তি বাড়াইতে হইবে; কিন্তু আমাদের বাজেটে উৎপাদন বৃদ্ধিকল্পে পরিণত চেষ্টা দেখিতে না পাইয়া অভিশর দৃষ্টিতে ও হতাশ হইলাম। ইহা বিবেচনা করিতে হইবে যে আমাদের এই প্রদেশের ভবিষ্যৎ আশা ও ভরসা, কৃষি ও শিল্পজাত দ্রব্য উৎপাদনের উপর সম্পূর্ণ নির্ভর করে।

পশ্চিম বঙ্গের পূর্বে সীমান্তে প্রায়ই গোলাঘোরের সংবাদ পাওয়া যাইতেছে। সুতরাং পূর্বে সীমান্তবন্দু ও নিরাপদ করার জন্য সরকারের শীঘ্রই উপযুক্ত ব্যবস্থা অবলম্বন করা প্রয়োজন। ম্যাঙ্গেরিয়া নিবারণ কল্পে যে ব্যয় বরাদ্দ হইয়াছে তাহা প্রয়োজনের তুলনায় অল্প। যে দেশে প্রতি বৎসর হাজার হাজার মৃত্যুবান জীবন এই ব্যাধিতে অকালে ধ্বংস হইতেছে ও জনবহুল গ্রাম সকল জনশূন্য হইতেছে, সরকারে এই অল্প বরাদ্দ তাহা রোধ করিতে অক্ষম। জাতি ধ্বংসমুখে আর মাছাতে অগ্রসর হইতে না পারে ততজন যথেষ্ট পরিমাণ অর্থ ব্যয় করিয়া ম্যাঙ্গেরিয়া নিষ্কূল করার চেষ্টা করা উচিত।

ভারতবর্ষ হইতে ইরাকজগৎ চলিয়া যাইতেছে এবং ইহার সঙ্গে ইরাকী ভাষার ব্যবহারও ত্রুটি পাইতেছে এই শূভক্ষণে রাষ্ট্র ভাষার প্রচলন একান্ত বাঞ্ছনীয়। আশা করি সরকার এ বিষয়ে অবহিত হইবেন। ইহার কলে এক প্রদেশের পছন্দ অন্য প্রদেশের এবং কেন্দ্রীয় সরকারের কার্য-পরিচালনা ও ভাব বিনিময়ের বিশেষ সুবিধা হইবে।

আমি একটি বিষয়ের প্রতি সরকারের দৃষ্টি আকর্ষণ করিতেছি। কলিকাতার তিহারীর সমস্যা জটিল নিদারুণ হইয়াছে। সরকার পক্ষ হইতে তাহাদের কর্মসংলব্ধি করাওয়া কোন না কোন কার্যে ব্যাপৃত রাখা একান্ত প্রয়োজন, নচেৎ এই সমস্যার সমাধান হইতে পারে না। সরকারের Kancharipara উন্নয়ন পরিকল্পনা প্রশংসনীয়। ইহার দ্বারা বহু মধ্যবিত্ত পরিবারের বসবাসের সুবিধা হইবে। কিন্তু এ বিষয়ে আমার কিছু বক্তব্য আছে। ঐ একাকার কলিকাতা পিজরাপোলার বহুল পরিমাণ জমি সরকারের অধিকারে রহিয়াছে। তন্মধ্যে এই প্রতিষ্ঠানের গো-জাতির উন্নতিকল্পে নানারূপ পরিকল্পনা কার্যে পরিণত করা সম্ভবপর হইয়া উঠিতেছে না। সরকারের নিকট আমার একান্ত নিকেন্দ্র যে তাঁহার যেন এই প্রতিষ্ঠানের জমি ছাড়িয়া দিয়া আমাদের দেশের সম্পদ পো-হাউসগণকে ধ্বংস হইতে রক্ষা করেন।

প্রদেশের খাদ্য উৎপাদন বৃদ্ধির বিশেষ প্রয়োজন। সেইহেতু সরকার পক্ষ হইতে কনের লাগল ক্রয় করিয়া বড় বড় কৃষিজীবীদের মধ্যে বণ্টন করিয়া দেওয়া ও সমবার প্রতিষ্ঠান স্থাপন পূর্বক বিস্তীর্ণ ভূমিতে কৃষিকার্য চালাইবার ব্যবস্থা করা একান্ত প্রয়োজন।

পরিশেষে, সরকার সাধারণের গণনাগমনের সুবিধার্থে বাসের সংখ্যা বৃদ্ধির যে পরিকল্পনা করিয়াছেন তাহা প্রশংসনীয়, এবং অচিরে বাছাতে উক্ত পরিকল্পনা কার্যে পরিণত হই তন্মধ্যে সরকারের দৃষ্টি বিশেষভাবে আকর্ষণ করিতেছি। জয় হিন্দ।

Sri SATISH CHANDRA BOSE: Mr. Deputy Speaker, Sir, before proceeding with my discussion I shall extend my felicitations to the Hon'ble the Finance Minister for his Budget statement, remarkable for clarity and precision. In the Budget statement there is no beating about the bush, no empty rodomontade, but it is a clear, straightforward Budget statement.

One remarkable feature of the Budget is that there is no proposal for fresh taxation to cover the small deficit of one crore of rupees on revenue account. As was said by Burke, "it is not possible for anyone to tax and to please no more than it is to love and be wise". I think the Hon'ble the Finance

Minister appreciates the observations of Edmund Burke. The tax-payer overburdened with the weight of taxes direct and indirect will heave a sigh of relief over this. It is no use in these days of public distress to attempt to tap fresh sources of revenue. On the contrary I suggest that the Centre should be approached for a fairer and more equitable allocation to West Bengal of the revenue derived from West Bengal from income-tax and other sources. Take for instance, income-tax. As far as I understand, revenue derived from income-tax from the province of undivided Bengal was over Rs. 20 crores, out of which Rs. 19 crores was derived from Calcutta itself and the rest of the province contributed only one crore. The Centre should be approached to allocate at least half of Rs. 19 crores to West Bengal out of the income-tax revenue. We should press for the allocation of 50 per cent. of the income-tax revenue which is derived from Calcutta itself, i.e., Rs. 9½ crores. Bengal is not a solvent province, and more substantial help from the Centre is imperative.

On the question of the Education Grant, one remarkable feature of the statement is that under the Education Budget provision has been made for facilities in various directions. The late bureaucratic Government and the last Government pursued a policy of obscurantism in the matter of Education and made the bulk of the people grow up in ignorance. Let us hope that under the aegis of the new Government the light of knowledge will be more widely spread. I think it was Goethe who said when the shades of evening were deepening on him, "more light, more light!" Education has been defined as the transmission of light and life from the living through the living to the living. Let us hope that under the new dispensation the light of knowledge, like the sun above, will shine equally on the rich, the poor, the lowly, the depressed and the repressed. Well, on the subject of education I cannot forget the solid and real contributions made by two sons of Bengal—real patriots, undoubted patriots they were to the advancement of scientific knowledge and scientific research—I mean Sir Rashbehari Ghose and Sir Taraknath Palit. They gave their all to the province so that the Bengalees may find a place in the world of science, but to our shame they passed away from the land of their birth unwept, unhonoured and unsung. All India is benefited by their munificence. I suggest another method for spreading the light of knowledge—a rapid method by which the track of years may be covered by the march of months. This will be through the media of cinemas in the villages. By installing cinemas in the villages and by radio broadcast and extension of cinema films, the untaught may be taught quickly and rapidly. I am glad to find that in the Budget statement there is no stringency, no parsimony in the matter of grant to education. Parsimony in the matter of educational grant would, I say, be false economy.

As regards expenditure under the head "Police", I find that the police has got the pride of place. Hitherto the police failed to inspire confidence. Let us hope that with the dawning of the new era the police may henceforth be inspired by the spirit of service and will be able to justify the huge expenditure under the head "Grant to Police".

Public health should not be neglected and I think the subject of public health has not been neglected in the budget. The health of the people is a valuable national asset, and an expenditure in the matter of public health is never wasted.

Then I come to the housing problem. There I find fifty lakhs for housing schemes for middle class people in Calcutta and its environs, twenty lakhs for housing of inmates of slums of *bustees*, fifty lakhs for the Kanchrapara Area Development scheme. Sir, this is only a drop in the ocean. More extensive public and private encouragement should be forthcoming for dealing with the problem of housing on a comprehensive scale. I sound a note of caution that the money does not fall in the hands of speculators, racketeers, black-marketiers and other anti-social elements. What I would suggest is that

those middle class people who want to build houses of their own should be provided with building materials such as iron, steel, cement at controlled rates. That would be a great help and impetus for building houses.

Under Medical and Agriculture I find, 1.05 lakhs and 2.31 lakhs respectively, under Forest, 27.52 lakhs, Irrigation, 1.47 lakhs, Agricultural Development, 82.27 lakhs. Now about Agriculture. In my home district of 24-Parganas, for instance, we find desolate and deserted villages. Many lands are lying fallow. But these villages by irrigation and by grants of agricultural seeds could be converted into smiling villages. We find most of these villages are water-logged; most have become fallow and wastes, and we find vast stretches of waste land in villages and nothing is grown there. Now, while agricultural seeds are to be given to agriculturists I sound another note of caution and that is that seeds which would be given to them should be genuine and good seeds because the agriculturists have to pay for them and they should not be supplied with seeds which do not germinate like the boats which never floated. I find from the budget statement that greater emphasis has been laid on neglected nation-building items. We should put on full steam in putting through nation-building programmes. Stress should be laid, as has been laid in the Budget statement, on the development of cottage industries. Every village in the good old days had its own cottage industries. Let them start *charkha* there and other industries and also sericulture should be there. There should be cultivation of silk in 24-Parganas because I am aware that as an experimental measure it was quite successful there. West Bengal's economy should be based on a sound footing by the development of her resources. Now as many things have to be done about the abolition of zamindaries, what I would suggest is these two ways: first, agricultural co-operative farming and consolidation of holdings because most of these holdings are uneconomic. The minimum economic holding should be at least twelve bighas. Generally the holdings are scattered in the village and one man has got twelve small plots in twelve different areas. Instead of that, consolidate the holdings into one and start agricultural operations on that basis. About the abolition of zamindaries mere change of masters will not do, that is, in place of present landlords do not bring in khas mahal system. The khas mahal landlords are the most unsympathetic landlords. I will tell an instance which happened in Orissa. In the Khurdah khas mahal the patwari was noted for his rapacity, corruption and bribe-taking. He was dismissed by the Collector and he filed an appeal to the Commissioner. The Commissioner admitted the appeal and directed the Peshkar to issue notices on the dismissed *sarvarkar* and newly appointed *sarvarkar* to appear in his Court. When the appeal was being heard he sent for the new *sarvarkar* and looking at him he said, "This man looks every inch a rascal. Send for the old one". Looking at him, he said, "He too looks a rascal". Then why should I part with my old rascal. He dismissed the newly appointed *sarvarkar* and reinstated the old *sarvarkar*. Therefore mere change of landlords will not be of any avail. Land belongs to the cultivator. It was decided long ago when the great rent case was first argued before the full bench that the land belongs to the cultivator who tills the soil. Proceed on this basis. Give the land to the cultivator. Give him a consolidated holding. Give him an economic holding. If there is agriculture—full production; then our woes and worries would be over and our days of disappointment and distress would soon be over.

Jai Hind.

Adjournment.

The House was then adjourned at 5.47 p.m. till 3.45 p.m. on Monday, the 23rd February, 1948, at the Assembly House, Calcutta.

Proceedings of the West Bengal Legislative Assembly assembled under the provisions of the Government of India Act, 1935, as adapted.

THE ASSEMBLY met in the Assembly House, Calcutta, on Monday, the 23rd February 1948, at 3-45 p.m.

Present:

Mr. Speaker (the Hon'ble Sri ISWAR DAS JALAN) in the Chair, 10 Hon'ble Ministers and 54 Members.

STARRED QUESTION

(to which oral answer was given)

Abolition of Control System.

*4. **Sri ANNADAPRASAD MANDAL:** (a) Will the Hon'ble Minister in charge of the Civil Supplies Department be pleased to state whether he is considering the desirability of abolishing the control system at once?

(b) Is the Hon'ble Minister aware about the distress of the people in regard to supply of food, cloth and other daily wants of life?

(c) If so, will the Hon'ble Minister be pleased to state what steps he has taken to meet the distress of the people in regard to these?

The Hon'ble Sri PRAFULLA CHANDRA SEN: (a) Salt, sugar, pulses and consumer goods and textiles have already been decontrolled. Regarding rice, paddy, wheat and wheat products the honourable member is referred to the Press announcement made on the 10th December, 1947. Abolition of control over other articles is under consideration of Government. So far as West Bengal is concerned immediate decontrol of cereals is out of the question.

(b) Yes.

(c) The honourable member is referred to the answer to part (a) of the question. It is hoped that with gradual decontrol and restoration of normal trade for which there has been such a strong demand from the public, trade will realise their responsibility and play their part fairly. So far as rice and paddy are concerned, this Government are immediately embarking upon a programme of intensive procurement of the new crop within the Province. Distress of people with regard to food and cloth will continue so long as long-term schemes, such as Damodar and Mor, are not completed and industries developed. All short-term schemes under contemplation of the Government will need the co-operation of the people who alone can alleviate the distress. As regards other articles, this Government have made representations to the Centre for increased supplies.

Sri SATISH CHANDRA BOSE: Is the Hon'ble Minister aware that rice is now being sold in black market?

The Hon'ble Sri PRAFULLA CHANDRA SEN: Yes.

Sri SATISH CHANDRA BOSE: At what price rice is being sold in black market?

The Hon'ble Sri PRAFULLA CHANDRA SEN: It varies from Rs. 25 to Rs. 40 per maund.

Sri SATISH CHANDRA BOSE: Is the Hon'ble Minister aware that textiles are being sold in black market?

The Hon'ble Sri PRAFULLA CHANDRA SEN: It is decontrolled and therefore there is no black market.

Sri ANANDILAL PODDAR: What is the source of information of the Hon'ble Minister about the present black market?

The Hon'ble Sri PRAFULLA CHANDRA SEN: It is the usual source.

Sri ANANDILAL PODDAR: What is the meaning of "usual source" and what actions are being taken by the Government to find out the real place of this black market?

The Hon'ble Sri PRAFULLA CHANDRA SEN: Usual source is the usual source.

Sri ANANDILAL PODDAR: Sir, I want a definite answer; I want your protection.

The Hon'ble Sri PRAFULLA CHANDRA SEN: No definite answer can be given to a thing like that.

Sri RAJANI KANTA PRAMANIK : মাননীয় মন্ত্রী মহাশয় দয়া করে বলবেন কি—যখন এই কাপড় decontrol হ'ল তখন Bengal Textile Associationএর কাছে যে সমস্ত কাপড় ভ্রমা ছিল, সেগুলি কিতাবে distribution হ'ল?

The Hon'ble Sri PRAFULLA CHANDRA SEN : Bengal Textile Associationএর কাছে প্রায় ৪৫ হাজার গাউ কাপড় frozen রয়েছে। সেই কাপড়ের উপর ভারত গভর্ণমেন্ট যে কর বাসিয়েছেন সেই কর তারা দেয় নাই বলে এখনও তা বাজারে বেরতে পারে নাই।

Sri HEMANTA KUMAR BASU : মাননীয় মন্ত্রী মহাশয় বলবেন কি—যে সমস্ত কাপড় বাজারে দেওয়া হয়েছে তাতে যে দাম ধরা হয়েছে তার চেয়ে উচ্চ দরে বাজারে কাপড় বিক্রী হচ্ছে?

The Hon'ble Sri PRAFULLA CHANDRA SEN : ভারত গভর্ণমেন্ট সমস্ত কাপড়ের উপর থেকে control তুলে দিয়েছেন। সুতরাং তার দাম কি আছে কি না আছে সেটা বর্তমানে বিভিন্ন সাল্লাইএর জানা দরকার নাই।

Sri HEMANTA KUMAR BASU : গভর্ণমেন্টের কি কর্তব্য নয় কোন জিনিষ যদি উচ্চ দরে বিক্রী হয় এবং তাতে যথেষ্ট লাভ হয় তার জন্য কোন পৃথক ব্যবস্থা অবলম্বন করা?

The Hon'ble Sri PRAFULLA CHANDRA SEN : গভর্ণমেন্ট এ জিনিষটা ভালভাবে লক্ষ্য করছেন এবং যদি আমরা দেখি যে decontrolএর ফল খারাপ হচ্ছে, তাহলে আমরা ভারত গভর্ণমেন্টকে অনুরোধ করবো পুনরায় control প্রবর্তন করার জন্য।

Sri RAJANI KANTA PRAMANIK : ভারত গভর্ণমেন্ট যখন ঐ সব কাপড় ছেড়ে দেবেন, তখন ঐ কাপড়গুলো কিতাবে distributed হবে?

The Hon'ble Sri PRAFULLA CHANDRA SEN : Normal trade channel-এর ভেতর দিয়ে হবে।

Sri BANKU BEHARI MANDAL : মাননীয় মন্ত্রী মহাশয় অনুগ্রহ করে বলবেন কি যে সমস্ত কাপড় বাজারে বিক্রী করতে দেওয়া হয়েছে দোকানদারেরা সেই কাপড় কি দরে কেটেছে? কারণ সাধারণতঃ আমরা দেখছি অতিরিক্ত দরে কাপড় বিক্রী হচ্ছে।

The Hon'ble Sri PRAFULLA CHANDRA SEN : গভর্ণমেন্ট যে সমস্ত কাপড় freezed করেছিলেন ভারত গভর্ণমেন্টের আদেশ অনুযায়ী, সেই সমস্ত কাপড়ের উপর cess বসান হয়েছে। আর যে সমস্ত কাপড়ের উপর cess বসান হয় নাই সেগুলো হুচুরা হুচুরা দোকানদাররা যে দরে ইচ্ছা বিক্রী করতে পারে।

Sri HEMANTA KUMAR BASU : Black-market বে চা'ল খিচী হয়, সে চা'লের পরিমাণ কত?

The Hon'ble Sri PRAFULLA CHANDRA SEN : তার পরিমাণ জানা নাই।

Sri PRAMATHA NATH BANDYOPADHYAY : যানবীর মন্ত্রী মহাশয় বলবেন কি—
যে পরিমাণ চা'ল গভর্ণমেন্ট কন্ট্রোলে দিচ্ছেন, সেই পরিমাণ চা'লে ক'লকাতার লোক পেট ভ'রে খেতে পাচ্ছে না?

The Hon'ble Sri PRAFULLA CHANDRA SEN : আমার মনে হয় ক'লকাতার লোক পেট ভ'রে খেতে পাচ্ছে না—যে পরিমাণ চা'ল কন্ট্রোলে দেওয়া হচ্ছে।

Sri PRAMATHA NATH BANDYOPADHYAY : Black-market থেকে কিনে যদি চা'লের অট্রা পূরণ করতে হয়, তাহলে decontrol করলে লোকে আরও স্বাভাবিকভাবে চা'ল পেতে পারে না কি?

The Hon'ble Sri PRAFULLA CHANDRA SEN : আমার মনে হয় black-market থেকে যে চা'ল সংগ্রহ করা হয়, তাতেও সকল লোক পেট ভ'রে খেতে পারে না।

Sri HEMANTA KUMAR BASU : Black-market বন্ধ করবার কি ব্যবস্থা হচ্ছে?

The Hon'ble Sri PRAFULLA CHANDRA SEN : Black-market বন্ধ করবার জন্য যা যা দরকার সবই করা হচ্ছে।

Sri ANNADA PROSAD CHOUDHURY : মন্ত্রী মহাশয় answerএর প্রথমভাগের paragraphতে যে বলেছেন—Abolition of control over other articles is under consideration of Government, সেই “other articles” গুলো কি কি?

The Hon'ble Sri PRAFULLA CHANDRA SEN : কেরোসিন, করলা ইত্যাদি।

Sri ANNADA PROSAD CHOUDHURY : কেরোসিন কি Central Government এর হাতে, না Provincial Government এর হাতে? গভর্ণমেন্টে টক্সা করলে কেরোসিন decontrol করতে পারেন কি?

The Hon'ble Sri PRAFULLA CHANDRA SEN : I want notice.

Sri ANNADA PROSAD CHOUDHURY : উত্তরের দ্বিতীয় paragraphএ মন্ত্রী মহাশয় বলেছেন যে নামোদর ও মোর পরিকল্পনা যতদিন না কার্য্যে পরিণত হয়, ও industries developed না হয়, ততদিন পর্য্যন্ত আমাদের কাপড় ও খাদ্যাদ্রব্যের দ্বেখ ঘুচবে না। মন্ত্রী মহাশয় দ্বারা করে বলবেন কি—কতদিনের মধ্যে এই নামোদর ও মোর তৈরী হ'লে আমাদের দ্বেখ দূর্ক্ষণা ঘুচবে?

The Hon'ble Sri PRAFULLA CHANDRA SEN : দুই হইতে দশ বছরের মধ্যে।

Sri ANNADA PROSAD CHOUDHURY : এই দশ বছরের মধ্যে আর কি কি করণীয় আছে?

The Hon'ble Sri PRAFULLA CHANDRA SEN : সমস্ত ছোট ছোট পরিকল্পনাগুলোকে কার্য্যে পরিণত করতে হবে।

Sri ANNADA PROSAD CHOUDHURY : সেই ছোট ছোট পরিকল্পনা কার্য্যে পরিণত হলে পর আমরা কি পরিমাণ খাদ্যাদ্রব্য পেতে পারবো?

The Hon'ble Sri PRAFULLA CHANDRA SEN : এ বিষয়ে কৃষি বিভাগকে জিজ্ঞাসা করলে ভাল হয়।

Sri KANAI LAL DE : মন্ত্রী মহাশয় তাহলে আর কত বছর যান চা'লের উপর control রাখতে চান?

The Hon'ble Sri PRAFULLA CHANDRA SEN : সেটা আমাদের দেশের ও আন্তর্জাতিক অবস্থার উপর নির্ভর করছে।

Janab MUDASSIR HOSSAIN : মাননীয় মন্ত্রী মহাশয় জানান কি এই procurement সম্বন্ধে আর cereal সম্বন্ধে ও খাদ্যশস্য সম্বন্ধে মহাশয় গাম্বীর কি নীতি ছিল?

The Hon'ble Sri PRAFULLA CHANDRA SEN : হ্যাঁ, জানি।

Janab MUDASSIR HOSSAIN : সেটা কি?

The Hon'ble Sri PRAFULLA CHANDRA SEN : মহাশয় গাম্বীর নীতি ছিল— যথাশীঘ্র সম্ভব decontrol করা।

Janab MUDASSIR HOSSAIN : সেই নীতি আপনারা কি মানেন, না, মানেন না?

The Hon'ble Sri PRAFULLA CHANDRA SEN : কোন সম্পর্কে আপনি বলছেন?

Janab MUDASSIR HOSSAIN : খাদ্যশস্য সম্বন্ধে বলছি।

The Hon'ble Sri PRAFULLA CHANDRA SEN : সমস্ত অবস্থা বিবেচনা করে ভারত গভর্নমেন্ট খাদ্যশস্য সম্বন্ধে যে progressive decontrol এর নীতি গ্রহণ করেছেন, এবং মহাশয় গাম্বী যেটা সমর্থন করেছিলেন, আমরাও সেই নীতি অনুসরণ করছি।

Janab MUDASSIR HOSSAIN : আপনি বলছেন progressive decontrol আর আমরা বাবু উত্তর দিগেন দশ বছর লেগে যাবে।

The Hon'ble Sri PRAFULLA CHANDRA SEN : দশ বছরের মধ্যে অবস্থা ভাল হবে—এই কথাই বলা হয়েছে—কন্ট্রোল ওঠার সম্বন্ধে কিছু বলা হয় নাই।

Janab MUDASSIR HOSSAIN : তবে আপনার কন্ট্রোল করবার উদ্দেশ্যটা কি?

The Hon'ble Sri PRAFULLA CHANDRA SEN : কন্ট্রোলের উদ্দেশ্য হচ্ছে গ্রামে যাতে দুর্ভিক্ষ না হয় সেইজন্য সহরের লোককে কম খাওয়ান।

Janab MUDASSIR HOSSAIN : Black-market বন্ধ করাও তো একটা উদ্দেশ্য। যদি black-marketই চলতে থাকে তাহলে উদ্দেশ্য পাশিত হ'ল কি করে?

Mr. SPEAKER: The honourable member will sit down when the Hon'ble Minister replies

The Hon'ble Sri PRAFULLA CHANDRA SEN : আপনারা যদি black-market না কেনেন, তাহলেই Black-market বন্ধ হয়ে যাবে। গভর্নমেন্টের তরফ থেকেও black-market বন্ধ করবার যতদূর সম্ভব চেষ্টা হচ্ছে।

Sri KANAILAL DASS: On a point of order Sir, I submit that all questions should be addressed to the Speaker.

Shaik MOHAMAD RAFIQUE: Will the Hon'ble Minister be pleased to state what action Government is taking against those who are selling rice at black market rates at Dhapa, which is only 2½ miles from the Government House?

The Hon'ble Sri PRAFULLA CHANDRA SEN: When they are caught they are punished.

Shaik MOHAMAD RAFIQUE: Will the Hon'ble Minister be pleased to state if every day more than 25 people sell rice at that place?

The Hon'ble Sri PRAFULLA CHANDRA SEN: I have no information.

Shaik MOHAMAD RAFIQUE: Will the Hon'ble Minister be pleased to state if he intends to go to that place to-morrow?

The Hon'ble Sri PRAFULLA CHANDRA SEN: If necessary, I will go.

Mr. SPEAKER: The Hon'ble Minister will please stand up when he replies.

Janab JASIMUDDIN AHMED : কান্দো বাজারের চাঁসের দাম বন্য হয়েছে—তাহ'লে সাদা বাজারের দামটা কি গ্রামাঞ্চলে ও কমকাতার?

The Hon'ble Sri PRAFULLA CHANDRA SEN : এ প্রশ্নের উত্তর supplementaryতে দেওয়া হয়েছে।

Janab JASIMUDDIN AHMED : সেটা বলছেন কান্দো বাজারের দাম। সাদা বাজারের দামটা কি বাংলাদেশের গ্রামে?

The Hon'ble Sri PRAFULLA CHANDRA SEN : বাংলাদেশে এক এক জেলাতে এক এক রকম rate. আমরা কোন rate বেঁধে দেই নাই। সব জায়গায় এক রকম rate নয়।

Janab JASIMUDDIN AHMED : তাহ'লে গ্রামাঞ্চলে চাঁসের কোন বাঁধা দাম নেই?

The Hon'ble Sri PRAFULLA CHANDRA SEN : গ্রামাঞ্চলে চাঁসের দাম বেঁধে দেওয়া হয় নাই।

Janab MD. KHUDA BUKHSH: গ্রামাঞ্চলে চাঁসের দাম বেঁধে দেওয়া হয় নাই—তবে সেখানে কেনা কো হচ্ছে কি দরে?

The Hon'ble Sri PRAFULLA CHANDRA SEN : যেখানে procurement area সেখানে চাঁসের দাম বাঁধা, আর non-procurement areaতে কোন চাঁসের দাম বাঁধা নাই।

Sri ANANDILAL PODDAR: Is the Hon'ble Minister aware of the fact that wherever and whenever things were decontrolled prices have come down and things have become available at less than controlled rates?

The Hon'ble Sri PRAFULLA CHANDRA SEN: Yes.

Sri ANANDILAL PODDAR: Then what is the reason for not decontrolling rice and wheat?

The Hon'ble Sri PRAFULLA CHANDRA SEN: Because it is risky as the supply is very short.

Sri ANANDILAL PODDAR: What is the reason that the decontrolling of sugar and cloth was not risky?

The Hon'ble Sri PRAFULLA CHANDRA SEN: Because it was decontrolled just at the right moment.

Presentation of the Report of the Select Committee on the West Bengal Premises Rent Control (Temporary Provisions) Bill, 1947.

The Hon'ble Sri MOHINI HOMAN BARMAN: Sir, with your permission I beg to present the Report of the Select Committee on the West Bengal Premises Rent Control (Temporary Provisions) Bill, 1947, which is due before the House.

General Discussion of the Budget.

Janab MUSHARRUFF HOSSAIN: Mr. Speaker, Sir, I rise to make just a few remarks on the budget statement that has been presented before the House by the Hon'ble Finance Minister. Before entering into the financial side of the budget my friend has given us a political picture of West and East Bengal compared to other parts of India. He has said that the innate good sense has begun to assert itself, and to West Bengal belongs the proud distinction of being the first to recover sanity. This remark of

the Hon'ble Minister might hold good in the case of South Bengal but I am sorry to say that that is not the case so far as Jalpaiguri and Darjeeling districts are concerned. There the same insane outbursts which prevailed in other parts in India have not yet disappeared. The Government there exists in name only, but in reality mob rule exists there in its entirety. The police and the magistracy are both absolutely under the control of Congress volunteers, Congress caste-Hindu M.L.A.s and the officers have to work under the directive of the members of the Congress organisation. The magistracy there exists in name only, but they are hopelessly and helplessly under the guidance of these people. In course of a search of the house of a prominent citizen the police seized some of the papers found and left the rest to the Congress Volunteers for examination. At the dictation of Congress workers, Jalpaiguri has been robbed of the services of practically all Muslim lawyers, doctors and business men. When I present this picture of the political events in my own district, my friends opposite may say that this is due to the Ordinance that has been promulgated against the Muslim National Guard organisation. But I may tell my friends opposite that at present there is no national guard organisation in the district of Jalpaiguri. Whatever organisation existed there prior to 15th August last has transferred itself to Pakistan areas and no trace of any paper concerned with that organisation could be found in the search conducted by the police. If members of all professions and trades are to be put in jail or are to be threatened to be arrested, what would be the desire of such people there to save themselves save and except that of transfer of population on Governmental basis? Do my friends opposite desire that 53 lakhs of Muslims of West Bengal should be transferred to East Bengal and the East Bengal Government should be asked to transfer the Hindu population there to West Bengal. Economically, I believe, this is an unsound proposition. I may just tell my friends here that the difference in number between the West Bengal Muslims and East Bengal Hindus is 80 lakhs. If 80 lakhs more of people are transferred from East Bengal to West Bengal without an inch of land with them, what will be the food position of West Bengal? At present West Bengal cannot feed its own population. Suppose you transfer 80 lakhs more of people from East Bengal, can you feed them? Don't you know that you will require at least 8 crores of maunds of paddy to feed 80 lakhs of surplus population of East Bengal? What will be the cost of this 8 crores of maunds of paddy? It will amount to 80 crores of rupees. Where will you get that fund to feed these people and why are you exasperating the minority community to ask for the transfer of population? Here I see the Congress Volunteers and M.L.A.s are making the lives of the minority community absolutely intolerable. Could not the present Ministry tackle the problem in a right spirit and try to restore the confidence of the Muslim population there? In short, I appeal earnestly to the Ministry that the insanity that is still prevailing in my area should be enquired into and suppressed as early as possible.

Sir, chief among the problems that face the West Bengal administration is one of foodstuffs. The Bengal Government before partition was given the assurance by Lord Wavell that Calcutta and its suburbs and also Jalpaiguri would be fed by the Government of India and the supplies will come from outside Bengal. Before the achievement of independence the Provincial Government did not accept the total responsibility of feeding the people of these areas, but now with the acquisition of independence the India Government has accepted the responsibility and it is meet and proper that it should be discharged by the Government of India. The deficits arising from the Civil Supplies Department should be met by the Government of India and not by our Government here. The question may be asked, why should the Government of India suffer the loss? My answer is that these are industrial areas and more than half the profits of these industries go to the Government of India, the Bengal Government getting a very small part of it as contribution from the Centre. The tea industry alone supplies

about 5 to 6 crores of rupees to the Government of India by way of exporting fee, Central excise and income-tax. The industry, therefore, may naturally claim some return of this money from the Government of India and also claim that the labour population should be supplied with foodstuffs by the Government of India as West Bengal cannot produce sufficient food for itself.

I wholeheartedly support the protest of the Hon'ble Minister to the proposed reduction from 20 per cent. to 12 per cent. of the divisible pool of the income-tax and I am sure that with the unanimous support of the whole House, the Hon'ble Minister will succeed in his appeal.

There are many other points on which I should have spoken but I do not like to discuss them at this stage. I want to point out only one fact before the Hon'ble Finance Minister and that is this. He has got problems facing the country, specially in regard to road-making. Though money will come from the Centre, the Bengal Government will have to make all those roads, but those roads are divided into several sections—some are national highways and others are district roads. As regards district roads, I do not know whether any scheme has been prepared by my friend at present. I doubt it, but if it has been prepared I hope it will be carried out, and before all these things are done, is it not the duty of this Government to see that the existing roads belonging to the P.W.D. are kept in proper order? I know the roads of Alipur Duars subdivision belonging to the P.W.D. are in hopeless condition. The roads exist in name only. They were first class roads—tar macadam—before the war. At present you may hardly call them roads—they are all wrecks. If these roads belonging to the Provincial Government are not looked after, I find no necessity for them to start with new ventures. I do not know whether my friends at all care to listen to our speeches, but I hope the gentleman who is interested at least in this subject should take note of this. Before they make any new road, they should put the old roads in order first. Having done that, they can spend some more money on new roads. I hope my friend—I do not know whom I am to address because I do not know who is the gentleman in charge, Mr. Sarkar is not in charge—if Mr. Sinha is in charge, I hope he will look into my complaint and see that something at least is done in repairing the existing roads. They are not roads at all now. We call them roads—pass by them and you will see that you cannot go even three miles an hour.

There are many other problems on which I may speak later on when voting begins. I would rather end after congratulating the Hon'ble Finance Minister for the way in which he has distributed the money in the first budget—the schemes are not there but he has treated them fairly.

Mr. C. E. CLARKE: Mr. Speaker, Sir, on behalf of the Commercial Associations I represent I particularly desire to offer our congratulations to the Hon'ble Finance Minister for the concise and lucid manner in which the first post-partition budget has been presented. This could not have been an easy task and all things considered I feel justified in concluding that the budget is less pessimistic than the deficit as shown seems to indicate. Early in his address the Hon'ble Minister said, "We breathe the air of freedom and the power to shape our destiny lies in the hands of our own people." I was particularly pleased to hear this observation by the Hon'ble Minister as it gives me the opportunity of explaining my presence in the House. It would be erroneous, for instance, for my colleagues to assume that I am here as a European. It would be even more erroneous for Press Reporters to convey to their journals that observations made by myself are on behalf of any European party. I and my colleague are here as representatives of Commercial Chambers and Associations, and the views put forward are definitely those of the interests we represent. In other words, our interests are inseparable and indivisible from the fortunes of the province in which we live.

So far as immediate finances are concerned the budget suggests that West Bengal has not suffered too drastically and might almost be said to have benefited by partition. Whether this condition can continue in the future depends on the energy and foresight with which a constructive policy is pursued. The present figures show that West Bengal relies for its revenue to a very major extent on returns from Commerce, Industry and Trade. The tax on income, Customs Receipts, the Sales Tax, the Jute Tax and Excise as indirectly commercial, represent more than 75 per cent. of the total revenues of the province. While commerce is enjoying fair prosperity as a continuation of the conditions bred by the war and the post-war period, a slump either in the nature of a post-war depression, which many apprehend, or by the slow stagnation of trade arising from the cleavage in the commercial organisation of the former Bengal, or from an ill-conceived policy towards commercial interests, bodes ill for this new province and its attractive programme for betterment for its people. It therefore behoves a Government in this province to concede the vital importance of commerce as an intrinsic item of its economic structure and that commercial welfare is the foundation of the province's prosperity.

The assurance given by the Hon'ble Minister that the Government, in so far as allowed by all-India commitments, recognises the need of furnishing assistance to industries of all kinds is thus doubly welcome, both from the aspect of Industry itself and from the wider interest of the province as a whole. The fact that increases in taxation have been avoided, is a relief to a population already hard-pressed by rising costs.

Valuables as are the measures envisaged for labour welfare in the budget, it is hoped, Sir, that in a year's time we shall be considering much more ambitious proposals. The housing of industrial labour in congested urban areas is a problem which is becoming increasingly acute as the position of housing in general deteriorates with rising urban populations. Admittedly it is not a problem of which industrial management can disclaim all responsibility but there are aspects which make it difficult for individual associations to act alone. I understand, Sir, that in some localities there is a danger of labour housing being displaced to make space for still more factories. Comprehensive planning on a basis of co-operation between Government, commercial interests and labour are demanded.

The Hon'ble Minister for Finance in making provision for Rehabilitation in certain urban areas has announced his expectations of a full recovery of the outlay on these projects. I cannot ascertain from the explanatory memorandum the manner in which these recoveries will be effected, neither has the Finance Minister enlarged on this point. But whether any project is to be treated as one of development on which financial assistance from the Government of India can be claimed, or whether as an investment from which a return will be secured by rental or similar charges on the benefits provided, the same conditions, surely, will equally apply to similar plans for industrial housing assistance. These deserve to be considered on a larger scale since the financial implications are merely in the nature of a profitable investment. The benefit to the community from the fruition of such schemes is unquestionable, but there is, besides, the obvious civic advantage of improved living conditions for a section of the population on an organised and healthy basis.

While on the subject of Rehabilitation and Planning, it will be recalled that the extension of the Calcutta Improvement Trust to the Municipality of Howrah has been strongly pressed in the House for several years. Enacting legislation had actually been passed by the former Assembly and only awaited approval of the Council when constitutional changes arrested further progress. I cannot too urgently stress that so obviously desirable a measure, furnishing as it does protection against uncontrolled urban growth and ensuring healthy and balanced urban conditions, should no longer be delayed.

I fear that I am only too conscious of the difficulties to which the Hon'ble Minister has alluded in preparing an integrated development plan, but I do take the opportunity to stress that the past programme of development on which the prosperity of the province relies has suffered almost complete in-antiation and while there have admittedly been other causes, this is—not to a small extent—attributable to a lack of comprehensive planning down to district level. I venture accordingly to urge that early opportunities be taken to put development projects on to an integrated and planned basis for the whole province. The shortage of materials and technically qualified personnel is today a *sine qua non* of any material improvement plans. Planning will ensure that available resources are used in the right place and in the right order with an economy of effort to secure cumulative expansion and acceleration of the programme, the elimination of bottle-necks and the stimulation of enthusiasm amongst those responsible for the work.

One of the subjects raised *ad nauseam* in this former House from these seats is the need for an energetic Road Development policy. For this reason I perceive with appreciation the enhanced grant under this head. Its essential importance is stressed, as it has been many times before, of developing the appalling, inadequate communication facilities in the province as a basis for any planned programme of economic and consequent social betterment.

It is noticed with satisfaction also that some increase has been possible in the Police Grant. It is hoped that this will be reflected in a more effective control of the many lawless elements that continue to operate to the disadvantage of the honest citizen. One such development now assuming ever more alarming proportions is the wave of house-breaking and burglary crimes which are terrorising a large percentage of the population of Calcutta.

The Hon'ble Minister has presented his budget in a spirit of cautious optimism. There is no doubt that it has evoked a reaction which might be described as almost agreeable surprise and certainly of reassurance from public opinion, and it is undoubtedly hoped that his forecasts will be abundantly realised and that his campaign for the improvement in the life of the common man may achieve signal success.

In conclusion, Sir, I would mention that in my observations I have purposely confined myself to generalities. The special points embracing Agriculture, Income-Tax, Labour and a host of other important items will be more fully dealt with by my colleague on some future occasion.

Sri BANKU BEHARI MANDAL : মাননীয় অর্থসচিব মহাশয়কে তাঁর বক্তৃতা শুনে আমার মনে হল যে, তিনি উপশীলিত সম্প্রদায়ের প্রতি যে নীতি অবলম্বন করেছেন, বিশেষতঃ তাদের education সম্বন্ধে, তার জন্য আমি উপশীলিতদের পক্ষ হতে তাঁর বিরুদ্ধে তাঁর প্রতিবাদ জানাই। পূর্বেই যখন তিনি অর্থসচিব ছিলেন, তিনিই এই উপশীলিতদের জন্য একটা separate education fund করেছিলেন, কিন্তু দু'বছর কথা, তাঁহারই আমলে এইবার সেই fund টি বিলুপ্ত হয়ে গেল। সেই fund এর জন্য আমাদের অনেক কিছু fight করতে হয়েছিল, উপশীলিত সকল দল একত্রিত হয়ে প্রবল আন্দোলন ও fight করার ফলেই এই fundএর সৃষ্টি হয়েছিল। আজ সেই fund তাঁরই আমলে লোপ পেল—এটা বড়ই পরিতাপের কথা। তিনি বাজেটে যে provision করেছেন, তাতে দেখতে পাই.....

Page 90 of the Red Book.—A non-lapsable fund called the fund for promotion of education amongst educationally backward classes has been created for the purpose of providing special educational facilities to members of the scheduled castes as well as to other educationally backward classes including Muslims. The provision for contribution to this fund is Rs. 6,38,000 in the current year and Rs. 10,36,000 in 1948-49.

আমাদের শিক্ষাসচিব মহাশয়ের যে Secretary তাঁরই একটা circulara দেখতে পাই—

Special educational funds.—It has been decided that there shall be no special funds in future for the advancement of education of Muslims,

Scheduled Castes, Buddhists, Christians. There should be one consolidated fund for promoting the education of those who are educationally backward and this will be divided into sections to provide for:—

- (1) Scheduled Castes education of all kinds.
- (2) Women's education.
- (3) Muslim education.
- (4) Education of backward classes and tribal people.

এই সমস্তের জন্য দশ লক্ষ হরিণ হাজার টাকা বরাদ্দ হয়েছে for 1948-49 এবং current yearএর জন্য দশ লক্ষ আটশি হাজার টাকা। এই ব্যয় বরাদ্দে আমরা খুবই আশ্চর্যবিশিত ও হতাশ হয়েছি। সমস্ত education fund এ মোট বরাদ্দ হয়েছে দুই কোটি চৌদ্দ লক্ষ তিনপান্ন হাজার, কিন্তু এই টাকার মধ্য হতে, সমস্ত পশ্চিম বঙ্গের তপশীলী সম্প্রদায়ের জন্য—যারা সমস্ত অধিবাসীর এক-চতুর্থাংশ হবে—তাদের জন্য ও অন্যান্য সম্প্রদায়ের জন্য মাত্র দশ লক্ষ টাকা বরাদ্দ হয়েছে। এটা খুবই দ্রুতচর্চার বিষয়। তিনি তাঁর Budget speech শেষ করেছেন “মহাত্মাজীকি জর” বলে, কিন্তু হামাকে দুঃখের সঙ্গে বলতে হচ্ছে যে হরিজনদের সম্বন্ধে মহাত্মাজীর অনুসৃত নীতি তিনি পালন করেননি। মহাত্মাজী হরিজনদের উন্নয়নের যে সব পরিকল্পনা করেছেন তা কি তাঁর জানা নেই? গান্ধীজি “হরিজন” গ্রিকার বের করেছেন এবং তিনি ভাঙ্গি পল্লীতে বাস করে গেছেন। আর তাঁর অবর্তমানে আমাদের এই সমস্যা। এটা অত্যন্ত দুঃখের বিষয়। আশা করি, অর্থসচিব মহাশয় এ বিষয় দৃষ্টি রাখবেন।

তারপর কথা হচ্ছে, আমাদের তপশীলী ছাত্র সম্প্রদায়, যারা স্কুল কলেজে গড়ে, তাদের যে stipend মগুরা হয়, সেটা খুবই কম। আমি একটা list আপনাদের কাছে দিচ্ছি—

Post-graduate	হেলে ..	৪০
Engineering Collegesএর	২৫
Arts Collegesএর	১,২০০
Classes VII—Xএর	৭,০০০
Classes V—VIএর	১২,০০০

এই সমস্ত ছেলেরদের কথা বলছি। এই সমস্ত ছেলেরদের গণতন্ত্র দশ বারজন মাত্র stipend পায়। অধিকাংশ ছেলেরাই গরীব। পেটের ভরের জন্য তাদের খেতে খেতে হয়। মাছলারা (?) অঞ্চলের একটি গ্রামের কথা বলি। সেখানের গরীব তপশীলী একটি ছেলেকে বাপানে কোদাল মারতে হয় পেটের খোরাক জগাবার জন্য; তারপর যেতে হয় স্কুলে পড়ার জন্য। এই রকম করে অধিকাংশ ছেলেরদের লেখাপড়া করতে হয়। তারপর unlike East Bengal পশ্চিম বঙ্গে তপশীলী সম্প্রদায়ের লোক বিভিন্ন রাশনার ছড়ান—scattered। প্রায় ছেলেকে ২১০ ক্রোশ দূর থেকে হেঁটে আসতে হয় লেখা-ড়া করার জন্য। তার উপর তারা অধিকাংশ গরীব। তাদের যদি stipend দেওয়া না হয়, তারা ডেউই পারবে না। তারপর আপনারা হয়ত জানেন—Indian Dominion Parliament এ একটা resolution এসেছিল। সে resolutionটা Hindusthan Standard এ বেরিয়েছিল। সেটা হচ্ছে—

“This Assembly is of opinion that the Government of India should take adequate steps for the amelioration of the condition of the Scheduled Castes by way of providing them with house sites and drinking water and also by way of supplementing educational grants sanctioned by Provincial Governments.”

সেখানে যে প্রস্তাব করা হয়েছিল, তাতে বলা হয়েছিল যে বছর বছর এক কোটী টাকা ব্যয় করা যোক—দশ বছরের জন্য—তপশীলী সম্প্রদায়ের অবস্থা উন্নয়নের জন্য। গভর্ণমেন্টের পক্ষে স্বাস্থ্যসচিব রাজকুমারী মদত কটের বলেছেন যে অসুস্থতা দূর করতে সরকার কন্সপরিকর। সেই সময় তিনি আরও বলেছিলেন যে, প্রস্তাবে যে টাকার কথা বলা হয়েছে, হরিজনরা তার চেয়ে বেশী পাবে এবং তিনি এও বলেছিলেন যে, তিনি লিখিত নির্দেশ Provincial Government এর কাছে পাঠিয়ে দেবেন যাতে তাঁরা স্বাধাযজ্ঞাবে কাজ করেন। আমাদের গভর্ণমেন্ট এইরূপ কোন directive পেরেছেন কি না জানি না, কিন্তু দিকে তাঁদের দৃষ্টি রাখা সরকার।

তারপর Scheduled Caste-এর জন্য "H. E. School" আছে ২০টি and M. E. School ৭০টি। এসব পশ্চিম বঙ্গের জন্য। আমি এখানে অনুপ্রাণিত করছি যে এখানের যে সব স্কেলেকশিপেন্দ দেওয়া হয়, তা যেন একটা definite সম্বন্ধে দেওয়া হয়। বছরের প্রথম জার্মে দেওয়ার কথা—এ সম্বন্ধে আশঙ্কা বহু question দিয়েছি, কিন্তু কোন ব্যবস্থা হইল না। আমি কবি অধিসচিব মহাশয় এদিকে দৃষ্টি রাখিবেন। বছরের মাঝামাঝি বা শেষ ভাগে টাকা দিলে গরীব ছেলেরা অনেক সময় সময়মত মাছিনা দিতে পারে না এবং তাদের নাম কাটা যায়। এ রকম যেন না হয়।

তারপর Scheduled Caste ছেলেরদের থাকবার কত অসুবিধা কর্ণাকাতর। উপশ্রমী সম্প্রদায়ের ছেলেরদের থাকবার মত ৪টা hostel আছে। মোট সংখ্যা হচ্ছে ১৯০ জন ছেলে। তার মধ্যে পূর্ববঙ্গের ছেলে ১৪২ জন; পশ্চিম বঙ্গের ৪৮টি। অনেককে seat গার না ও থাকতে পারে না। আমি প্রস্তাব করছি—তাদের জন্য, উপশ্রমী সম্প্রদায়ের ছেলেরা যাতে সুবিধামত থাকতে পারে, সেই জন্য আর একটা hostel করা হোক।

পরিশেষে আমার বক্তব্য—উপশ্রমী সম্প্রদায়ের ছেলেরদের জন্য special fund যেন করা হয় এবং তা বাড়িয়ে দেওয়া হয়। এ সম্পর্কে আমি অধিসচিব মহাশয়, প্রধান মন্ত্রী এবং Education Minister-এর সঙ্গে সাফাফ করেছি। তাঁরা জানেন এ রকম special fund ছিল এবং তাঁরাও বলেছেন আমাদের জন্য special fund করবেন। আমার অনুপ্রাণিত up-lift of Scheduled Caste-এর জন্য ১০।১২ লক্ষ টাকা যেন separate করে রাখা হয়। Scheduled Caste-এর চেলেসা বাড়তে বই, slate প্রভৃতি পার, তাদের লেখাপড়ার ব্যবস্থা করতে পারে এবং তাদের শিক্ষার উন্নতি সম্ভব হয়, তার জন্য গভর্ণমেন্টের অবদান ও বঙ্গশ্রমী হওয়া উচিত।

Sri HEMANTA KUMAR BASU : মাননীয় Speaker

মহোদয়, আমি খুবই আনন্দিত হইয়াছি যদি মাননীয় অধিসচিব মহাশয় এই বাজেট বাংলা ভাষার উপস্থাপিত করতেন। কারণ আজ আমরা যখন স্বাধীনতা লাভ করেছি, সেই স্বাধীনতা আমাদের জীবনের সব-ক্ষেত্রে স্ফূর্ত হওয়া উচিত। সেইদিক থেকে বাংলা ভাষা বাঙালীর যখন মৃত্যুভাষা এবং সেই ভাষার যখন আমরা গড়করা ৯০ জন লোক কথা বলি ও বুঝি, তখন এই বাজেট ও এখানের বা কিছু কার্যসূচী, * তা বাৎসরিক করা উচিত। আমাদের মন্ত্রী মহোদয়দের একথা বোঝা উচিত। আজ আমরা স্বাধীন হয়েছি। সুতরাং বিদেশী ভাষার মোহ ত্যাগ করে ও তার নাগণ্য হিম করে আমাদের দেশের নিজস্ব ভাষাকে মহাদান দান করা উচিত। ইংরেজের শাসনাধীনে দেশ যখন পরাধীন ছিল, ইংরেজী ভাষা গ্রহণ করত্রে আমরা বাধ্য হয়েছি। কিন্তু আজ সম্পূর্ণভাবে দেশের অবস্থা পরিবর্তিত—স্বাধীন ভাষাতে আমরা আজ স্বাধীন মানুষ। অবশ্য আমি বলছি না ইংরেজী ভাষা একেবারেই তুলে দিতে হবে। আন্তর্জাতিক কাজে ও ক্ষেত্রে ইংরেজী ভাষার দরকার হতে পারে। কিন্তু আমাদের নিজেরদের যে কোন কাজ—সভা-সমিতি বা শিক্ষা প্রতিষ্ঠানের কাজ—তা বাংলা ভাষাতেই আমাদের চালায় উচিত।

মাননীয় অধিসচিব মহাশয় আপাদমী বঙ্গের জন্য যে বাজেট পরিশ্রমে উপস্থিত করেছেন, তাতে দেশের বর্তমান অবস্থা বিবেচনা করে প্রণয়ন করার কিছু থাকলেও কংগ্রেস-গঠিত মন্ত্রী-সভা বা কংগ্রেস পার্টি ভূতর্কিত ঠিক প্রণয়ন করার যোগ্য বিবেচিত হবে না, বরংদিন না আমরা মহাত্মা গান্ধীর আদর্শে শোরগুনীন ও ত্রেণীধীন সমাজের প্রতিষ্ঠা করতে পারি এবং আমাদের প্রিয় নেতৃজীর "All power to the Indian people" —এই মন্ত্রে যে সমাজ গড়তে চেষ্টাছিলেন, তা বর্তমানে গড়ে তুলতে না পারি। এই উক্ত মন্ত্রন নেতার আদর্শকে যদি সকল করে তুলতে হয়, তবে দেশের, বিশেষতঃ কংগ্রেসী দলের মধ্যে যারা বিত ও অর্ধশ্রমী, তাদের সম্বন্ধে নিরপেক্ষ, নিরাপত্তিত ও অশিক্ষিত জনসাধারণের জন্য ত্যাগ মন্ত্র গ্রহণ করতে হবে। আমি আশা এবং বিশ্বাস করি, আজ কংগ্রেসের ও বৈশ্যের প্রকৃত কর্মীদের মধ্যে ও নিরাপত্তিত জনসাধারণের মধ্যে স্বাধীনতা এসেছে, তাকে জনসাধারণের সামাজিক, রাষ্ট্রিক, অর্থনৈতিক ও সাংস্কৃতিক জীবনের মূল ও স্ফূর্ত কর্তৃক হলে, তাঁরা তা নিশ্চয়ই করবেন। আমাদের মন্ত্রীদের মধ্যে হাঁদের কিছু অর্থ আছে, কিন্তুকলর তাদের সম্বন্ধে যে সম্বন্ধ প্রকাশ ও কটাক্ষপাত করেছেন, তার সম্বন্ধিত উক্তর তাঁরা কার্যের মধ্য দিয়ে দেখবেন—এ বিশ্বাস আমার আছে। এ বাজেট হতে ভারী সূচনা অনুভূত হচ্ছে।

আমি বাস্তববাদী ও সমাজতান্ত্রিক। দেশ বিদেশের সমাজতন্ত্র-বিস্তারের ইতিহাসের মধ্য দিয়ে আমি এই সিদ্ধান্তে পৌঁছাই যে বিপ্লবের মধ্য দিয়ে রাজনৈতিক ক্ষমতা হস্তান্তর হওয়ার সঙ্গে সঙ্গেই কোন রাষ্ট্রই এক দিনে সম্পূর্ণ সমাজতান্ত্রিক রাষ্ট্রে পরিণত হয়নি। যেখানেই সে চেষ্টা হয়েছে, সেখানেই বাধতা এসেছে নতুবা নানা বাধায় ঘাট প্রতিঘাটে সেই রাষ্ট্রকে বিপর্যস্ত হতে হয়েছে এবং অনেক ক্ষেত্রে সেই রাষ্ট্রকে তার মূল আদর্শ হতে পিছিয়ে পড়তে হয়েছে।

১৮৪৮ সালের ফরাসী বিপ্লবের ইতিহাস বিপ্লবের ইতিহাস। কারণ বাস্তব অবস্থার সম্মুখে সঠিক জানুনা ত্যাগকার প্যারিস কম্যুন ৬ সপ্তাহের বেশী টিকতে পারেনি। রাশিয়ান পুঙ্খপদার্থ ৩১ বছরেও মূল আদর্শে পৌঁছান ত দূরের কথা, মনে হয় যে বিপ্লব ঘটনার ঘাট প্রতিঘাটে টাকে যেন আজ অনেক পিছিয়ে আসতে হচ্ছে; ১৯১৭ সালের বিপ্লবের পর রাশিয়ার সমস্ত বড় বড় শিক্ষকে রাষ্ট্রের হাতে নেওয়া হল, কিন্তু রাশিয়ার উদারনীতির অবস্থার উত্থার অর্থনৈতিক জীবন তার ফলে এখনই বিপর্যস্ত হয়ে পড়ে যে জনসাধারণ দুঃখ-কষ্টের চরম সীমায় গিয়ে পড়ে। কাজেই রাশিয়াকে আবার কতকটা Controlled Capitalist System এ ফিরতে হয় ও New Economic Policy বা N. E. P. গ্রহণ করতে হয়। এ হল একদিকে বিপ্লবের কৃষক সম্প্রদায়ের সঙ্গে রফা, অন্যদিকে দেশের ও বাইরের ধনিকদের সঙ্গে রফা। আমাদের বন্ধু—কম্যুনিস্ট পার্টির সভ্য, জ্যোতি বসু মহাশয়—দুঃখের বিষয় তাঁকে আজ পরিষদ-পুঙ্খ উপস্থিত দেখছি না—তিনি কি ইতিহাসের সে কথা সম্পূর্ণ বিস্মৃত হয়েছেন? তিনি বারংবার কংগ্রেসী দলকে, বিশেষ মন্ত্রী-সভাকে America ও British-এর Agent বলে অভিহিত করেছেন। কিন্তু তিনি কি ১৯৪২ সালে ভারতীয় গণ-রোল প্লেয় করেছিলেন তা বোম্বাস্ফ ভুলে গেলেন? সেদিন ভারতবর্ষে যে বিরাট গণবিপ্লব সংঘটিত হয়েছিল, তা বাধা করার জন্য তাঁরা তাঁদের প্রভু আমেরিকা ও ব্রিটনের দাসত্ব করেননি কী? নেতাজী সুভাষচন্দ্রকে তাঁরা বিশ্বাসঘাতক বলে অভিহিত করে গুলি করে মারতে চান নাই কী? তাঁদের সহযোগিতার ফলেই ব্রিটিশ সাম্রাজ্যবাদ ভারতবর্ষকে যুদ্ধের প্রয়োজনে কী পোষণের শুরুর সীমায় নিয়ে যাননি? তার ফলে প্রায় অর্ধ কোটি লোককে অনাহারে প্রাণ হারাতে হয় নাই কী? তাঁরা জনসাধারণকে দুঃখে যে বেদনা প্রায়ই প্রকাশ করেন, সেদিন তা কোথায় ছিল? কেবল ধাপ্পা ও বাকচাতুর্যের দ্বারা জনসাধারণকে ভ্রান্তানো সন্দেহ নয়। ভারতবর্ষের গণ নিবর্তনে ও বোম্বাইয়ের কয়েকদিন পূর্বের খিট-খিটানিগণ নিবর্তনে তা প্রমাণিত হয়েছে। তিনি কংগ্রেসের খন্দরধারী সভ্যদের উপর কঠোরপাত করেছেন। অথচ তিনি তাঁদের প্রভুদের পোষাকে সজ্জিত হয়ে তাঁদের প্রভুদের ভাষায় অপরকে নিন্দাবাদ করতে কিছুমাত্র সন্দেহবোধ করেন না—ইহাই আশ্চর্য। তাঁর পার্টির সঙ্গে কি অনেক ধর্মীর দুজাল নেই? আমার এইরূপ কথা বলার কোনই প্রয়োজন ছিল না, কিন্তু জ্যোতি বসু মহাশয় যেরূপভাবে ও যেরূপ ভাষায় যখন তখন কংগ্রেসকে পালাপালি করেন, তাতে এই কথাগুলি না বলে পারলাম না। নতুবা পুরাতন কথা তুলবার কোন ইচ্ছা ছিল না।

লীল মল্লের বন্ধু খোদাবক্স সাহেব বর্তমান বক্তৃতকে “A catalogue of empty promises” বলে নিন্দা করেছেন। তাঁর কথায় কৌতুক বোধ করছি। ইংরেজিতে একটা কথা আছে—“A liar begins with making falsehood appear like truth and ends with making truth itself appear like falsehood”.

“ইতিপূর্বে” মুসলিম লীগ আমলে যতগুলি বাক্যই আমরা শব্দালোচনা করি, তততে পাই, প্রতি বঙ্গের বাংলার নিরম, দুঃখ-দুঃশাসীভূত জনসাধারণের সামনে লীগ মন্ত্রিপণ্ডিট বিরাট বিরাট—বোম্বাস্ফ সাহেবের ভাষায়—catalogue of empty promises “হাজির করে” করেছিলেন। লীগ লোক টোকা বছর বছর কবি, স্বাস্থ্য, সেচ, শিক্ষা প্রভৃতি উন্নতিকর কার্যের জন্য লীগ মন্ত্রিপণ্ডিট ভোটের বরাদ্দ করে নিয়েছেন, অথচ দেখতে পাই বছর বছরই বাংলার চাষী মজদুর ও আদি জনতা স্বাস্থ্যহীন হয়ে অনাহারে ও অসুস্থতায় বঙ্গের দুঃখ-অগ্রসর হয়েছে, যখন বঙ্গের জল বাজারে অনিন্দিত্যে প্রবাহিত হয় করে জীবিকানির্বাহ করতে অন্যান্য মধ্যবিত্ত ও মজদুর সম্প্রদায়ের সন্তান সন্তানকে কাজে বহান মধ্যবিত্ত মজদুর সম্প্রদায়ের আত্মনাকে গণন বিনোদ করে। তখন লীগ মন্ত্রিপণ্ডিটের পক্ষ হতে তার কী ও কতটুকু উপায় করা হয়েছিল, খোদাবক্স সাহেবের স্বরূপ আছে কি? একথাও কি বন্ধুই স্বরণ করিয়ে দিতে চান যে তখন লীগ-মন্ত্রীদের মাছিনা বর্তমান কংগ্রেসী মন্ত্রীদের মাছিনা হতে কতটুকু তিনশত বেশী ছিল? সরকারী চাকরীদের জন্য তাঁদের শোকে আমের ডাই-কন্ট্রিয়ার বলে ইহাই শুধু।

Empty promise * সামান্য ভাবে বরাবর জনস্বার্থের বিনিময়ে বাঁরা বৃষ্টিপন্ন সরকারের আশ্বাস করে বিন্দু করে ফিরিয়েন, তাঁদের একজন হিসেবে ঘোষণা সাধে যখন Congress এর উদ্দেশ্য বর্তমান বাজেটকে a catalogue of empty promises বলে আখ্যায়িত করেন, আবার আশ্বাস মোহে হারান। কেবল উল্লিখিত ইংরেজী কিংবা উচ্চাঙ্গি হতে পড়ে গেল।

আমি প্রথমেই বলছি এবং মাননীয় অর্থসচিব মহাশয়ও তাঁর বাজেট বক্তৃতার পরিষ্কার বলেছেন যে ১১ বাজেটের কথা জাতি পতনের যে সকল পরিকল্পনার সূচনা যাত্রা রয়েছে তাই কংগ্রেসের বা কংগ্রেসের চরম বা শেষ কাজ নয় বা আদৌ দেশের অভাব বা দুঃখ মোচনের পক্ষে যথেষ্ট নহী। ঐহ এ বছর ১১ পরিকল্পনা গ্রহণ করা হয়েছে সত্যে একটি শূন্য আশ্রয় বলা যায় না কি? যে দুঃখোপের কথা দিয়ে শূন্য বায়াকে চমকে দেয়ছে ও হচ্ছে, তাতে অতি বৃহৎ পরিকল্পনা গ্রহণ করা বৃদ্ধিমান হতে কী—আমি সদস্যদের প্রশ্ন কর। বিশেষ করে জ্যোতি বসু মহাশয়কে প্রশ্ন কর—তাঁদের পাঠের ভ্রমাক্ষিত father-land পটনমূলক পরিকল্পনা গ্রহণ করতে কত দিন লেগেছিল? প্রথম পাঁচ বছর পরিকল্পনা যদি ১৯২৮ সালে নেওয়া হয়ে থাকে, তবে উহা ১৯১৭ সালের কত পরে? দুঃখোপের পটন কার্যকরী জন্য বাজেটে ১১ কোটী টাকা বরাদ্দ হয়েছে। উহার মধ্যে ১১০ কোটী টাকা বরাদ্দ করতে পারলে পরিষদের প্রত্যেক কংগ্রেসী সদস্য আনন্দিত হতেন সন্দেহ নাই, কিন্তু তা কি সম্ভব? বহু বিজ্ঞানের কয়েক প্রকল্পের অর্থনৈতিক সাম্য কিরূপ ব্যাহত হয়েছে অর্থসচিব মহাশয়ের সে কথার স্মৃতি উজ্জ্বল করছেন। নূর পাসপাউন্ডের সঙ্গে সঙ্গে সেই সাম্য পুনঃ প্রতিষ্ঠিত হলে এবং প্রদেশের অর্থনৈতিক সঙ্গতি পড়ে উচ্চাঙ্গি জাতির জাতি পতনের প্রকৃত কাজ শুরু করা সম্ভব হবে—একান্তভাবে আশা করি।

আমি একবার উল্লেখ করছি এজন্য যে শূন্য পরিষদ-পক্ষেই নয়, জনসাধারণের ক্ষেত্রেও একাধিক রাজনৈতিক স্বার্থাশ্রমেরী দল কংগ্রেস ও কংগ্রেসী সরকারের বিরুদ্ধে জনসাধারণকে উত্তেজিত করছে ও ভুল পথে চালিয়েছে। এত দেশের কোন শূন্যই হবে না।

মাননীয় সদস্য জ্যোতি বসু পুন্নিম বাবদ অভিযোগের কথা উল্লেখ করেছেন। বর্তমান রাজনৈতিক পরিস্থিতিতে দেশের জাইন ও শূন্যতা বজায় রাখবার জন্য সরকারের হাতে একটি-একটি পলিটিক্যাল পুন্নিম ডিপার্টমেন্ট থাকার প্রয়োজন আছে বলে আমরা সকলেই অনুভব না করে পারি না। দেশের কয়েক মহাশয়ের হত্যার দ্বারা দেশের মধ্যে যে reactionary চক্রান্ত সৃষ্টিত হয়েছে, তাকে ক্ষয় করতে সৃষ্টিজিত পশ্চিম বঙ্গ সরকারকে একমিকে যেমন লগুতেচনা ও পলপাতি সৃষ্টি করে দেশের এই বৈদেশিকারী চক্রান্তকে হঠাতে হবে, অন্য দিকে তেমনি পুন্নিম ও কোর্ডের সাহায্যে তাকে কটোরভাবে মন করতে হবে। কিন্তু যে পুন্নিম বর্তমানে আছে তার অতীত ক্ষেট্টেই গোরবের বলা যায় না। এই দুইটিই ভারতবর্ষের স্বাধীনতার সৈনিকদের উপর যে কত রকম ও কত বেশী অত্যাচার ও প্রত্যাঘাত চলিয়েছে, তা আমরা সকলেই জানি। বিশেষতঃ যারা স্বেচ্ছাক্রমে প্রভুদের কেবল প্রত্যাঘাত নাহতের জন্য তিরিহ রকমের অত্যাচার করেছে তাদের কথা আমরা ভুলতে পারি না। এতু তাদের উপর জনসাধারণের বিশ্বাস আলো ও হ্রি না আজও শুপড়ে তোলা কঠিন। কাজেই পশ্চিম বঙ্গ সরকারকে জনসাধারণের বিশ্বাস পান পুন্নিমবাহিনী পড়ে ভুলতে হলে সেই সকল কিস্তিচারকে বরাদ্দ করে ভাল জল দোকান নিয়ে নতুন দর হাতীর পুন্নিমবাহিনী পড়ে পুন্নিমবাহিনী বরাদ্দ। আর, যাতে পুন্নিমবাহিনীর মধ্যে কোন রকম দুটি পদম না ঢাকে সাদিক সরকারের কথা নতর রাখতে হবে। একথা যেন রাখতে হবে যে পুন্নিম হাই কিস্তি সমাজের সেবক ও ভূম্যদিকে অন্যায় ও দুঃখিতকারীদের হাত থেকে সমাজের রক্ষক। যদি এই প্রত্যাহার পুন্নিমবাহিনী হাতে বরাদ্দনত টাকা বাড়িয়ে কারো অপত্তি করবার কারণ থাকবে না।

এবং আমি বাজেটের ২১টি শব্দ সম্বন্ধে কয়েকটি কথা বলতে চাই।

প্রথমতঃ অর্থসচিব মহাশয়কে বন্যায় জ্ঞানাই এইজন্য যে বাজেটে জাতির আশু প্রয়োজনীয় কয়েকটি খয়ের বিশেষ দান দেওয়া হয়েছে, কথা কুবি, দিল্লি, চিকিৎসা, জনস্বাস্থ্য ও স্তে। ইহার প্রতি যাতে—
১. স্বেচ্ছ সাধারণভাবে টাকা বাঁধা করা হয়েছে বন্যায় ২ কোটী ৩৯ লক্ষ ১২ হাজার, ৩৯ লক্ষ ১৭ হাজার, কোটী ৬ লক্ষ ১১ হাজার, ৪৮ লক্ষ ১০ হাজার ও ৪৬ লক্ষ ৫০ হাজার, সেখানে দুঃখোপের পটনকার্যে যা হয়েছে কন্যায় ১ কোটী ৭৭ হাজার, ৬৭ লক্ষ ৫১ হাজার, ২ কোটী ৪৮ লক্ষ ৪৮ হাজার, ৬০ লক্ষ ১ হাজার ও ৬০ লক্ষ ১০ হাজার।

জাতির প্রথম সমস্যা হল—সুস্থভাবে জীবনযাপন ও পরে উন্নত অবস্থার ও আদর্শ জাতীয় জীবন গঠন ও পোষণ করা। যুদ্ধোত্তর পরিকল্পনা বা বর্তমান বাজেটে নেওয়া হয়েছে তাতে প্রথমটির চেষ্টা পরিলক্ষ্য।

প্রথমতঃ কৃষি। কৃষি বিষয়ে বাজেটে যে কয়টি উন্নতিকর ব্যবস্থা দেখছি, তাতে একটি অভাব আমার বোধ হচ্ছে। খাদ্য-মন্ত্রী মহাশয় আগামী বৎসরের যে হিসেব দিয়েছেন, তাতে আনন্দিত হবার কিছুই নেই। বস্তুতঃ বাইরের আমদানী খাদ্যশস্যের উপর পশ্চিম বঙ্গের অনেকখানি নির্ভরতা শুধু বর্তমান বৎসরে নয়, আগামী বৎসরেও বলা হয়েছে। এ ক্ষেত্রে আমার মনে হয়, প্রদেশকে স্বাবলম্বী হতে হলে অবিলম্বে “Grow more food” অভিযান গভর্ণমেন্টের সূচনা করা উচিত। বিগত দুই বছরের সময় যেভাবে এ কাজ করা হয়, তাতে আশাপ্রদ ফললাভ হয়নি। কাজেই সরকারকে এর জন্য একটি বিভাগ সৃষ্টি করে বিশেষ খরচা বরাদ্দ করতে হবে। এই বিভাগ নিজেরাই সরকারী খরচে প্রতি টাকার পণ্ডিত জমি আবাদ করবেন ও আবাদী জমিতে যেখানে যতটুকু খাদ্যশস্য উৎপন্ন সম্ভব তা বাধ্যতামূলকভাবে করাতে হবে।

আমাদের দেশে আর একটি সমস্যা হচ্ছে বেকার-সমস্যা। এখন যে সমস্ত যুবক গভর্ণমেন্ট বা নানা শিল্প প্রতিষ্ঠানে কাজ করেন তাঁদের মধ্যে অনেককে ছাঁটাই করা হচ্ছে ও হবে শোনা যাচ্ছে। যুদ্ধ শেষে যুদ্ধকালীন শিল্পজাত জিনিসের বাজারে চাহিদা কমে যাওয়ার জন্য এই বেকার-সমস্যা, বিশেষ করে ছাঁটাইএর কথা আমাদের সামনে এখন উপস্থিত হয়েছে। যাতে কোনরকমভাবে আমাদের ছাঁটাই করতে না হয় এবং বেকার-সমস্যার সমাধান হয় এই ধরনের একটা economic plan বা scheme করা দরকার। গ্রামে বা মহঃশ্বরে বেকার-সমস্যা সমাধানের উদ্দেশ্যে কুটির শিল্পের জন্য কিছু টাকা বরাদ্দ না করে কুটির শিল্পটাকে একটা plan হিসাবে যদি গ্রহণ করি এবং যেখানে যে শিল্প তৈরী হ’তে পারে সেটা একটা scheme এর মধ্যে ফেলে একটা বোর্ডের হাত দিয়ে survey করি এবং সেইভাবে যদি কার্য করি, তাহলে গ্রামে এমন অনেক যুবক আছে যারা গ্রামে বাসেই কাজ পায় এবং এর কলে সেখানকার বেকার-সমস্যার কিছুটা সমাধান হ’তে পারে।

মাননীয় শ্রীকার মহোদয়! আপনি জানান আমাদের দুই বছর কিরূপ অভাব হয়েছে। বিদেশ থেকে এখন ভাল গরু আমদানী করা যুব শক্ত। তাহলে কি করা যায়? আমার নিজের অভিজ্ঞতা আছে যে ১৯০২ সালে যখন প্রথম সতীশ চন্দ্র দাশ গুপ্ত মহাশয় আলিপুর সেশ্যনাল জেলে ছিলেন তখন সেখানকার সুপারিন্টেন্ডেন্ট মহাশয় জানান যে সেখানে যত গরু আছে তাতে মাত্র দৈনিক ৭ সের দুধ হয়, কিন্তু সতীশ চন্দ্র দাশ গুপ্ত মহাশয় দুগ্ধবাংলাদানের ভার নেওয়ার পর থেকে এক মাসের মধ্যেই দেখা গেল যে সেখানে সেই গরু থেকে দিন ১৭/৮ সের দুধ উৎপন্ন হচ্ছে। আমার মনে হয় বাংলা সরকার বা কৃষি বিভাগীয় মন্ত্রী মহাশয় প্রথম সতীশ চন্দ্র দাশ গুপ্ত মহাশয়ের সঙ্গে যাতে যথেষ্ট পরিমাণে দুগ্ধ উৎপন্ন হয় সে সম্বন্ধে পরামর্শ কোরে একটা পরিকল্পনা গ্রহণ করেন তাহলে দুগ্ধ সমস্যা দূর হওয়ার আশা করা যেতে পারে এবং সেটা এই বাংলা সেশের গর্বের প্রবাহ হ’তে পারে।

আমাদের দেশে আর একটা চাষের বিশেষ দরকার সেটা মধুর চাষ। মধুর ন্যারা, মানুকের ন্যাস্থা ভাল হয়, সেই জন্য যদি গ্রামে গ্রামে টোমাটো চাষ হয় তাহলে অনেক যুবক গ্রামে বাসেই কাজ পেতে পারে।

শিক্ষার দিকে দেখছি Free Primary Education এর জন্য বাজেটে বিশেষ কোন বরাদ্দ নাই। আমার মনে হয় পৈদিক থেকে কিছু করা দরকার। আমার বন্ধু বন্ধু বাচ্চু তপালী প্রণীতৃত ছাত্রদের জন্য টাকা তুলেছেন; কিন্তু শিক্ষার ব্যাপারে সকলের সমান সুযোগ পাওয়ার ব্যবস্থা করা দরকার। শিক্ষা ক্ষেত্রে সাম্প্রদায়িক বৈষম্য অর্থাৎ বর্ণ হিন্দু, মুসলমান, তপালী প্রণী প্রভৃতির পার্থক্য না থাকাই বাঞ্ছনীয়। এদিকে ভাল পরিকল্পনা করা উচিত। যে পরিকল্পনার কথা বলছি তা কতদিনে বা কত বছরে কাজে পরিণত হবে জানি না, তবু একটা পরিকল্পনা গ্রহণ করা উচিত, না হয় ৫ বছর কি ১০ বছর লাগবে।

Industrial plan দিকে যে টাকা বরাদ্দ হয়েছে তা খুবই নগণ্য। সে সম্বন্ধে আমার মনে হয় যে একটা Industrial planning করা দরকার।

আমাদের দিক থেকে এইটুকু বলতে পারা, সম্ভ্রান্ত অনেক tuberculosis রোগের সমস্যা এসেছে। হাইস্পিডিতে যেভাবে পরীক্ষা করা হয় তার কয়েকটা advanced case-এর হাইস্পিডিতে

স্থান হয় না। যে সমস্ত রোগী অন্তত পরীচ তাদের হাসপাতালে স্থান হয় না বোলে তারা বাড়িতে থাকে এবং সেখানে থেকে তারা সেই রোগের বীজাণু চারিদিকে ছড়ায় এবং এইভাবে তাদের মৃত্যুও হয় অতি শোচনীয় অবস্থায়। সেই জন্য যেন হয় যেমন leprosy হাসপাতালে নাচার ward আছে সেই রকম advanced T. B. cases-এর জন্য যদি কোন বিশেষ ব্যবস্থা হয় বাড়ে T. B. রোগী হয়ে পর সেখানে পাঠানে গভর্ণমেন্ট তার চিকিৎসার ভার দেবেন এবং গভর্ণমেন্ট তাকে সেই ভাড়াপার পাঠিয়ে দেবেন যেখানে তার সেবাশুস্কার ব্যবস্থা হয়, তাহলে ভাল হয়। অবশ্য আমি জানি বাংলা সরকার এদিকে যথেষ্ট চেষ্টা করছেন।

কৃষি-ঋণ সম্পর্কে বলতে চাই যে গভর্ণমেন্ট কিছু কিছু কৃষি-ঋণ দেন বটে কিন্তু সেই কৃষি-ঋণ খরচও নয়। অনেককে মহাভনের কাছ থেকে ঋণ গ্রহণ করতে হয় এবং বেশী সুদে। এদিক থেকে গভর্ণমেন্টের একটা পরিকল্পনা হওয়া উচিত যাতে গভর্ণমেন্ট এর সামান্য সুদে এই কৃষি-ঋণ দিবার ব্যবস্থা করবেন।

অনেক কথা বলার আছে, কিন্তু বেশী বলার আবশ্যকতা নাই।

Mr. SPEAKER : Your time is up.

Sri HEMANTA KUMAR BASU : আমার বক্তব্য শেষ হয়েছে। আমি শেষকালে মহাত্মা গান্ধীর একটি কথা বলি যে কি আদর্শ আমাদের সমাজ গঠন করা উচিত। তিনি জীবনের শেষে যে কথা বাংলা মেলে বোলে পিরেছিজন সেই কথা আমি এখন উল্লেখ করছি।

Only a few months ago Mahatma Gandhi observed :—"I will give you a Talisman. When you are in doubt or the self becomes too much with you, apply the following test. Recall the face of the poorest and the weakest man whom you may have seen, and ask yourself if the step you contemplate is going to be of any use to him. Will he gain anything by it? Will it restore him to a control over his own life and destiny? In other words, will it lead to Swaraj for the hungry and spiritually starving millions? Then you will find your doubt and your self melting away".

Shaikh MOHAMAD RAFIQUE: Mr. Speaker, Sir, as is the custom I also join in the chorus and congratulate the Finance Minister on the presentation of the budget for the year 1948-49. I congratulate him because with the changes in the Ministry it is not possible for us to know who is responsible for the framing of the budget. But, Sir, I congratulate him on his courage and boldness in carrying somebody's child and claiming it as his own. That also requires courage. Whoever framed the budget, there is much for the Muslims to think and reflect and to read between the lines of the Finance Minister's statement which he made while presenting the budget before this House.

Sir, we are all accustomed to a deficit budget. It is not the first time that a deficit budget has been presented on the floor of the House. We had many occasions previously when deficit budgets were presented, and a deficit of one crore is not much. But, Sir, in the past when a deficit budget was presented there were also redeeming features which reflected in improvement works, in new construction work and in providing amenities of life to the citizens of Bengal. There were grants to charitable institutions, contributions to educational institutions and establishment of new hospitals, contribution and grants to private institutions which wanted to construct hospitals and many other redeeming features which are conspicuously absent in the present budget.

Sir, I find that the whole income of the province is to be spent in meeting the expenditure on salaries of the staff who collect these revenues for us. A cursory glance at the budget, income and expenditure, will show you that the revenue receipt is 31.18 lakhs and the revenue expenditure 31.96 lakhs, and a close examination of the budget expenditure will show that practically the entire sum of this revenue receipt will be spent in meeting the salaries of the staff of the Government. There is no programme of national uplift or of raising the standard of living of ordinary men. It was really a bad

day in the history of Bengal when the gentlemen sitting opposite cast their votes in favour of partition of Bengal knowing fully well that the entire burden of administration of West Bengal will fall on the city of Calcutta. The people who raised the cry of united Bengal were howled down and dubbed as traitors. I am sure our friends do realise today that those who were howled down as traitors were also inspired with no less patriotic motives than the gentlemen opposite. Moreover, they had greater foresight and they had more experience of the administration of this province. Sir, the air-conditioning of the Writers' Buildings, which had been given priority number one, has not effected any improvement for the better amongst our Ministers. (The Hon'ble Sri BHUPATI MAJUMDAR: It has been dropped altogether.) It is surprising that whereas in the budget you find that none of the items of works which were undertaken by the previous Government have been completed by the present Government, the construction work in Writers' Buildings has been completed. Not only that, the whole system of electrification has been changed from direct current to alternating current and at a heavy cost, which perhaps the Finance Minister will tell you, though as the Hon'ble Minister says the air-conditioning of the Writers' Buildings has been dropped.

Sir, the Ministry has shuffled and reshuffled during the short period of six months, quite possibly on the question of policy, and perhaps on account of the eagerness of the members sitting opposite to get into high offices. Since the day of partition, the Muslims are anxiously awaiting a clear exposition of the policy of the Government of West Bengal towards the Muslim citizens of West Bengal. It appears that, notwithstanding the declaration of loyalty by Indian Muslims, the treatment meted out to them is differential and discriminating. No doubt the life of the Muslim minority in West Bengal is safe at present, but the systematic process of placing obstacles in their daily walk of life is making them desperate and nervous. The gradual cancellation of ration shop licenses on flimsy grounds, refusal of permits of consumer goods, expression of inability to grant them any export or import quota, are things which are increasing their anxiety and forcing them to believe that there is a well-organised scheme of making their stay in West Bengal economically impossible. Hundreds of young men employed in various professions are being taken for detention from the *bustees* every day under the Security Act, while their dependants are allowed to rot outside bereft of their daily necessities of life and with nobody to look after them. The houses belonging to Muslims are forcibly occupied and police help is not given to remove the trespassers. In this connection I may draw the attention of the members to the occupation of the house which belonged to one of our ex-Ministers and which has been trespassed and in spite of his influence and best efforts he has not got it back as yet. He had been to the Prime Minister as well as other Ministers and the Commissioner of Police. This is the condition prevailing in the city which has made adverse impressions on the Muslims and they have become panicky. You will be surprised to learn that during the last few months over a lakh of Muslims have left Calcutta: near about 30,000 have gone to East Bengal and the rest to Bhopal, Hyderabad and Karachi and other places. These people are not Pakistanis. They have been here for generations, and it was with tears in their eyes that they had to leave the place of their birth. They found the doors closed to them on all sides and they could not carry on their business. If you look into the steady cancellation of food and cloth licenses of the Muslims, you will be surprised to find a large number of such licenses belong to the Muslim community. The recent enactment of repressive and discriminatory measures such as the Security Act, the Premises Eviction and Acquisition Act, etc., which are more subversive in character than those which we were accustomed to in the past, have accelerated the pace of emigration and exodus from the city. No doubt to this exodus of peace-loving Muslims no publicity has been given. We do not want to create excitement and panic. This state of depression

has been augmented by the indiscriminate arrests of Muslims when the communal organisations were declared unlawful. Many prominent Muslims including M.L.A.s and their relatives were arrested simply because they had at one time or other attended the meetings of the Muslim National Guard or of the Muslim League. Many of them were arrested because they bore similar names to those who were wanted by the police. And in this connection I may tell you that one respectable Punjabi merchant, Haji Muhammad Siddiq, was arrested because the police list contained the name of one Muhammad Siddiq Omer. He was kept in detention for a week and released when the mistake was discovered. People have been arrested though the police knew very well that there was nothing against them. They have been kept in detention just for the purpose that they may be terror-stricken. If I remember aright it was in November last that the Government of West Bengal declared that the cases of Muslims arising out of the Calcutta riots would be withdrawn except those of a very serious nature. Similar declarations were made by the Government of East Bengal. The object of that declaration was to give members of the two communities an opportunity to readjust their relations in the new situation that has arisen after the partition of the country and the dawn of independence. An announcement was made that a high judicial officer was being appointed to examine and review each case individually and impartially and submit his report to the Government who will, on his recommendation, withdraw such cases as will merit it. An assurance was also given that in considering the cases no communal or other considerations will influence judgment. This exposition of Government policy was welcome. The Muslims of West Bengal have no representation in the provincial police, judiciary, administrative services or even in the Cabinet, and it was expected that those cases would be dealt with fairly and justly. A Calcutta newspaper has published some facts and figures in connection with the riot cases only three or four days ago stating the glaringly partial treatment and the manner in which action has been taken against the Muslims implicated in offences even of a minor character. In the Calcutta Police Court there were 19 cases pending against the Hindus and against 2 of them charges had been framed. All those cases were withdrawn for reasons of State and public policy. It included in the list the Sovabazar murder case and the Jubilee Institution murder case with eye-witnesses. The cases against the Muslims number 63, and none of them has been withdrawn. In Alipore Court there were 147 cases of which 95 were against Hindus. Of those 90 were withdrawn and the remaining 5 ended in acquittal. The cases against the Muslims are continuing except some very few where the offences were of a minor character. Sir, at Sealdah there were 88 cases where 314 were implicated and at Howrah there were 248 cases. Not one of these cases has been withdrawn, though, Sir, it is said that the Government of West Bengal had withdrawn riot cases. We understand now that when the Government said that riot cases had been withdrawn they meant riot cases against the Hindus and not against the Muslims. The declaration was so cleverly worded that it gave an impression that the cases against Muslims had been withdrawn just as the neighbouring State had withdrawn cases against the Hindus in East Bengal. Sir, those cases against the Muslims are continuing except very few where the offences, as I said, are of a minor nature. Such action on the part of the Government does not tend to enhance the reputation of the Government for its impartiality and fair dealing. The past with its bitter memories should be buried. There is much to forget and forgive on both sides and it should be the duty of the Government to create confidence and friendly feeling and to help people usher in a new era of communal amity.

Compare this happening against the background of the provisions made in the budget. Whereas these things are taking place on one side, we find that no provision has been made in the budget for the education of Muslims, no provision has been made in the budget for contribution to the charitable

institutions bearing Muslim names, no provision has been made to hospitals which bear Islamic names. Sir, what has surprised me is that whereas a grant of 2 lakhs 36 thousand was provided in the last budget for the Islamia Hospital which has been doing very good work for the last twenty years, even that money has not been paid, nor any mention of it has been made in the present budget. I always understood that charity and relief do not recognise any distinction of caste, colour and creed. When we give a beggar something we give it because we feel for his suffering. We never try to find out if he is a Muslim or a Hindu. We always see that he needs it. His sufferings are so great that he merits our sympathy. But it has surprised me that the Government in making this provision of grants has discriminated against the Islamia Hospital because it bore an Islamic name. It has not provided anything for the Calcutta Muslim Orphanage; it has not provided anything for the Anjumani Mafidul Anjuman Islam because the institutions have Islamic names. It is no fault of the patients if these institutions bear Islamic names. They were not responsible for the names. And who will suffer?—the poor people who have nothing to do with the name of the institutions but with the work of the institutions. If a grant had been made, these hospitals would have continued to give service to suffering humanity irrespective of caste, colour or creed.

Sir, as I have already said, in the budget the one impression which will be very glaring and which immediately strikes you is that the whole amount derived from revenue is spent on paying the salaries of the Ministerial staff. How is this income derived? If you look at the lump sum income from different heads, you will find that we realise 5 crores of rupees from licenses issued for the sale of country spirit, foreign liquor, wine, opium, etc. Compare this income from immoral sources, Sir, with what our leader, whose death has been mourned at the first page of the Hon'ble Minister's speech, Mahatma Gandhi, always said. He was for total prohibition. He wanted that we should stop totally the sale of liquor, opium and *ganja* in the country. As a matter of fact, many Congress-governed provinces had taken up the initiative in this work and in Madras prohibition has been introduced. And what are we who are the loudest in our worship of Mahatma's ideals doing here today? We are living upon the income of this tainted money, money derived from the issue of licenses for the sale of liquor, opium and *ganja*. This is a thing which makes me hang my head in shame though my friends are feeling jubilant about it. It was our duty to stop totally the sale of these intoxicants. Instead of remedying this evil the Finance Minister of the Government of West Bengal has said that Saturday will be a dry day; you cannot buy liquor on Saturday. Visit the liquor shops on Friday evening and you can see the queue of people standing to buy at one time their total consumption for two days. The sale of liquor has increased and next year when we meet you will find that you have realised more than 5 crores of rupees by way of license from the sale of liquor, *ganja* and opium.

Similarly, Sir, you will find that we have not stopped race gambling. The partial remedy or initial step needed for race gambling has been applied in the case of the sale of liquor. Race gambling and races should have been stopped on Saturdays and holidays. Instead of doing that the Government has stopped the sale of liquor on Saturdays. If, Sir, the races had been banned on Saturdays and holidays you would have found that less people go to the races and spend less of their income in gambling than what they are doing today. As our revenues from these sources will suffer, Government has not thought it proper to restrict racing on Saturdays and holidays.

I now come to entertainment tax. I think you must have also frequented cinema houses and have waited for hours and hours to get a ticket standing in queues. Each of these houses is making 15 to 20 thousand every

week and what are we getting from them? Nothing compared with their income, Sir. Our rate of amusement tax is very low, and we do not get whole of it.

Sir, while on this point I will draw your attention to a great injustice which has been done to us by the Finance Minister in concealing actual figures of income. I find he is trying to show less income from these sources than would actually accrue because he wants to show at the end of the year that he has brought the province to prosperity. The deficit of one crore of rupees has been wiped off and actual receipts show he has landed us with a surplus of 2½ crores of rupees. This statement of mine is corroborated by the figures from the budget which I will give you. Entertainment tax realisation has been shown for the last six months at 30 lakhs of rupees and for the whole year the tax from entertainment is shown at 45 lakhs. Here the Finance Minister has pocketed more than Rs. 15 lakhs which he will be showing at the end of the year. Similarly, betting tax realised for the last six months from August to 31st March is shown at 70 lakhs and for the whole year it is estimated at 90 lakhs. Why not show 1 crore and 40 lakhs based on the actual accelerated rate of realisation? Here also a large sum of money is concealed.

Sir, the amount of realisation from tax on sale of motor spirit is shown as Rs. 40 lakhs while for 12 months it is shown as Rs. 60 lakhs. Who does not know that petrol rationing has been relaxed? We are getting double the quantity of petrol we used to get a few months back. We are consuming double the quantity of petrol that we used to consume before and so paying double the tax in total than before. Then why has the income gone down? If we were realising Rs. 40 lakhs for six months, we should be realising four times that amount during the year because our income during the period from August to December should have been Rs. 80 lakhs; if the present system of petrol rationing would continue, we shall be getting Rs. 1 crore and 20 lakhs from the sale of motor spirit in the next year.

Sir, I come next to the Motor Vehicles Act realisations which present a different story. We are realising Rs. 36 lakhs on behalf of Calcutta Corporation and pay the Calcutta Corporation only Rs. 4,50,000. Morally and legally the entire amount belongs to the Calcutta Corporation because we are mere collecting agencies. Calcutta Corporation has become a target of public criticism and Government enquiries and has fallen on bad days, but still it is being robbed on all sides by everybody. The Corporation is being robbed by Government, by the assesses, licensees, the house owners in Calcutta and by everybody, by me and Mr. Gupta all alike. (Laughter.) The gentlemen now adorning the Government benches have, when they were sitting in opposition not many months ago, always claimed that the Corporation should be more fairly treated and should be given at least 50 per cent. of the amount which is realised by the Government from motor taxes. What a wonderful change when you cross the floor!

Sir, while on the one hand we have been denied any grant for Madrasahs, for our educational institutions, for hospitals, we find that the Finance Minister is very fond of music. Two institutions bearing the same name, Sangit Vidyalaya, have been promised substantial grants at two places while another music school has been given grant. Of course my friends will correct me but I understand these are institutions where music is taught and sung. Perhaps the grants are made so that the constant worries of the Government may be temporarily allayed by these institutions.

The only constructive proposal contained in the budget relates to completion of last year's work and provision for reconstruction of houses of *burstee-dwellers* and middle class people. Sir, I shall just take you back to appendix B of the list of original works. You will find that all these

had been provided in the last budget as well as that of 1946-47 by the previous Government. I shall take you to the first item "Installation of electric light and fans in the additional top floor of the Bengal Survey office." If you just turn to the first page of the list, appendix A of last year's budget and the explanatory notes, you will find exactly a similar item except that the amount was different from what it was. A big amount has been provided for each of the items "Reserve for minor works under different heads." If you total them up, they also become a very big figure. You will find again "Construction of a stable at Government House." I do not know how many years it will take for the construction of a stable at Government House, Darjeeling. Then there is air-conditioning of Government House. Of course in Government House there must be air-conditioning. Then comes construction of an additional storey in Writers' Buildings. These very items were found in the last year's budget and year previous. These are indeed not additional items which my friends could say are progressive works which the new Government had undertaken. Sri Hemanta Kumar Basu stated that Janab Khuda Bukhsh had said that this budget was full of empty promises. I think, Sir, Janab Khuda Bukhsh used a mild expression. It is not a budget of empty promises but it is a budget of no promises. Even if there were empty promises that would be something, at least better than no promises at all. Rupees 50 lakhs have been provided for the construction of houses for the middle class people and Rs. 30 lakhs for *bustee-dwellers*. You will find, Sir, in a recent publication of proceedings of the Calcutta Improvement Trust that the Trust has spent about Rs. 3,25,000 for the construction of 100 rooms on the land which belonged to the Calcutta Improvement Trust. A hundred rooms meant accommodation for 50 families at a cost of over Rs. 3 lakhs. Therefore Rs. 50 lakhs will give sufficient accommodation for 500 families. Is that sufficient and is that enough? Similar provision had been made during the last three years under different heads and God knows what will happen to this provision also. I challenge the Government that this money will not be spent. Next year when we meet for the budget discussion Government will come and say: "We had made this scheme. We have gone on with the scheme; we have made preparation, but the matter is pending with the Land Acquisition Collector. We have not been able to get the land and (if the land was available) we have not been able to get the materials, but the money is there and we are anxious that this construction should be made". This 80 lakhs will remain as it is and will be merged in the closing balance of the year.

(At this stage the member reached the time-limit but was allowed to continue.)

Sir, the people of Calcutta who contribute 80 per cent. of the revenue have a right to know what has been done for them. There are no schemes for the construction of hostels for the students. There is acute scarcity of accommodation in the city, and students come from the neighbouring places but they find no accommodation. The charges of mess and rooms are so high that they find it difficult to pay. The Government should have made some arrangement for these students and for the construction of hostels for them.

Lastly I would just make an appeal to my friends sitting opposite. We are in a microscopic minority and can make no effective changes. I would appeal to them just to settle up the differences amongst themselves. We are really worried over the changes in the Ministry every now and then. We are not anxious to be Ministers ourselves. Let us have a stable Ministry, so that we may know where we stand and we may know what is the policy of Government. Whoever comes makes his own construction and states his own policy; you never know where you stand. So let there be a stable Ministry and let the Muslims know how they are going to be treated in education, socially, economically and culturally.

ing in que.

শ্রী NISHAPATI MAJUMI : মানবীর জেলায় শ্রমিকের অর্থসচিব মহাশয়ের বাজেট, ক্ষুদ্রতার দৃষ্টান্তেই যদি আমরা লক্ষ্যে নেতাব হে তিনি পাইকারী জরিমানার টাকা—যা নাকি ১৯৪২ সনে আদায় হয়েছিল, এবং এতদ্বারা বিা ব্যক্তির নিকট হতে—তাদের অনেকের ক্ষেত্রে আদায় করা বাড়ী ধনস করা হয়েছিল তার অতিশূন্য স্বরূপ—সমস্ত টাকা তিনি কিরিত্রে দেবার ব্যবস্থা করেছেন, তাহলে অবশ্যই তাঁকে ধন্যবাদ দিলাম। প্রায় ১ লক্ষ ২২ হাজার টাকা, যা নাকি ক্রিয়ারে প্রদান করে, মেশবাসীদের উৎসাহ ও উৎসাহ করে আদায় করা হয়েছিল ১৯৪২ সালে, সেটা এই ১৯৪৮-৪৯ সালের বাজেটে কেবল দেবার জন্য খরচের বরাদ্দের খাতের তালিকাভুক্ত হে হয় নাই এটা বড়ই দুঃখের বিষয়। এই রকম আর একটা দুঃখের বিষয়—এতদিন ধরে আমাদের সম্বন্ধে মিলে যে চিন্তার করে এসেছি হরিজনদের উন্নতি করতে হবে, আমরা আশা করেছিলাম সেই হরিজনদের তাঁড়ি ও পটাই না খাইরে আক্যারীর আর বৃষ্টির রাস্তাটা বন্ধ হবে, আমাদের দেশের স্বাধীন গণতন্ত্রমন্ডের নতুন বাজেটে কিন্তু পূর্বে যেখানে পটাই ও তাঁড়ির ব্যবদ আর ছিল ৩০ লক্ষ টাকা, সেটার এবারকার বাজেটে আর ধরা হয়েছে ৪৫ লক্ষ টাকা। বাজেটে সবসময়েই আরের খাতে দেবী আর ৩১ কোটি ১৮ লক্ষ ৫২ হাজার টাকা তার মধ্যে ৫ কোটি ৮৮ লক্ষ ২০ হাজার টাকা অর্থাৎ প্রায় ৬ কোটি টাকা আবদ্যারীর খাতের আর। এটা কংগ্রেস নীতির সম্পূর্ণ বিরোধী। কংগ্রেস মন্ত্রী-সভার আমলে মামক প্রব বক্তারের আভাস অর্থসচিব মহাশয় না দেয়ার এই পরিবদ বিশেষ চিন্তিত হয়ে পড়েছে।

এখন শিক্ষার কথা বলি। শিক্ষা ক্ষেত্রে হরিজন বা সন্তান ইত্যাদি আখ্যার কথা তোলা নিশ্চয়ই অন্যায়। এটা আমরা মন্থে মন্থে অনুভব করি, এবং এরূপ কোন ব্যাখ্যা না তোলার প্রস্তাব আমরা সর্বশেষ করলে সমর্থন করি। শিক্ষার ক্ষেত্রে কোনরকম গণ্ডী রাখা উচিত নয়। কিন্তু আজ আমরা দেখছি কি? হারা উচ্চ শিক্ষার সুশিক্ষিত সেই এংলো-ইন্ডিয়ান ও ইউরোপীয়ানদের ব্যবদ বহু লক্ষ টাকা শিক্ষার জন্য বরাদ্দ করা হয়েছে। এটা কি আমাদের পক্ষে লজ্জার বিষয় নয়? অর্থসচিব মহাশয়কে এখানে দেখাচ্ছি না? আমি আশা করেছিলাম তিনি আমাদের কথাগুলি শুনবেন, কিন্তু দুঃখের বিষয় তিনি উপর তলার উটে গিয়েছেন। তিনি যে তপশীলীদের জন্য মাত্র ৬ লক্ষ টাকা শিক্ষার ব্যয় ধার্য করেছেন এজন্য তাঁকে ধন্যবাদ দিতে অক্ষমতা জানাচ্ছি। এখানে আর একটা বিষয়ের উল্লেখ না করে পারছি নে, অর্থসচিব মহাশয় রবীন্দ্রনাথের ত্রিনিকতনে ৫০ হাজার টাকা এবং শান্তিনিকেতন বিদ্যভারতীকে ৪০ হাজার টাকা ও ১৫ হাজার টাকা রবীন্দ্রনাথের স্মৃতির জন্য প্রদান করেছেন, কিন্তু রবীন্দ্রনাথের বাংলা ভাষা—যে ভাষাতে তিনি বিশ্ব জয় করেছেন—সেই বাংলা ভাষাতে অর্থসচিব মহাশয় আমাদের তাঁর বাজেট বক্তা শোনান নাই এবং বাংলা যাতে রাষ্ট্র-ভাষা হয় সেদিক দিয়েও এখন পর্যন্ত কোনরূপ দৃষ্টিতা দেখাচ্ছি না। অর্থসচিবের করে যেমন আমাদের আনন্দিত করেছেন, মন্থসুদন, হেমচন্দ্র ও রবীন্দ্রনাথের ভাষাকে রাষ্ট্র-ভাষার পরিগণ্ত করলে আমরা অধিকতর আনন্দিত হতাম। স্বাধীন দেশকে গড়ে তোলার জন্য অন্যান্য দেশ, অন্যান্য স্বাধীন জাতি যেমন নিজের ভাষাকে ভিত্তি করে তাদের অর্থনীতি, সমাজনীতি, ধর্ম, শিক্ষা ও বাণিজ্য, সব কিছু গড়ে তোলে, আমাদের এই হিন্দুমন্ডল সেদিক থেকে যেন দূরে সরে পড়েছেন।

দু' কোটি করেক লক্ষ টাকা পরবী সরকারী কর্মচারীদের বেতন বৃদ্ধির জন্য নাকি পূর্বে স্থির হয়েছিল, কিন্তু সেটা কমে এখন এক কোটিতে এসে দাঁড়িয়েছে। কিন্তু আমি মনে করি রাষ্ট্রের কর্মসূচী, হার্মের দেশকে উন্নতির পথে গড়ে তোলার জন্য কাজে নিযুক্ত থাকতে হবে, তাঁদের অভাব মোচন করে না দেওয়ার দরুন যদি তাঁরা সর্বশক্তি দেশকে গড়ে তোলার দিকে প্ররোপ না করতে পারেন, তাহলে সমগ্রই আমাদের দেশ উন্নতির পথে অগ্রসর হতে পারবে না। সুতরাং তাঁদের আর এক কোটি টাকা বেতন বৃদ্ধি করে যাতে দেশের বহু কোটি টাকা আর হাতে পারে সেদিকে আমাদের সকলেরই দৃষ্টি দেয়া উচিত। অর্থসচিব মহাশয় কেন যে এ বিষয়ের এই দিকটা ভাল ব্যবস্থা করেন নাই বুঝে উঠতে পারছি নে।

আমি কয়েকদিন আগে মানবীর সিভিল সার্জনাই বিভাগের মন্ত্রী মহাশয়ের কাছে গিয়েছিলাম। তাঁকে বলছি—চেকিহাটা গাজ কেন কলকাতার বাজারে আমদানী হয় না। লীপ হিন্দুমন্ডলের আমদানী অনেক চিন্তার করেছিলাম এ নিয়ে, কিন্তু তাঁরা কাল মেননি। আশা করি কংগ্রেস হিন্দুমন্ডল আমাদের কথা শুনবেন। তাছাড়া এটাও বিবেচনার বিষয় যে পশ্চিম বঙ্গের সবচেয়ে বড় পুষ্টি নিল বজতে গেলে ঐ চেকি। আমি জানি দু' চেকিহাটা ঢালের দ্বারা আজ দেশের সব চাহিদা মিটিতে পারে না, কলকাতার অভাব তাতে দূর হতে পারে না, কিন্তু কিছুটা পারে। কলের পান্যপান চেকিরও দরকার

আছে। সাগরেরও যেমন প্রয়োজন আছে, নদী নানারও তেমনি প্রয়োজন রয়েছে। ঢালের কল প্রভুত পরিমাণে হওয়ার ফলে পল্লীর চাষীদের আজ পল্লুর খাবারের চান পড়েছে, অসহায় শেরেদের হাতে কাজ দেই; তাছাড়া কলকাতার রেশন এলাকার রাইস মিলগুলির খুদ, কাকরযুক্ত চাল খেতে বাধ্য হয়ে কলকাতা-বাসীরা নানা রোগে ভুগছে, তথাপি এখানে ঢেকিছাটা ঢালের আমদানীর দিকে মস্তুরা নজর দিচ্ছেন না।

তারপরে আমরা দেখতে পাচ্ছি, উন্নয়নের কাজে প্রায় ৬৬ কোটী টাকা ব্যয় করা হয়েছে। আমাদের বীরভূম জেলার ছোট ছোট বঁধ, খাল প্রভৃতি কাটানোর ব্যয় কিছু কিছু টাকা করা হয়েছে। কিন্তু আমি একথা স্পষ্ট করেই জানিয়ে দিচ্ছি মশানজোর কেনেজ না কাটলে বীরভূমের খাল কেটে বিশেষ কিছু হবে না। আমার সম্মত হয়, পূর্ব পূর্ব বারের মতন এবারেও উন্নয়ন বাজেট ব্যয় করা ৬৬ কোটী টাকার মধ্য হতে সামান্য, সামান্য, ছোট ছোট পরিকল্পনা ব্যয় করুক লক্ষ টাকা মাত্র ব্যয় হবে, আর বেশীর ভাগ টাকাই পরিকল্পনা প্রশ্রয়ের অভাবে কাজে লাগান হবে না। প্রশ্ন উপস্থিত হয়েছে যে গ্রামে গ্রামে, থানায় থানায়, দুনিয়নে দুনিয়নে স্থাপন হচ্ছে দাতব্য চিকিৎসালয়। এ বিষয়ে চৌধুরী মহাশয় একটা ভাষ্য পরিকল্পনা আমাদের সামনে নিয়ে এসেছেন। কিন্তু আমি আমার নিজের অভিজ্ঞতা থেকে বলছি—দাতব্য চিকিৎসালয়ে টাকা ব্যয় করলেই শৃঙ্খল হবে না—আমি কালনার গিয়েছি—সেখানেই শুনতে পেরেছি ডাক্তার বাবুর পকেট ভর্তী হচ্ছে। এইরূপ দাতব্য চিকিৎসালয়ের উপর বহু অনুৰোধ শুনতে পাওয়া যায়। এইজন্য এ বিষয়ে একটা সুষ্ঠু পরিকল্পনা উপস্থিত করার জন্য সচিব মহাশয়কে বলছি—যাতে গ্রামের লোক নিজের কাজ বলে এই কাজটাকে গ্রহণ করতে পারে, এ সম্বন্ধে আমার প্রস্তাব এই যে এই সমস্ত প্রতিষ্ঠান যাতে গ্রামের লোক দ্বারা পরিচালিত হয় এবং তাদের শিখন থেকে সরকার শক্তিদান করেন, এইভাবে যেন এই সব organisation করা হয়। এখানে আমি একটা দৃষ্টান্ত দিচ্ছি—যেমন বীরভূমে নলকূপ তৈরী করে সাক্ষাৎ করা যায় নাই সেখানে বিহারের মতন বড় বড় জলাধার নিষ্কাশন করা উচিত। বাংলার প্রত্যেক থানায় বড় চারটে করে নলকূপ বা টিউব-ওয়েল বসবে—পরিষদে বসে শুনতে বেশ ভাণ লাগে। কিন্তু গ্রামে গেলে দেখি—টিউব-ওয়েল খারাপ হয়ে সব অব্যবহার্য হয়ে পড়ে আছে; সেরামত করার লোক পাওয়া যায় না। সেই জন্য আমার প্রস্তাব এই যে এমনভাবে জলাশয় গ্রামে গ্রামে করা হোক যাতে প্রকৃষ্ট জলাভার দূর হবে। এবং যেখানে সম্ভবপর সেখানে নলকূপ স্থাপন করা হবে।

সর্বশেষে আমি আর একটা কথা বলতে চাই—আজ জমিদারী প্রথা উচ্ছেদের নীতি স্থির হয়েছে। আজ সংখ্যক কৃষক মজুর যে দাবী জানাচ্ছে সে কথা কিন্তু শুনছি না। সেদিকে গভর্ণমেন্ট দৃষ্টভাবে কিছু করতে পারছেন না। কিন্তু আগামী শাসনভন্ডে ২ কোটী ১৮ লক্ষ লোকের মধ্য থেকে প্রকৃত প্রতিনিধিরা যদি এখানে আসে তখন আর উপযুক্ত মূল্য দিয়ে জমিদারী প্রথা উচ্ছেদের কৈফিয়ত দেয়া চলবে না। আমি আশা করি, যদি কংগ্রেস-নিষ্পত্তি নীতি বর্ণে বর্ণে শাসন করে এই শাস্ত্রমণ্ডল মাদক দ্রব্য নিবারণ করেন, দরিদ্র মসলমান বালক ও উপশীলীদের উপযুক্ত শিক্ষার ব্যবস্থা করেন এবং সুশিক্ষিত এংলো-ইণ্ডিয়ান বালকদের জন্য বিশেষ ব্যবস্থার স্থানে প্রকৃত অর্শিক্ষিত যারা তাদের উন্নতির ও শিক্ষার ব্যবস্থা করেন, তাহলে তারা বাংলা দেশের প্রকৃত কল্যাণ করতে পারবেন। এবং এদিকে বিশেষ রকম আলোচনা করে মানবীর সচিব মহাশয় দেশ সেবার কার্যে উৎস দান করুন, এই আমার একান্ত অনুরোধ।

Sri SHYAMAPADA BHATTACHARYYA: Mr. Speaker, Sir, people have been eagerly awaiting for the budget and anxiously expecting to find something which may lead to a solution of the problems that face the country. So long deprived of all the joys of life they want to breathe the air of freedom, as the Finance Minister has justly stated to bring into his life the bracing air of peace, prosperity and happiness. But the budget as presented has made us thinking as to how far this dream has been realised.

The Hon'ble Finance Minister has tried to tackle this problem but he seems to be handicapped in his efforts owing to the difficulties created by the division of the province. This factor has led him to cry halt and the budget of the new province of West Bengal seems to refrain from making a bold attempt to the solution of the problem. It may be said to be one of adjustment and compromise. It savours of the old ideas with only a lining of the new.

The main problems that face this land of ours are food, health and clothing. People want sufficient food; they want to be free from all physical ailments; they want sufficient clothings. Above all they want security for their life and property. Unfortunately for this province the last one has become rare since 1946. These things have been touched only in their fringe, and lump grants have been provided in some cases. There is no plan, no scheme on the basis of which we can proceed. We do not know on what data these sums have been allotted. The danger is that for preparation of the scheme or plan a good part of the year will be wasted and we will find that the sums allotted are lying there unspent. This has been our experience in the past and it is only natural that we have the same misgivings now.

Coming to the main items in the budget, the first is Education. In this the Finance Minister has tried to steer a middle course without adopting a revolutionary programme. A sum of 11 lakhs has been provided for basic education. So far so good. I do not know how the sum will be spent in the absence of trained teachers and a definite scheme. It will be better if a particular area is selected and an experiment on this line is made. What is necessary is compulsory Primary Education and for this the Ministry ought to make a drive.

Next is Medical and Public Health. A good beginning has been made and as Sreejut Annada Prosad Choudhury has already told us that there can be more progress on this line if we appeal to our charitably disposed countrymen. I have every hope that funds will be forthcoming to supplement the efforts of the Government. When we have got the report of the Bhore Committee before us, there is a well-thought-out scheme which can be given effect to immediately. Rural water-supply is being attended to but the urban area should not be neglected. Most of them cannot supply good drinking water adequately for want of materials and for lack of funds to purchase them. When they ask for loans their claims are being deferred on the ground of inadequate income. Unless the Government makes a grant outright they cannot hope to implement any scheme of improvement by themselves.

Agriculture has also received some share. This includes 6½ lakhs for the distribution of iron and steel for agricultural implements, 3 lakhs for sugarcane cuttings, 4 lakhs for small irrigation projects, compost and seed stores. These all sound very well. But from our past experience we find that steel and iron never reach the agriculturists in spite of requisition by M.L.A.s, Controllers and District Magistrates.

In the industrial head silk has great possibilities. No doubt a sum of 8 lakhs has been provided but that is a mere drop in the ocean. If Kashmir and Mysore can make it profitable, why cannot Bengal? If we want to make a substantial improvement, we should begin from the very beginning. It is a mistaken idea to start from the filature. We must try to improve the breed of cocoons and production of silk and instead of giving them aid we must take over control of the whole thing just as others are doing.

(At this stage the House was adjourned for 15 minutes.)

(After adjournment.)

Sri SHYAMAPADA BHATTACHARYA: Sir, there are other proposals such as housing of middle classes, Kanchrapara development, electrification, transport, etc. But when we look at all these we find that all these are meant for Calcutta and the neighbouring areas as if West Bengal is limited to Calcutta only and what is left is going to be spent for areas on the western side of Bhagirathi. The eastern side, viz., Nadia and Murshidabad, have been totally neglected. For them there is no solace, only a few crumbs here and there. Besides this, the area in North Bengal has also

been totally ignored. There is no electrification; there are no development projects. These border areas of West Bengal are not being properly looked after. They are practically isolated from each other and during the rains 8 months in the year they are cut off from the civilised world. There is no food, no medicine and the people of these areas are deprived of all facilities for procuring their daily necessities for want of communicating roads. The *sine qua non* of independence is a sense of security of life and property and proper and sufficient food, but for lack of communications you cannot come to the market and cannot get medical help. If there be any trouble, the Centre remains in the dark till news infiltrates with difficulty. The territories of Malda and Dinajpur are separated from each other and there is no link between Murshidabad and Malda or Dinajpur. Schemes should at once be prepared and work taken in hand for connecting these districts or establishing means of communications with the centre. In the road development programme, instead of laying their hands here and there, roads must be developed so that there may be quick movements from the centre to the border and the different units may be linked up. Then and then only the people may feel secure and know that help will reach them in time of need. The problem of supplying fish not only for Calcutta but also for mufassal areas should be paid attention to. There are large tracts of water as well as tanks where fish culture can be undertaken with profit and the problem of supply to Calcutta may be solved. For all these we may easily utilise the services of the surplus permanent staff as well as the temporary ones. These are trained hands and their services should be placed in the rural areas for village uplift works. For this a comprehensive scheme is absolutely necessary.

Some savings may also be made on the expenditure side. The Commissioners of Divisions hold sinecure offices and times without number members asked for the abolition of these posts. But the steel frame cannot be shaken and they remain where they were. These post offices of Government exist only for delaying prompt execution of works and I ask the Hon'ble Minister to be relieved of this burden.

The abolition of all controls which Mahatmaji so vehemently advocated should be taken up in right earnest and this will wipe out all deficits.

The whole budget has a promising outlook but they seem to have made a halt. Funds may be allotted under different heads, but it is very difficult to spend them in the absence of a definite plan or on inadequate data. I request the Ministry not to waste money here and there but proceed on a planned basis and I doubt not that ere long their efforts to make this land rich in health and wealth will be crowned with success.

Janab A. F. M. ABDUR RAHMAN: Mr. Speaker, Sir, I congratulate the Hon'ble Finance Minister for his good fortune to be able to introduce the first budget of autonomous Bengal under the Government of India Act of 1935 and also the first budget of divided Bengal of free India. Sir, the Hon'ble Finance Minister, both in the introductory and also in the concluding stage of his statement, has invoked the blessings of Mahatmaji and I think, Sir, he has rightly done so, because Mahatmaji is our never-failing friend, philosopher and guide. But, Sir, simply invoking his blessings will not help us unless we are prepared to follow his ideals sincerely. Sir, Mahatmaji throughout his life fought against intoxication and also in the new constitution of the All-India Congress we find that one must be a teetotaler to become eligible to be a panchayat in a Primary Congress Committee. So the country can legitimately expect that the first thing the Government should do is to abolish all intoxication from the country; but to our utter disappointment we find that the Government so far has practically done nothing. During Dr. Ghosh's Ministry, Saturday was declared a "Dry day." Sir, for all practical purposes, this one "Dry day" in a week means nothing. People will either buy drinks on a previous day or in the black

market. If the Government are serious about it, they should close down all liquor shops and make drinking a penal offence. Sir, a question might arise where to find out the money lost on Excise revenue, but I am sure, Sir, that knowing this difficulty Congress has provided this qualification in their constitution. Sir, nobody would believe that it is the intention of the Congress that those who will be candidates for a Congress Panchayet will not drink. Sir, it is common knowledge that a large number of our poverty-stricken people visit the Race Course and completely ruin themselves. The country expected that the Government will take early steps to declare racing illegal; but again, Sir, to our disappointment we find that the Government is not doing anything in this matter. Our honourable friend Sri Annada Prosad Choudhury very rightly remarked in his speech that the least the Government should do is to increase the totalisator tax in such a proportion that it may be difficult for the common man to go to the Race Course. I am sure, Sir, the Hon'ble Finance Minister is aware that the Madras Government is going to ban the publication of all information regarding racing and also sale of race tips, etc., and have made them a penal offence. We expect, Sir, that till Government can totally stop racing, they should at least impose such restrictions as would create difficulties for the common man to visit the Race Course and let the races remain, for the time being, a pleasure sport for the prodigal sons of rich men of our country.

Sir, we are glad to find increased provisions in various nation-building departments. But, Sir, unless the system and method of expenditure are changed, I am afraid, Sir, in spite of all the good intentions of the Ministry, we shall not achieve the desired results. Sir, we have achieved independence but there is practically no change in the method of administration from the bureaucratic regime. Sir, in the past we have seen too much of inter-departmental jealousies and there was practically no co-operation between one department and another, although that was an essential condition for the all-round improvement of the province. Sir, we do not know the attitude of the present Government towards the Co-operative Movement of the province. If it is the intention of the Government that the movement should flourish, then there should be closer co-operation of the Co-operative Department with the Agriculture and Industries Departments. The Agriculture and Industries Departments should function more or less as advisory departments. They should only give technical advice, deal with research work and also supervise the actual execution of the schemes, but the actual execution of the scheme should be left to the Co-operative Department. Sir, if we want to eliminate the individual ownership and exploitation of the common man, we must develop the Co-operative Movement in the country. Large sums of money have been provided in the budget under the head "Civil Works" and "Construction of Irrigation, Navigation and Drainage Works"; but unless the tendency of the contractors of war-time profit is checked, I am afraid, the bulk of this money will go to the contractors' pockets. Sir, increased provision under the head "Public Health" and "Medical" is a welcome provision. There is misgiving in the minds of Mussalmans of West Bengal that the Government might stop the Madrassah Education from West Bengal. I think, Sir, Government should do well to remove the doubts from the minds of the Mussalmans of West Bengal. Sir, another thing I would urge on the Ministry is to give us an assurance that the money provided for the promotion of education amongst educationally backward classes should not be spent for a particular section of a community. It should be spent for all those who are educationally backward. Sir, the Hon'ble Finance Minister in his statement said, that Government of a country is not a profit-making institution like a commercial enterprise in which increased emoluments can be claimed on the basis of the profits made. The Hon'ble Finance Minister has further stated that it will be recognised that salaries of Government employees must bear a certain relation to the income and the standard of living of the vast masses from whose toil the coffers of the State have to be filled. I am sure, Sir, this statement of the Hon'ble

Finance Minister is not intended for the poorly-paid officers only. May I ask the Hon'ble Finance Minister through you, Sir, in consistence with his statement, whether he can justify the high salaries of the administrative Secretaries and also the heads of the Departments?

Sir, before I sit down, I can assure the Government through you, Sir, that we on this side of the House, will co-operate with the Government in all their attempts to make West Bengal a happy and prosperous province, where there will be no exploitation of the common man and where all sections and classes of people will be able to live peacefully.

Sri BEPIN BEHARI GANGULI : মিঃ স্পীকার, স্যার, বিগত ১৪ই আগস্ট ১৯৪৭ সাল গভীর রাত্রে ১২-১ মিনিটের সময় নব ভারতের জন্ম হল। পশ্চিম জহর লাল নেহরু ঐ সময়ে ভারতের স্বাধীনতা ঘোষণা করলেন। সংগ্রাম বহুদিন হইতে চলিয়া আসিতেছিল। রাজনৈতিক কারণে কতকটা জরী হইলেও আমরা অর্থনৈতিক, সমাজনৈতিক ও কৃষিগত স্বাধীনতা এখনও লাভ করিতে পারি নাই। স্বাধীন হইয়াছেন অনেকেই, ত্যাগস্বীকারও করিয়াছেন অনেকেই, কিন্তু সেদিন যে মহৎ শ্রেষ্ঠ যোদ্ধা মহাত্মা গান্ধী জীবন বলি দিলেন, তাঁকে আমরা কখনও ভুলিব না। তিনি যে গঠনমূলক কাজের হদীল দিয়ে গেছেন তাহা যেন আমরা কায়মনোবাক্যে পালন করি।

বঙ্গ বিভাগের প্রতিভ্রাণ এবং পশ্চিম বঙ্গের অর্থনৈতিক স্বরূপ অর্থসচিব শ্রীযুক্ত নজিনী রঞ্জন সরকার সুস্পষ্টভাবে বিবৃত করিয়াছেন, অর্থনৈতিক সমস্যাপূর্ণ যে রূপান্তর ঘটিতে পারে তাহাও আন্দোচনা করিয়াছেন। পশ্চিম বঙ্গের আগামী অর্থনৈতিক বৎসরে আয় ব্যয়ের হিসাব দেখিয়া মনে হয় কৃষি ও শিল্প প্রভৃতি জনকল্যাণমূলক দফার ব্যয় কিঞ্চিৎ বৃদ্ধি হইবে। আমরা দেখিতে চাই কতদূর কাজ হয়। বিভিন্ন দিকে শিক্ষা, কৃষি, সেচ, চিকিৎসা, জনস্বাস্থ্য, মৎস্য চাষ, শিল্প উন্নয়ন প্রভৃতি বিভিন্ন বিষয়ের নিমিত্ত প্রত্যেক খাতে খরচের ফিরিশ্তি দেওয়া হইয়াছে। বিহার ও দামোদর উপত্যকা করণারেশনের সহযোগে আগামী বৎসরে উক্ত ধরনের রাসায়নিক শিল্প পরিকল্পনার জন্য ৫ লক্ষ টাকা ব্যয় করা হইয়াছে। সেইভাবে মূর পরিকল্পনা ও প্রেসিডেন্সি ডিভিশনের নদীগুলির উন্নতিসাধন করিতে যেন বিলম্ব না হয়। শিক্ষা বিভাগের অগ্রগতির জন্য কলিকাতা বিশ্ববিদ্যালয়কে ৬ লক্ষ টাকার উপর হবে ব্যয় বরাদ্দ বাড়াইয়া দেওয়া হইয়াছে। বিশ্ববিদ্যালয়ের মোট বরাদ্দ ১৪ লক্ষ ৫০ হাজার টাকা ব্যয় করা হইয়াছে। এই শিক্ষা সম্পর্কে গত বৎসর এমন দিন যে কি দূরবন্দ্য পর্ষদিসিড হইতে চলিয়াছিল তাহার পুনরুন্মেষ নিশ্চয়োজন। সাম্প্রদায়িক বাটোয়ারা আমাদিগকে অধঃপতিত করিবার চেষ্টার ব্যর্থতা আমাদের জ্ঞান, প্রাণ ও শিক্ষাকে উজ্জল, মূক্ত ও মহিমাময় করিয়া তুলিবে বলিয়া মনে হয়। স্থানীয় স্বায়ত্তশাসন ও জনস্বাস্থ্যের উন্নতির দিকে পূর্বের দৃষ্টি দেওয়া হয় নাই। আমাদের ২৪-পরগণা জেলার নগরগুলির জলসরবরাহের ব্যবস্থা আজ নিশ্চয়। বর্তমান মন্ত্রিসভার নগরগুলির স্বায়ত্তশাসনের (মিউনিসিপ্যালিটির) কুপ্রথা দূর করিবার দিকে বিশেষ নজর দিবেন কি? প্রধান মন্ত্রীর সহিত এ বিষয়ে আমার কিছু কিছু আলোচনা হইয়াছে।

পশ্চিম বাংলার জনসংখ্যার অনুপাতে শতকরা ২২ জন নগরবাসী। পূর্ব-বাংলার কেবলমাত্র শতকরা ৪ জন সহরে বাস করে। পূর্ব-বাংলা হইতে যাহারা এদেশে আসিয়া জনসংখ্যা বৃদ্ধি করিয়াছেন, তাহাদের অধিকাংশ পশ্চিম বাংলার সহরগুলিতে জিড় করিয়াছেন। সুতরাং প্রায় সকল সহরের লোকের খাদ্য সরবরাহ, আবাস, শিক্ষা, জনস্বাস্থ্য, সকল দিকে অগ্রাচর্য্য দেখা দিয়াছে। “আজ আছে কাল নেই” এইরূপ লোকগুলি বেকার অবস্থায় দিশেছারা হইয়াছে।

অর্থসচিব তাহার বাজেট বক্তৃতার ১৯৪০-৪৬, ১৯৪৬-৪৭ এবং ১৯৪৭-৪৮ সালের ব্যয়ের তুলনামূলক আলোচনা করিয়াছেন, কিন্তু আরের কোন তুলনামূলক আলোচনা করেন নাই। অর্থসচিব তাহার বিবৃতিতে প্রধান প্রধান খাতে আরের একটা মোটামুটি হিসাব দিয়াছেন। ১৯৪৭-৪৮ সালে মূক্ত বাংলার বাজেটে আবগারী বিভাগে ৫ কোটি ৮৮ লক্ষ ৬১ হাজার টাকা আর হইবে বলিয়া বরাদ্দ করা হইয়াছিল। আমাদের জাতীয় সরকারের উচিত যে আবগারী বিভাগ একেবারে তুলে দেওয়া। মহাত্মা গান্ধী ঐ সম্পর্কে যে সমস্ত ভাষণ দিয়াছেন, তিনি আমাদের যে শিক্ষা দিয়াছেন, সেদিকে আমাদের নজর দেওয়া উচিত ছিল। এ বৎসরে মূক্ত বাংলার বাজেটে আরেকর বাবদ ৭ কোটি ৪৯ লক্ষ ৫০ হাজার টাকা আর হইবে বলিয়া বরাদ্দ করা হইয়াছিল। অন্যান্য বাবদে আরের কথাও বলিয়াছেন; তিনি বিক্রয়-কর এবং অন্যান্য ঐ রকমের

কর হইতে আমদানী বস্তুর ৫ কোটী টাকা আর হইবে বলিয়া অনুমান করিয়াছেন। আমরা কলিকাতা সম্বন্ধে অনেক জালপার দেখতে পাই যে দোকানদার সমিতি হয়েছে। তাহার কারণ না বিস্তর-কর দিতে, সেদিকে গভর্ণমেন্টের বিশেষ নজর দেওয়া উচিত ছিল।

অখণ্ড বাংলার রাজস্ব খাতের সহিত বর্তমান পশ্চিম বাংলার রাজস্ব খাতের আয়ের পরিমাণ তুলনা করিয়াছেন। ব্যয়ের দিক হইতে পশ্চিম বাংলার আয়তনের অনুপাতে ব্যয় যে কমে নাই তাহাও স্বীকার করিয়াছেন। মোটামুটিভাবে প্রায় ৩২ কোটী টাকা ব্যয় হইবে। উন্নয়ন পরিকল্পনার জন্য ৬ কোটী ৫৭ লক্ষ ৪০ হাজার টাকা কেন্দ্রীয় গভর্ণমেন্ট দিবেন; সুতরাং সাধারণ রাজস্ব খাতে মোটামুটিভাবে ২৫ কোটী ৩৯ লক্ষ ২ হাজার টাকা ব্যয় হইবে। ইহার মধ্যে অল্প বেতনের সরকারী কৰ্মচারীদের জন্য ১ কোটী টাকা ব্যয় হইবে। কৰ্মচারীদের বেতন সম্পর্কে পশ্চিম বঙ্গে পূর্বেও হইতে বহু সংখ্যক সরকারী কৰ্মচারীর আগমনে যে ব্যবস্থা করতে হইয়াছে তাহার ব্যয় বাড়িয়াছে। সুতরাং বিভক্ত হইলেও কলিকাতা ও উহার উপকণ্ঠে শাসন পরিচালনা ও অন্যান্য ব্যয় কিছু বাড়িয়াছে। এই সম্পর্কে কলিকাতা পুলিশ বিভাগের ব্যয় রেশন বিভাগের ব্যয়, চিকিৎসা ও শিক্ষা সংক্রান্ত এবং অন্যান্য প্রতিষ্ঠানের ব্যয় উল্লেখযোগ্য। আয়ের তুলনায় ব্যয় না কমিবার কারণ উৎপাদন প্রভৃতি জনকল্যাণমূলক দফার ব্যয় বরাদ্দ বৃদ্ধি হইয়াছে। পশ্চিম বাংলা আয়তনের তুলনায় সরকারী কৰ্মচারীর বর্তমানে অভ্যন্তরীণ বৃদ্ধি হইয়াছে। প্রয়োজনের অতিরিক্ত কৰ্মচারী রাখিয়া ব্যয় বৃদ্ধি করা মোটেই যুক্তিযুক্ত নহে। সরকারী ব্যয় হ্রাস না হওয়ার যে সকল কারণ অর্থসচিব দেখাইয়াছেন তাহার ভিতর রেশন ব্যবস্থা চালু রাখা। আমার মনে হয় তাহার প্রয়োজনীয়তা শেষ হইয়াছে। কেন না পারিপার্শ্বিক অবস্থার সত্ত্বেই মাত্র তিন দিন চালিবার উপযোগী চাল পাওয়া যায়। প্রয়োজন অনুপাতে কৰ্মচারী রাখিলে এবং রেশন ব্যবস্থা তুলিয়া দিলে নতুন সমস্যার উদ্ভব হইতে পারে, তবে গভর্ণমেন্ট যে উন্নয়ন পরিকল্পনা গ্রহণ করিয়াছেন তাহা যদি যথাযথভাবে কার্যকরী করা যায় তাহা হইলে উন্নীত লোকের কৰ্মসংস্থান হইতে পারে। জাতীয় গভর্ণমেন্ট প্রবর্তনের পূর্বে যে গভর্ণমেন্ট আমাদের দেশে ছিল তাহার আত্মজাতিক প্রভাব অর্থাৎ ঘর বা টাকা চুরী প্রমুখ লাভ হইতে হুজু হইতে পারিবে। উন্নয়ন পরিকল্পনা পরিচালনের ব্যবস্থা সম্ভব হইবে। অতিরিক্ত ব্যয় হ্রাস করা সেই কারণে সম্ভব হয় নাই। কিন্তু উক্ত কারণ দুইটি দূর হইলেই বাজেট বরাদ্দের মধ্যে পশ্চিম বঙ্গের আর্থিক ও অন্য সমস্যা ঘুচিয়া যাইবে। পরিকল্পনা অনুযায়ী অর্থনৈতিক ব্যবস্থা, সামাজিক ও শিক্ষামূলক ব্যবস্থা যথাযথভাবে পরিচালিত হইলে সমাজের দুরবস্থা ঘুচিবে এবং দেশকে আমরা উন্নতির পথে লইয়া যাতে পারিব।

ভারতে অর্জিত স্বাধীনতা রক্ষা করিতে হইলে উৎপাদন বৃদ্ধির দিকে আমি গভর্ণমেন্টের দৃষ্টি আকর্ষণ করিতেছি। উৎপাদন বৃদ্ধি না হইলে বহিঃপ্রদান বা বিভিন্ন দেশ হইতে আমদানী বর্তমানে সম্ভব নয়। এই দিকে বিশেষভাবে দৃষ্টি না দিলে জাতির ধনস্বয়্য নষ্ট। কি শিল্প ক্ষেত্রে, কি কৃষি ক্ষেত্রে, বায় ও প্রয়োজনীয় দ্রব্যাদি যথেষ্ট পরিমাণে উৎপাদন সূচ্যুতভাবে প্রবর্তন না করিতে পারিলে আমাদের স্বাধীন শিল্প রাষ্ট্র ধনস্বয়্য হইতে বাধা। সুতরাং প্রমিত ও কৃষক শ্রেণীকে উৎপাদন বৃদ্ধির কার্যে নিয়োগ করা একান্ত যুক্তিযুক্ত। অর্থনৈতিক, সামাজিক ও রাজনৈতিক চেতনাসম্পন্ন করিতে সক্ষম হইতে হইবে। তাহা হইলে উদার আদর্শবাদী হইয়া উঠিবে এবং এই সঙ্কট মূহুর্তে জাতিকে বাঁচাইতে পারিবে।

সত্য বটে যে জাতি সংগঠন, যথা জাতীয় ফ্রেড ইউনিয়ন কংগ্রেস, জাতীয় সেনাবাহিনী ও জাতীয় জনতা যদি এই কাজে উদ্যোগী না হয় তাহা হইলে সমাজবিরোধী পাটী বা উপদল আমাদের এত কালের আদর্শ ও আকাঙ্ক্ষা নিষ্পত্ত করিয়া দিবে।

উৎপাদন বৃদ্ধিকল্পে কেন্দ্রীয় সরকার নানা প্রকারের কমিটি প্রণয়ন করিতে উদ্যোগী হইয়াছেন। বাংলা দেশে এই প্রকার প্রম বিভাগে উপদেষ্টা কমিটি গঠন করিতে আমরা বহুবার প্রস্তাব গ্রহণ করিয়াছি; কিন্তু পূর্বে কোন ফলই হয় নাই। এক্ষণে আমোদবাদের সূতা কম বয়স মাজিক পছের বিবরণে ১৯৪১ সালের অক্টোবর মাসে মহাত্মা গান্ধী এক সাক্ষাৎ করেন; সেই সাক্ষাৎ তিনি ঘোষণা করেন যে প্রমিকর মাজিকদের সমজ্ঞানীকার। কম কারখানা শিল্পে আদর্শ স্থাপন করিতে হইবে। এই আদর্শ অনুযায়ী আজ যদি সরকার ও মাজিক শ্রেণী চলিতে পারেন, তবেই দেশকে আমরা সঙ্কট হইতে বাঁচাইতে পারিব পূর্বে পূর্বে গভর্ণমেন্টের প্রদর্শিত বাহ্য হইয়াছিল; তার কারণ, গভর্ণমেন্ট-পরিচালিত কারখানার শিল্প প্রতিষ্ঠানে ইউরোপীয় অফিসারদের মুনীতি।

মিঃ শীকার, স্যার, সেই সকল অফিসারদের ভিতর হাঁহারা এখনও পরিক্রমকল্পে কপঁহার রহিয়াছেন তাঁহারা যুবশীলদের আশ্রয়ে আশ্রয়প্রসাদ লাভ করিতেছেন। কাঁকীনাড়া ও জলপাইগুড়ি F. S. D. machinery factory তাহার বৃদ্ধিতে স্থল। যে সকল বিদেশী-পরিচালিত টেক্সটাইল ফ্যাক্টরি প্রমিকদের দ্বারা বিবাদ বিসম্বাদ বাড়াইতেছেন, হিন্দু-মুসলমান পার্থক্য আনিয়া নিরুদ্ভিগকে অর্থশাস্ত্রী করিতেছেন—এই বৃদ্ধি করে আমার কাটাঁইরা উঠিব।

পরিণেবে, জমিদারী প্রথার উচ্ছেদসাধনে কৃষকদের উন্নতি ও কারখানার মালিকদের অভ্যাচার হইতে প্রমিকদের অব্যাহতি ও জাতীয়করণ দাবী করিয়া আমি আমার বক্তব্য শেষ করিলাম।

Janab ABUL HASHEM: Mr. Speaker, Sir, I congratulate the Hon'ble the Finance Minister Sri Nalini Ranjan Sarker who has the distinction of presenting the first budget of the province of West Bengal of His Majesty's Dominion of India. I do not see eye to eye with him when he claims for himself the unique distinction of presenting the first budget of the province of West Bengal of free India. My conception of freedom, it appears, is something different from his. I do not think that complete independence is the same as what we have got now, viz., Dominion Status.

Sri Nalini Ranjan Sarker had had in the past many other unique distinctions. He had the unique distinction of presenting the first budget on behalf of a Muslim League Ministry in this very House of the first Government constituted under the Macdonald Award. He had the unique distinction of becoming one of the members of Lord Wavell's first Interim Government. He has now the unique distinction of presenting the budget of the Government of West Bengal.

In presenting the budget he starts with an expression of grief for the sad and tragic assassination of Mahatma Gandhi and then he expresses his sad determination to materialise the yet unfulfilled dreams and desires of Mahatma Gandhi. Sir, in this connection I would like very much to draw his attention to one point which impressed me most. The hand that pierced the heart of Mahatma Gandhi was the hand of a young man. These crimes are generally committed by youths of impressionable age. Youths generally are lovers of thrills, sensation and romance. These youths, we find again, are far ahead of others in every progressive struggle the world has ever seen. These youths would lend their blind support to any tendency, either virtuous or vicious, which will be able to present to them greater thrill, greater sensation and greater romance. If we are serious and sincerely desirous of doing our best to fulfil the dreams and desires of Mahatma Gandhi, in that case we will have to take steps to mobilise in the right direction the energies of revolutionary youths and this, in my opinion, cannot be achieved by mere open declaration of pious hopes and secret negotiations with Imperialist and Capitalist interests. What is required for this is bold and straightforward steps and measures to create a revolution in our thinking, feeling, action and in the way of our existence. Sir, in this budget I regret not to find anything of that nature, anything that can really inspire anybody. For this, however, I do not blame the Hon'ble Finance Minister or his predecessors in office. But I blame the circumstances of which the Hon'ble Finance Minister may either not be fully cognisant or being conscious is not prepared to accept them as realities. Dr. Roy, the leader of the present Ministerialist Party, has been a physician of a very high order. Sir, philosophers and sociologists of our time are almost unanimous in thinking that, like an individual, society itself is also an organism. Like an individual organism social organism has also its birth, growth, decay and death. Dr. Roy, an eminent physician of individual organism, has now transferred his talents and energies towards ministering to the physical needs of the social organism and we hope and expect in course of time he will prove himself to be equally efficient, but for the present I do not think, as I have already said, he can really inspire anybody. The budget he has presented is an old stereotyped budget. He has, however, I must admit, made some improvements over the

previous budgets. He has spent a considerable part of his time while delivering his statement on lamentation over the partition of Bengal. We entirely agree with him and those who think like him that partition of Bengal, which I call the murder of Bengal, has created circumstances over which perhaps we shall never have sufficient control to enable us to overcome our difficulties. So long as the partition of Bengal exists, the difficulty which the Hon'ble Finance Minister feels and experiences will continue. Unfortunately in his budget statement he entered into a little acrimonious discussion which, I think, at this stage is quite unnecessary. He attributes the partition of Bengal to what he calls the pernicious two-nation theory. But if he had courage to see things in their true perspective and appreciate them, however unpleasant they may be to his taste, he would have seen that this pernicious two-nation theory which he has referred to is the natural offspring of an equally pernicious one-nation theory. The real thing, however, is that India is the home of many nations and unless we are prepared to accept a multi-nation theory, rejecting both one and two we shall not be able to make India a real temple of peace. I do not want, however, to dilate much upon this. From the statement it appears, because he has made mention of it in so many words, that he is fully conscious of the difficulties and obstructions that lie before him. If he were free to prepare the budget for us to his choice, I have no doubt, knowing him as I do, he could have made us happy, but unfortunately he is not free to do so.

So far as the expenditure side is concerned, I must congratulate him for the wonderful way in which he has distributed the available funds. But if he wants really a revolution in our social order and in our way of existence, in that case greater emphasis will have to be laid on the increase in revenues, and here the growing needs of the people are so great and so much that if we want really to do anything for them, we will have to swell up our income and that can only be done by creating a revolution in our revenue system. Here I suggest—rather I do assert with all the emphasis that I can command—that no Finance Minister and no Ministry and no budget can give us what we want so long as our present sources of revenues remain as they are. Sri-jit Sarker has said that negotiations are going on with the Government of India, and unless we arrive at a final settlement, we do not know exactly where we stand. That is true, but the tendency which the Government of India is already showing does not create much hope in us and does not inspire us either, because swelling our funds to that strength which is necessary for complete satisfaction of our needs requires complete socialisation. Fifty years ago there was some romance in Home Rule as opposed to foreign rule, but in these days, Sir, we do not care much whether we are ruled by a white or a brown man but what we are concerned with are the contents of freedom—social, economic and political. So far as these are concerned, we feel and I hope the Hon'ble the Finance Minister will also agree with me that we stand just where we were before. Complete socialisation requires complete independence. Now, the Hon'ble the Finance Minister has said in his budget speech that the main sources of expected revenue are nationalisation of big basic industries and nationalisation of land—these two things are under the consideration of the Government of India. In fact they have already laid down that principle. They have declared that the question of nationalisation of industries cannot arise now. Only the other day—I believe yesterday—Pandit Jawaharlal Nehru addressing the All-India Congress Committee declared that for some time to come he would not think of nationalisation of industries because the present world question was one of production and not of distribution. And with regard to nationalisation of land, the Hon'ble Finance Minister has already stated that the Central policy is to give compensation and the actual rate of compensation has not yet been fixed; so he cannot at once go for the nationalisation of land. If this be the tendency that the industries must be left to individual enterprise, which is another way of saying that they must depend on the capitalists of India, and if the zamindari be acquired by paying heavy compensation to

zamindars who find considerable difficulty to derive any profit out of their zamindari, which are no longer a profitable concern, then in that case it goes without saying that the main tendency of the Government of India and of the Government of Bengal as well, because it is a subordinate limb of the Government of India, is to take shelter under the protective wings of feudal lords, financial lords and imperial lords. Under these circumstances one cannot reasonably expect more than what we have got in the budget presented by the Hon'ble the Finance Minister. That is why I say that in the present set-up the Finance Minister has very nicely distributed revenue in the budget.

In this budget I would like to draw the attention of the Hon'ble the Finance Minister to one small item of expenditure, namely, community kitchens. This appears to me just something ridiculous because the community kitchen and its spread is not much consistent with the capitalist order of society. By community kitchen the Hon'ble the Finance Minister expects to relieve small household women from the drudgery of cooking in their houses. If he could add a little more money to provide children's creches, I think they would have been much more relieved. But he proposes to relieve them from the drudgery of household affairs. Is he prepared to give them sufficient employment to enable them to use their time profitably or by simply relieving them by taking them from their household occupation he wants to create devil's workshop in every household? I would request him to think over this matter. If he can provide sufficient work for men and women, in that case community kitchens would be quite good—

MR. SPEAKER: Mr. Hashem, how long more do you wish to take?

Janab ABUL HASHEM: Ten minutes more, Sir, otherwise I think the spread of this community kitchen would lead to undesirable things.

MR. SPEAKER: Mr. Hashem, I think it would be better if you continue your speech tomorrow.

Janab ABUL HASHEM: It is no use taking it tomorrow. I shall finish within five minutes.

Sir, the next item in the Budget is the revenue expectation from Excise, from betting and gambling. On this point previous speakers have spoken, so I do not want to take much time, but I shall content myself with only remarking this that the present Government, which swears allegiance to the principles of Mahatma Gandhi, should see that there is gradual prohibition in this country.

Now, we find also another small item of expenditure in the Budget, namely, aid to political sufferers who are described as war veterans. That is a very laudable thing, and I congratulate the Hon'ble the Finance Minister on that. But at the same time there is a misgiving in my mind in that respect. I would like to know from the Hon'ble the Finance Minister—I do not know if in his reply he would refer to the item but I would like that he should categorically lay before us the whole procedure of distributing this money to the war veterans—whether Government will do it or Government will set up an All-Party Committee to deal with the question. To put it very bluntly, I would like to know if the present Congress Party and the Ministry will recognise the past services of other people like the Chittagong Raiders and similar other patriotic people, or they will confine their benevolence only to their own party men?

The Hon'ble Sri NIHARENDU BUTT-MAZUMDAR: Not to Pakistanis.

Janab ABUL HASHEM: Muslims do not claim anything from you. Here I mean other people who do not belong to the Congress. According to

your idea we belong to a different class and we are not entitled to get it. But my point is, is it going to benefit political sufferers belonging only to the Congress or is it going to benefit all others as well who do not belong to the Congress party? To put it in another way, is it an attempt to raise an army of whole time Government paid workers of the Hon'ble the Deputy Premier of India Sardar Vallabhai Patel's monolithic Congress party? We want an answer to this question which we are perfectly entitled to have, and I hope the Hon'ble the Finance Minister on behalf of his party will give us complete satisfaction.

Now, Sir, since the time is very short, I again congratulate the Hon'ble the Finance Minister for the handsome manner in which he has distributed the funds that can be available under the present Capitalist and Imperialist order under the Dominion Status, and I hope that he will also realise in course of time that we are not just enjoying that freedom which we are persuading ourselves to believe.

In conclusion, Sir, I would draw his attention to one of his statements. While referring to Mahatmaji's death he has stated that with the death of Mahatmaji a crowded epoch of Indian history has ended. That is true. Now, the question which I would like to place before the Hon'ble Finance Minister and his party is, are we to take that point where Mahatmaji's life ended as final, or we shall take upon ourselves the task of carrying the history of India towards further progress? If we care to endeavour to carry the history of India towards such progress, in that case we cannot accept the Mountbatten Award and concession as final and thus the Congress Party will realise and give us some idea as to what they expect in future in this respect.

Sir, with these words I congratulate the Hon'ble the Finance Minister for presenting his budget before us and resume my seat.

Adjournment.

The House was then adjourned at 6-53 p.m. till 4 p.m. on Tuesday, the 24th February, 1948, at the Assembly House, Calcutta.

Proceedings of the West Bengal Legislative Assembly assembled under the provisions of the Government of India Act, 1935, as adapted.

THE ASSEMBLY met in the Assembly House, Calcutta, on Tuesday, the 24th February, 1948, at 4 p.m.

Present:

Mr. Speaker (the Hon'ble Sri ISWAR DAS JAIN) in the Chair, 10 Hon'ble Ministers and 57 members.

General Discussion of the Budget.

Sri ANNADA PRASAD CHOWDHURY: মাননীয় Speaker মহোদয়, অর্থ সচিব মহোদয়
পরিষদ কক্ষে নেই, এ সব discussionএর বাবে কি?

Sri A. K. GHOSE: তিনি নেই এখন, কিন্তু আমি ও আছি।

Sri ANNADA PRASAD CHOWDHURY: কিন্তু আপনি ও উত্তর দেবেন না। উত্তর
দেবেন তিনি।

Mr. SPEAKER: It is desirable that the Hon'ble the Finance Minister should be here at the time of budget discussion.

The Hon'ble Sri BIMAL CHANDRA SINHA: Mr. Speaker, Sir, I would be taking the notes.

Shaik MOHAMAD RAFIQUE: On a point of privilege. Is not the honourable member entitled to get a reply from the Finance Minister? And unless the Finance Minister hears the speech and the points raised by the Speaker, how will he reply?

Mr. SPEAKER: I have already drawn the attention of the Government that he should be here. In the meantime Mr. Sinha is taking notes.

Sri SATISH CHANDRA CHAKRAVARTY: I congratulate the Hon'ble Finance Minister on the budget he has placed before the House. It must be admitted that in certain aspects it opens up a vision of activity towards the good of the province on wider fields which were unexplored by Finance Ministers before.

In my opinion the improvement of the province depends on our capacity to tackle four cardinal factors: The rivers, the roads, rehabilitation and the relief. I have very carefully studied the budget provisions as far as it deals with the four points; but the whole thing, it seems, has been placed without any co-ordination, from the jumbled recommendations of the various members or district officers; and to an impartial mind, it leaves an impression that equity regarding the necessity of the various districts has not been maintained.

The Hon'ble Minister has said in his budget speech that the only big river that partitioned Bengal has got is the Ganges. The first point that I should like to impress is that the consideration of the Ganges should have been given priority No. 1. As late as in 1788 Mr. Rennell wrote "that the Ganges with its numerous branches and adjuncts intersects the country in a variety of directions so as to form complete and easy inland navigation that can be conceived. Every part of the country has, even in the dry season, some navigable stream within 25 miles at the furthest and more commonly within a third part of that distance". It will, therefore, be seen that at

that time the rivers almost satisfied not only the question of irrigation but also the question of communication. Bengal was then a very prosperous country.

Bhagirathi used to be the Western Mouth of the Ganges 400 years ago. Its off-take has remained closed by sand bars during the dry seasons since 1915, and there is a flow of Ganges water through the Bhagirathi only during the flood seasons when the bars are overtopped. Bhagirathi gets its supply from torrential rivers whose catchment areas are in the hills and plateaus at Santhal Parganas and Chota Nagpur, but these rivers dry up in winter. Bhagirathi also gets its supply of Ganges water from the Julungi, Mathabanga, Ichchamati and Churni Khal, but the off-takes of these from Padma are also closed in dry seasons.

The Ganges with its numerous sub-branches are all dying or already dead due to the diversion of Ganges water through Padma, and it is universally agreed that without restoration of continuous flow of Ganges water to its dead and dying rivers the whole area will gradually revert to swamps and jungles. There is also a danger that as time passed the whole of the Ganges water will flow through Padma and "the river Hooghly (Ganges) will die in the same way as those in the 24 Parganas are dying", but in spite of these Mr. Adams Williams, one of the well-known irrigation engineers, said that it is best to leave matters alone. Of course for a foreign irrigation expert it is very easy to advocate for leaving such matters alone but to us it is a question of life and death. Without going into the detailed history it may be mentioned that there was a continuous flow of Ganges water through Bhagirathi for a period of 7 years, from 1908 to 1914, and if the channels at Padma as they existed at the above period of 7 years had been fixed so that it always flowed and passed these off-takes, the continuous flow of Ganges water through the Bhagirathi would have continued to this day. It is the opinion of many experts that the training of river channels by a pair of guide banks as originally designed by Mr. James R. Bell is possible, and if we construct, even now, a pair of guide banks at the western mouth of the Ganges the flow of the water can be diverted from Padma to the Ganges and river channel at the mouth can be fixed in its course. In that case the flow of Ganges water through the dead and dying rivers of Central Bengal during the dry seasons will help to erode the shallower portion of those channels and enable them to carry greater volume of Ganges water with the rise of water level in the Padma during floods. These deeper channels of the dying rivers will also help to drain away the water collected in the low lands on their banks. The relief to the water-logging, eradication of the breeding place of mosquitoes, will improve not only the health but also the agriculture and will lead to a happy and prosperous Bengal. It is therefore worth while for our Hon'ble Finance Minister to consider this scheme and take it up immediately, and I am sure that it will be agreed that unless this is taken up along with the provision of the re-excavation of some of the rivers, such as Saraswati in the district of Hooghly and Howrah, Kunti in Chausmah, the drainage flushing scheme of Murshidabad and the preparation of master plan for the drainage of Calcutta and surrounding areas, the grants given for these schemes will not be half so useful unless the question of opening the mouth of the Ganges be given priority No. 1 and be taken up at once along with these schemes. I suggest that the allocation of Rs. 4,50,000 made for the development of the River Research Institute be spent this year for survey and estimate to form two guide banks for intake of Padma water into the Ganges and, if necessary, to take expert opinion in this matter. The opinion given above tallies with the opinion of an expert irrigation engineer, Mr. K. B. Roy, who was an Executive Engineer for Irrigation for a long time in Bengal.

Regarding equity of irrigation grants to various districts, I regret to mention that it seems that in four schemes Rs. 10,57,000 has been allocated to Bankura district alone, whereas only Rs. 1,50,000 has been provided

for the district of Murshidabad. Almost the same fate with 24-Parganas with a provision of only Rs. 3,00,000. Howrah and Hooghly combined totals Rs. 8,25,000. I would not have grudged if the needs of Bankura were greater than those of any other district, but when the whole question of rivers of Bengal has been dealt with it would have been far better if these allocations had been made according to the urgent necessity of the districts on the recommendation of expert irrigation engineers. I, with some knowledge of the rivers of Bengal, do feel that the question of immediate necessities has not been kept in mind at the time of making these allocations.

Regarding allocations made to the roads, it is surprising to find that in the Hooghly district two of the main roads which ought to have been taken up immediately, no provision has been made for them; one is from Grand Trunk Road to Tarakeswar *via* Singur and another is the old Benares Road from Howrah to Shiakhala and upwards. If these two roads had been taken up immediately, the question of rehabilitation of middle class people would have been solved to a great extent as these *kuchcha* roads run through a large number of villages where immediate rehabilitation is possible. In this case it also seems that before allocations made to the various districts the question of the immediate priorities have not been considered and it leaves an impression that the allocations have been made according to the pressure which the people of the district or its members have been able to put before the Minister.

I further suggest that the sum of Rs. 50 lakhs which has been set apart for the rehabilitation of the middle class people should be spent on the roads of Bengal instead of any attempts being made to rehabilitate middle class people with this amount. On a very moderate estimate it will take at least Rs. 10,000 to rehabilitate a middle class family. With Rs. 50 lakhs we can just accommodate 500 families or say about 5,000 men and women; but if this sum is spent on the construction of main district highways and roads it will open up vast areas for rehabilitation where large areas of lands may be available for the middle class families who would like to settle in West Bengal. A small surcharge may be made on the lands opened up by these roads. It was by this method of opening up communications that the question of rehabilitation was solved at one time in Germany and Italy and also at some portion of America. I would therefore suggest that the allocation of Rs. 50 lakhs for the rehabilitation be diverted for the construction of roads, specially in districts within 40—50 miles from Calcutta. Highways are lifeline of a country: If you open highways you can solve many problems including rehabilitation.

Regarding the rehabilitation estimate of Rs. 22,50,000 for the maintenance of destitute homes, State orphanage, etc., I suggest that this sum should have been increased, as this question has come to the forefront with the migration of East Bengal people to West Bengal.

A grant of Rs. 20 lakhs has been made for the re-housing of *bustee* dwellers. I would feel that instead of an attempt to remodel Calcutta *bustees* or slums of Bengal which have proved a failure all along, it will be far better if this grant is spent along with a portion of the grant of Rs. 50 lakhs allocated for the improvement of transport facilities of greater Calcutta, for building up beautiful garden cities consisting of small houses, open spaces for children and women within ten or fifteen miles from Calcutta where a large portion of the *bustees* of Calcutta can be transferred. Cheap transport facilities may be arranged to bring these people to Calcutta. It will not only be a beautiful plot worthy of the name of the Government but also it will be a source of revenue to the Government. Further, most of the *bustee* lands of Calcutta belong to landlords and the re-modelling of the *bustees* according to Bengal Slum Improvement Act of 1946 has been found not to be a practical proposition.

Regarding the relief to the poor, it must be admitted that community kitchen is no solution to the problem and the provision made of Rs. 77,92,000, does not seem to be sufficient for this purpose. More allotment ought to have been made on this account. Subject to the remarks regarding rivers, roads, rehabilitation and relief, I am of opinion that a very promising start has been made for the improvement of these four factors.

Before I close, however, I cannot but mention another factor. I do feel that our experienced Finance Minister with an international reputation should not have presented this budget taking into full consideration of the revenue of Rs. 5,88,00,000 from excise in the revenue side, as it is a known fact that we in the Congress intend to prohibit the sale of liquor and other intoxicants at an early date. I had expected that our experienced Minister should frame a budget in such a way that if it was settled to enforce the prohibition in West Bengal, the budget would not be upset nor it will cause a collapse in the financial structure. It would have been far better to take previous notice of this loss of revenue and frame budget in such a form so that in case of prohibition we could do without this amount in the revenue side. It would have been better if Rs. 5,88,00,000 could be kept into a separate account to be utilised according to the suggestions made by the members and accepted by the house for various improvements of the province. In case of prohibition we might have done without this revenue, otherwise if the budget is framed year in and year out with this heavy sum on the revenue side, it will be well nigh impossible for us any time to vote for the total prohibition of liquor as the spectre of the financial collapse will haunt on the minds of the members before they vote for the total prohibition.

Janab ABDUR RAHMAN SIDDIQI: Mr. Speaker, Sir, listening to the Hon'ble the Finance Minister brought back memories of the days when this House was fuller, when it possessed a Government and a real live and vigilant Opposition. During his short stay with us, he must have realised and probably conveyed to his colleagues that a one-party Government is not good for a democratic House of Legislature. They must have realised that a huge majority on one side and a negligible and ineffective Opposition on the other are unsatisfactory and depressive for the whole House. Such a situation leads to totalitarian tendencies. It becomes the antithesis of democracy. A parliamentary system becomes almost negative when you have no Opposition. (Janab MUHAMMAD HUSSAIN: A mockery.) It is being suggested to me, Sir, that I should call such a system a mockery. I accept the correction. I appreciate the rule of and by the majority, but that should not be the be-all and end-all of our parliamentary efforts because, Sir, counting of heads need not necessarily be the only criterion in a House of Legislature. Majorities and minorities should have their limitations. That is why I requested the former Premier to manufacture an Opposition because without a decent Opposition the House cannot work satisfactorily. I repeat my request to the Hon'ble the Finance Minister, as the Premier has not been here with us during these discussions. He will kindly convey my suggestion to his chief, and I hope the Cabinet will sit together and decide on the creation of an Opposition. This suggestion is being made for the obvious reason that the Ministers have ignored the House altogether. There has hardly been any debate on any of the Bills proposed before the House. Sir, you must have noticed and also the Deputy Speaker that honourable members moved dozens of amendments, but the most depressing experience that I have ever had in any House of Legislature was the continuous repetition of the words "Not moved", "Not moved", "Not moved", when called upon to move them. It put them in the wrong and it certainly was of great disadvantage to the Opposition. My reason for saying that is that if members of the Government Party move amendments, the Opposition feels that it is the intention of the Cabinet to alter the Bill but when they withdraw them so unceremoniously,

they rob the Opposition of the right to move such amendments altogether. That, Sir, is not all. The silence of the Ministry in expounding their plans and policies robs the voters—our masters—of their right to know what their representatives in this House are doing. Sir, I hope you will use your influence with members of the Government and help them get out of this conspiracy of silence and tell us more as to what they want and how they want to do it.

I congratulate the Hon'ble the Finance Minister for his statement. I hope his colleagues will take a lesson from the manner in which he has told us in a lucid, long and explanatory statement as to what he wants to do during 1948-49. I also take the liberty of congratulating him on his rehabilitation in the Congress fold after a punishment which was to extend to 20 years. I am glad they have taken him back because I have a feeling that he will try and make them look at things in a reasonable way, in a matter of fact way, in a way which will make things more bearable for those who do not agree with them. I sympathise with the Hon'ble the Finance Minister for the very difficult task that has been put to him and which he has so courageously undertaken at such short notice.

Sir, he had to build his estimates on data which covered only 7½ months. The greater difficulty for him, Mr. Speaker, was that he was given perhaps the shortest time in the history of any Legislature to prepare a budget or at least to prepare his financial statement. It was only his courage and his mastery of the subject that allowed him to do it. A great businessman, an ex-Minister of the Finance Department of Bengal, an ex-Member of the Governor-General's Executive Council but above all, a self-made man, he wants to serve his province to the best of his abilities. I feel, Sir, that the finances of Bengal are in safe and capable hands. I do not hold him responsible for 1948-49, but, Sir, I would appeal to the Government Party to see to it that they do not create any further trouble for the Cabinet, that they do not once more change horses in mid-stream. If the finances of Bengal are in the capable hands of the present Minister, I feel that by 1949-50 or 1950-51 we shall have passed through the grind and gone out of the wood into the shining light of better finances for Bengal.

Sir, the cynic has been uttering remarks which normally do disturb the average man. I have heard it said that the centre of gravity of the political economy of Bengal has shifted from Clive Street to Burrabazar. I hope it is wrong and I hope the Hon'ble the Finance Minister, by his dexterity and by his single-minded devotion to the needs and requirements of Bengal, will prove the cynic to be wrong. I hope he and his colleagues in the Ministry will see to it that the finances of the Government of Bengal do not get mixed up with private finance. Sir, that has to be done because tongues are wagging and it is also being said that capitalists and outside financial interests will now control the destinies of Bengal. That should not happen. There should be no truck between Government finance and non-Government finance and the Ministers, individually or collectively, should have no truck with non-Government financial activities.

Having said that, Sir, I wish to express my gratitude to the Hon'ble the Finance Minister for not having imposed fresh taxation in 1948-49, but I shudder to think as to what will happen when the many Planning Committees he has established have submitted their plans. Then perhaps he will come out as a monster and demand taxes from us which, if the plans are good, I hope will be paid by the public and the merchant classes. He must have noticed, in his long experience, that merchants and industrialists have played their part in the general economy of the province, quite satisfactorily. If he wants more money then it should be the duty of the Government to see to it that the merchants are allowed to earn sufficient, so that they may pay tax to any percentage he demands. The war has made us accustomed to go up to 96½ per cent. If Bengal needs the services

of merchants and industrialists and if he goes up even to that figure, we shall not ask him not to do it. Things are difficult these days. What with the world financial situation, what with lesser industrial and agricultural production, the difficulties of international exchange, lack of shipping and transportation and above all the system of controls, quotas and licences, it has become difficult to carry on commerce and industry. I hope in his view of these things he will show sympathy and generosity.

Having read the financial statement, Sir, the impression left on my mind is that the Hon'ble the Finance Minister is rather disturbed that Calcutta has lost the large hinterland which is necessary for its growth and expansion. I know, Sir, we have lost about two-thirds of old Bengal, but if the Hon'ble the Finance Minister will try and tap new sources, I feel that Calcutta will still retain its great position. Mr. Speaker, Sir, Calcutta was not the Port of Bengal alone but of the whole of the Gangetic valley, and under the new dispensation if the Government of Bihar and the Government of Orissa tap their mineral resources fully I feel that the Port of Calcutta, the inlet and outlet for this huge hinterland, will not only regain its position but may expand its income.

In this connection, Sir, I can appeal with confidence to the Hon'ble the Finance Minister, who knows the authorities in East Bengal. If instead of the present-day short-sighted politics, to which we have grown accustomed, he makes use of his connections with his old colleagues of the older days, I feel that, although separated constitutionally, East and West Bengal, economically and socially, can still work together. One part has things which the other wants, and the other part has things which we want here. That being the situation I feel, Sir, a bit of talk-around-the-table may remove many of the difficulties he has visualised. I also feel that the interests of both the old parts of Bengal demand such a move. Inter-dependence and mutual assistance rather than competition should be our policy. I hope that when he feels a bit more comfortable in the saddle he is now occupying, he will turn his face towards East Bengal and then true economic friendship will grow and bitterness will disappear. We had enough of controversy. We have paid in misery and in blood for our misdeeds. The Hon'ble the Finance Minister referred feelingly to Mahatma Gandhi's assassination. Is it worth while, Sir, talking in the same document of the pernicious theory of two nations? It has been misunderstood, particularly by friends who believe in *varnashrama*. Those who have faith in a society built on *varnashrama* have to talk not of two nations but four nations and also of a fifth, the *parachama*, otherwise known as untouchables. But need he have referred to this at all in his otherwise very interesting financial statement for the good reason that, two nations or ten nations, the leaders of the political groups in the country have accepted it. It is a *fait accompli*. It is something which has to be worked now. We have to wait for the day when unfriendliness and bitterness will disappear. His financial statement, otherwise an interesting document as I have said, is likely to be misinterpreted as trying to make a propagandist approach to the whole problem. I hope it was not so, but the impression left on me was that.

That impression, Sir, is likely further to be strengthened by the doles he has distributed to all and sundry out of the largesse which he possesses and which according to his own statement is not enough. Despite his cry of agony over the partition of Bengal, he has forgotten essentials and distributed the doles to non-essential subjects. And what, Sir, has surprised me most is that having described the two-nation theory as pernicious, he has run down the Radcliffe Award and shown that that pernicious theory has been swallowed whole hog and more is being wanted. That will not help us. That will not carry us far. That will continue strife, and I for one would respectfully urge upon the Hon'ble the Finance Minister to forget the past and to begin to build the future. Sir, as I have said that

impression is likely to be created from the manner in which he has distributed money out of the estimated revenue. His doles range from goat multiplication to potato multiplication and dry cows' salvage to community kitchens. In the "details" of the financial statement, given on pages 40—46, I tried to calculate the items and they are 160 in number or somewhere there. Sir, I know that the Hon'ble the Finance Minister or perhaps those who had prepared the general structure of the budget, must have been approached by the different Ministers to let them have as much as was possible for their own departments and for enhancing their own popularity. I do not hold the Hon'ble the Finance Minister responsible for anything of the kind. He got a baby which he has got to carry. The more important points and the more constructive points in the budget statement are perhaps his, and that is why I have expressed my gratefulness to him.

In trying to please all, a man generally fails to please anybody. As and when the estimates come to be spent, I hope he will try and ask for reappropriations at the end of the year because, I again repeat, that this budget at this time, the formative period of new Bengal, demands concentrated attention on the essentials and not distributed attention on non-essentials. He and I may differ about essentials, but, Sir, he and the whole House will agree that in this formative period our whole attention should be directed towards food, clothing and housing.

I also welcome the planning committees, but they will have to wait until the Hon'ble the Finance Minister has set the house of Bengal in order. It may take three years; it may take five years. We had a number of lean years; there was the war; there was the terrible famine; and now there is this partition. Everything is difficult, and it has its resultant drawbacks. I hope at this time we shall not allow our resources to be frittered away on things like community kitchens and potato multiplication. If I am wrong, I hope he will correct me. So far as I can gather, Sir, we have to pay two crores of rupees to the Centre. That surely, Mr. Speaker, is not a huge debt even for the one-third of the old province of Bengal left to us. I want the Hon'ble the Finance Minister to consider the possibilities as and when the plans come before him to borrow. Bengal can afford to take fairly large loans and these, if used in productive schemes, will bring back not only money but other advantages in many directions for our people who need every kind of assistance.

I know, Sir, he had not had time to go into the details of all these things but subventions and gifts from the Centre will have to be joined up with public loans because as much money as we can put in fundamentals today will be for the benefit of the people of Bengal. Through him, Sir, I wish to extend our gratitude to the Central Government for their magnificent decision on the Damodar project. Not only our sentiments of gratitude but, Sir, the thankfulness of generations to come will go to Delhi, to the men who have had the courage and the foresight to make that decision. The Hon'ble the Finance Minister and his advisers have also paid attention to some of the smaller irrigation plans. I hope he will be able to carry them out in 1948-49. (At this stage the blue light was on.) I could have spoken longer, Sir, and gone into the details, but first of all I do not want to criticise anything which is not his, and, secondly, when the demands for grants come before the House, we shall have the chance to criticise and to submit our suggestions for his consideration. But before I sit down, Sir, I would earnestly appeal to him to consider the question of adding to the Government of India subventions and gifts by borrowing money for the benefit of the people of Bengal. The province, Sir, can afford a large public debt. It will bless those who lend and those who spend.

বানরীন্দ্র স্ট্রীকার মহোদয়, বামুনী প্রম

অঙ্গসারে গভর্ণমেন্টের পক্ষে আসনে বসে অর্থ-মন্ত্রীর উপর বক্তৃতাটির জন্য অভিনন্দন ও প্রণাম প্রদান

করেই আমার আজকের এই আয়োচনা আরম্ভ করা হইত উচিত ছিল। কিন্তু আমি তা করব না। তার কারণ, আমার মনে হয় আজকের দিনে আমরা যারা স্বাধীন ভারতবর্ষের শাসন ও গঠনের গুরু পারিষ্ঠ নিয়োছি, তাদের আজকের এই একান্ত সম্বন্ধীয় ও সমস্যাবহুল পরিস্থিতিতে আত্মপ্রসাদের অবকাশ কোথায়-বান্ধেই নাই। আজ আমাদের প্রত্যেকেরই প্রয়োজন—কঠোর এবং নিষ্কল আত্মকঠোর ও আত্মসমালোচনার। আর বাই কীর কণাকির ভিত্তির উপর যেন স্বাধীন দেশের ইয়ারত আমরা গড়তে না যাই। বাজেটের মধ্যে বিশ্লেষ করে বাজেট সম্বন্ধে অর্থসচিব মহোদয়ের অভিজ্ঞাষণ যে জিনিষটা আমার কারেবারেই মনে হইতে তা এই—অর্থসচিব মহোদয়ের কংগ্রেসের আদর্শের সূত্রে বাজেটকে গ্রহিত করার ইচ্ছা করেছেন, মহাশয়াজীর শূন্য নাম এর সঙ্গে আপাতোচ্চা জড়িত রেখেছেন ও জনসাধারণের স্বার্থ আর উন্নতিকেই জাতীয় অর্থনীতির প্রধানতম লক্ষ্য হিসাবে স্বীকার করে নিয়েছেন। কিন্তু বাস্তবে বাজেটের বিভিন্ন খাতে ব্যয় বরাদ্দের ভিতর জনসাধারণের স্বার্থ সেভাবে রক্ষিত হয়নি বা কংগ্রেসের আদর্শ সেভাবে মূল্য পায়নি, যা হলে বা পেলে আমরা যারা জনসাধারণের প্রতিনিধিত্ব করি তারা কিছু পরিমাণেও দুঃখী হতে পারতাম। আমার বক্তব্য আরো স্পষ্ট করে বলা দরকার, অর্থসচিব মহোদয় বলেছেন—আজকের দিনের সমস্যার মূল কথা উৎপাদন বৃদ্ধি করা, ও তাতে সে উৎপাদনের লাভ সমভাবে বণ্টিত হয় তার প্রতি দৃষ্টি রাখা। কিন্তু ক্ষেত্রে উৎপাদনের তার এখন যেটামুটি ধনিক সম্প্রদায়ের হাতেই ঘেড়ে দেয়া হয়েছে, এবং বলা হয়েছে বর্তমান পরিস্থিতিতে এটা অনিবার্য। কিন্তু আমাদের বক্তব্য এই—সেই সঙ্গে সঙ্গে অর্থসচিব মহোদয় আমাদের যে আশ্বাস দিয়েছেন গণগণমন্ডের লক্ষ্য হবে যে নীতি মাত্র কতদূর ভাষাবানের হাতে সমস্ত ঐশ্বর্য কেন্দ্রীভূত করে, যে নীতি ধনিক আরো ধনী এবং গরীবকে আরো গরীব করে তোলে, সে নীতি পরিহার করা। সেই নীতি সম্বন্ধে তিনি কার্যকরী কোন ব্যবস্থাই গ্রহণ করেননি, একটা pious wish হিসাবেই তাকে রেখে দিয়েছেন। এ ধরনের negative measure আজকের দিনে যথেষ্ট নয়। জাতীয় ধনের বণ্টনে অসাম্য কমান্বার জন্য গণগণমন্ডের positive measure গ্রহণ করা উচিত পন্থা। Profit sharing সম্বন্ধে বিশেষ ব্যবস্থা, লাভের অংশের উপর প্রমিকদের কতখানি দাবী, ধনিকের লাভের অংশ কতদূর পর্যন্ত উঠতে পারবে, সে সম্বন্ধে মূল্যবোধ নির্দেশ দেয়ার ব্যবস্থা বর্তমান বাজেটে থাকা খুবই উচিত ছিল। তা না থাকায় দেশের উৎপাদিত জনসাধারণ যারা দীর্ঘ দিন ধরে শূন্য বণ্টনই ভোগ করে এসেছে, যারা আজও পারিষ্রের নিম্নতম স্তরে পড়ে থেকে অমানুষের জীবন কাটাচ্ছে, তাদের আশান্বিত হবার ভরসা পাবার কোন অবকাশই থাকে না। অথচ এই ভরসা বা আশ্বাস যদি তাদের না দিতে পারি তাহলে দেশের উৎপাদন বৃদ্ধি করা যে কত লভ্য, প্রায় অসম্ভবই, একথা আজকের দিনে কারোরই অজানা নেই। অর্থসচিব মহোদয় বলেছেন contented এবং efficient labour উৎপাদনের পক্ষে vital asset. তার এ উক্তিও সঙ্গে আমরা সবাই একমত। কিন্তু সেই সঙ্গে আমরা এও বলতে চাই efficiency বহু পরিমাণে contentmentের উপর নির্ভরশীল, আর, আজকের দিনে বেঁচে থাকার, মানুষের মত বেঁচে থাকার মত মজুরী—যাকে বলে living wage—তা না পেলে প্রমিকদের contentment কি করে আমরা আশা করব? অর্থসচিব মহোদয় আরো বলেছেন—“Increasing production is the surest way to increasing wages.” এ সম্বন্ধে আমার প্রধান বক্তব্য এই—Capitalist systemএ একথা একবারেই সত্য নয়। একথা সত্য হলে উৎপাদন অনুশ্রান্তে সব ক্ষেত্রে মজুরী বৃদ্ধি হলেও আজকে সমস্ত পৃথিবী তোড়া এই অসাম্য এখন উৎকট হয়ে উঠত না। দ্বিতীয় বক্তব্য এই—আজকের প্রমিকরা বা চাইছে তা increasing wage: তত নয়, বরং living wage: বেটুকু বেঁচে থাকার পক্ষে তাদের অনিবার্য, তা নাপেলে তাদের কাছে efficiencyর দাবী করা বাতুলতা যাত্র। স্বীকার করি আজকের দিনের উৎপাদন দিয়ে রাতারাতি জনসাধারণের জীবনযাত্রার মান বহুখান উন্নত করা সম্ভব নয়। কিন্তু জনসাধারণ ঠিক সে আশা বা দাবীও করে না। তারা শূন্য চায়—তারা জাতীয় উন্নতির জন্য সমস্ত লব্ধি নিয়োগ করতে রাজি, শূন্য যদি তারা তাদের জাতীয় সরকার ধনিক সম্প্রদায়ের দ্বার উপর তাদের কেন্দ্রে রাখবেন না, তাদের শোষণ এবং নিবারণিত আশের লবন অবাবে চলাতে পারবেন না।

এই প্রসঙ্গে গণগণমন্ড প্রমিক হাতে যে ব্যয় বরাদ্দ করেছেন তার সম্বন্ধে বলব—ট্রেড, ইউনিয়নের পক্ষের পক্ষেরে বড় বাধা হতে মাজিক সম্প্রদায় এই আন্দোলনকে ভাঙ বোলে দেখেছেন না। এবং যতদূর সম্ভব ট্রেড, ইউনিয়নকে অস্ত্রাঘা করে তারা তাদের উৎপাদন ব্যবস্থা চাঞ্জের খেতে চাচ্ছেন। এবং এর কমে প্রমিকদের সমর্থোপািতা না করে পারছেন যদি শুধু অসম্পূর্ণ দায়দারা কাজ। এ ক্ষেত্রে গণগণমন্ড যদি

পত্যই ট্রেন্ড, ইউনিয়নের প্রতিষ্ঠা চান তাহলে সম্বন্ধে প্রয়োজন বিশেষ ব্যবস্থা বা আইন প্রণয়ন করা যাতে খানিকের পক্ষে ইউনিয়নকে অগ্রাহ্য করা সম্ভব না হয়। বাজেটে গভর্ণমেন্টের প্রস্তাবিত conciliation machinery কি রকম হবে, তার গঠন, অধিকার ও ক্ষমতা সম্বন্ধে আমরা স্পষ্টভাবে জানতে পারিলে সুখী হইতাম। আশা করি এটা গঠিত হবার আগে তার পূর্ণ পরিকল্পনা পরিষদের সামনে উপস্থাপিত করা হবে। মোটের উপর আমার বক্তব্য এই—মালিকের উপর জাতীর সরকারের আরও বেশী কড়াকড়ি যদি স্থাপিত না হয়, শুল্ক মৌখিক উপদেশে শ্রমিকদের সহযোগিতা লাভ বা উপাদান বৃদ্ধি সম্ভব হবে না।

বণ্টন বা distribution সম্বন্ধে আমার দ্বিতীয় বক্তব্য এই—ব্রিটিশ গভর্ণমেন্টের আমল থেকে আমাদের দেশের শাসনব্যপ্ত অত্যন্ত top-heavy ও অকারণ বাহুল্যময় হয়ে রয়েছে। যার ফলে শাসনকাঠে এতদিন red-tapismই শুল্ক প্রদান পেয়ে এসেছে এবং কাজের চেয়ে অকাজই বেশী হয়েছে। ফলে সিভিকায়ারের কাজের চেয়ে establishmentএর খরচেই আমরা দেউলিয়া হয়ে গিয়েছি। পলিশ, কোর্ট, সিনিয়ল সার্ভিসএর ব্যয়ভার বহন করতে গিয়ে শিক্ষা, স্বাস্থ্য, আহার আমাদের চিরদিনই অকুশল হয়েছে। আজকে স্বাধীন দেশের বাজেট রচনা করতে গিয়ে এমিকে দৃষ্টি দেওয়া একান্ত প্রয়োজন ছিল। অন্ততঃ অবাস্তর আর অকারণ ব্যয় কি কোরে সম্বৃদ্ধিত কোরে আনা যায় সে সম্বন্ধে একটি Enquiry Committee অবিলম্বে গঠিত হওয়া উচিত ছিল। তার ফলে আমরা দেখতে পেতাম যে, যে পরিমাণ অর্থের সাধারণ সৈদিক থেকে হ'তে পারবে সেটা এই দরিদ্র দেশের পক্ষে উপযুক্ত নয়।

এই প্রসঙ্গে আর একটি কথা উল্লেখ করব। দেশের জনসাধারণের মূখের দিকে তাকিয়ে গভর্ণমেন্টের নিম্নতম কর্মচারীদের বেতন বৃদ্ধির ন্যায়সঙ্গত দাবী আপাততঃ প্রত্যাখ্যার করবার অনুরোধ অর্থসচিব মহাশয় জানিয়েছেন। কিন্তু এ ছেড়ে দরিদ্র কর্মচারীদের দৃষ্টি যখন শাসনভাঙ্গার উপরিওয়ালাদের নিকে পড়বে তখন তাদের সন্ত্রাস ও সেকাটুকু দৃষ্টির উত্তরে গভর্ণমেন্টের খুব কিছু বলবার থাকবে কি? তারা যদি প্রশ্ন করে, I.C.S. গোষ্ঠীর সম্ভ্রাধিক বেতনের উপরেও কেন বাংলা গভর্ণমেন্ট প্রচুর পরিমাণে জাতীয় ব্যবস্থা করতে কুণ্ঠিত হন না, যে ভাতা কিমান বাড়ান সম্পূর্ণ তাঁদেরই হাতে? যেমন নিম্নপদস্থ কর্মচারীদের বেশী বেতন দাবী না করতে অনুরোধ করেছেন, ঠিক তেমনি উপরস্থ কর্মচারীদের যাতে স্বেচ্ছায় তাদের অসঙ্গত বেতন কিছুটা কমিয়ে নেন, সে অনুরোধ করতাই বা অর্থসচিব মহাশয় কেন দ্বিধা করছেন? একথা ঠিক, এভাবে যে টাকা বাঁচবে তাতেও হয়ত নিম্নস্থ কর্মচারীদের সমস্ত দাবী মিটেবে না। তবুও তাতে তাদের কাছে consideration বা ভাগ দাবী করার অধিকার গভর্ণমেন্টের হবে।

এর পরে জাতি গঠন সম্বন্ধে দু'একটা কথা বলতে চাই। এযারকার বাজেটে শিক্ষা, স্বাস্থ্য, কৃষি ইত্যাদি উন্নতির কাজে অন্যান্য বৎসরের তুলনায় কিছু বেশী টাকা বরাদ্দ করা হয়েছে এবং কংগ্রেস গভর্ণমেন্টের বাজেটে তা খুবই স্বাভাবিক। তবু কেবলই মনে হয় প্রয়োজনের তুলনায় তা কতটুকু এবং সরকারের মোট আয়-ব্যয়ের তুলনায়ই বা কতটুকু? বস্তিবাসিন্দা ও নিম্ন মধ্যবিত্ত শ্রেণীর লোকদের বাসস্থানের ব্যবস্থা করার জন্য যে টাকা বরাদ্দ করা হয়েছে তা হাস্যকর রকমে কম।

প্রাথমিক শিক্ষা সমগ্র প্রদেশে যত শীঘ্র সম্ভব প্রচলিত করবার কোন সুনির্দিষ্ট scheme আমরা পাইনি। নারীশিক্ষার জন্য আরো বেশী টাকার বরাদ্দ হলে সুখী হইতাম। বিশেষ করে ছাত্রদের থাকার হোষ্টেলের জন্য ব্যবস্থা করার প্রয়োজনের প্রতি গভর্ণমেন্টের দৃষ্টি অনেক দিন থেকে আকর্ষণ করা হতো। কিন্তু এ বিষয়েও বিশেষ কোন কিছু করা হয়নি। Community kitchenএর পরিকল্পনার জন্য নারীসাধারণের পক্ষ থেকে গভর্ণমেন্টকে আমি ধন্যবাদ জানাচ্ছি। আশা করি অবিলম্বে এ পরিকল্পনা কার্যকরী হতে পারবে।

এই প্রসঙ্গে আর একটা ব্যাপারে আমি অর্থসচিব মহোদয়ের দৃষ্টি আকর্ষণ করতে চাই। স্বাধীন দেশের এই বাজেটে জেলের উন্নতির কোন ব্যবস্থাই হয়নি। বর্তমানে বাংলার জেল সেই গভীর্ণাতিক ধারায় অপরাধীদের নরকভূতে ফেলে রাখার আদর্শ নিয়েই চলেছে। এর আমূল পরিবর্তন দরকার। এ সম্বন্ধে আমরা অনেকেই বারো দীর্ঘদিন জেলে কাটিয়ে আজ এই আইন সভায় এসে বসেছি, আমাদের অনেক কিছু বলার আছে, করার আছে। আমি গভর্ণমেন্টকে অনুরোধ করব যেন আমাদের সহযোগিতার জেজ উন্নতির ব্যবস্থা অবিলম্বে গ্রহণ করা হয় ও তার জন্য যদি কিছু ব্যয় বৃদ্ধি হয় অর্থসচিব মহোদয় তখন তাতে কুণ্ঠিত না হন।

এই বাজেটে রাজনৈতিক কারণে নিৰ্বাচিত ব্যক্তিদের সাহায্য করা সম্বন্ধেও কোন সন্দেহে পরিবর্তন ঘটেছে। অল্প ব্যাপারটা কেলে রাখবার মত ঘোটেই নয়। বিশেষ করে এমন অনেক নিৰ্বাচিত ব্যক্তি রয়েছেন যাদের সাহায্য করা অবিলম্বে প্রয়োজন। এই প্রসঙ্গে আরো বলতে চাই—এই সব রাজনৈতিক নিৰ্বাচিত কম্পিদের মধ্যে এমন অনেক উপযুক্ত লোক আছেন যাদের দেশের শাসন-ব্যবস্থা পদ্ধতিগুলোর কাজে গ্রহণ করলে দেশ ও গণগণের উভয়েই লাভবান হবে। বিশেষ করে জাতিগঠনমূলক কাজে এ প্রকারী কম্পিদের সাহায্য অধিক মাত্রায় নেয়া উচিত। কারণ জনসাধারণের সঙ্গে কাজ করার, তাদের অভাব-অভিযোগ উপস্থাপিত করার এবং এই সব কাজে জনসাধারণের সক্রিয় সহযোগিতা (যে সক্রিয় সহযোগিতা গঠনমূলক কাজকে সহজ করে তোলার জন্য অত্যাবশ্যক) তা অর্জন করার ক্ষমতা এদের মধ্যেই পাওয়া সম্ভব।

আমার বক্তব্য আর বাড়তে চাই না। পরিশেষে এখানকার মহোদয়কে অনুমোদন করার জনকল্যাণমূলক ও জাতিগঠনমূলক কাজের জন্য যে সামান্য ব্যবস্থা করা হয়েছে সেটাই ঠিকভাবে কার্যকরী করার দিকে যেন তিনি তীব্র দৃষ্টি রাখেন, সেখানে অপব্যয় যেন আর না হয়। অতীতে এ বিষয়ে আমাদের অভিজ্ঞতা ছিল। Red-tapism, Bureaucratic মনোভাব আর আশ্রয়িতার অভাবে অনেক ভাল ভাল ক্ষমতা হার হতে আমরা দেখছি। তার পুনরাবৃত্তি অন্ততঃ কংগ্রেস আমলে আমরা অথবা জনসাধারণ কেউই সহ্য করতে রাজি নই।

Mr. J. R. WALKER: Mr. Speaker, Sir, with my colleague and speakers from other parts of the House I congratulate the Hon'ble Minister on his presentation of the budget. As my colleague said in his speech yesterday, this province depends on commerce, industry and trade for more than 75 per cent of the total revenue of the province and for the greater proportion of that 75 per cent, the province is dependent on the jute industry. I was glad to see, therefore, that the Hon'ble the Finance Minister recognises the importance of jute to the province. The prosperity of this major interest of this province has been threatened by the sources of its raw materials having been territorially severed from the manufacturing centres by partition. It is sincerely to be hoped that the friendly commercial relations which the Hon'ble Minister referred to in his speech will be established between East and West Bengal and the trade barriers which are hampering the free flow of jute from East to West Bengal will be removed. I can assure the Hon'ble the Finance Minister that he will have the fullest co-operation of the Jute Industry in anything he does to bring about an understanding between East and West Bengal in order to make jute freely available to the manufacturing side of the industry in this province. As the Hon'ble Minister rightly pointed out, however, should it be impossible to establish friendly commercial relations between East and West Bengal, it may be necessary to meet the raw material requirements of the Jute Mills by increased production in Assam, Orissa and Bihar by removing the existing restrictions of the acreage of jute. With this possibility before us, I would be almost inclined to criticise the grant under the Agricultural head as being too meagre to provide any means for increased production of jute in the province, except that I share the hope of the Hon'ble Finance Minister that a friendly arrangement will yet be arrived at with regard to jute to the benefit of all concerned. While I make this slight criticism about the grant under Agriculture appearing to be too meagre, a careful examination of other figures shows considerable provision for irrigation projects of development which are necessary and in many cases precede the enhancement of the acreage under productive cultivation.

In my opinion, however, there is no use in trying to promote an understanding between East and West Bengal or considering the increase in production of jute from West Bengal, Assam, Orissa and Bihar, if proper distribution of manufactured goods to consuming countries is not allowed. I do not know if the Hon'ble Minister is aware of the chaotic position the Jute Industry is now in due to bungling by the Centre in the application of the

"Quota" system and the distribution of jute goods throughout the world. I might say that there is a grave crisis in the Jute Industry today, and had it not been for the opportunity I have of speaking on this subject today I would have raised the matter by an adjournment motion to draw the attention of the House to this matter of public importance so vital to the whole finances of the province. The Commerce Department of the Government of India, after calling for applications for quotas covering the period January-June 1948 and after receiving these applications by the thousand, have arbitrarily decided who shall have the right to export and have pushed aside firms who have handled the business of exporting jute goods from Calcutta for years and have awarded quotas to anyone and everyone from all over India who have no experience of this trade.

Sir, I can quote you from letters which have been received. Here is one from Delhi: "I furnish below the quotations for the various export licences that are immediately available....A commission of Rs. 2-8 per ton should be earmarked for me as being extra to the above quotations. Kindly telegraph me if you are interested in any of these licences".

From Bombay: "The party shows willingness to dispose of the quota on 8 per cent. (C.I.F. quotations.)"

From Bombay: "offering quotas" An advertisement offering quotas.

I can cite from personal experience that one shipper had goods lying in stock, 700 tons, for South America, and he has been given quota for 40 tons. If these goods of 700 tons had been allotted to other countries we would have understood it. Seven hundred tons are lying for two solid years and today shippers have been handed only 40 tons. The position is, as I have said, chaotic. I would ask the Hon'ble Finance Minister if he has ever been consulted, or his Government has ever been consulted, with regard to the application of this quota system, because I can assure this House through you, Sir, that the Jute Industry has never been consulted. We have never been told how these quotas have been arrived at and how distributions have been made to different parts of the world. I can quote from my own personal experience. I was in New York in July 1946. I was asked to attend a meeting of Burlap Association of America, and the Bag Manufacturers' Association. I was asked to explain why 15,000 tons of goods had only been given when their requirements were in the region of 26,000 tons. After strong representation it was changed to 21,000 tons. I could not tell how even 21,000 had been arrived at. I sent a telegram to the Chairman of the Association here to find out if he could tell me how the quota had been arrived at. The trade representative of the Government of India was also asked how the quota had been arrived at, but he could not tell me. The Canadian people also asked me if it would pay them to send a representative to Calcutta to find out how their quota had been arrived at and how they could get more jute goods. Nobody has been told. We have not been told. Everything is chaotic, and the people out of which this province makes money are all being embarrassed in every way. As I said, in this distribution of quotas Calcutta, the centre of the Jute Industry, has been entirely ignored and her trade has been cut by four-fifths, with the result that the benefit goes to persons who have no connection with this province, pay no income-tax to this province and who have no experience in the business whatsoever.

Countries abroad are clamouring for jute goods and more jute goods and if the demand is not met then these countries will definitely be compelled to go over to substitutes with possible permanent damage to the Jute Industry of the province. I can definitely tell the Hon'ble Minister and this House that this latest scheme and distribution of quotas has been introduced despite the unanimous demand of shippers and mills long established in this business for the abolition of export control. All sections of the business life of this province have been affected by the Government

of India's interference with this vital industry of Bengal—Banking, Shipping, Insurance, Trading, and finally the manufacturing side of the Industry itself. To illustrate the position, I quote from a telegram just received by the Chairman of the Indian Jute Mills Association, which incidentally is one of the Associations which my colleague and myself represent, from which the Hon'ble Minister and this House will get some idea of what the position is: "Our Association cabling Delhi List of Shippers who have January-June commitments here with urgent request that they be granted quotas enabling them fulfil their contracts stop Collapse of market will cause heavy losses here and even heavier losses to Calcutta Shippers through cancellations of high prices contracts stop". I would like members to listen to this part of the telegram "Irresponsible quota policy of your Government has almost irreparably damaged industry which was already feeling effects of substitution stop. Two of the large Bag Manufacturers have suspended sale of Burlap Bags and are pushing substitute materials. Believe others will follow stop Larger consumers also arranging necessary machinery for substitution at any cost to be free of misguided and harassing interference with continuity of supplies".

Sir, people in this province and members in this House have laughed before at the bogey of substitutes. I would ask the Hon'ble Finance Minister and members to note that there is no question of prices being raised in this telegram with regard to substitute, merely the fact that American buyers cannot get jute goods because of the control which is working to the detriment not only of the whole Jute Industry but to the detriment of this province in particular. The principle of dissemination of genuine and reliable information is wholeheartedly supported but it appears to me that a grant of Rs. 40,000 seems to me to be utterly inadequate for the production of a Labour Journal of this nature, even on a monthly basis. On a very rough estimate I think that approximately 500,000 free copies would have to be distributed monthly and I cannot possibly see how Rs. 40,000 will cover the cost of this work.

The Hon'ble Finance Minister has explained the revised basis on which the Province's share of income-tax collection will be allotted by the Centre as the result of an abandonment of the conditions laid down by the Niemeyer Award. It is understood that the revenue available from this source has this year been reduced by a little less than half by the Government of India. I take this opportunity of expressing acute concern at the gross injustice which it is apparently intended to impose on this province. It is hoped that no effort will be spared to present the unquestionable justification of this province's case with the Central Government. It is urged that the Hon'ble Minister should inform the House more fully of the exchanges which have occurred in the negotiations with the Centre and should make available details of further developments as soon as they arise.

In his task which the Hon'ble Finance Minister has before him of improving the finances of the Province and of raising the standard of living of her people, I am sure he will have support of all members of this House.

Sri CHARU CHANDRA BHANDARI : মানবীর শ্রীকার মহোদয়, আজকের এই অসভ্যের যোগ দিবার ইচ্ছা আমার ছিল না। কিন্তু কয়েকটি প্রয়োজনীয় বিষয় সম্পর্কে সরকারের দৃষ্টি আকর্ষণ না করিলে আমার কর্তব্যের দৃষ্টি হইবে, এই বিবেচনায় আমি এই অসভ্যের জগৎ গ্রহণ করিতেছি।

বর্ষিক বাজেটে গুরুত্বপূর্ণ পরিকল্পনা অনুসারী বিনিয়োগী শিক্ষা প্রবর্তনের জন্য ১১ লক্ষ টাকা ব্যয় করা হইয়াছে, তথাপি সরকারের সাম্প্রতিক সিদ্ধান্ত হইতে বুঝা যায় যে বিনিয়োগী শিক্ষা-পরিকল্পনাকে বাস্তবায়ন দিবার ইচ্ছা করা হইয়াছে। পূর্ববর্তী মন্ত্রী-সভা নবী তামিলী সংঘের পক্ষিত পরামর্শক্রমে বিনিয়োগী শিক্ষা-পরিকল্পনা গ্রহণ করেন। বিনিয়োগী শিক্ষা-পরিকল্পনাতে অভিজ্ঞ শিক্ষায়তনীয় ব্যক্তিগণকে সহায়

একটি শক্তিশালী উপদেষ্টা কমিটি গঠন করা হয় ও বনিয়াদী বিদ্যালয় স্থলিবার উদ্দেশ্যে মেদিনীপুর জেলার বলরামপুর ট্রেনিং কেন্দ্রে বনিয়াদী শিক্ষক ট্রেনিংএর জন্য শিক্ষার্থীগণকে ট্রেনিং দেওয়া হইতেছে। এমতাবস্থায় এখন স্থির করা হইল যে বনিয়াদী শিক্ষা-পরিকল্পনা ভাল কি মন্দ পরীক্ষা করিয়া দেখা হউক— উহার অর্থনৈতিক দিক ভালভাবে বিবেচনা করা হউক। অতঃপর বনিয়াদী শিক্ষা সম্পর্কে কিস্তিভাবে স্থির করা যাইবে। ইহা ধামাচাপা দেওয়ার নামান্তর নয় কি?

বনিয়াদী শিক্ষাপ্রণালী কংগ্রেস কর্তৃক গৃহীত শিক্ষানীতি। ইহার জন্য নব্বী তালিমী সংঘ গঠিত হয়। নিখিল-ভারত কাটুনী সংঘ, নিখিল-ভারত পল্লী শিক্ষা সংঘ, হরিজন সেবক সংঘের ন্যায় নব্বী তালিমী সংঘ কংগ্রেসের অন্তর্ভুক্ত autonomous body বা স্বায়ত্ত সংস্থা। এরূপ অবস্থায় এখন এই বিচারের প্রশ্ন তোলা আর যম্মর ভাল কি মন্দ, পল্লী শিক্ষার উন্নয়ন ভাল কি মন্দ, এই বিচার কোন কংগ্রেসীর পক্ষে করিতে যাওয়া সমান। বনিয়াদী শিক্ষা সুপ্রতিষ্ঠিত হইয়া চলিতে থাকাকালে ব্যয়ের দিক হইতে উহা আর্থনৈতিকগণি হওয়া বাঞ্ছনীয়। কিন্তু শিক্ষক ট্রেনিংএর কাজে বা বনিয়াদী বিদ্যালয়ের প্রথম অবস্থায় তাহা আশা করা বৃথা। সর্বদাপর বিজ্ঞানীর কক্ষচারীদের উপর তদন্তের ভারাপণ উদ্দেশ্যজনক। যথাযথ প্রচলিত শিক্ষা-পদ্ধতির গোড়া অনুসৃত, নব্বী তালিমী সংঘের পরিবর্তে উপাধিদগকে দিয়া এই বিশলবাস্তব শিক্ষা-পদ্ধতির পরিকল্পনার বিচার করিতে দেওয়ার অর্থ কি?

অন্যান্য প্রদেশে বনিয়াদী শিক্ষা প্রবর্তনের ব্যবস্থা হইয়াছে। বিহার প্রদেশে ইহা অভাবনীয় সফলতা অর্জন করিয়াছে এবং জাতিবন্দনবিধগণে, দরিদ্র ও অসহায় জনসাধারণের মধ্যে ব্যাপক শিক্ষার পথ উন্মুক্ত করিয়াছে। এই অবস্থায় মন্ত্রী-সভা কংগ্রেসের গৃহীত শিক্ষানীতি উহা মহাত্মা গান্ধীর স্বপ্নকে সফল করিবার প্রচেষ্টার স্বিধাবোধ না করেন ইহা আমার বিনীত নিবেদন।

চা'লকলগুনি এ যাবৎ সরবরাহ বিভাগকে ৬০ সের ধানে ৪০ সের হিসাবে চাউল দিয়া আসিয়াছে। তাহা সত্ত্বেও তাহার কিছুদিন পূর্বেই এই আপত্তি করে যে কয়েক প্রকার ধানে ৪০ সের অপেক্ষা কম চাউল উৎপন্ন হয়। তখন তাহাদের সম্মতিভ্রমে এরূপ স্থির হয় যে আমার পর্যবেক্ষণে ডায়মণ্ড হারবার থামি- যাম্বির আশ্রমে ডেকিতে ধান তানিয়া পরীক্ষা করা হইবে এবং পরীক্ষার ফল তাহার মানিয়া লইবে। তদনুসারে কয়েক প্রকারের ধান পরীক্ষা করা হয়। কল্যা নামক যে ধানে বেশী আপত্তি সেই ধানের ৬০ সের ধানে ১২ হটাক ভালা চাউল সমেত ৪২৮ সের ভাল পালিশওয়ালা চাউল উৎপন্ন হয়। কিন্তু ডেকির চাউলে জলীয় ভাগ (moisture) অপেক্ষাকৃত বেশী থাকিলে কলের চাউল অপেক্ষা ওজন বেশী হইতে পারে, এই বিবেচনায় সরবরাহ বিভাগের বিশেষজ্ঞ পরীক্ষকের দ্বারা বৈজ্ঞানিক উপায়ে পরীক্ষা করাইয়া অভিরিক্ত (moisture) ইত্যাদির দ্রুণ ওজন বাদ দিয়াও প্রায় ৪১ সের চাউল পাওয়া যায়। এই অবস্থায় চাউলকলগুনাগণকে নীরব হইতে হয়। কিন্তু এখন তাহাদের নিকট হইতে ৪০ সেরের পরিবর্তে ৩৮ সের হিসাবে চাউল লইবার ব্যবস্থা হইল। ঐ সফল ধান্য বৎসরে অগাধিক ৪ লক্ষ টন বা ১ কোটী মণ সংগৃহীত হইবার কথা। এই অবস্থায় প্রতি মণে এক সের হিসাবে ২৮ আড়াই লক্ষ মণ বাড়তি চাউল চাউলকলগুনি আশ্বাস্য করিবে। চাউলকলগুনালারা ঐ চাউল লইয়া কি করিবে? ঐ চাউল লইয়া কিরূপ বিরাট চোরাকারবারের সৃষ্টি হইবে তাহা সহজেই অনুমেয়। উপরন্তু সরকারের আর্থিক ক্ষতির পরিমাণ যে কিরূপ বিরাট হইবে, তাহাও অনুমান করা সহজ। যানবীর প্রধান মন্ত্রী মহাশয় ঘরে আসিলে লামার উপমা দিয়াছেন। ঐ উপমার প্রশ্ন উঠে না। যৎ কলগুনা ৪০ সের চাউল দিয়া কাজ করিতে রাজী ছিল এবং কাজও করিতেছিল। পশ্চিম বঙ্গে যে চা'লকল আছে তাহার অংশেকের মত সম্পূর্ণভাবে চলাইলে সরবরাহ বিভাগের কাজ চলিয়া যাইতে পারে। সংকটের সম্ভাবনা থাকিলেও সরকার requisition করিয়া কল নিজ হাতে লইবার ব্যবস্থা করিতে পারিলেন; তথাপি এরূপ বিরাট ক্ষতিস্বীকার করা এবং এরূপ বিরাট চোরাকারবারের সুযোগ দেওয়া সমীচীন হয় নাই—ইহা আমি বিনয়ের সহিত নিবেদন করিতেছি।

Procurement অর্জন (সংগ্রহ অর্জন) হইতে ধান-চা'ল smuggled (বে-আইনী চালান) হওয়া ভালভাবে বন্ধ করিতে না পারিলে আশানুরূপ procurement হওয়া সম্ভব নয়। পূর্বে অভিজ্ঞতা হইতে দেখা গিয়াছে যে সংগ্রহ অর্জন হইতে বে-আইনী চালান হওয়া ও চোরাকারবার চলা ধান-চা'ল সংগ্রহের পক্ষে প্রধান অন্তরায়। কারণ এরূপ বে-আইনী চালান হইতে থাকিলে সংগ্রহ অর্জনে বিরূপিত হুয়ে ধান-চা'ল পাওয়া সম্ভব হয় না। আজকাল কলিকাতার রান্ডার আধাযোগ্যভাবে যে চাউল চোরাকারবার

বিক্রয় হইতেছে, তাহার অধিকাংশই সংগ্রহ-অংশ হইতে বে-আইনী চালাইয়া আসিতেছে। তাহাতে কিছু স্নোকার কটোর কিছু লাঘব হইতে পারে সত্য, কিন্তু স্মরণ রাখা উচিত যে কোন সংগ্রহ-অংশ হইতে এরূপ অবৈধ চালাই প্রতি ২০ মণ চালের দ্বারা ঐ সংগ্রহ-অংশে ২০ শত মণ ধান-চাল সংগ্রহ বন্ধ হইতেছে। Blackmarketing আইনের কটোর বিধান ঐ সব ক্ষেত্রে কটোরভাবে প্রয়োগ করিলে তবে বে-আইনী চালাই ও চোরাকারবার কাষাকরীভাবে বন্ধ করা সম্ভব, নচেৎ নহে। কিন্তু Blackmarketing Bill ইতিপূর্বে এই পরিঘদ কর্তৃক পাশ করা হইলেও এখনও তাহা আইনে পরিণত হয় নাই। আশা করি সরকার অবিলম্বে তাহা করিবার ব্যবস্থা করিবেন।

আর একটি প্রয়োজনীয় বিষয়ের উল্লেখ এই সূত্রে করা আবশ্যিক। পূর্বে বর্তী মন্ত্রী-সভার আমলে চোরাকারবার ও খাদ্যভোজ্য ব্যাপারে বহু ধরপাকড় হয়। কিন্তু উপর্যুক্ত আইনের অভাবে অনেক ক্ষেত্রে সমুচিত শাস্তি বিধানের জন্য আবশ্যকীয় ব্যবস্থা অবলম্বনে অসুবিধা হইতেছিল। তাই Blackmarketing আইনে retrospective effect এর বিধান করা হয় এবং খাদ্যভোজ্য (Food Adulteration) আইনের আবশ্যকীয় সংশোধনের জন্য পাণ্ডুলিপি প্রস্তুত করা হয় ও পরিষদের এই অধিবেশনে তাহা পেশ ও আইনে পরিণত করিবার কথা থাকে। এইদিকে মন্ত্রী-সভার দৃষ্টি আকর্ষণ করিতে চাই। চোরাকারবার ও খাদ্যভোজ্য সম্পর্কে এই দুইটি আইনের বিশেষ প্রয়োজন। কারণ ইহার কটোর প্রয়োগ না হইলে নিয়ন্ত্রণপ্রথা সন্তুভাবে পরিচালনা করা সম্ভব নয়। উপর্যুক্ত ইচ্ছা না হইলে পূর্বে বর্তী ধরপাকড়ের কেসগুলির মধ্যে অন্ততঃ কয়েকটি কেসে প্রবাস্তা হইতে পারিবে না এবং এই সম্পর্কে প্রেসের ও দেশের জনসাধারণের মনে যে নিরাশা ও সন্দেহের ভাব জাগিয়াছে তাহাও দূর হইবে না।

জমিদারী প্রথা বিলোপের প্রারম্ভিক ব্যয়স্বরূপ ১০ লক্ষ টাকা বাজেটে বরাদ্দ করা হইয়াছে। সারা প্রদেশে জমিদারী প্রথা বিলোপের কার্য সম্পূর্ণ করিতে কয়েক বৎসর সময় লাগিবে মনে হইতেছে। কিন্তু ইতিমধ্যে একটি সমস্যা জটিল হইয়া উঠিয়াছে তাহা হইতেছে ভাগ্যচাষী সমস্যা। এতদ্বারা অবিলম্বেই ভাগ্য-চাষীর সব্ব স্বীকৃত করিয়া ও তাহার অন্যান্য আবশ্যকীয় সুবিধা ও তাহার প্রভাব অভিযোগের প্রতিকার-ব্যবস্থা আইন প্রণয়ন করা অত্যাশংক্য। জমিদারী প্রথা বিলোপের অপেক্ষায় এ সম্পর্কে কিছু না করিয়া থাকা উচিত হইবে না। ভাগ্যচাষীরা সত্য হইয়া মালিকগণের বে-আইনী কার্যকলাপ ও শোষণের প্রতিকার-কল্পে আন্দোলন করিতে পূর্ব করিয়াছে বলিয়া মালিকগণ অনেক ক্ষেত্রে কৌশলে ও অশকৌশলে তাহাদের উপর নানারূপ অত্যাচার করিতেছে, অনেক ক্ষেত্রে তাহাদিগকে দেওয়ানী ও ফৌজদারী আদালতের দ্বিঘা মামলার চক্রে ফেলিয়া তাহাদিগকে তাহাদের চাষ করা জমির ফসল হইতে বঞ্চিত করিতেছে—arbitrarily তাহাদিগকে জরিম হইতে তাড়াইয়া দিতেছে। দেশের মেরু-উ যাহারা, তাহাদের উপর এই অত্যাচার অসহনীয়। বাজেট অধিবেশনে ভাগ্যচাষ নিয়ন্ত্রণ সম্পর্কীয় বিল আনিবার কথা হইয়াছিল। ভাগ্যচাষীর স্বাধীনস্বত্বকল্পে অবিলম্বে আইন না করিলে ভবিষ্যতে ভীষণ বিপ্রতি দ্বিধিবার সম্ভাবনা রহিয়াছে। স্বাধীনভাষাত্তের সঙ্গে দরিদ্র ও অসহায়ের হিতকামী গণগণমৈত্রী আসিয়াছে তাহা প্রমাণ করিবার দিন উপস্থিত। তাই এইদিকে সরকারের বিশেষ দৃষ্টি আকর্ষণ করিতে চাই।

Sri RATANLAL BRAHMIN: Hum Darjeeling ke taraf sey kuch bolna chahtey ham. Darjeeling ke adimion ke liey budget men kuch bandobust naheen kiya gaya hai. Hum logon ka Darjeeling sahar men kamsaykum 40 hazar admi hai aur wahan sort ek tho college hai. Pehneywala larka 3 hazar sey ziada hai wahan kare high school ka bandobust honachahiey. Iskey liey thora dhivan is taraf dena chahiey. Sahab logon ka bara bara college hai, hum hindusthani logan ke ek bhi college naheen hai. Wah shwasthya ka jakah hai, is liey sahab logan ney Darjeeling men college kiya hai. Ap log agar wahan college karengy to yahan ke larkon ka tandrusti bhi acha hoga, aur hum logon ka bhi subista hoga, keon ke yahan akar parhna hum logan ke liey bahut takleef hota hai. Nepali, Bhotia aur Lepcha log jo hain wah 10 per cent. pass karkey nekaltai hain magar wah bhi pass karkey barhtey ham. Un longo ki leya naukari ka bandobust nahi hai. Pahar ke basinda ko naukari ke liey competition karna parta hai jo wo log nahi kar saktay. Apko is taraf dhivan, aur drishty dena chahiey.

Zamin men khali sirkar ka khas mahal hai. Khas mahal men Zamin wala ka koie hak naheen hai, jab chanhey wah cheen lesakthey hain, iska dar laga rahta hai, keonke serf ek baras ka bese hota hai.

Gaey ke doodh ke liey bhi koie achā bandobust naheen hosakta ha keonke dana ghas ke saman naheen hai. Ghas katney ka jagah nahee milta hai, sab taraf cha bagan hai. Is liey is taraf bhi apko nazar dalr ke liey, araz karte hain. Cha bagan ka halat sub sey khaternak hai. 1 lakh our 20 hazar admi khali cha bagan men kam kurtey hain. Marad k 8 ana aur aurat ko 7 ana roz milta hai. Chotay tarkon ko kam umer me kam me jana purta hai. Is ka taraf bhi apko dhiyan dena ka zarurat ha Sab koie boltey hain ke swaraj huwa magar kuch maloom naheen hot hai, keon ke cha bagan ke malik logon ka jo purana zulum tha, wah e chatakh bhi kum naheen huwa hai. British Shahan shahiat ke zamane men jo takleef tha abhi bhi sab kuch waisa hi hai. Abhi Hindustan sirkar huwa hai, is liey un loganka to kuch subista hona चाहिये. Apko tarf nazar karna चाहिये. Darjeeling men jahan cha bagan hai sirkar k khazana bohut kam hai waste land bolkey 4 ana our 8 ana aikar khasan laga huwa hai. Aungraz raj tha and aungraz malik tha, is liey yah sa huwa hai, agar ap wahan ziada tax lageinge to bohut amdani hosakt hai. Isi amdani our cha bagan nationalise kerke school, college banane kharach mil sakta hai. Is taraf ap loga ko nazar dena chahiye.

Sri SIBNATH BANERJEE : Mr. Speaker, Sir, মাননীয় অর্থসচিব মহাশয় যে বাজেট পেশ করেছেন তার জন্য অভিনন্দন জানাচ্ছি। এটা ভাল বাজেট, careful বাজেট, cautious বাজেট, কিন্তু orthodox বাজেট। Vision কই। একে জনগণের সাধারণের, শ্রমিক ও কৃষকের, কিষাণ-মজদুর-প্রজারাজের বাজেট বলে নেবো কি করে সেটাই হচ্ছে কৃষি পাথর যাতে এই বাজেট যাচাই করতে চাই। বিদ্যুৎ জাতীয়করণের আশ্বাস (Government থেকে দেওয়া হয়েছে) দামোদর পরিকল্পনা, মোর পরিকল্পনা, স্ট্রীশিক্ষা, উপশ্রীশ্রীদের শিক্ষার জন্য বেশী ব্যয় বরাদ্দ ম্যালেরিয়া ও অনুরূপের জন্য ব্যয় বরাদ্দ ইত্যাদি অনেক ব্যবস্থা আশা ও আশ্বাসের কথা। বিশেষ করে মহাত্মা গান্ধীর আদর্শ ঘোষণা, যেটা অর্থসচিব মহাশয় করেছেন—

"Let us also invoke the blessings of the Father of the Nation, Mahatma Gandhi, in all our endeavours to build up a society in which there will be no poverty, no feeling of high class and low class; a society in whose making the common man will have an effective voice."

এই কথাটা বলেছেন, এই ঘোষণা করেছেন। তার জন্য সত্যিই অভিনন্দন জানাচ্ছি। কিন্তু কয়েকটা কিন্তু আছে।

প্রথম বিদ্যুৎ জাতীয়করণের ব্যাপার; এটা সমস্ত বাংলায় নয় কেন, শুধু সামান্য একটু জায়গায় কেন? এবং তার জন্য যে পরিমাণ টাকা দেওয়ার কথা শুনছি, সেই old, পুরাণো rotten machinery'র জন্য, একটা boiler যেটা pressure সহ্য করতে পারবে না, ত কেনবার জন্য এত টাকা দেওয়া কেন? আশা করি অর্থসচিব মহাশয় এ বিষয়ে খুব অভিজ্ঞ। কেনবার আগে ভাল করে যাচাই করে দেখবেন, এত দামে যেন না কেনেন এবং সমস্ত বাংলাদেশে যাতে বিদ্যুৎ সরবরাহটা যাতে নিতে পাবেন অন্ততঃ সেটা করবেন। Nationalisation of industries সম্বন্ধে অর্থসচিব মহাশয় যা বলেছেন, দেখা গেছে নানান রকমের ওজোর করেছেন, বড় বড়গুলি All India ব্যাপার; ছোটখাটগুলি আমরা করতে পারি। বেঙ্গল আছে সেগুলি ভাঙভাবে চালানোর কথা; কিন্তু তাঁরা তা বলেননি। Telephone nationalise হয়েছে সেটা আমাদের লক্ষ্য বিষয় হয়েছে। অন্যান্য জায়গায় nationalise এর কথা বলতে গেলে বলে ঐ Telephone এর মত হবে তো; আশা করি অর্থসচিব মহাশয় Telephoneটা যাতে ভাঙভাবে চলে সে বিষয়ে ব্যবস্থা করবেন। অর্থসচিব মহাশয় টাকা দিলেও আবার অন্য Minister তা করবেন। আসল ব্যাপার হচ্ছে যে, machinery'গুলি রয়েছে; তাতে যখন exchangeকে ডাকা যায় তখন respond করে না। তার জন্য নতুন machinery' দরকার।

তারপরে টেকল। এটা nationalise হচ্ছে না কেন? দামোদর project এর জন্য ৫৫ কোটি টাকা হয়েছে, এর জন্য ২৫ কোটি টাকা মাত্র। War years এর মধ্যে ছয় বৎসরে এটা ৫০ কোটি টাকা লাভ করেছেন। এটা nationalise করার কথা অর্থসচিব মহাশয়ের মনে কেন আসেনি জানি না; না যখন

আলোচনা ও উন্নয়ন করছেন। তিনি বুঝতে পারছেন না। একখানা ছোট পুস্তিকা দেখান, K. D. Jalan, বাণ্যমণ, তাঁরা এই nationalisation এর কথা লিখেছেন; অনেক বড় বড় হাতি, খোঁড়া তল হয়ে দিয়েছে, K. D. Jalan কি বোঝাবেন জানি না। বাই হোক, এই চটকলের ব্যাপারটা বিশেষ করে খুব ভাব দরকার। Walker সাহেব বা বলেছেন সত্যি কথা, substitute নাই, এটা একেবারে নেহাৎ অসম্ভব নয়। আজকে যে অবস্থা হয়েছে, আমাদের Jute-growing থেকে jute manufacture পর্যন্ত সবকিছু জিনিষই ভাঙতে হবে। দশ বৎসর আগে Jute Enquiry Committee-তে আমি nationalisation এর কথা বলেছিলাম। আজ Tribunal হয়েছে, সেখানেও আমরা আলোচনা করেছি। অর্থসচিব মহাশয় এদিকে একটু নুসি দিল। এটা Electric nationalise করার চেয়ে অনেক সোজা ব্যাপার। Dundee থেকে সাতশো technician এসে এখানে জুটমিল চালাচ্ছে। এজন্য technician এর অভাব হবে না। বোম্ব হর ওয়াকার সাহেবের মত লোককেও nationalised jute mills চালাবার জন্য পাওয়া যাবে, যদি বাংলাদেশে একশতই সে কাজের উপযুক্ত লোক না থাকে।

চারপার Transport এর জন্য ৪০০ বাস করবেন বোলে স্থির হয়েছে। কিন্তু Inland navigation এর জন্য যে steamers গুলি আছে সেগুলি nationalise করার কথা কেন ভাবছেন না? আমরা মনে করি Burma আমাদের পিছনে পড়ে আছে। কিন্তু তারা আজ এগিয়ে গেছে। তারা Irrawadi Flotilla Company কে nationalise করেছে। আমাদের অর্থসচিব মহাশয় এ বিষয়ে খুব অভিজ্ঞ; তিনি চিন্তা করলে এ বিষয়ে অনেক কাজ হতে পারে এবং এটা করাও প্রয়োজনীয়। কারণ রেলের উপর যে রকম চাপ বাড়ছে তাতে যদি কিছু relief দিতে হয় খাদ্যের ব্যাপারে, কয়লার ব্যাপারে দেখাচ্ছে যে রেল পেরে উঠছে না, রেলের বেরকম bottle-neck অবস্থা হয়ে রয়েছে, তাতে Inland Steam Navigation কোম্পানীগুলি যদি canal system এর ভিতর দিয়ে মাল চলাচলের সাহায্য করে তাহলে অনেকটা relief হবে। সেজন্য এগুলিকে জাতীয়করণ করা দরকার। চারপাশ বাস গণপরিষদ থেকে করা হবে, তাও fully nationalised নয়, যাক, তবু এটা one step forward.

হাওড়ার কয়েক বছর হ'ল Co-operative Transport Company করা হয়। তারা টাকা চুলে বসে আছে; বাসের permission পাচ্ছে না। বাসের permission নিতে গেলে অনেক ডেল আপাত হই, সেটা আপনাবা সকলে ভাস কোরেই জানেন—সেইজন্য পাচ্ছে না। চারপাশ বাস যখন রাস্তার হাউবেন তখন তা থেকে ৪০ খানা Co-operative Society কে দিন না তাদের সঙ্গে Co-operation এ কাজ করা বিশেষ বাঞ্ছনীয়। সেইজন্য বলতে চাই যে বাজেট সম্পর্কে যে বক্তৃতা দেওয়া হয়েছে তার মধ্যে Co-operation এর স্থান দেখতে পাচ্ছি না। Consumers' Co-operation, Producers' Co-operation, Multipurpose Co-operation এর দ্বারা নতুনভাবে বাংলাদেশকে গড়ে তুলতে হ'লে co-operation এর স্থান যে কত ব্যাপক সে সম্বন্ধে বেশী কথা বোলে অর্থসচিব মহাশয়কে লজ্জা দিতে চাই না। এ সব তিনি নিশ্চয়ই জানেন এবং ভালরূপে বোঝেন। তবে আমি আশা করি যে তিনি সে সম্বন্ধে একটু নজর দেবেন।

Damodar Valley Corporation সম্বন্ধে এইটুকু বলব যে এটা Damodar Valley Corporation না কোব যেমন Tennessee Valley Association আছে সেই রকম একটা প্রতিষ্ঠানের দ্বারা দেওয়া যাক একেবারে গণপরিষদের না দিয়ে তাহলে মনে হয় কল ভাল হবে।

The Hon'ble Sri NALINI RANJAN SARKAR : তাই দেওয়া হয়েছে।

Sri SIBNATH BANERJEE : তা যদি হয়ে থাকে তাহলে আর সে সম্বন্ধে কিছু বলব না। Nationalisation না হউক, Socialism না হলেও progressive capitalism আশা করতে পারি অর্থসচিব মহাশয়ের কাছ থেকে।

The Hon'ble Sri NALINI RANJAN SARKAR : Gradually socialism হবে।

Sri SIBNATH BANERJEE : পূর্ববঙ্গ থেকে exodus হইয়া যতে, কিন্তু সেখান থেকে evacuation বেশ হচ্ছে। কেউ বলছে ১০ লক্ষ, কেউ বলছে ২০ লক্ষ, তবে তার একটা statistics রাখা এবং সে সম্বন্ধে কিছু করা উচিত। অনেকে এ বিষয়ে সহানুভূতি দেখিয়েছেন, কিন্তু সহানুভূতির পিছনে কিছু টাকা বরাদ্দ করলে যানিকটা আশ্রয়িত হ'তাম। কেবল সহানুভূতিতে হবে না, তার সঙ্গে কিছু টাকা চাই। কিন্তু সেটা দেখতে পাচ্ছি না।

ছোট দুটো কথা বোলে রাখি হাওড়া সম্বন্ধে। হাওড়ায় এখন যে হাসপাতাল আছে সেটা একটা মানুষ মারার কল। অনেক workshop ওখানে আছে এবং বহু লোক injured হয়ে সেখানে যায়, কিন্তু আর ফেরে না। সেখানে এমনই অবস্থা যে কোন ব্যবস্থা করাই সম্ভব নয়। আমি যখন তা নিয়ে বেশী আন্দোলন আরম্ভ করলাম তখন আমাকে তাড়াতাড়ি visitor কোরে দেওয়া হ'ল। কিন্তু তাতেও কোন ফল হয়নি। যে অবস্থা ছিল সেই অবস্থাই রয়েছে। হাওড়ায় Improvement Trust করলে হাসপাতালের উপর চাপ কম পড়বে। এখন যে রকম typhoid, pox, cholera, T. B. হচ্ছে তা হলত হবে না। হাওড়ার যে রকম অবস্থা তা দেখলে মনে হয় সেটা একটা living hell. সেখানে Improvement Trustএর কথা কত বৎসর ধরে যে দেখছি তা জানি না। আসে, আবার চাপা পড়ে যায়। আশা করি এবার সেটা তাড়াতাড়ি হবে।

তারপরে আর একটা কথা এ সম্বন্ধে বোলে রাখি—গান্ধীজীর যে আদর্শ সেটা ঘোষণা করতে যেয়ে অর্থসচিব মহাশয় একটা কথা বলেছেন—

“There will be no poverty, no feeling of high class and low class.”

তা যদি হয় তাহ'লে তাঁর সঙ্গে আমি একমত হ'তে পারি না। High class এবং low class থাকবে না এ যদি হয় তাহ'লে বুঝতে পারি; কিন্তু তিনি কিছু আগে বলেছেন—

“It will be our aim to abjure any policy that tends to concentrate wealth in the hands of a fortunate few, thereby making, relatively, the rich richer and the poor poorer.”

কিন্তু তাঁর orthodox বাজেটের মধ্যে কিছু দেখতে পাচ্ছি না। Graded Income-tax বা Inheritance tax এই রকম কিছু করলে richকে একটু একটু কমিয়ে আনতেন, আর poorকে একটু একটু বাড়তে পারতেন। তা না হ'লে বিরক্তা, সুবুদ্ধিমত্তা নাগবমল বা ওয়াকার সাহেব কোম্পানী তাঁরা ঐ রকমই থাকবেন। ছিটে ফোঁটা ছেড়ে দিলে পর তাঁরা যে রকম বেড়েছেন—৬ বৎসরে ২৫ লাখ থেকে ৫০ কোটী টাকা লাভ করেছেন—এইভাবে যদি রোজ লাভ করতে থাকেন তাহ'লে কোন দম্ভে অর্থসচিব মহাশয় বলেন যে richকে richer হ'তে দেব না, poorকে poorer হ'তে দেব না।

The Hon'ble Sri NALINI RANJAN SARKAR : সবটুকু পড়ে দেখবেন।

Sri SIBNATH BANERJEE : সবটা পড়েছি, দু'বার পড়েছি।

তারপরে ভূমিদারী প্রথার উচ্ছেদ। ১১ বছর আমি এখানে আছি। বরাবর শুন আসছি—ফজলুল হক সাহেব বলতেন ভূমিদারী প্রথার উচ্ছেদ দরকার, নাজিমুদ্দীন সাহেবও সেই কথা বলেছেন, সুরাবন্দী সাহেব এবং ডাক্তার ঘোষও সেই কথা বলে গেছেন, এবার অর্থসচিব মহাশয়ও সেই কথা বলেছেন। তাই মনে হয় যে রকম ভূমিদারী প্রথার উচ্ছেদ হয়েছে সেই রকমই হবে। বিশেষতঃ মাত্র ১০ লাখ টাকা আনুষ্ঠানিক খরচের জন্য যখন বরাদ্দ করেছেন তখন এই ধারণাই বলবতী হয় যে ফজলুল হক সাহেব বা সুরাবন্দী সাহেবের কাজের মত এরও ফল দাঁড়াবে। তবে অর্থসচিব মহাশয়ের এদিকে দৃষ্টি আছে বলেছেন, তাতেই কিছু আশা। তাহ'লেও এর চেয়ে কিছু বেশী বরাদ্দ হ'লে আশ্বস্ত হওয়া যেত। কৃষকেরা কত দিনে ভূমি পাবে? যদি বলা হ'ত এত দিনে—২ মাস, ৪ মাস, ৬ মাসের মধ্যে ভূমিদারী প্রথার উচ্ছেদ হবে, তাহ'লেও কৃষকদের কিছু আশ্বাস দেওয়া যেত। এ নিয়ে ত ৬ বছরের বেশী time হয়ে গেছে।

এর পরে শ্রমিকদের কথা। Security Bill যখন পাশ হয়েছিল তখন অর্থসচিব মহাশয় এঘরে ছিলেন না। কিন্তু সিকিউরিটি বিলে যাকে Essential serviceএর মধ্যে কেনা যায়—যেমন খাদ্য বা অন্যান্য এরূপ জিনিস—তাতে strike করা বেআইনী হয়েছে। কিন্তু security of servicesএর বেলা কিছু করা হয়নি। রোজই শুনি ছাটাই হবে। চটকজ মালিকেরা ত করেনই, বাংলা সরকারও মাঝে মাঝে হুমকী দেন। কোন জাহগায়ই security of servicesএর ব্যবস্থা করা হয়নি। তারপরে ন্যূনতম বেতন কমপক্ষে কত টাকা হ'লে একটা লোকের বেঁচে থাকতে পারে তার জন্য কমিটি এবং কমিশন হ'ল দেড় বৎসর ধরে। Pay Commission হল প্রধানতঃ রেলের কর্মচারীদের জন্য। তারপরে প্রত্যেক ব্যাপারে ন্যূনতম ন্যূন কমিশন, ন্যূনতম ন্যূন কমিটি কোরে ধাক্কাচাপা দেওয়া হচ্ছে এবং দেবী করা হচ্ছে। কমপক্ষে বেতন কত হওয়া উচিত সে সম্বন্ধে Central Government বেরকমভাবে ভাবছেন যদি Bengal Government সেইকমভাবে একটা কিছু তাড়াতাড়ি কোরে মনে তাহ'লে আবার অর্থাৎ শ্রমিকেরা বুঝতে

পারি যে হয়, একটা কিছু হয়েছে, এর কমে যাচ্ছিল হবে না। আগের গভর্নমেন্টের অর্থাৎ ল্যাব ল্যাবর কমিশনারের আমলে Labour Commissioner-এর thought-এ একটা চেতা হয়েছিল যে ন্যূনতম বেতন ৪০।৪০।৪০, টাকা এর কম বিধান হউক। কিন্তু বর্তমানে তাও হচ্ছে না।

“উৎপাদন বাড়তে” এই চীংকার সকলে করছেন, কিন্তু যে পরিমাণ খাদ্য দেওয়া হচ্ছে তাতে প্রায় সেই Suhrawardi gruel সূরাবন্দী ঘণ্টা পর্যন্ত প্রায় পৌঁছান গেছে। জাড়াই হাজার বা তিন হাজার calories না হলে—

(At this stage the House was adjourned for fifteen minutes.)

(After adjournment.)

Sri SIBNATH BANERJEE : উৎপাদন বাড়তে হবে অনেকটাই চীংকার করছেন। উৎপাদন বাড়বে কি করে? খাবার বরাদ্দ যে পরিমাণ দেওয়া হচ্ছে, তাতে উৎপাদন বাড়তে পারে না। বসেচিলাম যে অন্ততঃ জাড়াই হাজার তিন হাজার calorie দরকার—তা শেলে একজন worker প্রমিত দিনে আট ঘণ্টা কাজ করতে পারবে। তা দেওয়া হচ্ছে কয়েক সপ্তাহে এক হাজার calorie—তাতে সারওয়ারদি খেট বা gruel-এর বেশী কপালে জোটে না, যা থেকে slow starvation-এ বালাসী হাজারে হাজারে মারা গিয়েছিল। আশা করি বর্তমান Civil Supply Minister সেটা করবেন না। যদি সব লোককে না বাঁচান যায়, অপর্যাপ্ত ১ শত calorie দিয়ে সকলকে অপর্যাপ্ত না করে কিছু লোককে পুঁজা খাইয়ে বাঁচিয়ে রাখুন। না পারলে বলে দেওয়া হোক—shift for yourself অন্ততঃ সেটা করা উচিত।

তারপর ছাঁটাই। হাজারে হাজারে ছাঁটাই হবে। আমি বলছি না যে ছাঁটাই হতে পারবে না—ছাঁটাই করতে হতে পারে, কিন্তু আমি এই কথাই বলতে চাই যে পনেরই আগস্ট আমরা স্বাধীনতা পেয়েছি এবং অন্ততঃ কিছুদিন এই স্বাধীনতা তাদের ভোগ করতে দিন। রাস্তার foot-path-এ যেহেতু যেন তাদের এই স্বাধীনতার বস ভোগ করতে না হয়। পশ্চিম পাকিস্তান থেকে ৫০ লক্ষ লোক Indian Dominion-এ এসেছে। তাদের খাইয়ে পরিবে, বাড়তি পরিবে দেওয়ার ব্যবস্থা হয়েছে। তাদের জন্য crores খরচ হচ্ছে। আর এই বেশ পশ্চিম পাকিস্তান থেকে যারা যুদ্ধের সময় ব্রিটিশদের সাহায্য করেছে অবশ্য অন্যান্য করেছে—যা হোক দেশরক্ষার জন্য essential service-এর ব্যবস্থার কাজ করেছে, এখন তাদের বাড়িয়ে দিয়ে রাস্তায় দাঁড় করিয়ে, বেকার নিরস্ত্র করবার ব্যবস্থা না করে গভর্নমেন্ট তাদের অন্ততঃ ১৫ই আগস্ট 1948 পর্যন্ত time দিন।

আমি কার কাছে বরজি জানি না। অর্থসচিব মহাশয় এখনে নেই। Speaker মহাশয় এটা শুনেন রাখুন। আমার দৃষ্টিগোচর বিষয় অর্থসচিব মহাশয়ের এখন শুনবার সময় হল না। (A Voice : তিনি prayer করছেন।)

(At this stage the blue light was on.)

Sri SIBNATH BANERJEE—Five minutes more, Sir.

Mr. SPEAKER : I am sorry there are so many speakers that I can not give you more time.

Sri SIBNATH BANERJEE : অনেক রকম scheme-এর কথা শুনছি। প্রথম কাজ হলো উচিত, এই সমস্ত লোক যারা 15th August কাজ করেছিল, অন্য scheme করে তাদের অনেককে ঢাকের দিবেন, সেটা পরে হবে—যারা অপারতঃ কাজ করতেন, সেটা Civil Supply হোক, আর Criminal Supply হোক—তাদের ঢাকের দেওয়ার ব্যবস্থা করা। এবং বর্তমান ঢাকের না দিতে পারবেন, অন্ততঃ 15th August 1948 পর্যন্ত তাদের ভরসা দিন একটা ব্যবস্থা তাদের হবে। কিন্তু বারবার তাদের উপর হুমকি দেওয়া হচ্ছে এবং তারা strikers-এর হুমকি দেখিয়ে তাদের ঢাকের কোনরকমে বড়ায় রাখছে। এটা অত্যন্ত অশোভন ব্যাপার হচ্ছে। আশা করি বাংলার বর্তমান Cabinet এবং অর্থসচিব মহাশয়ের জায়গার যিনি বসে আছেন তিনি এ সমস্যা সম্বন্ধে sympathetic হবেন।

তারপর Pay Commission-এর recommendations. এটা অন্ত্যন্ত দুঃখের বিষয় জানাচ্ছি যে Pay Commission-এর recommendations অর্থসচিব মহাশয় যেন বিবেচনা করেন।

Mr. SPEAKER : Mr. Banerjee, your time is up.

Sri SIBNATH BANERJEE : আর মাত্র চার মিনিট সময় চাই। এ ব্যবস্থা তিনি মাত্র এক কোটী টাকা বরাদ্দ করেছেন। এটা কি অত্যন্ত অশোভন হয়নি? Central P. W. D. এবং Government Building Electric Division একই জায়গায় পাশাপাশি কাজ করবে; একজন higher payment পাবে, আর একজন lower. কম বেতন পাবে—এটা কোনরকমেই হতে পারে না। তারপর কথা যে সেটা হচ্ছে rock-bottom, minimum living wage. এ জিনিষটা re-construct করা দরকার। তারপর যারা ৩০।৪০ বছর কাজ করছে অথচ temporary কেন থাকে এ জিনিষটা বহুবার Assemblyতে আমরা বলেছি, কিন্তু কিছুই হয়নি। আগের Assembly অন্য রকম Assembly ছিল—Dominion Status আসায় দেখা যাক, এটা কিভাবে যেরে দাঁড়ায়। তারপর আর একটা আমি বলব—আমাদের চারপাশে যে সব চাপরাশি কাজ করছে, তাদের দিকে তাকিয়ে দেখুন কি দৃষ্টিভঙ্গীভূত চেহারা এবং এখানেই কেরাণিরা যাদের রাত্রে ৮।৯টা পর্যন্ত কাজ করতে হয় বা Writers' Buildingএ যারা মন্ত্রী মহোদয়দের চাপরাশি নিয়ে ঘুরে বেড়ায় বা সেখানে যে সব কেরাণি রয়েছে তারা Pay Commissionএর recommendations অনুসারে living wage বা rock-bottom pay কেন পাবে না, তা আমার বৃদ্ধির অগম্য। আশা করি, অর্থসচিব মহোদয় ও whole Cabinet এ সম্বন্ধে বিবেচনা করবেন।

তারপর Assemblyতে যারা কাজ করছে এবং Writers' Buildingএ যারা কাজ করছে, তাদের disparity of wages রয়েছে। Overtime pay দেওয়া হয় না যাদের temporary রাখা হয়। এই জিনিষটা নিয়েও বহুদিন থেকে আলোচনা হচ্ছে। এর কিছুটা হয় ত অর্থসচিব মহাশয়ের গণ্ডির ভিতর পড়ে না; Speaker মহোদয়ের গণ্ডির মধ্যে পড়ে যার, কিন্তু যার গণ্ডিতেই পড়ুক, আশা করি তাঁরা এটা দয়া করে দেখাবেন।

তারপর অর্থসচিব মহাশয় appeal করেছেন to Government employees—তোমরা কম মাইনে নেও কারণ স্বাধীন হয়েছো দেশ। এটা সবচেয়ে বেসুরো লাগছে কাণে। যারা হাজার টাকা দু' হাজার টাকা পাচ্ছে—মন্ত্রী মহাশয়ের যারা Secretary বা অন্য সব উচ্চপদস্থ কর্মচারী বা আমাদের কাছে যদি appeal করা হত তবু বুঝতাম, কিন্তু যারা living wageএর rock-bottom পাচ্ছে তাদের কাছে appeal করা—তোমরা চেয়ে না কিছু। দেশ স্বাধীন হয়েছে। তোমাদের আরও sacrifice করা উচিত; এ অত্যন্ত অশোভন ও বেদনাদায়ক। যাঁরা বেশী মাইনে পান, তাঁদের কমতে পারবেন না। Pay Commission বলেছিলেন ২ হাজার টাকা পর্যন্ত হতে পারবে, India Government বাড়িয়ে ৩ হাজার পর্যন্ত করলেন। বাংলাদেশেও সেই রকম চলছে। যদি কমতে হয়, তাদের কাছ থেকে কমান। তেলা মাথায় তেল দেওয়া হচ্ছে, এখন সেখানে আরও তেল ঢালছেন, আর যাদের নেই, তাদের অপ্রচুর যে ন্যায্য পাওনা তাও কাটতে চান—এটা বন্ধ করা দরকার।

আর একটা কথা—আমাদের Labour Department এর খাতে টাকা দেওয়া হয়েছে। খুব ভাল কথা। Labour Journalএ ৪০ হাজার টাকা দেওয়া হয়েছে। সেখানে বলা হয়েছে পীচল কাগজ free দিতে হবে। কিন্তু Walker সাহেব কি কিনে নিতে পারবেন না? যাঁরা ইংরেজী পড়েন তাঁরাও কিনে নিতে পারবেন বলে আশা করি। কাজেই এই ৪০ হাজার কিছু কম হয়নি। এটা ভালই হয়েছে। আমরা বহুদিন থেকে এ বিষয়ে বলে আসছি। বোম্বেতেও Labour Journal চলেছে। আশা করি এখানেও এটা কার্যকরী হবে।

তারপর Conciliationএর জন্য টাকা বরাদ্দ হয়েছে। এটা অত্যন্ত দরকারী। Partitionএর ফলে Labour Commission অফিসের বহু অফিসার পাকিস্তান গেলেন কেনে এবং যাঁরা নতুন এসেছেন তাঁদের number কম। তাঁদের number বাড়ানোর জন্য এ টাকার খুবই দরকার।

তারপর Tribunal যে কোনভাবে করা হয়েছে সেটা আমরা পছন্দ করি না। তবে Tribunal বা আমরা এতদিন পাইনি, তার যে ব্যবস্থা হয়েছে এটা খুব ভালই হয়েছে। সেইজন্য পূর্বের মন্ত্রীদের আমি ধন্যবাদ জানাচ্ছি এবং বর্তমান মন্ত্রীরাও তার কিছুটা পাবেন।

Mr. SPEAKER: Mr. Banerjee, will you take your seat?

Sri SIBNATH BANERJEE: Half a minute more, Sir.

Mr. SPEAKER: Excuse me. There are many members to speak.

Sri SIBNATH BANERJEE: Only two sentences.

Then regarding industrial truce. In Delhi there was an industrial truce but nothing was done. The Central Government has asked that provincial and local units should be formed and it should be done immediately. The Labour Advisory Board has not been formed. That should be done immediately. Sound trade unionism—that is a very dangerous thing. Sound for whom?—sound for Mr. Walker or sound for Mr. Deben Sen? So no money should be spent on sound or unsound trade unionism. Let the workers themselves find that out.

Mr. L. R. PENTONY: Mr. Speaker, Sir, in congratulating the Hon'ble Finance Minister on the lucid financial assessment which he has presented for the ensuing year, I feel it would not be ungracious to criticise a few features and bring to his notice certain omissions. We are fortunate indeed that it is a budget without any shocks and few disappointments. It has given us the general impression of promise in spite of the short time he has had at his disposal to visualise and cater for some of the pressing needs of the people and although undoubtedly a large part of the financial obligations for the development of the province is borne by the Centre, the Hon'ble Mr. Sarkar has been able to provide for some expansion and certain amenities without recourse to fresh taxation.

We support his un concealed anxiety that the two parts of Bengal pursue friendly and co-ordinated policies as in spite of partition the people form a single economic and cultural unit, with an ultimate end in view.

We must, however, stress our disappointment that there has hardly been any direct reference to the previous enquiries concerning the institution of Public Relations Officers and Staff attached to every department, the losses sustained on Boat Construction and Food-Grains Purchase Schemes with a view to avoiding similar mismanagement in the new development proposals, the decontrol of foodstuffs and the liquidation of the Civil Supplies Department, the institution of a Maritime Board and insufficient data concerning development of waste land by mechanical means for improving agriculture.

An analysis of the proposed expenses for the financial year 1948-49 in comparison with the actuals for 1946-47 shows that allotments have been made of 71 per cent. to Administration of Justice and 74 per cent. to Jails and Convict Settlements while on the other hand, only 36 per cent. has been allotted to Medical Relief and 54 per cent. to Co-operative Credit and Relief.

Since partition, the West Bengal Government have been obliged to maintain some institutions which were more developed in the area, for instance, the Calcutta High Court, Central Jails, etc. These institutions, though essentially necessary for the province, are rather over-staffed compared to the needs of the reduced province of West Bengal. In view of the fact that the territorial jurisdiction of these institutions has shrunk considerably, it is imperative that they should be reorganised. A large number of officials opting for India, and not attached to West Bengal, have not received their posting instructions yet. It is high time that the most profitable utilisation of these officials should immediately be made by posting them in suitable departments.

Government should explore all avenues for reclaiming the convicts in some useful avocations. Cottage industries should be formed more widely for the rehabilitation of prisoners on their release.

West Bengal is an infant province. Her resources were heavily taxed and strained since the August disturbances in 1946. Bengal could not

build up any reserve towards the Post-War Development Fund during the war. The 1943 famine and other calamities heavily drained her available funds. Now, West Bengal happens to be the sentinel of India's eastern border and in view of this fact alone, she deserves the utmost consideration and help from the Central Government.

The demand of 215 lakhs is commendable and we are pleased to see that Government plans to spend adequate sums towards promoting a long-felt want—Technical Education.

Apart from the lump sum grants made for new projects, out of the Central Government's subsidy, only Rs. 107 lakhs have been demanded under this head, which is only 36 per cent. of the actuals for undivided Bengal in 1946-47. With the increase in expenses due to implementation of the Pay Commission's recommendations, a larger share of the allotted amount will be absorbed towards establishment charges, resulting in a reduction of medical relief to the people.

In the same way, when the details are worked out for the plans for which lump sum provision has been made, we trust that it will be realised that at the present stage of our hospital history, the need for providing attractive and comfortable conditions of service for nurses is of the highest importance. Buildings and other necessities are secondary at the moment. To-day, the nurse is the most important factor in any scheme for the improvement and development of hospitals in India.

A demand of 49 lakhs appears too meagre compared to the complexity of the problem. It should have been increased. It is only 37 per cent. of the actuals for 1946-47 of undivided Bengal.

Compared to the actuals for undivided Bengal in 1946-47, only 54 per cent. has been earmarked in the current budget. Of the sum of 13 lakhs much the greater proportion will be appropriated to increase in salaries and superintendence, leaving very little to subsidise other projects fostered by this Department. Some provision should have been made for popularising hand spinning in view of the acute shortage of cloth, which is likely to continue unabated for some time to come.

In connection with Police administration, we would like to stress that during the present period of transition it is absolutely essential for the preservation of law and order that the Police staff as well as the clerical departments of the Intelligence Branches be kept up to full strength. With the division of the province there has been considerable reduction in the departments so that it is impossible for depleted staff to cope with the urgent work which accompanies every fresh emergency. The introduction of noting in Bengalee further slows down efficiency and adds to the difficulty of filing and recording. In order to maintain the smooth, efficient and speedy working of the machinery of Government at this time of a change-over in the official language of the province, it is essential that adequate staff be employed and facilities given to non-Bengalee speaking employees to perfect themselves in a difficult and intricate script.

As it would not be possible for the West Bengal Government to meet the normal minimum expenses, the Central Government should take the responsibility of repaying their pre-partition debts (as allotted by the Arbitral Tribunal) with a view to placing the province's finances on a sound footing. A precedent may be found in the Niemeyer Award, 1937, under which the Government of India undertook to repay the province's liabilities by an extraordinary grant on the inauguration of Provincial Autonomy.

The allocations made out of the Central Government subvention of 657 lakhs for the current year for post-war development schemes should be spent within the scheduled time and not allowed to go by default, as previous experience has shown.

In the planning programme we note with pleasure that the Hon'ble Minister for Finance has expressly stated that it is the intention of Government to proceed with the schemes which have been previously prepared and developed, and in this connection we hope that the scheme for the construction of a Stadium in Calcutta, will fructify as a productive undertaking financed by Government.

Despite the heavy congestion in Calcutta and suburbs and the steady influx of people from East Bengal, a large number of buildings, hitherto occupied by military and semi-Government organisations, are lying vacant. It is impossible to take up building projects because of the scarcity of essential materials and high labour charges. Immediate steps should be taken by the Government to requisition the vacant houses and barracks lying in Calcutta and suburbs and let them out to tenants at reasonable rates. The plan to build a satellite township at Kanchrapara is commendable and deserves top priority. Calcutta has been a big liability to the countryside, because of the heavy demands of foodstuffs and provisions made by it from a radius of about 40 miles. In view of the congestion in Calcutta and the presence of a vast floating population with a higher purchasing power, all fresh foodstuffs, vegetables, fruits, etc., find their way to the metropolis, to the detriment of the health of rural population. Decentralisation of this city and diversion of a large number of men from this place by creating suitable opportunities for livelihood in satellite towns is the only remedy which can remove the miseries of the common man.

It has been found that Government has reduced the weekly ration of food grains even below minimum nutrition requirement. The present allotment is 1 sr. 5 ch. rice and 14 ch. wheat products, or $\frac{1}{2}$ lb. of bread per week. This is inadequate for an adult, and so induced some people to draw rations on ghost ration cards. Black market in rice and wheat products is still rampant, and the Government have been obliged to maintain a tight cordon around rationed areas. A non-eater of rice has to rest satisfied with 12 oz. of bread per week. This drives a lot of us to the open black market where bread is available in plenty at fancy prices without coupons, thus giving the impression that the apparent shortage is not in wheat products but in its equivalent coupons. The Government should realise that bread-eaters are also entitled to some consideration. In view of the fact that gradual decontrol of food grains and reduction in rationing commitments are the declared policy of the Centre and as the decontrol of cereals, pulses, sugar, etc., has not acted adversely on the market, it is well worth trying decontrol of wheat for a time at least as an experimental measure.

The effect of decontrol on cotton textiles is yet to be seen and it is hoped that prices will come down when adequate stock is released to the market.

The faulty and complicated methods of assessment and realisation of the Sales Tax have defeated the very purpose for which the levy was first introduced by the present Finance Minister. The levy has been increased from time to time without bringing about any corresponding windfall in the provincial revenue and it has caused a diversion of trade from Bengal. If Government cannot discharge its normal obligations without tapping this source of revenue, it is incumbent on them to see that the procedure of collection is simplified, all possibilities of multiple taxation eliminated, and the realisation machinery becomes honest, vigilant and unsparing. Uniform and easy systems of accounting and returns should be introduced and the administration should immediately be purged of undesirable elements.

"Produce or Perish" should be the watchword for manufacturers and labourers. The setting up of the conciliation machinery is timely, but before cases are forwarded to Tribunal Government should satisfy themselves

that every avenue of amicable settlement has been fully explored, and in settling disputes, Government should see that no unjust burden is imposed on manufacturers with a view to pacifying the intransigence of agitators, as a result of which production may receive a severe setback or the ultimate burden be transferred to the shoulders of the helpless consumers.

We endorse the proposals put forward to the Centre for altering the basis of allocation of the Jute duty and share of Income-tax, and are confident that with the able representation at hand West Bengal's share in both these sources of revenue will be increased.

We ardently stress the inclusion of the people's representatives in the directorates of the Government's proposed housing, transport and community kitchen schemes. The reports of such representatives drawn from every section of thought in the House are more likely to afford a proper basis of appreciation for the House to decide such questions as methods of administration, control of expenditure and future relations between the public and the legislature, particularly if the Hon'ble Mr. Sarker is really serious in his remarks that his party is anxious to see that the rich do not become richer and the poor poorer.

Dr. SURESH CHANDRA BANERJI : মাননীয় Speaker মহোদয়,

মহাধ্বাজী মৃত্যুর কয়েকদিন আগে বারবার বলিয়াছেন ভারত বৃটিশের হাত হইতে মুক্তি পাইয়াছে বটে, কিন্তু সত্যিকার স্বাধীনতা লাভ করে নাই। সত্যিকার স্বাধীনতার চিত্রও তিনি আমাদের সম্মুখে বারবার তুলিয়া ধরিয়াছেন। তাহার মতে ভারত এখনই সত্যিকার স্বাধীন হইবে যখন ভারতে ধনী ও গরীবের বিশেষ কোন পার্থক্য থাকিবে না, যখন সব প্রকার শোষণ লোপ পাইবে, যখন সকলেই পেট পুরিয়া খাইতে পাইবে যথেষ্ট কাপড় পরিতে পারিবে, ভাল ঘরে থাকিতে পারিবে, যখন সকলেই চিকিৎসা ও লেখাপড়ার যথেষ্ট সুযোগ পাইবে এবং হিন্দু-মুসলমানে দেশে বিরোধ থাকিবে না, ও হিন্দু সমাজ হইতে অস্পৃশ্যতা ও জাতিভেদ সম্পূর্ণরূপে দূর হইবে। আমি জানি আমার কমিউন্ট বন্ধুরা ইহাতে সন্তুষ্ট হইবেন না। কিন্তু ইহাই ছিল মহাধ্বাজীর রাম রাজ্যের স্বরূপ, কিরণ-মজদুর-প্রজারাজ দ্বারা ইহাই তিনি বুঝিতেন। ভারতের অগণিত জনগণের অন্তরের কামনাও ইহাই। ইহা পাইলেই বর্তমান অবস্থায় তাহারা সুখী হইবে। সুতরাং আমাদের নিকট ইহা হওয়া উচিত অদূর ভবিষ্যতের আদর্শ। এ ধরনের সমাজ যত শীঘ্র সম্ভব প্রতিষ্ঠার জন্যই আমাদের প্রস্তুত হওয়া উচিত এবং সব প্রকার শক্তি প্রয়োগ করা উচিত। বর্তমান বাজেট আলোচনার সময়ও এই ধরনের স্বাধীনতার চিত্রই হওয়া উচিত আমাদের একমাত্র মানদণ্ড।

ধনী ও গরীবের পার্থক্য দূর করিতে হইলে দুইটি কাজ বিশেষভাবে করা দরকার। প্রথমতঃ জমিদার প্রথার বিলোপসাধন, কারণ এই প্রথা হেতুই সমাজে আর্থিক ভিত্তিতে নানারূপ প্রেণী-বৈষম্যের উদ্ভব হইয়াছে। এই প্রথার বিলোপসাধনের নীতি কংগ্রেস স্বীকার করিয়াছে। কংগ্রেস-শাসিত বিভিন্ন প্রদেশে এজন্য তোড়ফোড় চলিতেছে। বর্তমান বাজেটে এজন্য দশ লক্ষ টাকা বরাদ্দ করা হইয়াছে। মাননীয় অর্থসচিব মহাশয়ের নিকট সনির্বন্ধ অনুরোধ, তিনি যেন এই প্রথার বিলোপসাধন ত্বরান্বিত করার জন্য যথোপযোজ্য উপায় গ্রহণ করেন। স্বীকৃত নীতির কাজে পরিণতিতে বিলম্ব জনগণের মনে অসন্তোষ সৃষ্টি করিতে বাধ্য।

ধনী ও গরীবের পার্থক্য অপসারণের জন্য প্রয়োজনীয় দ্বিতীয় কাজটি হইতেছে শিল্প ও ব্যবসায় প্রতিষ্ঠানের মালিকদের আর ক্রমশঃ কমানো, ও শ্রমিকদের আর ক্রমশঃ বাড়ানো। এই উদ্দেশ্যেই কেম্পার কংগ্রেসী গণগণ্টেন্ট কর্তৃক ১৯৪৭ সালে প্রচুর বিরোধ আইনটি (Industrial Disputes Act) প্রণীত হইয়াছে। এই আইন অনুসারে করণীয় তিনটি বিষয়ের মধ্যে দুইটি এখানে বিশেষ উল্লেখযোগ্য। একটি হইতেছে, একশোর বেশী শ্রমিক কাজ করে এমন সব শিল্প ও ব্যবসায় প্রতিষ্ঠানে ওয়ার্কস্, কমিটির প্রতিষ্ঠা; দ্বিতীয়টি হইতেছে মালিক ও শ্রমিকের বিরোধ আপোষে মীমাংসা না হইলে, বিরোধের মীমাংসার জন্য Tribunal বসানো। ওয়ার্কস্, কমিটিতে শ্রমিক ও মালিকের সমসংখ্যক প্রতিনিধি থাকিবে। শ্রমিক প্রতিনিধিগণ, গণতান্ত্রিক উপায়ে শ্রমিকদের মধ্য হইতে তাহাদের দ্বারা নির্বাচিত হইবে। দৈনন্দিন কাজে উপলব্ধ বিরোধসমূহের আশাপ্ৰসন্ন আলোচনা দ্বারা মীমাংসাই ওয়ার্কস্, কমিটির কর্তব্য। এই কর্তব্য বাধ্যভাবে সম্পন্ন হইলে শিল্প ও ব্যবসায় প্রতিষ্ঠানে শান্তি স্থাপনের পথ সুগম হইবে এবং

বিভিন্ন শিল্প ও ব্যবসার প্রতিষ্ঠানে প্রমিকেরা আস্তে আস্তে কর্তৃত্বভাষে সমর্থ হইবে। ট্রেড ইউনিয়ন আন্দোলন ও ওয়াক'আউট, কমিটি স্থাপনের ফলে শক্তিশালী হইয়া উঠিবে। কারণ প্রমিকদের উপর সত্যিকার প্রভাব আছে এমন ইউনিয়ন কর্তৃক মনোনীত প্রমিকেরাই ওয়াক'আউট, কমিটিতে নিৰ্বাচিত হইতে সক্ষম হইবে। ফলে পকেট ইউনিয়নসমূহ দোষ পাইবে। একশতের অধিক প্রমিক কাজ করে এমন কারখানা ও সওদাগরী আফিসের সংখ্যা পশ্চিম বাংলার পাঁচশো। চল্লিশটি ওয়াক'আউট, কমিটি স্থাপনের নিষ্পেষিত ইতিপূর্বেই দেওয়া হইয়াছে। বাকীপুলি স্থাপনের নিষ্পেষিত ও ভাড়াভাড়া দেওয়া উচিত। কারণ কমিউনিষ্টদের হাজার প্রচার সত্ত্বেও প্রমিকেরা ওয়াক'আউট, কমিটির উপকারিতা উপলব্ধি করিতে আরম্ভ করিয়াছে এবং ইচ্ছাদের প্রতিষ্ঠার বিলম্ব তাহাদের মনে নৈরাশ্য ও বিদ্বেষের উৎস্ক করিবে।

শিল্প সম্পর্কিত সব বিরোধই প্রথম ওয়াক'আউট, কমিটিতে বিবেচিত হইবে। ওয়াক'আউট, কমিটিতে বিরোধের মীমাংসা সম্ভব না হইলে তাহা গভর্ণমেন্টের নিকট পাঠানো হইবে। বিভিন্ন সহকারী লেবার কমিশনারেরা তখন বিরোধের মীমাংসার চেষ্টা করিবেন। এভাবেই মীমাংসা সম্ভব না হইলে বিরোধটী ট্রাইব্যুনালে পাঠানো হইবে। ট্রাইবিউনালের রায় মালিক ও প্রমিক সকলেই মানিতে বাধ্য। সুতরাং বিরোধের অবসান এখানেই ঘটিবে।

ট্রাইবিউনালের বিরুদ্ধে কমিউনিষ্টদের তীব্র প্রচার সত্ত্বেও পশ্চিম বাংলার প্রমিকেরা ট্রাইবিউনালপ্রিয় হইয়া উঠিতেছে। কারণ, এপর্যন্ত ট্রাইবিউনাল-প্রদত্ত প্রায় সব রায়ই প্রমিকদের অনুকূল হইয়াছে। প্রমিকেরা আরো জানিতে পারিয়াছে যে ট্রাইবিউনাল কংগ্রেসী গভর্ণমেন্টের একটি স্থায়ী ব্যাপার হইয়া দাঁড়াইয়াছে। ট্রাইব্যুনালের রায় সাধারণতঃ এক বৎসরের জন্য বলবৎ থাকে। বৎসরান্তে প্রমিকেরা চাহিলে আবার ট্রাইব্যুনাল সাইতে পারে। সুতরাং বৎসরের পর বৎসর ট্রাইব্যুনালের বিচার চলিতে থাকিবে। ফলে অল্প ভবিষ্যতে এমন এক অবস্থা বৃদ্ধি হইবে যখন আর সম্বন্ধে প্রমিক ও মালিককে বড় বিশেষ পাধ্যতা থাকিবে না। তখন মালিকেরা হয়তো প্রমিকদের সত্যিকার অধীশে কারখানা চালাইবে, নইলে গভর্ণ-মেন্টকে ঔপব প্রতিষ্ঠান চালানোর দায়িত্ব নিতে হইবে।

সুতরাং বিভিন্ন ওয়াক'আউট, কমিটি ট্রাইব্যুনাল সমাজতান্ত্রিকরণের (socialisation এর) পথ পরিষ্কার করিবে। সমাজতান্ত্রিকরণের এই আদর্শ গভর্ণমেন্টের সম্মুখে সুস্পষ্টরূপে সর্বোচ্চ থাকিলেই ওয়াক'আউট, কমিটি ও ট্রাইব্যুনালের স্থাপনা শৃঙ্খলিত হইবে না, ইচ্ছাদের স্থাপনা সম্ভব হইবে। ট্রাইব্যুনালরূপে কাজ করার জন্য নয়জন জজ ইতিপূর্বেই নিযুক্ত হইয়াছেন। শিল্পপ্রধান পশ্চিম বঙ্গের সমস্ত শিল্পকে ট্রাইব্যুনালের বিচারধীন আনিতে হইলে আরো তিনটি ট্রাইব্যুনালের প্রয়োজন হইতে পারে। ট্রাইব্যুনালের সংখ্যালঘুতা বিরোধের রায়দানে বিলম্ব ঘটাইতে বাধ্য। এইরূপ বিলম্বই প্রমিকদের মনে নৈরাশ্য ও বিদ্বেষের উৎস্ক হওয়া স্বাভাবিক। এ অবস্থায় যে উদ্দেশ্যে প্রমিকেরা আইনের প্রণয়ন এবং যে উদ্দেশ্যে ট্রাইব্যুনাল বসানো তাহাই ব্যর্থ হইবে। কাজেই প্রয়োজন সংখ্যক ট্রাইব্যুনাল নিযুক্ত করিতে হইবে। এ বাৎ অতিরিক্ত খরচ প্রমিকদের সন্তোষজনিত মাল উৎপাদন বৃদ্ধিরূপে ফিরিয়া আসিবে।

প্রমিকদের বিরোধের আলোচনা প্রসঙ্গে শিল্পনীতির কথা আপনাতাপনই আসে। মৌলিক অধিকার সম্পর্কিত ১৯৩৯এর করাচী প্রস্তাবে Key industries সমূহের জাতীয়করণ সম্পর্কে স্পষ্ট আশ্বাস আছে, কিন্তু বাজেট বক্তার জাতীয়করণ সম্পর্কিত নীতির কোন স্পষ্ট আশ্বাস পাওয়া যায় নাই। এ সম্বন্ধে স্পষ্ট করিয়া বলিলে খণ্ডন সম্ভব হইত।

সিদ্ধান্তিত কেন্দ্রীয় গভর্ণমেন্ট কর্তৃক আয়োজিত পার প্রদত্ত কারখানার জন্য বাজেটে ১৫ লক্ষ টাকা বরাদ্দ হইয়াছে। বিহার গভর্ণমেন্টও দামোদর উপত্যকা করপোরেশনের সহযোগে heavy chemicals উৎপাদনের উদ্দেশ্যে একটি কারখানা স্থাপন সম্পর্কিত পরিকল্পনার প্রস্তুতির জন্যও চার লক্ষ টাকা বরাদ্দ করা হইয়াছে। এ দুটিই সূত্রের কথা, কিন্তু ইচ্ছাট শিল্প সম্পর্কিত পরিকল্পনার জন্য কোন বরাদ্দের উল্লেখই বাজেটে নাই। কেন্দ্রীয় গভর্ণমেন্ট খুব দ্রুত দুটি ইচ্ছাট নিষ্পত্তির কারখানা স্থাপনের সংকল্প করিবারে বসিয়া প্রকাশ। এই দুটি কারখানার একটি পশ্চিম বঙ্গে স্থাপিত হওয়া বাঞ্ছনীয়। ইচ্ছাটের কারখানার জন্য কর্তৃক ও সোঁহ দরকার। কর্তৃক বাংলার আছে, জোঁহ বাংলার না থাকিলেও বাংলার নিকটে আছে। বাংলার এখনই যথেষ্ট সংখ্যার ইঞ্জিনিয়ারিং কারখানা আছে; অল্প ভবিষ্যতে হয়তো আরও প্রতিষ্ঠিত হইবে। এই সব কারখানার জন্য ইচ্ছাট প্রয়োজন। কলিকাতার বঙ্গ হইতে বিদেশে সোঁহা চালান দেওয়ার সুবিধা আছে। অল্প

ভবিষ্যতে কলিকাতার নিকটবর্তী কোন স্থানে জাহাজ নির্মাণের কারখানা স্থাপন করিতে হইলেও সম্ভবলিভ দুইটি ইম্পাণ্ডের কারখানার একটি পশ্চিম বঙ্গে স্থাপিত হওয়া দরকার। শূন্য যাইতেছে কারখানা দুইটি স্থাপনের স্থান নির্ণয়ের জন্য কেন্দ্রীয় গভর্ণমেন্ট শীঘ্রই একটি অনুসন্ধান সমিতি নিযুক্ত করিবেন। এই সমিতির সম্মুখে যথাযথভাবে বাংলার দাবী পেশ করার ব্যাপারে সাহায্য করার জন্য একজন expert designer নিযুক্ত করা দরকার। আশা করি পশ্চিম বাংলার সরকার এ বিষয়ে অবহিত হইয়া যথাবিধিত ব্যবস্থা অবলম্বনের জন্য আগেই অগ্রণী হইয়াছেন।

এই ত গেল Basic Industryর কথা। অন্যান্য শিল্প সম্বন্ধে কংগ্রেসের নীতি নিম্নরূপ। এই সব শিল্পের মধ্যে যেকোনো কুটীর শিল্পরূপে সহজেই গড়িয়া তোলা সম্ভব সেগুলিকে কুটীর শিল্প-রূপেই গড়িয়া তুলিতে হইবে। বাকী শিল্পগুলির মালিক State হইতে পারে, ব্যক্তিবিশেষ কিংবা বেসরকারী প্রতিষ্ঠান হইতে পারে। ব্যক্তিবিশেষ কিংবা বেসরকারী প্রতিষ্ঠান যে সব শিল্পের মালিক হইবে তাহাদের উপরও স্টেটের কড়া কন্ট্রোল থাকা দরকার।

এবার গভর্ণমেন্ট রেশম, বস্ত্র, গুড় ও কাগজের কুটীর শিল্পরূপে বিকাশের বেে ব্যবস্থা করিয়াছেন তাহা মোটের উপর সন্তোষজনক। বস্ত্র সম্বন্ধে পশ্চিম বাংলাকে সম্পূর্ণ স্বাবলম্বী করার সঙ্কল্প লইয়া খাদি শিল্পের বিকাশে গভর্ণমেন্টের মন দিতে হইবে। অন্যান্য কুটীর শিল্পের বিকাশও যতখানি সম্ভব করা দরকার। তবেই কুটীর শিল্প বিকাশের চেষ্টা সফল হইবে। নইলে ইহা লইয়া খেগো করা হইবে মাত্র। পূর্বোক্ত পথে কুটীর শিল্পের বিকাশ হইলে পল্লীবাসীদের বেকার-সমস্যার অনেকখানি সমাধান হইবে, তাহাদের আয়ও বাড়িবে। সক্ষে সক্ষে এই সব কুটীর শিল্পের সংগঠন কাজে রাজনৈতিক অপরাধে নিযুক্তিভিত্তি বহু লোকের কাজ জুটিবে। অর্থের সংস্থান হইলেও দুনিয়ায় বর্তমান অবস্থায় Basic Industryর বিকাশ অনিশ্চয়তার আচ্ছন্ন ও সময়সাপেক্ষ। কিন্তু গভর্ণমেন্টের ও কম্পানীর আন্তরিকতা থাকিলে কুটীর শিল্পের বিকাশ সহজেই সম্ভবপর।

ধনী ও গরীবের পাথক্য সম্বন্ধে বলিতে বলিতে শিল্প প্রসঙ্গে আসিয়া পড়িয়াছিল। সম্ভাব্য স্বাধীনতার চিত্রে এখন আবার ফিরা যাউক। সেই চিত্রে আর্থিক পাথক্য অপসারণের পরেই ছিল পেটভরা খাদ্যাসংস্থানের কথা। জন্ম সম্বন্ধে পশ্চিমবাংলা স্বয়ংপূর্ণ কি না বলা কঠিন। বিভিন্ন কারণে পশ্চিম বঙ্গের জনসংখ্যা যে হারে বাড়িতেছে তাহাতে পশ্চিম বঙ্গে জন্মের অভাব হওয়া স্বাভাবিক। এই অভাব পূরণের জন্য সেচ প্রকৃতির উন্নতি যে আবশ্যক তাহা সর্বজনবিদিত। সুতরাং সে সম্বন্ধে কিছু বলা নিম্প্রয়োজন। পুকুর সংস্কার খাতে যে বিশ লক্ষ টাকা বরাদ্দ করা হইয়াছে আমি শুধু সে সম্বন্ধে ২১১টি কথা বলিতে চাই। বিশ লক্ষ টাকা কম কথা নয়। এই বিশ লক্ষ টাকা যথাযথভাবে এবং এই বৎসরেই খরচ হইলে অনেক কাজ হইতে পারে। গভর্ণমেন্টকে এ বিষয়ে এখন হইতেই সচেতন হইতে বিশেষ-ভাবে অনুরোধ করিতেছি।

দামোদর উপত্যকা ও মোর নদী সম্পর্কিত সেচ পরিকল্পনার কাজের রূপায়নে যাছাতে বিশেষ না ঘটে সে সম্বন্ধেও পশ্চিম বঙ্গ সরকারের বিশেষ অবহিত হওয়া আবশ্যক।

অমের পরেই বস্ত্রের কথা। খাদি শিল্পের বিকাশে গভর্ণমেন্ট আন্তরিকতার সহিত উদ্যোগী হইলে বস্ত্র সমস্যার সমাধান সহজেই সম্ভবপর।

বস্ত্রের পরেই গৃহের কথা। কলিকাতায় গৃহ-সমস্যা এত দারুণ ও বস্তীবাসীদের অবস্থা এত শোচনীয় যে পল্লীবাসীদের গৃহ সম্বন্ধে এখন ভাবা অতি কঠিন এবং তাহাদের গৃহের উন্নতির জন্য বাজেটে কোন বরাদ্দও করা হয় নাই। নিম্ন মধ্যবিত্তদের গৃহ সম্পর্কিত পরিকল্পনা বরাদ্দ বরাদ্দ করা হইয়াছে ৫০ লক্ষ টাকা, এবং বস্তীবাসীদের গৃহসংস্কারের জন্য বরাদ্দ করা হইয়াছে ২০ লক্ষ টাকা। মধ্যবিত্ত ও বস্তীবাসীদের গৃহ-সমস্যা এত দারুণ যে ৫০ লক্ষ ও ২০ লক্ষ টাকা সমুদ্রে বিন্দুবেৎ। কলিকাতার জনসংখ্যা এত দ্রুত বাড়িতেছে যে অদূর ভবিষ্যতে ইহা এক কোটিতে দাঁড়াইলেও কিছু বিশেষের বিষয় হইবে না এবং ইহা হয়তো বিমূর্ত হইবে একদিকে ডার্মশ্রু হারবার অন্যদিকে রাণাঘাট পর্যন্ত। এরূপ সম্ভাব্যতার কথা মনে রাখিয়াই গভর্ণমেন্টের পরিকল্পনা প্রস্তুত করা উচিত। নইলে ইচ্ছতঃ বিচ্ছিন্নভাবে বজ্রবল, খেটিয়াবুজ ও কাশীপুরের মত মানুষের বাসের অযোগ্য নোংরা পথের কলিকাতার নিকটবর্তী জমিতে গড়িয়া উঠিবে। আমার মতে বৃহৎ কলিকাতার জন্যও কলিকাতার মত একটি Improvement Trust জরিপন্থে স্থাপন করা উচিত। এই ট্রাস্টের কাজ হইবে কলিকাতার আদমশালের জরি

survey করিয়া পরিকল্পনা অনুযায়ী রাস্তা বানান, পাক বসানো, বিভিন্ন রকমের শিল্পের জন্য বিভিন্ন অঞ্চলের সংরক্ষণ এবং বাসবাকী জমি যথাসম্ভব কম দরে গৃহ নিৰ্মাণের জন্য জনসাধারণের মধ্যে বণ্টন। কম দরে জমি পাইলে অনেকের পক্ষে ঘোড়ামুটি ধরনের বাড়ী নিৰ্মাণ সম্ভব হইতে পারে। এই পরিকল্পিত অঞ্চলে শিল্পপতিদের সাহায্যে শ্রমিকদের জন্য গৃহ সম্বন্ধে নিৰ্মিত হইতে পারে। শ্রমিকদের জন্য এভাবে গৃহ নিৰ্মিত হইলে কলিকাতার বস্তী-সমস্যার সমাধান অনেকটা হইয়া আসিবে। কারণ, বস্তীবাসীদের অনেকেই শ্রমিক। দ্রুত চলাচলের ব্যবস্থা থাকিলে ২০।২৫ মাইল দূর হইতেও কলিকাতার আসিয়া কাজ করা কঠিন নয়। বাজেটে বানবাহন খাতে ৫০ লক্ষ টাকা বরাদ্দ করা হইয়াছে। কাঁচড়াপাড়া এলাকা বিকাশের জন্য বরাদ্দ করা হইয়াছে ৫০ লক্ষ টাকা। এই এলাকাটিকে আগামাভাবে না গড়িয়া তুলিয়া সমগ্র পরিকল্পনার অন্তর্গত গড়িয়া তোলাই বাছনীয়।

এই ত গেল বৃহৎ কলিকাতার বিকাশ সম্বন্ধে পরিকল্পনার কথা। কলিকাতার বড়মান বস্তীসমূহের জন্য অবিলম্বে দুইটি কাজ করা দরকার। প্রথমতঃ জমির মালিকেরা যাহাতে বস্তীবাসীদের জমি হইতে উত্থািত না করিতে পারে সেজন্য অবিলম্বে আইন প্রণয়ন করা আবশ্যিক। দ্বিতীয়তঃ বস্তী অঞ্চলের মোটামুটি অবস্থার সংশোধনের জন্য সেখানকার রাস্তা, নন্দীমা, আগো, পাথখানা, জলসরবরাহ প্রভৃতির উন্নতিসাধনকল্পে কর্পোরেশনের উপর চাপ দেওয়া। বস্তীর উন্নতিসাধন এত জরুরী যে এই ব্যাপারে এতটুকু দেরীও গৃহের অপব্যবহার সার্থক হইবে। প্রয়োজন হইলে এ ব্যাপারে কর্পোরেশনকে গভর্ণমেন্টের উদার হস্তে অর্পণস্বাধ্যাত করিতে হইবে।

শিক্ষা ও স্বাস্থ্য সম্বন্ধে শ্রীযুক্ত অমদ্য চৌধুরী মহাশয় যে মন্তব্য করিয়াছেন তাহার অতিরিক্ত আমার আর কিছু বলার নাই। অর্থসচিব মহাশয়ের নিকট আমার শ্রদ্ধা এই অনুরোধ যে সত্যিকার স্বাধীন ভারতের সমগ্র চিত্রটির দিকে লক্ষ্য রাখিয়াই তিনি যেন এই সব কাজে অগ্রসর হন।

আর একটি কথা। বাজেটে অন্যান্য বৎসরের মত এবারও বিভিন্ন সাম্প্রদায়িক শিক্ষা প্রতিষ্ঠানের জন্য অর্থ বরাদ্দ করা হইয়াছে। সাম্রাজ্যবাদী শাসন সময়ে ইহা শোভন হইলেও বর্তমান স্বাধীন ভারতে ইহা কতটা শোভন ও যুক্তিযুক্ত তা বিবেচ্য বিষয়।

চিত্রের প্রায় সব অংশ সম্বন্ধেই সংক্ষেপে বলা হইল। বাকী শ্রদ্ধা সাম্প্রদায়িক ও জাতিভেদ সমস্যা। মহাত্মাজীর মহাপ্রয়াণের পর সাম্প্রদায়িকতা সম্বন্ধে কিছু বলা অবান্তর। বাংলায় অস্পৃশ্যতা থাকিলেও সেদিকে তীব্র আকারে নাই। জাতিভেদ প্রথার বিলোপসাধনই বাংলার প্রধান সমস্যা। এই প্রথা সম্পূর্ণরূপে দূর না হইলে জাতি গঠনের অন্যান্য কাজ যতই আগাক না কেন জাতি গঠন অসম্ভবই রহিয়া যাইবে। স্বাধীন গভর্ণমেন্টের হাতে ক্ষমতা অসীম। এই প্রথার বিলোপসাধনের জন্য সেই ক্ষমতার প্রয়োজনীয় ব্যবহার গভর্ণমেন্টের করা বিধেয়।

আমার বক্তব্য শেষ হইয়াছে। অর্থসচিব মহোদয় তাহার বাজেট বক্তৃতার প্রথম ভাগে বলিয়াছেন—
 “Today we breathe the air of freedom and the power to shape our destiny lies in the hand of our people.” বাজেটে গতানুগতিকতার বদলে এই freedom বা স্বাধীনতা সকলে দেখিতে চায়। আগে আমাদের অদৃষ্ট রচনার ক্ষমতা আমাদের নিজেদের হাতে ছিল না। তাই পূর্বের নিষ্পত্তি আমাদের কাজ করিতে হইত। এখন আমরা সম্পূর্ণ স্বাধীন। স্বাধীন দেশকে আমরা কিভাবে গড়িয়া তুলিতে চাই সেই চিন্তা সম্বন্ধে রাখিয়াই আমাদের সব কিছু করা দরকার। গঠনমূলক কাজ সম্বন্ধে নয়। কিন্তু পরিকল্পনানুযায়ী কাজ করিলে কাজ পরিসমাপ্তির দিকে সুনির্দিষ্টভাবে আগাইয়া আসে। কাজ কতখানি আগাইল জনগণের পক্ষে তাহা বুঝাও সম্ভব হয়। ফলে তাহাদের সন্তুষ্টি বাড়ে। দেশকে নতুন করিয়া গড়িয়া তোলার জন্য প্রয়োজনীয় উদ্যম তাহারা সাপ্তাহে করে। ফলে দেশ সামগ্রিক সমৃদ্ধির দিকে দ্রুত আগাইয়া চলে। তাই আজ গভর্ণমেন্টের পক্ষে সবচেঁহি বৈশিষ্ট্য দরকার বিকাশের—পূর্ণ পরিকল্পনাটি শ্রদ্ধা নিজেদের সম্বন্ধে নয়, দেশের সকলের কাছে তুলিয়া ধরা এবং সেই পরিকল্পনা অনুসারে যথাসম্ভব দ্রুত আগাইয়া চলা। নইলে অনেক অর্থ অপব্যয় হইবে এবং দেশও সুচারুরূপে গড়িয়া উঠিবে না।
 “জয় হিন্দু”

Mr. DANIEL COMES: Mr. Speaker, Sir, I must heartily congratulate the Hon'ble Finance Minister for his presentation of a generally pleasing budget and for his presentation with words and observations which testify that he has a complete mastery of the financial fabric of the province. He

has at last redeemed the budget of this half of the province of Bengal from the confusion of a wavering direction. In consequence today we at least see the vision of a comprehensive plan although the actual plan may be delayed for some time.

The financial state of the province is apparently healthy but it would be somewhat of flattery to suggest that this affluent position is much the result of any tremendous effort on the part of Government or their predecessors in office. The affluence of West Bengal is more or less due to the accident of partition which placed Calcutta, the most revenue-producing area in United Bengal, within the jurisdiction of our fortunate half of the province. The financial position would have been much better if Government had succeeded in persuading the Centre to allocate to this province the full quota of 20 per cent. of Income-tax. Assuming normal vigilance on the part of our provincial Government and granting a sympathetic attitude on the part of the Centre towards this province, the financial position of the province of West Bengal should continue to be bright enough to permit increasing the expenditure on nation-building departments as inevitably as the financial position of Eastern Pakistan will be dark necessitating imposition of extra taxation and restriction in beneficial expenditure in that part of the province. I would not like to draw a comparison between the probable financial positions of the two sister provinces of Bengal if the difference in prosperity would not have a direct and appreciable effect on the economy of this province. The relative prosperity of this province is bound to stimulate and accelerate immigration into this province not only of members of the minority community in Eastern Pakistan but also probably of members of the majority community in that area who are gradually getting disillusioned as to the blessings of separated State. Government should be fully prepared to maintain their financial structure in such condition that it can stand the strain of welcoming these immigrants.

It is regrettable that Government has not thought fit to stop the imposition of the sales tax. The incidence of this tax is heavy on the poor. The tax is easy to be evaded and it tends to drive out the commerce from the province into other spheres where there is no such tax. Government should try to do away with this tax at the earlier opportunity. They should try to find out other alternative taxes such as those on advertisements and luxury goods.

It is also regrettable that the budget does not reveal any well-thought-out plan for the solution of the unemployment problem. It looks as if Government has taken complacently for granted that the allotted expenditure on several departments and the rising prosperity will automatically absorb the unemployed by the free play of competitive wages. Such a hope has not proved true in any country. It is desirable that Government should make a statistical survey of the unemployed at least of those among the educated community and devise positive plans, such as encouragement to employers by the introduction of a scheme of tax remissions for every extra person employed. Government may also consider the advisability of spending on public works, even by incurring debt, specifically for the purpose of relieving unemployment. All progressive countries have accepted the responsibility for the solution of the unemployment problem. The people of this province also expect that this Government in collaboration with the Centre should act on similar lines.

The policy of gradual decontrolling of goods in accordance with the decisions of the Central Government is welcome to this province. But at the same time it is necessary that decontrol should be immediately followed by an intensive drive for production or else we are bound to witness galloping inflation with its spiral of increasing wages and price. It is absolutely necessary on the part of Government to keep a steady watch on

the volume of production and the index of the cost of living, and act swiftly and effectively in order that decontrol may not do more harm than good.

The Civil Supplies Department itself with its huge expenditure remains a liability. This department more than any other is the subject of almost universal whisperings. It is desirable that this department should be liquidated as soon as possible.

It is gratifying to note that Government propose to spend fairly large sums for the nation-building departments. I hope Government have considered the possibilities of finding men and material to start the works. It will be a sad disappointment if at the end of the year we are informed that the works could not be proceeded with for want of suitable experts and sufficient material.

I trust that the scheme of producing fertilisers in Bihar in which this province is participating will prove to be of benefit to this province. An apprehension has been expressed sometimes that the soil and the crops in Bengal being somewhat different to those in Bihar, the same fertiliser may not be suitable to conditions in Bengal. It has been voiced in this House previously that the fertiliser of the nature of ammonium sulphate that is being produced in Bihar has a tendency to damage the soil permanently after yielding good crop for a few years. I hope that Government has taken expert advice on the possible usefulness of the fertilisers.

The allotment of one crore of rupees for the purpose of increasing the emoluments of lower paid Government servants is a very necessary one. I wish the Finance Minister had not supplemented this allotment by one page of questionable instructions. Let Government never forget for a moment that if we want to root out corruption, if we want to raise the standard of efficiency in administration, it is necessary that Government servants must be given adequate wages and honourable conditions of living so that they may resist the temptations of earning by unfair means. In peace and in war, if the Government servants cannot be trusted as fully reliable, the future of this province will be very dark indeed. Instead of giving a bonny to the Government servants, the Hon'ble Finance Minister should have provided them with opportunities to live in cheaper houses or to get cheaper rations.

The Finance Minister deserves to be congratulated particularly for his industrial policy. He has shown courage and wisdom in refusing to be committed to a wholesale policy of nationalisation. He has shown wise discretion in selecting basic industries that have to be nationalised leaving others to private enterprise to be managed by private initiative with or without Government aid. Adoption of this scheme of selective nationalisation is a *sine qua non* to the growth of healthy democracy and to maximum production. Granting the adoption of a progressive system of taxation, this industrial policy should also be compatible with equitable distribution.

There is a small item of four lakhs allotted to the promotion of *khadi* industry. I would not grudge this item at all if it would not also involve a question of principle of some importance. After the passing away of Mahatma Gandhi the economy and politics of the country must come down or up from the level of inspiration to the level of human reason. Side by side with the allotment of *khadi* industry, there is also an allotment for industrial research. It is relevant to enquire whether or not scientific research would support the encouragement of the *khadi* industry having regard to our social and economic conditions, the necessity of increasing the volume of production and improving the quality, the necessity of overtaking the other nations in the race of industrial progress and having regard to the military strategy of the country. If scientific

research would support the continuation and encouragement of the *khadi* industry, I have nothing to say against the allotment. On the contrary, I would like the allotment to be raised from four lakhs to forty lakhs in order to obtain a cumulative result. But if scientific opinion does not support the cause of the *khadi* industry, I would request the Hon'ble Finance Minister not to fritter away the resources for reasons of sentiment, reverence or in *memoriam*.

Sri ANANDIL PODDAR: Mr. Speaker, Sir, in rising to speak a few words on the Budget, I must say at the very outset that despite numerous difficulties and handicaps, the Hon'ble Finance Minister is to be congratulated for the proposals he has placed before the House. The legacy of the League Ministry and the aftermath of the riots were prominent preoccupations of the last Ministry, while the one now in the saddle has not had sufficient time. The Budget, naturally, could not have been "spectacular" though it could, I maintain, be more far-reaching and more in consonance with the requirements of the present situation.

Though appreciating Governmental efforts in drawing up the budget, I would invite attention to a few out of many features requiring close scrutiny and mature consideration.

Sir, may I refer to a problem on which I rather feel strongly—I mean the problem confronting the Hindus of Eastern Bengal. When the Hindu members of the Legislature of undivided Bengal voted for the partition of the province, it was definitely understood that West Bengal would gladly accommodate and look after the East Bengal Hindus in case the latter had to leave their hearths and homes owing to intolerable conditions prevailing there. But while we breathe the exhilarating air of freedom, and feel safe and secure, our brethren over there, after all the glorious sacrifices made by them for the cause of the country, are chafing under a sense of utter frustration, and are undergoing innumerable difficulties and untold suffering as is amply demonstrated by the daily arrival of hundreds of refugees. Sir, the Hon'ble Finance Minister has no doubt expressed his deepest and sincerest sympathy for them and has promised to help them to the utmost but has at the same time expressed the apprehension that "it may not be possible for us to render all the relief they may need or all that we may wish to render to them in the new predicament". I am unable, Sir, to rest content with that sort of expression which is indicative of a lack of confidence at the very start. We must remember that we sacrificed East Bengal Hindus in order to form our West Bengal. Sir, we must remember that we are under a moral obligation to do them the fullest justice. How are we going to meet that obligation? Have we sounded the Centre on the subject? Has any planning been done to rehabilitate East Bengal refugees who number a few lakhs today but may possibly number legion later on? I am sorry, I do not find a trace of any concrete well-considered scheme or provision and therefore consider this as a glaring omission. Surely, Sir, after the bitter experience in Western India, we cannot afford to be complacent and to look on until we stand face to face with a gigantic task baffling the best brains of the country owing to its magnitude and suddenness.

So-called schemes for growing more food have hitherto been fruitless. The money spent on them has disappeared in the quicksands of official endeavours, has gone into the bottomless abyss. People naturally want to know what are the governmental proposals for growing more food. The wish to grow more is surely there but is there a definite policy? If so, has any programme been chalked out? It is a poor consolation to people suffering from chronic semi-starvation since 1943 to hear that efforts would be made for growing more food. If it was possible for an industrial country like Great Britain to feed 75 per cent of its population from its own increased food production, why should Bengal and India, in spite of being "*sujala, sufala, shasya*

shyamala' be unable to achieve self-sufficiency? What about the selection and supply of seeds, manufacture and distribution of sufficient manure, preservation and improvement of cattle? No, Sir, old time red-tapism will spell ruin and I would therefore emphasise a practical businesslike approach, an all-out intensive effort if we are to live. I know there is no magic wand by the waving of which tangible results will be forthcoming overnight but surely we could be taken into confidence as the precise intentions of the Government with regard to food which is a problem of the greatest magnitude. Outlines of a practical programme could be given to assure the public of future rapid progress. The small details furnished by the Hon'ble Finance Minister regarding a dry cow salvage farm or re-excavation of tanks or proposed agricultural college and so do not go to inspire confidence in respect of a speedy improvement in the matter of food supplies. We have a potato specialist and have to depend on outside sources to augment our small produce. We have a sugarcane specialist but as we all know West Bengal cannot make even a fraction of the sugar she needs. The same is the case with mustard seeds and pulses. What then is badly wanted is a comprehensive practical plan in which first things are given first precedence, and what is wanted is a demand for actual results achieved by a department or an officer.

The Civil Supplies Department, Sir, is a white elephant entailing huge expenditure. Mustard oil, sugar and textiles have already been decontrolled. Has there been, I ask, a corresponding reduction of staff? I say the Department is definitely over-staffed, is top-heavy and as to its efficiency and integrity, the less said the better. Even Bapuji, the father of the nation, cried himself hoarse over decontrol of foodstuffs at least as an experimental measure as he was disgusted with the way in which controls were administered, but rationing still continues although the quantity offered falls far short of human needs. No wonder that people who are in a chronic state of malnutrition laugh at our exhortations to work more and produce more.

The decision of the Government to absorb everyone who has opted for the Indian Union is laudable no doubt but then the Government should initiate works of development and provide suitable men therein. Protection from external aggression as also from internal explosion could open up a new vista of employment. Above all, we have a legitimate claim on the Centre with regard to the expenditure that has to be incurred paying those men of East Bengal, who cannot be absorbed in the administration but have to be paid all the same owing to arrangements arrived at at higher level. The House would like to know what exactly has been done in this direction and what is the actual position. For, if there be no vacancies which they can properly fill, the slender resources of the province cannot continue to maintain them indefinitely.

Sir, regarding gunny export quotas, I entirely agree with what has been pressed by Mr. Walker and fail to understand why gunny export is not being decontrolled. There is something wrong somewhere. I would like to know definitely what this Government have done about this or intend to do. What are the reasons that goods are lying either in the godowns or in the docks for want of shipment quotas. Unless immediate actions are taken, the steamers might return practically empty. I would like the Finance Minister to state while replying as to what actions he proposes to take in this matter. Mr. Siddiqui whose practice, it appears, is never to stay behind to listen to replies which his invectives naturally evoke has rather sarcastically referred to what he calls the danger of the centre of gravity of Calcutta's commerce being shifted from Clive Street to Burrabazar. I can assure him that with a Congress Government in the saddle, there is no solid basis whatsoever behind the nightmares that he believes he is seeing. What the Congress Government in

West Bengal has successfully achieved is to prevent the commercial centre of gravity of Calcutta from being shifted to Ezra Street where it was being assiduously sought to be transferred by the previous Government in undivided Bengal. It should also be gratefully acknowledged that the Congress Government has also succeeded in shifting the centre of Calcutta's control from Kalabagan to Lalbazar.

We are required to vote a grant for community kitchens without knowing the details of the scheme. The provision of 10 lakhs for merely meeting the preliminary expenses regarding preparation of records and assessment of claims regarding zemindaries looks heavy when we remember that our province is only about one-third of the parent province. The provision of close upon 25 lakhs for the execution of anti-malarial measures should be scrutinised as there is a tendency of money being spent more on establishment and reports than on actual work. It also needs close examination as malaria seems to be as rampant now as before in spite of anti-malarial operations of the past. On the other hand, there are glaring omissions of much-needed items of undisputed public welfare. A scheme, for instance, for providing Calcutta with an ample supply of pure milk, which could go a long way to fortify the health of the people, is conspicuous by its absence.

Sir, before I close I would like to dwell on a subject of paramount importance, viz., the Corporation of Calcutta. I find that step-motherly treatment accorded to the Corporation by the alien bureaucracy is still being continued. Its sources of revenue, Sir, are in need of immediate and substantial augmentation as it cannot surely be expected to make bricks without straw. I remember how the present Finance Minister pleaded for increased income for the Corporation and referred to the Motor Vehicles Tax. I remember how the present Chief Minister (as Chairman of the Finance Committee) championed the cause of the Corporation. Why then should they overlook its claims, especially when its population has increased to some 50 lakhs already? The Amusement Tax scheme was first adumbrated to finance free primary education by Mr. Biss. Cannot the Corporation have a share of it when Calcutta, the busy hive of life and labour, provides the major portion of the income of the Government? I would put a few straight questions in the expectation of straight replies: (1) What about compensation for damage to roads by war-time military traffic? (2) What about shares from Sales Tax, Amusement Tax, Motor Vehicles Tax and Betting Tax collections? Even the rates and taxes pertaining to this Assembly House are in arrears! What about paying up these legitimate dues? Surely we must give the Corporation a chance to discharge its duties and cannot ignore its claims to substantial financial assistance, particularly when it is catering for the needs of an increased and ever increasing population.

The Budget, Sir, appears to be full of hopes, not promises. The Hon'ble Minister has referred to "highest sense of integrity and keenest standard of efficiency" as essential qualities necessary for a "more balanced economy for our province." Unfortunately, these are the qualities in which, people think, officialdom is deficient and naturally the optimistic confidence felt by the Finance Minister is absent from many people's minds.

It has pained me to give expression to my disappointment and I hope the Hon'ble Finance Minister will understand and appreciate the feeling that actuates me. Nevertheless, I also realise that changed conditions have brought about unusual circumstances, that the previous Ministry was largely engaged in restoring the province to normal conditions, and that the present Cabinet has not been in office sufficiently long. Consequently, I must give credit to the Government and particularly to the Hon'ble Finance Minister, who is a practical and successful businessman,

for whatever provisions they have been able to make. I have merely invited attention to certain matters in order that shortcomings, defects and errors may be met and rectified so as to enable our province to grow and develop—a province which has contributed so largely to the attainment of freedom.

Adjournment.

The House was then adjourned at 7 p.m. till 4 p.m. on Wednesday, the 25th February, 1948, at the Assembly House, Calcutta.

Proceedings of the West Bengal Legislative Assembly assembled under the provisions of the Government of India Act, 1935, as adapted.

THE ASSEMBLY met in the Assembly House, Calcutta, on Wednesday, the 25th February, 1948, at 4 p.m.

Present:

MR. SPEAKER (the Hon'ble Sri ISWAR DAS JALAN) in the Chair, 9 Hon'ble Ministers and 54 members.

General discussion of the budget.

Sri RAJANI KANTA PRAMANIK : মাননীয় শ্রীকার মহাশয়, অর্থসচিব মহাশয় যে বাজেট উপস্থিত করেছেন, তারজন্য তাঁকে অভিনন্দন জ্ঞাপন করছি। মাত্র কয়েক মাস হ'ল এই প্রদেশে কংগ্রেসী সরকার প্রতিষ্ঠিত হয়েছে, এবং এই স্বল্পকাল ও বহুবিধ বাধা ও অন্তর্বিধায মধ্যে কংগ্রেস সরকারকে কাজ করতে হয়েছে। এ সকল সত্ত্বেও এই সরকার বাজেট উপস্থিত করতে পারা কৃতিত্বের পরিচায়ক। পূর্বে বাজেটের মধ্যে খসড়া পতন্যুপতিকতা, আসল সমস্যা এড়িয়ে যাযাব বা ধানচাষা দেওয়ান চেষ্টা, দুস্ফল্টর অভাব এবং দেশবাসীর মুখ দুঃখের প্রতি সহানুভূতির অভাব। আলোচ্য বাজেটে অর্থসচিব মহাশয় সাহসের সঙ্গে আসল সমস্যার সম্মুখীন হবার ও তাহার সমাধান করার চেষ্টা করেছেন, পতন্যুপতিক পদ্ধতি বাদ দিয়ে নতুন পথে অগ্রসর হবার চেষ্টা করেছেন।

তবু কয়েকটি বিষয়ে অর্থসচিব মহাশয় এবং সেই সঙ্গে মন্ত্রিসভার দৃষ্টি আকর্ষণ করা দরকার মনে করি। পুলিশ বিভাগে মূলীতি ও অন্যান্য অত্যাচারের প্রাবল্য একটুও কমেছে বলে মনে হয় না। সাধারণভাবে পুলিশ কর্মচারীগণ এখনও যেন অনুভব করেন না যে যুগপরিবর্তন হয়েছে। এতদিন বিদেশী সরকারের ভৃত্য হিসাবে তাঁরা দেশবাসীর উপর যে অত্যাচার নির্বাহতন চালিয়ে এসেছেন, তাই দিন ফুরিয়েছে, একথা যেন অনেকে এখনও স্বীকারে পারেন না। দেশবাসীর সঙ্গে যে সহানুভূতিহীন এমন কি হৃদয়হীন ব্যবহারের জন্য পুলিশ কর্মচারীরা কুখ্যাত ছিলেন, আজও বহুলভাবে সে ব্যবহারের পরিবর্তন হয়নি। আজও পুলিশ কর্মচারীরা নিত্যদিন দেশের প্রভু বলে মনে করেন, দেশের সেরক বলে মনে করতে শেখেননি। এন একটা কারণ এই যে ১৯৪২ সাল ও তৎপরবর্তী কালে যে সব পুলিশ দেশের উপর বর্বর অত্যাচারের বন্যা বইয়ে দিয়েছিল তাদের অনেকে এখনও সেই সেই অত্যাচারিত অঞ্চলে বাসাল তথ্যে বিরাজ করছে। আজও যদি এই সব কর্মচারী তাদের মানসিক অত্যাচারের ক্ষেত্রে অবাধে বুক ফুলিয়ে বিচরণ করে, তবে দেশবাসী কিভাবে বুঝবে যে বিদেশী রাজত্বের অবসান হয়েছে? বিদেশী শাসনের অবসানের সঙ্গে সঙ্গে এদের চাকরীরও অবসান হওয়া উচিত ছিল। তাত হয়ইনি, অধিকন্ত দেশবাসীর উপর অকথা অত্যাচার করে বিদেশী প্রভুর কাছে যে পুণ্ডার লাভ করেছিল আজও সেই পরজার ভোগ করছে। কেউ বা চাকরীতে উন্নতিলাভ করেছে, কেউ বা অন্য পুণ্ডার পেয়েছে। এই সব লোকের দেশবাসীর রক্তবিক্ত হস্তে আজও যদি শাসনভার বাধা হয়, কঠোর শাস্তির পরিবর্তে যদি পশেনুতির পরজার এরা ভোগ করে, তাহ চেষ্টে বুড়াভোগ বিষয় আর কিছুই হতে পারে না। দেশের উপর বনুধ্যার বিরোধী এই সব অত্যাচারী কর্মচারীদিগকে অপসারিত করে ন্যায় ও সাধুপুত্র এবং কর্মলক্ষ কর্মচারীদিগকে উৎসাহিত করতে হবে। তবেই দেশের ভাদ কাছে পুলিশের সহায়তা পাওয়া যাবে।

আর একটা কথা, পুলিশের অত্যাচারে খুত ব্যক্তিদের পরিবারবর্গ এবং অন্ধর লোকদিগকে উপযুক্ত কতিপূরণ বা ডরপোষণের ব্যবস্থা করা অবিলম্বে দরকার। এবিষয়ে ইতিমধ্যে যথেষ্ট স্বেচী হয়ে গেছে, আর বিলম্ব করা সঙ্গীতন নয়। যে সব প্রতিষ্ঠান কতিপুত্র হয়েছে, সেগুলিও যাতে কতিপূরণ পায় এবং পুনবার দেশের হিতকর কাজে নামতে পারে তাহ ও ব্যবস্থা অবিলম্বে গ্রহণকার।

যে সব উগ্র সাম্প্রদায়িক বনোবুদ্ভিসমূহ সরকারী কর্মচারী আছে, তাদের বিশেষ সাধনান করে দেওয়া দরকার। পূর্বে যাই হয়ে থাক না কেন যাতে সাম্প্রদায়িকতা আর না পুশ্রর পায় তাহ জেনো কঠোর ব্যবস্থা নিতে হবে। গোয়া পুলিশ, চৌকিদার ও শকালাবদের বেতন সরকার থেকেই দেওয়া উচিত মনে করি।

Medical বিভাগে যে ব্যয় বন্ধ করা হয়েছে তা প্রয়োজনের তুলনায় কম হয়েছে। অনেক হাসপাতাল ও dispensary ব্যবস্থা করতে হবে। অবশ্য এক বছরে তা হবে না। এ কাজ দীর্ঘ সময় সাপেক্ষ এবং প্রয়োজনীয় অর্থ সংগ্রহের সমস্যাও বড় কর নয়, তবু এ বিষয়ে সরকারের আরও বেশী অবহিত হওয়া সরকার। অনেক private Hospital ও dispensary আছে, এগুলির জন্য বহুসংখ্য অর্থ সাহায্য করা উচিত।

Public Health এর বনোবোন দেওয়া সরকার। বর্তমানে গ্রামে পানীয় জলের অব্যবহার কথা কারো অজানা নেই। এসম্বন্ধে বলতে চাই যে tube-well এর ব্যাপারটি centralised না বেবে District Board, Municipality এবং অন্যান্য local bodyর হাতে দেওয়া ভাল। এমন স্থান আছে যেখানে tube-well দ্বারী হয় না, সেখানে tube-well না করে reserved tank-এর ব্যবস্থাই শ্রেয়। এমন অনেক জায়গা আছে যেখানে লোক ক্যানালের জল পান করে। সে সব স্থানে ক্যানেল পরিষ্কার বাধলে পানীয় জল পাওয়া সুবিধা হয়। দূরত্ব বন্ধ করা যায় যে কোনও থেকে গ্রাম মেদিনীপুর পর্যন্ত যে Midnapur Canal আছে উহার দ্বী পাশ্বেবর্তী গ্রামের লোকজন এই ক্যানালের জল পান করে। কিন্তু এই ক্যানালে পান্য তত্ত্বাবধান জন্য ঐ জল অব্যবহার্য হয়ে গেছে, কলে লোকের বিশেষ অসুবিধা হয়েছে। এই ক্যানালের পান্য পরিষ্কার করে দিলে লোকে পানীয় জল পেতে সুবিধা হবে। তাছাড়া নৌকা চলাচলেরও সুবিধা হবে। Epidemic হলে যথেষ্ট শ্রুতিবৈধক্য ব্যবস্থা বাড়ে হয় তার দিকে সজ্ঞ দেওয়া উচিত। Bleaching powder শ্রুতি আরও বেশী পরিমাণে সমন্বয় করা আবশ্যিক।

রাষ্ট্রাধীষ্ট সম্পর্কে একটা বস্তু প্রকার যে সরকার থেকে একটা ব্যাপক scheme করা সরকার। কোথায় কোথায় রাষ্ট্র হওয়া আগে সরকার। এমন অনেক ধান্য আছে যেখানে হয়ত এক ইঞ্চিও পান্য অথবা ভাল রাষ্ট্র নেই। আলার অনেক ধান্যতে হয়ত ভাল ভাল রাষ্ট্র আছে। সরকার থেকে সর্বাধিক বিবেচনা করে এমন একটা পরিকল্পনা করা আবশ্যিক, যাতে রাষ্ট্রাধীষ্ট তৈরী দেশের সর্বাধীণ কল্যাণ আনয়ন করে। এমন না হয় যে কোন কোন জায়গা অবহেলায় এক পাশে পড়ে বইল। ধান, নাসা সম্পর্কে আরও বেশী টাকা বরাদ্দ এবং আরও বেশী দৃষ্টিপাত করা উচিত। বহু ধান, নাসা বহুদিন থেকে আলো সংস্কার হয়নি, সেগুলি হতে হতে গিয়ে উপকারের বদলে অপকারই করতে। ধান, নাসা সংস্কার না করতে পারলে "অধিক মংসা ফল" আন্দোলন শুধু কথার কথা হয়ে থাকবে। ধান, নাসা ব্যাপারেও একটা ব্যাপক পরিকল্পনা করে priority list করা উচিত। এই সম্পর্কে বলতে চাই যে ধান, নাসা বা বীজ করতে গিয়ে দেশের জমি কতিপুস্ত হয় তাৎক্ষণিক বহুসংখ্য নীশু কতিপুস্ত দেওয়া উচিত। এ বিষয়ে লালকিতার পৌরাণ্য গুণ কমান যায় ততই ভাল। মহাপ্র, আপনি তখন অস্বাচ্ছন্দ্য যে Cossye এবং Durbachati remodelling হয়েছে আজ থেকে পাঁচ বছর আগে এবং এই ভয়ে বহু লোকের জমি নষ্ট হয়েছে। অনেক বিশেষ কতিপুস্ত হয়েছে, বহু লোককে বাধ বরাদ্দি ছোড় চলে বেতে হয়েছে, কিন্তু আজ পর্যন্ত তাদের কতিপুস্তের ব্যাপার লালকিতার জালে চাপা পড়েই আছে। পাঁচ বছরের মধ্যেও স্পষ্ট কর্মচারী ও স্পষ্ট বিভাগ কতিপুস্ত ব্যাপারটি নিশ্চিত করতে পারলেম না।

কৃষি বাড়ে যে ব্যয় বরাদ্দ হয়েছে তার অধিক হওয়া বাঞ্ছনীয় এবং যে ব্যয় বরাদ্দ হয়েছে তাও যাতে বর্ধিত ব্যয় হয় সে দিকেও দৃষ্টি রাখা সরকার। জেলায় জেলায়, মহকুমায় মহকুমায় যে সব agricultural officer আছেন তাঁরা কৃষিকার্যের কিছুই উন্নতি করতে পারেননি। তাঁদের উচিত গ্রামে আদর্শ কৃষিকত্র স্থাপন করে হাতেছলনের উন্নত বৈজ্ঞানিক প্রণালীর চাষাবাসের উপযোগিতা দেখিয়ে দেওয়া। গ্রাম থেকে গরু চালায় দেওয়া বন্ধ করা এবং ভাল দাঁড় সরবরাহ করা একান্ত আবশ্যিক। বহু সময় বাড়ে ভাল দাঁড় কৃষক সহজে পেতে পারে তার ব্যবস্থা হওয়া সরকার। কয়েকটি জেলায় চনুমানের অন্ত্যান্তের সজী চাষ বন্ধ হতে বসেছে। একটা ব্যাপক পরিকল্পনা নিয়ে সরকারকে চনুমান গুংদের ব্যবস্থা করতে হবে। নিরহিত মূল্যে কৃষির বহুগুণিত সরবরাহ করতে হবে। কার্পাস চাষে উৎসাহ দিতে হবে এবং এই উদ্দেশ্যে উপযুক্ত কার্পাস বীজ সরবরাহ করতে হবে। Jute Restriction অবিলম্বে প্রত্যাহার করা উচিত।

স্বাধীন চাষ বাড়ে যাতে তার জন্য উপযুক্ত ব্যবস্থা করা একান্ত আবশ্যিক। Private firmকে এজন্য কম লুটে বা বিনামূল্যে loan দেওয়া উচিত।

সরকার বিভাগের অনেক উন্নতি সরকার। এখন বা আছে তার অনেকখানিই লাজানো ব্যাপার। বর্তমানে অনেক সমিতিতে অনভিজ্ঞ ব্যক্তিরা চুকে পড়েছে। উপযুক্ত audit এবং checking এর ব্যবস্থা না

দাকায় অবস্থিত লোক ভাল সুযোগ পাচ্ছে; এর প্রতিকার দরকার। ব্যাপক পরিকল্পনা না নিয়ে Multi-purpose Society স্থাপন করা একান্ত আবশ্যিক। এর বধ্য দিয়া অন্যান্য বিষয় ছাড়াও বরফদের শিক্ষার ব্যবস্থাও অগ্রসর হবে।

(At this stage the red light was lit.)

Mr. SPEAKER: Your time is up.

Sri RAJANI KANTA PRAMANIK: Two minutes more, Sir.

Mr. SPEAKER: I have allowed you ten minutes. Your party has fixed the time.

Sri RAJANI KANTA PRAMANIK: Two minutes only.

Mr. SPEAKER: All right, I give you two minutes.

Sri RAJANI KANTA PRAMANIK: শিক্ষা বিষয়ে বরাদ্দের পরিমাণ অত্যন্ত কম হয়েছে। প্রাথমিক শিক্ষকদের বেতন সম্পর্কে উদার বিবেচনার দরকার। জুন কমিটি গঠন ও শিক্ষক নিয়োগ ব্যাপারে District Magistrate-এর হস্তক্ষেপ যেন একেবারেই না থাকে। রাজনৈতিক কারণে যে সব জুলের সরকারী সাহায্য বন্ধ ছিল, সে সমুদয় অর্থ সংশ্লিষ্ট জুলগুলিকে দেওয়া উচিত। শিক্ষকদিগকে, কি প্রাথমিক ও মধ্যমিক বিদ্যালয়ের শিক্ষক অথবা কলেজের অধ্যাপকগণ, এঁদের যে হারে dearness allowance দেওয়া হয় তা একজন প্রায়শের তুলনায় অনেক কম। কলেজের অধ্যাপক সরকারী dearness allowance পান ১০৮ হারে এবং জুলের শিক্ষক পান ৫ টাকা এবং তার চেয়েও নিম্ন হারে। এখনও শিক্ষকদিগকে এই পোচটীয়রূপ অল্প ভাতা দেওয়া আমাদের পক্ষে কলঙ্কস্বরূপ। অবিলম্বে এর প্রতিকার হওয়া বাঞ্ছনীয়।

Revenue বিভাগ সম্পর্কে বলা যায় যে সরকারী loan আদায় বিষয়ে একটি নীতি অস্পষ্টভাবে ব্যক্ত হওয়া উচিত। এবং উপযুক্ত ক্ষেত্রে যাতে রেহাই দেওয়া হয় তার নিশ্চয়তা থাকা চাই। এবং নীতি নির্ধারণ না হওয়া পর্যন্ত loan আদায় স্থগিত রাখা বাঞ্ছনীয়। যেসব জায়গায় রাজস্বের হার অত্যন্ত বেশী, যেনন উঁচু হার, সেসব স্থানে হার কমানের বিধান থাকা দরকার।

যেসব সমালোচনা করা হ'ল, তা সমর্থক হিসাবে গঠনমূলক মনোবৃত্তি নিয়ে করা হ'ল। এই সবক'ল লোকায়ত্ত জনপ্রিয় সরকার। জনসাধারণের সর্গুবিধ উন্নতি এই সরকারের লক্ষ্য। এই সম্পর্কে মাননীয় সদস্য জ্যোতি বসুর একটি উক্তিও কথা মনে হচ্ছে। তিনি বলেছেন যে relief ব্যাপারে সরকারের যে নীতি তাতে দৃষ্টিক্রম দেখা দিয়ে। এ সম্পর্কে তাঁর দল,—denial policy, যাকে বলা যায় শ্রবক্ষণ নীতি—তাকে সমর্থন করে যেভাবে দৃষ্টিক্রম নিয়ে আসতে সহায়তা করেছিলেন, তারপর তাঁর মুখে এমন অভিযোগ শোনা যায় না। সম্রাতি তাঁর দলের লোকেরা তমলুক মহকুমায় নন্দীগ্রাম থানার ভাগচাষীদিগকে বিপক্ষে পথচালিত করে সম্পূর্ণ ধান বাঁঠ থেকে তুলে নিয়ে গিয়ে অব্যবস্থার মধ্যে গাঙ্গা করে রেখে যেভাবে হাঙ্গার হাঙ্গার মণ ধান পচিয়ে নষ্ট করেছেন এবং তাতে সন্দেহ হয় দৃষ্টিক্রম সৃষ্টি করাই হয়ত তাঁদের অভিপ্রায়। এই রকম ধ্বংসমূলক মনোভাবশূন্য সমালোচনার দ্বারা কোনও লাভ হবার সম্ভাবনা নেই।

Janab MAHAMMAD SAYEED MIA: মাননীয় সভাপতি মহোদয়, বর্তমান বাজেটের বক্তৃতা প্রাণকালে আমাদের অর্থসচিব মহোদয় গান্ধীজীর পবিত্র স্মৃতির প্রতি যে অকৃত্রিম শ্রদ্ধাভাষী দিয়েছেন তত্বজন্য তাঁরাকে অর্পণ বন্যাদ দিতেছি ও তাঁরার সঙ্গে সঙ্গে আমরা গান্ধীজীর পবিত্র আত্মার শান্তির জন্য প্রার্থনা জানাইতেছি। গান্ধীজী নিত্যত দিন রত্নর ও ত্যাগী কবিবের ন্যায় সামান্য কোপীন বস্ত্রে যে অপূর্ণ ত্যাগের মহিমা দেখাইয়া গিয়াছেন এবং ভারতের চল্লিশ কোটি নরনারীর উদ্ধারের জন্য যে বিরাট আশ্রয় রাখিয়া গিয়াছেন জগতের ইতিহাসে তাহা বিরল। গান্ধীজীর তিরোধানের পর ভারতের সকল নেতাই সমর্যে যোষণা করিয়াছেন যে গান্ধীজীর পুণ্য শিক্ষা ও আদর্শ গ্রহণ ও অনুসরণ করিলেই তাঁরার প্রতি প্রকৃত সম্মান দেখান হইবে। সভাপতি মহোদয়, আমি অর্থসচিব মহোদয়কে কি জিজ্ঞাসা করিতে পারি যে আমাদের এই স্বাধীন বাংলার ভাগ্য-নিয়ন্ত্রণকারী তাঁরার এই প্রথম বিরাট বাজেট রচনার ভারতের বৃষ্টিলাভ ও ত্রাণকর্তা গান্ধীজীর পুত ও পবিত্র আদর্শ কতদূর অনুসরণ ও কার্যকরী করিয়াছেন এবং গত দুই শতাব্দী ধরিয়া বিদেশী শাসন ও পোষণে জড় রিত বাংলার দীন রত্নর ও চাষী জনসাধারণের উপকার ও উদ্ধারের জন্য বাজেটে কি পরিমাণ টাকা ব্যয় করিয়াছেন? তাহার সম্পূর্ণ বাজেট পড়িয়া এই ধারণাই হইয়াছে যে পুণ্ডী বাংলার বহুদিনের বড় বড় সমস্যাদিলিকে সম্পূর্ণ

বাদ দিয়া এবং অতঃপক্ষে তাহাদের একটীকেও বাজেটে গ্রহণ না করিয়া কেবল বড় বড় নুতন নুতন স্কীম (scheme), পরিকল্পনা ও সংগঠনের নামে বিভিন্ন খাতে অল্পশু টাকা উড়াইবার ব্যবস্থা করিয়াছেন। আর দ্বি-উপেক্ষিত ও বঞ্চিত শ্রেণীসকল দিয়াছেন কেবল ভবিষ্যতের আশা ও আশ্বাস। অর্থসচিব মহোদয়ের বড় উদার বাজেট Commonman's budget কিন্তু শ্রুতপক্ষে এই বাজেট বনী, সুবিধাবাহী ও পুঁজি-বাহীদের স্বার্থসিদ্ধির অনুকূলেই বণ্টিত হইয়াছে। ইহার দ্বারা বনী আরও বনী হইবে এবং গরীবেরা আরও গরীব হইবে এবং দ্বারা অনুন্নত ও পশ্চাৎপদ জাতিরা কোন সুবিধাই পাইবে না। পণ্ডিতবাসীদের জীবনধারা, তাহাদের প্রয়োজন ও অভাব-অভিযোগের প্রতি লক্ষ্য রাখিয়া এই বাজেট তৈয়ারী হয় নাই। একথা সত্য যে পূর্বোক্ত আরও অনেক বাজেট অপেক্ষা অর্থসচিব মহোদয় এই বাজেট নানা দিক দিয়া উন্নত করার চেষ্টা করিয়াছেন ও বিভিন্ন খাতে ও বিশেষভাবে দারিদ্র্য ও অন্যান্য কয়েকটি পরিকল্পনায় বড় টাকা বরাদ্দ করিয়াছেন, একথা তিনি আমাদের অন্যায়ের পাত্র। কিন্তু অতীতে এই ধরনের বড় বড় পরিকল্পনার নামে লক্ষ লক্ষ টাকা অপব্যয় হইয়াছে ও দেশবাসী শুষ্ক প্রবন্ধনী লাভ করিয়াছে এবং আজ পর্যন্ত তাহাদের অভাবশ্রমক কোন একটা বড় সমস্যার সমাধান হয় নাই। আত্ম দেশবাসী চরম অন্যায্যতা, বয়স্কতা, শিক্ষাভাব ও স্বাস্থ্যভাবের ভুক্তবিত হইয়া শূন্যের পথে চলিয়াছে। কিন্তু অর্থসচিব মহোদয় সেই শূন্যের পথ বোধের জন্য বাজেটে গঠনমূলক কোন পরিকল্পনাই গ্রহণ করেন নাই। বিশেষী সাম্রাজ্যবাসী ইংরেজ নিজেদের শাসন ও শোষণের সুবিধার জন্য যে সামাজিক ভবিষ্যৎ-প্রণা প্রবর্তিত করিয়া গোনার বাংলাকে শাসন করিয়া গিয়াছে তাহার উচ্ছেদের ব্যবস্থা এই বাজেটে নাই। এই শূন্যকারী প্রণা উচ্ছেদের জন্য বর্তমান দ্বারা দেশবাসী আলোচন হইয়াছে এবং লক্ষ লক্ষ টাকা ব্যয়ে বহু কমিশন গঠন ও বিপণী প্রদানের পান্য ও শেষ হইয়াছে। কিন্তু বাংলার নিত্যশ্রু দুর্ভাগ্য যে এই অভিশপ্ত ভবিষ্যৎ জীবনের তপস্কর পাথর আরও বাংলার বুকে চাপিয়া বসিল। অর্থসচিব মহোদয় বোধহয় বড় বড় বনী ভবিষ্যৎ ও পুঁজিবাহীদের স্বার্থ ও স্ব-সুবিধার জন্যই এই বাজেটে ভবিষ্যৎ প্রণা উচ্ছেদের ব্যবস্থা করেন নাই। যে অস্বাভাবিক বাধ্যতামূলক প্রাথমিক শিক্ষার প্রবর্তনকে বাংলার সকল সমস্যা সমাধানের প্রাথমিক ভিত্তি বলিয়া এতকাল ঘোষণা ও প্রচার করা হইয়াছে এবং যে শিক্ষা দ্বারা যুগ-যুগান্তরের পুণ্ডিত কংস্কার ও বৃহৎ নুর করিয়া নয়া বাংলার গোড়াপত্তন হইবে, সেই অপরিহায়া শিক্ষা প্রবর্তনের গুরু দায়িত্ব এতান হইয়াছে। কেবলমাত্র ডুমিকা স্বরূপ বিনিময় ও টুনিং শিক্ষার কতকগুলি টাকা বরাদ্দ করা হইয়াছে।

অর্থসচিব মহোদয় জনস্বার্থের বাজেট বিভিন্ন বিষয়ে কিছু কিছু টাকা বরাদ্দ করিয়াছেন ও ইউনিয়নে ইউনিয়নে ডাক্তারখানা স্থাপনের পরিকল্পনাও গ্রহণ করিয়াছেন। সেজন্য তাঁহারে ধন্যবাদ দিতেছি। কিন্তু মুখের বিষয় যে সমস্ত ডাক্তারখানা পূর্ণ হইতেই চলিয়া আসিতেছে তাহার প্রত্যেকটাই ঔষধ অভাবে শ্রম অচল হইয়া পড়িয়াছে এবং প্রত্যাহাশ্রমী টাকা কেবল ডাক্তারের বেতন ও অন্যান্য খরচেই শেষ হইয়া মাটিতেছে। যে ভীষণ ম্যালেরিয়ার আক্রমণে গ্রামকে গ্রাম উজাড় হইয়া মাটিতেছে অথচ উপযুক্ত ব্যবস্থা অবলম্বন করিবে যে দ্বারা সম্পূর্ণরূপে নিবারণ করিয়া প্রতি বৎসর লক্ষ লক্ষ লোকের জীবন বক্ষা করা যায় সেই শূন্যকারী ম্যালেরিয়ার বিরুদ্ধে দেশবাসী অভিমান চালাইবার পরিকল্পনা বর্তমান বাজেটে গ্রহণ করা হয় নাই।

দ্বারা বাংলার বস্তুর অভাবে দারিদ্র্য উঠিয়াছে এবং উল্লভ সমস্যা আজ প্রচুর বাড়ির হইতে পারিতেছে না এবং তাঁহারা সত্য অভাবে বেকার অবস্থায় অনাহারে দিন কাটাইতেছে। এই উল্লভ ও বৃত্তান্ত জনগণকে কুটীর-শিল্প দ্বারা জীবনধারণের সামান্যতম সুযোগ প্রদান ও তাহাদিগকে বস্ত্র ও সূতা সরবরাহের কোন ব্যবস্থা এই বাজেটে করা হয় নাই। কেবল আশার ভলনায় দেশবাসীকে আর কতকাল ভুলাইয়া রাখা হইবে এবং কবে তাহাদের দঃখের রক্তনী পূজাত হইবে? Experience has taught me that those who feel sorrow, and wish to act kindly do not wait till tomorrow. মোটের উপর সাম্রাজ্যবাসী ইংরেজ আমাদের বাজেটের টাকা যেভাবে বড় বড় পরিকল্পনার অভ্রান্তে কেবল কৃষি, শিল্প, ভলন্যে ও স্বাস্থ্য বিভাগের বিপুল ব্যয় বহনে ও রাজকর্মচারীদের মোটা বেতন ও ডাক্তার অপব্যয় হইয়া গিয়াছে, বর্তমান বাজেটের কোটি কোটি টাকাও সেইভাবেই অপব্যয় হইবার যথেষ্ট ভর ও আশঙ্কা রহিয়াছে।

সত্যপতি মহোদয়! আমি অবশেষে একটা গুরুতর সমস্যার উল্লেখ করিয়া আমার বক্তব্য শেষ করিতেছি। অর্থসচিব মহোদয় তপস্কর শ্রেণী, পাহাড়িয়া ও বৃন্দসমাজের শিক্ষার জন্য বার ১০০ লক্ষ টাকা বরাদ্দ করার উদ্দেশ্য সম্বন্ধে উদার বাজেট বক্তৃতার বলিয়াছেন—“For the promotion of education amongst those sections of society which are educationally and economically backward and this will contribute towards the special needs of the scheduled castes, hillmen and Moslems” এই ১০০ লক্ষ টাকা গরীব, অনুন্নত ও পশ্চাৎপদ শ্রেণীর মধ্যে কোন শ্রেণীর কি special needs

বিভাগীয় জন্য ব্যয় হইবে ও কিভাবে ঐ টাকা খরচ ও ব্যয় হইবে তাহা আমরা জানি না। মুসলমান ধর্মশিক্ষা প্রতিষ্ঠানগুলির জন্য চিরপ্রচলিত পৃথক বরাদ্দের হেড শূন্য রাখিয়া তাহাদিগকে তপশীল ও পাহড়িয়া শ্রেণীভুক্ত কেন করা হইল তাহা আমাদের ক্ষুদ্র বুদ্ধিতে বোঝিয়া উঠিতে পারিতেছি না। তবে সরকার পক্ষের কোন কোন বক্তার বাজেট বক্তৃতা হইতে এইটুকু জানিতে পারিয়াছি যে এখন হইতে সাম্প্রদায়িক প্রতিষ্ঠানকে সরকারী সাহায্য দেওয়া হইবে না। সভাপতি মহোদয়, আমরা অর্থসচিব মহোদয়ের নিকট সাম্প্রদায়িক কথোপকথন সূত্র ও বিশদ ব্যাখ্যা জানিতে চাই। Religious, cultural and communal এই তিনটা শব্দের অর্থে ও ব্যবহারে কি কোন পার্থক্য ও তারতম্য নাই? উহাদের মধ্যে কি কোন সীমারেখা নাই? দেশের বর্তমান দৃষ্টিত আনন্দোন্ময় সাম্প্রদায়িকতা বা Communalism বলিতে এক সম্প্রদায়ের বিরুদ্ধে অন্য সম্প্রদায়ের হিংসাত্মক ও বিবেচনামূলক ক্যাংসিট উপগ্রহ মনোবৃত্তিই বুঝাইয়া থাকে বলিয়া আমাদের বিশ্বাস। কোন ধর্মশিক্ষা প্রতিষ্ঠানের বেলায় সাম্প্রদায়িক শব্দটার কদম্ব ও অপপ্রয়োগ করিয়া উক্ত প্রতিষ্ঠানকে গভর্নমেন্টের সাহায্য হইতে বঞ্চিত করতঃ উহার অস্তিত্বের বিরোধ ঘটাইলে উক্ত সম্প্রদায়ের উপর কি চরম অবিচার করা হইবে না? বর্তমান বাজেটে সংকল্প প্রতিষ্ঠান ও নৈলগুলিতে পূর্ণাঙ্গপেকা বেশী টাকা বরাদ্দ করা হইয়াছে। অথচ মুসলমান ধর্মীয় প্রতিষ্ঠানগুলির সাহায্য বন্ধ করিয়া দেওয়া হইবে। এইরূপ পক্ষপাত ও বৈষম্যমূলক আচরণ বর্তমান যুগের কোন সভা ও গণতান্ত্রিক রাষ্ট্রের নিকট আশা করা যায় না। পশ্চিম বাংলার মুসলমানেরা রাষ্ট্রের পন্থা ভুল ও অনুগত প্রজা হিসাবে কোন পুরস্কার দৃষ্ট সাম্প্রদায়িকতাকে আশ্রয়, প্রশ্রয় বা উৎসাহ মোটেই দিতেছে না ও দিবে না। যে উন্নত ও বিখ্যাত সাম্প্রদায়িকতার আওণে লক্ষ লক্ষ লোকের ধন প্রাণ ধ্বংস হইয়া গিয়াছে এবং বাহার কলে যুগ্ম মহাশয় গাড়ীকেও প্রাণ বলি দিতে হইয়াছে, সেই সাম্প্রদায়িক সাম্প্রদায়িকতাকে ভারতের বুকে কিছুতেই স্থান দেওয়া বা কোনক্রমেই বরাদ্দ করা চলিতে পারে না। ইহাকে অনতিবিলম্বে সম্মুখে উপস্থাপিত করার জন্য ভারতের চল্লিশ কোটি নরনারীকে জীবনের পরিব্রতন মৃত স্বরূপে গ্রহণ করিতে হইবে। এবিষয়ে কাহারও মতভেদ থাকা বা হওয়া উচিত নহে। এই দৃষ্টিত সাম্প্রদায়িকতাকে উচ্ছেদের জন্য আমাদের বাষ্ট্রকে আমাদের সর্বশক্তি দিয়া সাহায্য করার প্রতিশ্রুতি দিতেছি। আমাদের অর্থসচিব মহোদয়কে সনির্বুদ্ধ অনুরোধ যে মুসলমান ধর্মীয় ও সাম্প্রদায়িক প্রতিষ্ঠানগুলিকে বাঁচাইয়া রাখিবার জন্য বাজেটে পৃথকভাবে প্রয়োজনীয় টাকার বরাদ্দ করিয়া মুসলমানদের দিস্কৃতজাতাজন হইবেন। সাম্রাজ্য কংগ্রেস গভর্নমেন্ট আপাততঃ পাঁচ বৎসরের জন্য মুসলমান ধর্মশিক্ষা প্রতিষ্ঠানগুলিকে সরকারী সাহায্য দিবার ব্যয়সা করিয়াছেন। আমরা আশা করি আমাদের গভর্নমেন্ট সাম্রাজ্য গভর্নমেন্টের উক্ত আদর্শ গ্রহণ করিয়া মুসলমানদের আশীর্বাদ লাভ করুন, ইহাই অর্থসচিব মহোদয়ের নিকট প্রার্থনা জানাইতেছি।

Sri J. C. GUPTA: Mr. Speaker, Sir, we have heard the criticisms of the budget, helpful, unhelpful; congratulations we have heard, as also notes of disappointment and announcements as some of my friends have pointed out. Sir, in the present unsettled condition of the country, particularly due to the hasty dismemberment of this province, it is a difficult task for anybody to make accurate estimates of receipts. Mr. Rafique has criticised the estimates of receipts but he was very wrong in his arithmetic. He asked the Hon'ble Finance Minister as to why he did not put double the figure of the receipts between 15th August and 31st March, conveniently forgetting that that covers a period of seven and a half months. And the Hon'ble Finance Minister could not possibly have put that estimate, but at the same time we feel that our Finance Minister has been overcautious as regards estimates of receipts.

Sir, we have won the first round; we have got the political freedom after ridding the country of foreign domination but we have yet to achieve real freedom and real independence. A wretched legacy has been left: there is dire poverty amongst the masses which constitute 90 per cent. of the population; want of food, want of cloth—the life in the province has been shattered so to say; and illiteracy is still appalling. If we have got to tackle this in order to make independence and freedom real we want money, more money and as much money as we can get. It is therefore necessary today to concentrate our attention as to how we can improve the finances of the province. On that point I would ask the Finance Minister to see that the present system of Customs revenue is changed. You know, Sir, that Customs revenue is allocated on the acreage of

jute which has almost disappeared. I think the Central Government, who cannot deny the responsibility, indirect though it may be, of dismemberment of the province, ought to agree to allocate a portion of the Customs revenue having regard to the total amount of customs realised from the Calcutta Port, not on the basis of jute acreage or even of fabricated jute.

Then again, the next source is Income-tax. As regards Income-tax revenue, we ought to put a very clear demand for getting a bigger share. We ought not to go with a begging bowl to the Central Government but we can point out that we are entitled to a share of the customs and income-tax revenue which accrues from this province of ours.

The next matter regarding finance we have got to look to is the land revenue. Sir, the abolition of the Permanent Settlement and the doing away with the intermediate rent-receiver as soon as and as early as possible is the only way to augment our revenue under that head, and I do hope the Ministry would not lose a day in putting into effect what has been accepted as Congress programme all over India.

There is another item to which I feel tempted to draw the attention of the Hon'ble Finance Minister. I mean, the receipt under Forest. You will find that in 1944-45 one crore of rupees was derived from Forest. It went down to 62 lakhs in 1946-47. Now we have got to augment our income by adopting a policy of increasing our Forest resources.

Then there is the question of other taxes and duties. Sir, my honourable friend Sri Annada Prasad Chowdhury pointed out the arrangements mentioned about the Betting Tax. How I wish that the present Ministry had tried to extract more money out of the Betting and Totalisator taxes. Then again without taxing the lower classes the higher denomination of amusement tickets may also be taxed. I may mention this that when I call upon the Ministry to undertake the Nation Saving schemes which cannot wait any longer, I feel it also my duty to offer constructive suggestions as to wherefrom they can possibly find their money. I know the Finance Minister will be able to find out money, more money, because he is a person who knows how to accumulate funds and is not an irresponsible spender also. But when I have indicated these sources for augmenting the income I must say that there is one head under which the Finance Minister should be prepared to lose 6 crores, and that is a very big proportion, I mean, under the Provincial Excise. Out of 6 crores of revenue, the Finance Minister will have to make up his mind to lose about 3 crores derived from country liquor and the country-fermented liquor. If we have got to be true to Mahatma Gandhi's ideals, we cannot possibly in this matter be negligent. Sir, I will mention that early in September, 1947, when there was a sudden and short outbreak of communal disturbance, I rang up the Bellaghata Camp and suggested to Mahatma Gandhi that the liquor shops in Calcutta should be closed. In that connection I mentioned that when Mr. Muhammed Ali was in charge, he closed them for four days, but he told me that he was losing Rs. 50,000 per day and the present Ministry might also point that out. Gandhiji is always calm, serene and controlled, but when I mentioned about losses, he showed annoyance and said, "Gupta, I am surprised that you can mention about these losses. What is 50 crores' loss to me? I have staked my life for it." Prohibition must be enforced and the Congress Ministry ought to do it. Therefore, they ought to be prepared to lose 3 crores there and implement this policy, save degradation and misery amongst the poorer classes, the labour classes and do honour to the memory of Gandhiji. So much for the receipts.

On the expenditure side, I have got to mention first the Extraordinary Charges in India. The heading is extraordinary and the charge is extraordinary and there is absolutely no justification for spending so much money under that head. Decontrol has been accepted. The control

business has brought in corruption and we have not been successful in control. We have not achieved the purpose for which control was meant, viz., helping the poor. If we have not succeeded in that, there is absolutely no reason for maintaining any staff, any expenses other than for the only necessity, that is food and cereals on which a Government may reasonably not like to take a chance. But what I say is this. If you have got to be successful with regard to the Civil Supplies Department, you cannot be successful by increasing expenditure, employing paid men, but you can only do so by mobilising co-operation of the entire public and that was what was offered, what has been offered by the public. During the coal crisis the public formed themselves into associations and solved the question and they have formed themselves into committees, but I do not know why nothing has been done as yet to utilise all these.

Sir, with regard to agriculture, which is the main thing to which we ought to look, there has been a better provision than before, but mere provision of money is not enough. We are tired of being told about schemes and provision of money. What we need is real action, real implementation of the policy and the sooner we do it the better with regard to agriculture.

Sir, we have got then to consider regarding industries. I do not think any ambitious scheme has been put regarding industries and it is no use putting any ambitious scheme. Big industrialists have no scope at least for the next two to three years. If you provide 10 crores of rupees, they cannot get plants, machinery, materials for the purpose of starting any big industry. Therefore, we shall have to concentrate upon the village industries, we shall have to concentrate upon utilising Indian resources, Indian labour and Indian things which are available, and for that purpose the Ministry have got so many Congressmen who have devoted their lives to village uplift work. Let them utilise these people. Let them be guided by their experience in village uplift work and that is the real work that they will be able to do. There is no room for big schemes or there is no chance of anything being put into effect.

Sir, there is one other thing—Development Programme. An attractive programme has been put forward, but with regard to that I have got one criticism to offer. If you scrutinise the provision, you will find that in the Development Programme for planning under seven different heads 13½ lakhs has been provided. Sir, a Development Programme must be a co-ordinated programme. I cannot understand how separate provision for departmental planning will help. I say, that will not only not help but will certainly impede the progress of departmental programme.

While on industries, there is one question which the Congress Ministry have got to think about—it is the labour problem. I have no time at my disposal, but I commend to the Ministry the remarks that were made by the lady member representing the Calcutta Women's Constituency. She has suggested a very rational labour policy which the Ministry will do well to adopt. But with regard to the Development Programme, again I submit the planning must be a co-ordinated planning, not in the separate departments. Therein all expert advice should be obtained. There should be a permanent body which will continue the work. Planning should not change with the change of Ministry. It has been a matter of regret that some policies adopted by the last Ministry have been quickly changed by the new Ministry before they have been well settled in their saddle. It is bound to occur because, after all, every man has not his idea. We cannot blame for persons taking different points of view, but for planning, for really developing the resources of the country, we have got to do it.

Our hope lies in the irrigation projects. Bengal can only be saved by a rational irrigation policy. We are pinning our future and our faith on the Damodar Valley projects, but all these should be co-ordinated together and the Congress Ministry, if they have got to serve the 90 per cent. of the

people which alone is the only criterion to judge whether the budget is good or bad, will have to part with the stereotyped policy and re-orient the policy and take up a programme suited to the people, suited to the country.

Sir, with these words I must say that I join with the congratulatory portion and, at the same time, I am making the suggestions for the consideration of the Ministry.

Sri KANAI LAL DE : মাননীয় প্রধান মন্ত্রীর, স্বাধীন বাংলার প্রথম বাজেট উদ্বোধন করবার সুযোগ পাওয়ার আমি মাননীয় অর্থ সচিব মহোদয়কে অভিনন্দন জানাচ্ছি। পরাধীন জাতির সুদীর্ঘ কাল ধীবন বরণ সংগ্রামের পর লক্ষ লক্ষ লোকের আত্মশ্রমিকতার ভিত্তির উপর যুগান্তকারী যত্ন। গান্ধীর বিরাট সঙ্কেতে দেশ স্বাধীন হয়েছে বটে, কিন্তু দেশবাসী এতদিন যে স্বাধীনতার স্বপ্ন দেখেছিল, দেশের যে রূপ তারা কল্পনা করেছিল সে রূপ জটিলে তোলাসর পরিণত হয়েছে। বাধা অপসারিত হয়েছে। এখন কংগ্রেসের পরিকল্পনা তে দেশকে গড়ে তুলতে হবে। সুতরাং এতকাল যে গভর্নমেন্টের কাছে দেশের আর-বায়ের ব্যবস্থা হয়েছে, এখন তার তা হলে চলবে না। এখন দেশের আর-বায়ের এমন ব্যবস্থা করতে হবে, যাতে কংগ্রেসের আদর্শবোধ, নির্মলচিনী উজ্জ্বলত্বের প্রতিশ্রুতিতে দেশকে গড়ে তুলতে পারা যায়। কংগ্রেস এতকাল যে স্বয়ং-স্বত্ব-পূজা রাজ্যের স্বপ্ন দেখেছে, আমরা যেন সেই স্বপ্ন প্রতিষ্ঠিত করতে যত্নবান হই। তাই অর্থ সচিব মহোদয়কে অভিনন্দন জানাবার সঙ্গে সঙ্গে একথা জানাতে বাধ্য হচ্ছি যে তাঁর বাজেটে সেই স্বপ্নের বাস্তব রূপ দেখবার বেশী আশা করতে পারছি না।

বাংলাদেশের শৃঙ্গপ্রায় পল্লীগনিক পুনরুজ্জীবিত করবার জন্য অতি সামান্য মাত্রই ব্যবস্থা করা হয়েছে। যে ব্যবস্থা করা হয়েছে, তাহা প্রয়োজনীয় তুলনায় অশুচর। যদি উৎপাদনের জন্য মাত্র চার লক্ষ টাকা ধরা হয়েছে। বাংলার বহু সচরাপুত্র প্রাচীন সূত্র কাটা এবং তাঁত শিল্পকে পুনঃপ্রতিষ্ঠিত করতে হয়, তবে আরও বহু টাকা দরকার। এইরূপ, গুড় উৎপাদন এবং হাতে তৈরী কাপড়-শিল্পের জন্য সামান্য কিছু বরাদ্দ করে গঠনমূলক কার্যে উৎসাহ প্রদর্শন করার চেষ্টা হয়েছে। এইরূপে দেশের নষ্টপ্রায় শিল্প উদ্ধার করতে এবং গ্রাম্যিক স্বাধীনতা করতে ব্যাপক পরিকল্পনা নিয়ে কাজে লগতে হয়। তারপর আমরা যুক্তোত্তর পরিকল্পনার কথা পুনরুদ্ধার করতে পারি এ বিভাগে কতকগুলি বড় বড় বাস্তব কর্মসূচী রাখা হয়। যেমন কংগ্রেসের পঞ্চাশের পরিকল্পনায় করা হয়েছে বটে কিন্তু বাস্তব তুলনায় সেটা-ব্যবস্থার বরাদ্দ অত্যন্ত কম। এবং যুগের বিষয় যাতেই যে টাকা বরাদ্দ করা হয়, বস্তুতপক্ষে কাজে তাহা যায় হয় না। সুতরাং এটা বিভাগের জন্য যে টাকা ধরা হয়েছে তাহা যাতে এই বৎসরেই যথেষ্ট ব্যয়িত হয়, সে বিষয়ে দৃষ্টি রাখা প্রয়োজন। তা না হলে বৎসরের পর বৎসর বাজেটের লাল নীল বইগুলির পৃষ্ঠায় টাকার অঙ্ক ছাপিয়ে কোন লাভ হবে না। যুক্তোত্তর পরিকল্পনায় বাংলার প্রতি ইউনিয়নে একটি লাভ্য চিকিৎসালয় এবং অন্ততঃ প্রতি পানায় একটি ক'রে Maternity এবং child-welfare clinic হওয়া দরকার। কিন্তু এর জন্য যে টাকা বরাদ্দ হয়েছে, তা অত্যন্ত অশুচর।

এর পরে আমি Anti-Leprosy Scheme সম্বন্ধে কয়েকটা কথা বলব। অর্থ সচিব মহোদয় জানান কিনা বলতে পারি না পশ্চিম বাংলার মধ্যে বাকুড়া জেলার কুটুমোপীর পাবনা অত্যন্ত বেশী। British Empire Leprosy Association এর সাহায্যে যে survey করা হয়েছে, তাতে দেখা যায়, এক বাকুড়া জেলাতেই কুটুমোপীর সংখ্যা ১৫ হাজারের কম হবে না। এই বাকুড়ায় ২৫০ Leper Colony প্রতিষ্ঠা করবার প্রস্তাব হয়েছিল। তাই মধ্যে একটি গৌরীপুরে মাত্র ১০০ রোগী থাকবার উপযোগী ক'রে প্রস্তাব হয়েছে। কিন্তু পিয়ারডোনার পরিত্যক্ত ভবিষ্যৎ সাময়িক বাটীতে ১০ লক্ষ টাকা ব্যয়ে তলানীস্থান লীগ সরকার যে colony প্রস্তাব করেছিলেন, এবারকার বাজেটে দেখছি সে ব্যবস্থা পরিত্যক্ত হয়েছে। পিয়ারডোনার অবিকাল ঘরবাড়ী এখনও ব্যবহার্য উপযোগী আছে। সেখানেও Leper Colony প্রতিষ্ঠা করা বিশেষ আশঙ্কাজনক—এ বিষয়ে অর্থ সচিব মহোদয়ের দৃষ্টি আকর্ষণ করছি।

কংগ্রেস দেশবাসী যে সকল দুর্নীতি নিবারণের জন্য এতকাল সংগ্রাম ক'রে এসেছে রাষ্ট্রের সম্পূর্ণ ক্ষমতা হাতে পেয়েও সে চেষ্টা আমরা করছি না। দৃষ্টান্তরূপে আমি মাদকত্ব ব্যবস্থার নিষিদ্ধ করার কথা বলতে পারি। আশা করেছিলাম যে আমাদের এই প্রথম বাজেটে অল্প সময় মধ্যে মাদক ত্রাস ব্যবস্থার সম্পূর্ণ না হোক, বহুলাংশে নিষিদ্ধ হবে। কিন্তু তাহা হয়নি। একথা সত্য যে বহু দৃষ্টান্তগোচর ক্ষমতাস্বত্বের ফলে তাদের ক্ষমতাস্বত্ব বহু কোটি টাকা সরকারের হাতে আসে। মাদকতা নিবারণের কলে দ্রুত সরকারের ক্ষতি হতে পারে। কিন্তু জনসাধারণের স্বার্থরক্ষার জন্যই যে সরকার, সাধারণের নৈতিক অবনতির সহায়ক রাজস্বের প্রতি জায় দৃষ্টি রাখা

চলে না। সেই জন্যই আমি বলব বর্তমান বরিস্তরী উচিত বাদক দ্রব্যের ব্যবহার সম্পূর্ণ নিষিদ্ধ করা। এতে বাজেটে বাটতি হতে পারে, কিন্তু অন্যভাবে তা পূরণ করা যেতে পারে। আজ যদি পশ্চিম বাংলা সরকার রাজ্য, যুক্তপ্রদেশের বত বাদক দ্রব্য বর্জনের সিদ্ধান্ত করতেন, তাতে এক শ্রেণীর অসুবিধা হলেও এক বিরাট আদর্শ স্থাপন করা হত। আমরা হয়নি উনুনের কথা বলি কিন্তু অর্থাৎ বাদক দ্রব্য পাওয়ার সুযোগ থাকে। লক্ষ লক্ষ হরিজন শূণ্যের পথে এগিয়ে চলেছে। ন্যায়পানের সঙ্গে সঙ্গে জুয়াবেলা, বোড়োড়ের কথাও বলা যায়। উহাদেরও একেবারে বন্ধ করা উচিত এবং তার প্রাথমিক ব্যবস্থা হিসাবে এসবের উপর বেশী পরিমাণ কর ধার্য করা আবশ্যিক। কিন্তু শূণ্যের সহিত দেখছি—এ সম্বন্ধে ব্যবস্থা পূর্ণের মতই আছে। আমি প্রস্তাব করছি—বর্তমান ইহা বন্ধ না করা হয়, এর উপর বেশী পরিমাণ কর ধার্য করা হোক। তাতে ন্যায়পান রহিতের ফলে বাটতি রাজস্বের পরিমাণ বহু পরিমাণে পূরণ হবে।

তারপর বর্তমান বৎসরের বাজেটে বিক্রয়-কর হ্রাস করবার কোন প্রস্তাব নেই। অন্যান্য প্রদেশের তুলনায় বাংলায় বিক্রয়করের হার অত্যন্ত বেশী। বাংলার জনসাধারণ এই করকে বিশেষ পছন্দ করে না। এই কর বিশেষে নাকায় এক পরমা হিসেবে আছে। আমাদেরও ইহা হ্রাস করা উচিত এবং কয়েকটা জিনিষের উপর এই কর উঠিয়ে দেওয়া উচিত। দুটো বরুণ দিয়াশলাই, পুস্তক ও ঔষধের কথা বলতে পারি। পুস্তকের উপর ইহা কি অন্যায়ভাবে আদায় হয়, তা দেখাচ্ছি। একবার কাগজের উপর, তারপর ছাপার সময়ও নেওয়া হয় এবং তারপর পুস্তক বিক্রয়ের সময়। বিক্রয়-কর হ্রাস করলে রাজস্বের কিছু বাটতি পড়তে পারে বটে কিন্তু সেই বাটতি income-tax আদায়ের কড়াকড়ি ব্যবস্থা করতে পারলে তার থেকে প্রাপ্ত প্রাদেশিক অংশ থেকে পূরণ হতে পারে। ব্যবসায়িক কত রকম কৌশলে income-tax ফাঁকি দেয় তাহা অর্থসচিব মহাশয়ের অজানা নেই। যাতে এইরূপ evasion বন্ধ পড়তে পারে, তার কড়াকড়ি ব্যবস্থা করা প্রয়োজন।

অল্প বেতনের সরকারী কর্মচারীদের বেতন বৃদ্ধি করা যেমন প্রয়োজন তেমনি অপরিসীম অত্যধিক বেতনের সরকারী কর্মচারীদের বেতন হ্রাস করা আবশ্যিক।

(At this stage the member reached the time-limit.)

MR. SPEAKER: Your time is up.

Sri KANAI LAL DE: Two minutes more, Sir.

MR. SPEAKER: All right.

Sri KANAI LAL DE: বিভাগীয় কমিশনার এবং বিভিন্ন বিভাগের Deputy Secretary, Assistant Secretary ইত্যাদি অনাবশ্যিক পদ সোপ কবে বার সংকোচ করা যেতে পারে। গভর্ণ-গণ্ডিক পথের অনুবর্তন না করে, এ বিষয়ে ব্যবস্থা অবলম্বন করা চলতো।

আমাদের দেশে যে পরিমাণ শস্য উৎপন্ন হয়, তাতে পশ্চিম বাংলার সমস্ত লোকের অনুসন্ধান হয় না। ইতিমধ্যেই সরকার “Grow More Food” Campaign করে কয়েক লক্ষ টাকা ব্যয় করেছেন কিন্তু বেশী শস্য ফলাতে পেরেছেন কি না জানি না। সংস্কারের বিজ্ঞাপন ছাপিয়ে---

(The member again reached the time-limit.)

MR. SPEAKER: Your time is up.

Sri KANAI LAL DE: One minute more, Sir.

MR. SPEAKER: All right.

Sri KANAI LAL DE: বিজ্ঞাপন ছাপিয়ে এবং ওটিকতক কর্মচারীকে নাক পিটিয়ে বেড়াবার জন্য অর্থ্য গ্রহণ বায় না দিয়ে যদি গ্রামে গ্রামে জনসভার ব্যবস্থা করা যায় তাহলে শস্যের বাটতি পূরণ হতে পারে। বাঁকুড়া, বীরভূম ইত্যাদির বত জেলায় সেখানে জমি অত্যন্ত উঁচু নীচু সেখানে ছোট ছোট জোড় এবং খাল বেঁধে জনসভার ব্যবস্থা করা অত্যন্ত প্রাথমিক। বড় বড় সেচ-পরিকল্পনার টাকা বরাদ্দ করা হয়েছে বটে কিন্তু এইরূপ ছোট ছোট পরিকল্পনার যথেষ্ট টাকার বরাদ্দ করা হয়নি এবং tank improvement scheme আরও অধিক টাকা বরাদ্দ করা উচিত ছিল।

নিউল সান্দ্রি বিজ্ঞাপন সম্বন্ধে আমি একটা কথা বলব। শ্রীঅনুশা প্রসাদ চৌধুরী মহাশয় বলেছেন যে যোগেতে এক টন খাদ্য হতে চাল তৈরী করতে ১১ টাকা লাগে হয় কিন্তু আমাদের দেশে বৎসর ১১ টাকা অর্থ্য প্রতি

টন ২৫০ টাকার বত। এই হার হাল করায়া জন্য পর্যন্তন বহী-নজা চাইল-কন বালিকদের বিকট tender চেয়েছিলেন। এই বহী-নজরও এবিষয়ে চেষ্টা করা দরকার। এই হার হাল করতে পাইলে সরকারের কয়েক লক্ষ টাকা সাশুর হতে পারে।

উন্নয়ন, শিকা বিভাগে, বিশেষতঃ বরভনের শিকা এবং দরাজি শিকার জন্য আরও বেশী অর্থের ব্যবস্থা করা আবশ্যিক। সরকারের কর্তব্য এতটী পঞ্চাধিক পরিচালনা প্রবর্তন করে কাজ করা এবং সবথু প্রদেশে কংগ্রেস-প্রবর্তিত দরাজি শিকার শিকার প্রবর্তন করা। এ বিষয়ের বরাদ্দ অনুষ্ঠান।

কৃষি বিভাগ সম্বন্ধে কয়েকটা কথা বলে আমার বক্তব্য শেষ করব। গো-জাতির অবনতির কালে এবং উপরন্তু বীজ ও সারের অভাবে চাষের অত্যন্ত অবনতি হয়েছে। বাক্তে বাংলার লুপ্তপ্রায় গো-সম্পদ বাড়িয়ে তুলতে পারা যায়, এজন্য ভাল ভাল বীজ ব্যবহারী করে গো-জাতির উন্নয়ন চেষ্টা করা উচিত। কৃষির উন্নতির জন্য প্রতি খানার একটি করে seed-store প্রতিষ্ঠা এবং বালারনিক সার বিতরণের জন্য কেন্দ্র খোলা আবশ্যিক। কতকগুলি কৃষি সম্বন্ধে প্রকৃতপক্ষে অভিজ্ঞ কতকগুলি কর্মচারীকে গ্রামে গ্রামে ভ্রমণ করে চাষীসমূহকে সাহায্যভাবে হাতে কলমে উন্নততর কৃষি-প্রণালী শিকা দেয়া ব্যবস্থা করা প্রয়োজন। প্রদেশ বিভাগের কর্মে সজ্ঞতি যে বহু সন্থ P. L. A. অর্থায়ন বাক্তের বত বিনা কাজে গ্রামে গ্রামে ঘুরে বেড়ায়, তাদের অল্প দিনের বত কৃষি-বিভাগের প্রাথমিক কিছু শিকা দিয়ে কৃষকদের সাহায্যের জন্য নিয়োজিত করা যেতে পারে। এ বিষয়ে আমি সরকারের দৃষ্টি আকর্ষণ করছি।

আমি আমার বক্তব্য শেষ করার পূর্বে একথাই বক্তব্যে চাই, দেশকে পড়ে তোলাবার জন্য, দেশে সত্যকার বরাদ্দ প্রতিষ্ঠার জন্য যে দরজী দৃষ্টি আবশ্যিক, সেই দৃষ্টি ও বনোভাব নিয়ে বাজেট সংশোধিত হওয়া বাঞ্ছনীয়।

Sri KANAILAL DASS : মিঃ স্পীকার, স্যার, মাননীয় অর্থসচিব মহাশয় যে বাজেট পেশ করিয়াছেন তাহা লক্ষ্য করিয়া নিচের কথিয়া দেখিলে ভালই হইয়াছে, এবং তৎকালীন তাঁহাকে আমি অভিনন্দন জ্ঞাপন করিতেছি। আমার অভিনন্দন কবিত্তেছি এইজন্যে যে এক কোটি টাকা বাইতি হওয়া সম্বন্ধে দেশবাসীসমূহকে আশার করভার পীড়িত করা হয় নাই। মিঃ স্পীকার, স্যার, এবারের বাজেটের expenditure-এর বিষটি অংশ development programme-এর জন্য বলা হইয়াছে।

মিঃ স্পীকার, স্যার, Nation-building-এর জন্য যে সকল ভিত্তিদের দরকার, যথা Education, Medical and Public Health, Agriculture & Industry, সে সবই মাননীয় অর্থসচিব মহাশয় তাঁহার মতদূর সম্বন্ধে বাজেট বক্তব্যে সন্ধ্যা করেছেন। বাংলাদেশের Education-এর লক্ষ্য 1948-49-এর জন্য ৮৪ লক্ষ টাকা এবং 31st March, 1948, পর্যন্ত ৬১,১৫ হাজার টাকা বরাদ্দ হয়েছেন। দেশ বাহ্যে শিক্ষা বিষয়ে অন্য প্রদেশ অপেক্ষা পশ্চাতে না থাকে, এবং উচ্চর উন্নতিক্রমে, অনেকগুলি নতুন নতুন স্কুল ও কলেজ স্থাপন করা হইয়াছে। Post-Graduate training, scientific study, higher research, library, laboratories & technical schools-এর ব্যবস্থা করা হয়েছে। দেশে বাহ্যে নতুন সত্যকার শিক্ষা পাইতে পারে এবং দেশে হইতে নিবন্ধরতা সম্পূর্ণরূপে হ্রাস হয় তাহার জন্য basic, primary ও secondary education-এর ব্যাপক ব্যবস্থা করা হইয়াছে।

মিঃ স্পীকার, স্যার, scheduled caste বা অশূদ্র জাতিদের জন্য যে special fund-এর ব্যবস্থা ছিল তাহা বন্ধ করিয়া দিয়া একটি সাধারণ non-lapsable fund ১০ ১/৩ লক্ষ টাকায় start করা হইয়াছে। এ fund-এর টাকা হইতে গৃহীত, ক্ষত্রীয়, বর্ণভিনু চাড়া আর সকল educationally and economically backward জাতিগুলি, যেন scheduled caste, hill tribes and Muslim-দের শিকার জন্য সাহায্য দেওয়া হইবে। কিন্তু আমার মনে হয় এতগুলি জাতি বা তিনু সম্প্রদায়ের সাহায্যের জন্য ১০ ১/৩ লক্ষ টাকা অতি সামান্য। হরিজনদের হাজার হাজার বৎসর ধর্মীয় নিষেধের নিষেধের কুল-ভাষাভাষ্য হইয়া, লক্ষ্যপ্রকার সামাজিক, অর্থনৈতিক, রাজনৈতিক অধিকার হইতে বঞ্চিত হইয়া পড়িয়া আছে। তাহাদের উন্নতির জন্য, শিকার জন্য, তাহাঙ্গিগকে লক্ষ্যপ্রকার সামাজিক অধিকার দিবার জন্য, তাহারা যাহাও চিহ্নিত হইতে চেষ্টা করে সেই বিষয়ে উৎসাহ দিবার জন্যই এই Scheduled Caste Special Fund-এর ব্যবস্থা হইয়াছিল। তাহা না হইলে যে এই টাকায় লক্ষ লক্ষ অশূদ্র জাতির বা হরিজনদের উন্নতি হইতে পারে ইচ্ছা কেহ বিশৃঙ্খল করে না। Scheduled caste-দের বহু শিক্ষার হার অতি অল্প এবং খুব কম লোকই শিক্ষিত। পূর্বে যে Scheduled Caste Special Fund ছিল তাহাতে জনকরকম ভাষাভাষার ব্যক্তি বা সম্প্রদায়কেই কেবলমাত্র সুবিধা হয়েছিল। পণ্ডিত ব্যক্তির অনুপস্থিতি পরিচালকের কোনও বিশেষ সুবিধা হয় নাই। মাননীয় অর্থসচিব

মহাশয়কে অনুমোদন করি যে Constituent Assemblyতে যখন লম্বা বঙ্গের জন্য বিশেষ ব্যবস্থা করা হইয়াছে তখন এই ব্যবস্থা এই করেক বঙ্গের জন্য বাংলাদেশেও বলবৎ রাখা হউক; এবং আমি আশা করি যে উহাতে বাংলার বাজেটে বিশেষ অবস্থা হইবে না।

এই সেমিন বঙ্গের কাগজে এবং radio হইতে জানিতে পারিলাম যে এই পরিষদের বর্তমান অধিবেশনেই বাংলাদেশ হইতে অশুশ্যতা নিধারণের জন্য একটি বিল অতি শীঘ্র এই হাউসে আনা হবে। Central Assembly ও এই West Bengal Assembly উভয়েরই মত এই অশুশ্যতার বিরুদ্ধে, তখন অশুশ্যতা নিধারণ বিল আগে पास না করিয়ে scheduled casteদের বিশেষ অধিকার বন্ধ করা বৃদ্ধিযুক্ত হইবে না। উহাতে scheduled casteদের মনে নানা প্রকার লেশে কলহাইতে পারে। অশুশ্যতা আগে বাংলাদেশ হইতে দূর হইয়া যাউক এবং উহা সম্পূর্ণরূপে দূর হইয়া যাইলে পর scheduled casteদের বিশেষ অধিকার সম্বন্ধে আর কোন কথা আসিতে পারিবে না। আমি আমার মাননীয় অর্থসচিব মহাশয়কে অনুমোদন করি তিনি যেন এই Scheduled Caste Fund এর কথা দ্বিতীয়বার চিন্তা করিয়া দেখেন।

মিঃ শ্রীকার, স্যার, এম্বারের বাজেটে দেখা যায় যে Agriculture এর জন্য মোট দুই কোটি ৩১ লক্ষ টাকা বরাদ্দ করা হইয়াছে। অর্থাৎ বাংলার Agriculture budget অপেক্ষা বড়িত বাংলার budget বেশী করা হইয়াছে। কৃষি বিভাগের পূর্ব বেশী উন্নতির জন্য এই ব্যবস্থা করা হইয়াছে। পূর্বেকার গভর্ণমেন্টের সময় সেরেফ্রি লে, বঙ্গের পথে যখন চাকার চানচিনি পড়ে, তখন Agriculture ও Irrigation এর দ্রুপ যে টাকা বরাদ্দ করা ছিল, সেই টাকা শুধু সেই কার্যের জন্য ব্যয় না করিয়া অন্য কার্যের জন্য ব্যয় করিয়া থাকেন।

Muslim League মহিমওয়ীর আমলে পশ্চিম বাংলার কৃষির অবস্থা ভাল ছিল না। মিঃ শ্রীকার, স্যার, গত বঙ্গের ত্রিভুজিততার ফলে, এবং কৃষকদের দুরবস্থা দেখিয়া মাননীয় মন্ত্রী মহাশয়কে অনুমোদন করা হইতেছে যে প্রতি বঙ্গের কৃষকগণ তাহাতে ঠিক সময় ধানের বীজ, আলুর বীজ, ভাল সার পাইতে পারে সে বিষয়ে কোন বিশেষ লক্ষ্য রাখা হয়। মিঃ শ্রীকার, স্যার, মাননীয় অর্থসচিব মহাশয় Damodar Valley Projects Scheme এর কথা বলেছেন এবং ইহার জন্য Central Government হইতে ৫৫ কোটি টাকা ব্যয় হইবে বলা হইয়াছে।

(Here Red Light was lit.)

Mr. SPEAKER : Your time is up

Sri KANAIL DASS : আর একটি সময়, স্যার। পরিকল্পনা অনুসারে এই scheme সম্পূর্ণ কার্যে পরিণত করিয়া শেষ করিতে বোধ হয় ১০-১৫ বঙ্গের সময় লাগিবে। এই ১০-১৫ বঙ্গের জন্য বর্তমান জেলার কৃষিকার্যের কোনও ব্যবস্থা করা হয় নাই। বর্তমান জেলার উত্তর-পশ্চিমে ও দক্ষিণে কয়েকটি খানা এলাকায় জলের অভাবে ভালরূপ চাষ করা যায় না। আমি মাননীয় অর্থসচিব মহাশয়কে অনুমোদন করি যে Agriculture development scheme re-excavation of Irrigation tank এর জন্য যে ২০ লক্ষ টাকা মন্তুর করিয়াছেন তাহা যেন এই কার্যের জন্য বর্তমান জেলার ব্যয় করা হয়। সেটা যদি করেন তাহা হইলে বর্তমান জেলার অধিবাসিগণের অতীত উপকার হয়।

Civil Supply Department এর মাননীয় মন্ত্রী মহাশয় বোধ হয় জানেন যে গত food crisis এর সময় ধান, চাউলের এক বিরাট অংশ এই বর্তমান জেলা হইতে procure করা হইয়াছে।

মিঃ শ্রীকার, স্যার, এই প্রসঙ্গে আমি আর একটি কথা বলতে চাই। Development programme বঙ্গা চাষের জন্য বিশেষ ব্যবস্থা করা হইয়াছে। Development of tank fisheries জন্য ৬৯ হাজার টাকা মন্তুর করিয়াছেন—তাহা আমি এখানে বঙ্গা চাষ করিতে অনুমোদন করি। কারণ তাহাতে অল্প খরচায় দুইটি development scheme সম্পূর্ণ করিতে পারা যাইবে। শীঘ্র ও পুরুষের সংস্কার করা হইলে তাহাতে ধান চাষের সুবিধা হইবে এবং সাথে সাথে বঙ্গা চাষেরও সুবিধা হইবে। আমি মাননীয় অর্থসচিব মহাশয়কে এ বিষয়ের প্রতি বিশেষ মনোযোগ দিতে অনুমোদন করি। Development programme প্রতি union ও থানিতে Health Centre করা এবং তাহাতে indoor hospital, outdoor dispensary, Maternity clinic, Antimalarial squad, Auxiliary Hospital, Rural Nursing Service ইত্যাদি ব্যবস্থার জন্য ১ কোটি ৩ লক্ষ, ৭২ লক্ষ, এবং ৬ লক্ষ টাকা মন্তুর করা হইয়াছে।

বাহ্যিক পরীক্ষায়ে বহু লোক অনেক সময় অতি সামান্য Medical aidের অভাবে প্রতি বৎসর মাঝে মাঝে ইউনিয়ন ও বাসা Health Centre খোলা হইলে পরীক্ষার্থীদের দীর্ঘ দিনের এক বিরাট অভাব মোচন হইবে। মি: স্পীকার, স্যার, Public Health সম্বন্ধে আমি ২-১টি কথা বলতে চাই। rural water-supply-এর জন্য ১০ লক্ষ টাকা ব্যয় করা হইয়াছে। এই টাকা প্রতি districts ভাগ করিয়া বেতনা হয়; এবং district board বা একটি sub-committee-র হাতে এই তেলার প্রয়োজনবশত স্থানে স্থানে tube-well নির্মাণের ভার দেওয়া হয়। তাঁহারা তেলার যে স্থানে tube-well দরকার সেই স্থানে tube-well তৈয়ারী করিয়া দেন। পরীক্ষার্থের হরিজনদেরা শিক্ষা এবং সাহসের অভাবে, তাহারা district board memberদের দিষ্ট তাহাদের অভাব-অভিযোগ নিবেদন করিতে পারে না এবং সেই জন্য তাহাদের filtered-water-এর অভাবে কষ্ট পাইতে হয়। আমি মাননীয় মহা মহাপরকে অতি শীঘ্র ইহার প্রতিষ্ঠা করিতে অনুপ্রাণিত করি এবং বাহাতে জাতিবর্ণ নির্ভিশেষে সকলে tube-well-এর জল ব্যবহার করিতে পারে তাহা যত দ্রুত নেন।

মি: স্পীকার, স্যার, Anti-malarial scheme-এর জন্য ২৫ লক্ষ টাকা ব্যয় করা হইয়াছে। কেবল quinine, paludrine বিতরণ করিয়া malaria দূর করা যাইবে না, ইহার সহিত অন্য উপায়গুলিও গ্রহণ করিতে হইবে। দেশের জনগণকে বাসায় সম্বন্ধে জ্ঞান দিতে হইবে, এবং তৎসঙ্গে public health literatures বিতরণের ব্যবস্থা করিতে হইবে।

পরিশেষে political sufferers-এর relief-এর জন্য এবং ভবিষ্যতী প্রথা উচ্ছেদকল্পে যে চেষ্টা বা ব্যাপক পরিকল্পনা বর্তমান সরকার করছেন তার জন্য আমি তাকে আন্তরিক অভিনন্দন জ্ঞাপন করিতেছি।

Janab HUSAN ARA BECUM: Mr. Speaker, Sir, I have been following the debate of the honourable members of the House who have spoken on nearly all the items in the estimated budget of the current year and of 1948-49. I will therefore touch on a few important points and draw the attention of the Hon'ble Minister for more adequate provisions to be made for meeting the requirements of the people, especially women and children.

Education.—This is the most burning question for the advancement of a country. The world has realised that without education of the masses no improvement could be achieved for the status of a civilised nation. It is the Government's duty to provide facilities in this direction for all its people without distinction of community, caste or creed.

The Muslims who are in the minority have not been allotted their due share according to their needs. Contributions of 6 lakhs 38 thousand has been made in the current year and a non-lapsable fund called the "fund for the promotion of education amongst the backward classes" of 10 lakhs 36 thousand has been created for 1948-49 for the Scheduled Castes as well as the other educationally backward classes including Muslims.

From the point of view of an educationalist this amount will only be a drop in the ocean. I would request the Government to make a special provision for "Muslim Education" such as exists for the "Anglo-Indians and Europeans" in the budget.

Girls' education.—The grants allotted for girls' education is very meagre, as the demand for girls' education in all stages is going up by leaps and bounds. Therefore there should be an increase in the allotment.

Medical.—I find that no provision has been made for the following hospitals.—(1) Lady Dufferin Hospital, the only hospital exclusive for women, which is passing through the most critical period in its history of existence, and is carrying on its work amidst great odds; (2) Islamia Hospital, which has been doing yeoman service, irrespective of caste or creed, has not found a place in the budget. Moreover, the recurring and non-recurring grants for 1947-48 has not been received by the said hospital up to now. I sincerely hope that the Hon'ble Finance Minister will look into this matter and thereby ease suffering of the people who will benefit through these institutions.

More facilities should be provided for free medical relief and free dispensaries and clinics should be established in the city, especially in the *bustee* areas where great congestion prevails, and which are the seats of origin of diseases. The population of Calcutta has enormously increased within the past few months; therefore it is most essential that the Government should keenly consider the medical assistance for its people. This would not be difficult as fortunately the one at the helm of affairs (our Chief Minister) is a medical man, one who has vast experience and under whose guidance many medical institutions have sprung up and risen to fame.

I congratulate the Hon'ble the Finance Minister for the provision of 3 lakhs for Maternity and Child Welfare but this amount will not be sufficient to meet the requirements of the expanding population which is growing larger day by day.

I also congratulate the Hon'ble Finance Minister for the provision of 8 lakhs for anti-Leprosy schemes. In my opinion this sum is too low in comparison with urgent necessity of bringing this peril under control.

It is a matter of great regret that Calcutta, which was termed the second largest city in the British Empire, has the largest number of human beings stricken with this dread disease moving freely about the streets of the metropolis. The Government should make a special allotment for establishing leper colonies on scientific lines as soon as possible to check further infection and thereby provide a "haven of rest" for the sufferers.

Scientific Department.—It is interesting to note that in the grant to the Royal Asiatic Society of Bengal a provision has been made for Oriental works and for publication of Arabic and Persian works of historical interest.

It is also gratifying to find that Government proposes to set up community kitchens, and I congratulate the Hon'ble Finance Minister on this idea which will be a novel one and through which many people will benefit.

In conclusion I hope that there will be no discriminations to institutions bearing Islamic names, and no hindrance will be placed in its working, and the Government will have a broad outlook of policy following in the teachings of Mahatma Gandhi of revered memory, and respecting their feelings thereby extend a hand of assistance to the Muslims who are in the minority and a care of the Government.

Sri RADHANATH DAS : মাননীয় শ্রীকার মহাশয়! আমি প্রথমে আমাদের মাননীয় অর্থসচিব মহাশয়কে আমার আন্তরিক সন্নিহিত ও অভিনন্দন জ্ঞাপন করছি। ভাবতবর্ষ স্বাধীনতা পাবার পর বাংলাদেশের প্রথম বাজেট যেটা তিনি আমাদের কাছে এনেছেন তাতে জাতিগঠনমূলক কাজের জন্য যে সব খরচের বরাদ্দ তিনি করেছেন সেগুলি নানা রকম অবস্থা-বিপাকের মধ্যে পড়ে এবং বিপদের মধ্যে থেকেও তিনি যতখানি করতে প্রয়াস পেয়েছেন সেটার সত্যই আমরা আশ্বিন বোধ করছি। বর্তমান সময়ে বাংলাদেশ পৃথক হওয়ার জন্য আমাদের অর্থনৈতিক দুরবস্থা খানিকটা হওয়া সত্ত্বেও আমরা আগে যে রেভিনিউ পেতাম এবং বর্তমানে আমরা যে রেভিনিউ পেয়েছি বা পাশ আশা করছি সেটা দেখলে বিশেষ হতাশ হওয়ার সম্ভাবনা আছে বোলে বোধ হয় না। তা সত্ত্বেও আমাদের যে আর কিছু করে গেছে সে বিষয়ে নিঃসন্দেহ। কিন্তু আর কন্টেও তিনি জাতিগঠনমূলক কাজে যে সব খরচের বরাদ্দ করেছেন সেগুলি সত্যই আনন্দদায়ক। এতটা আমি অর্থসচিব মহাশয়কে আন্তরিক ধন্যবাদ দিচ্ছি। শুধু ২১১ টা খণ্ডের উল্লেখ আমি করতে চাই এবং সেই সব ব্যাপারে অর্থসচিব মহাশয়ের দৃষ্টি আকর্ষণ করতে চাই। একটা জিনিষ বাজেটে বিশেষ লক্ষ্যে পড়িছে না। সেটা হচ্ছে ভারতবর্ষ স্বাধীন হওয়ার পর বাংলাদেশ লীম্বড প্রদেশ হয়ে দাঁড়িয়েছে। এই লীম্বড প্রদেশে আত্মরক্ষা করবার জন্য সন্ত দুংকরা যাতে আত্মবিকার পারদর্শী হয়ে উঠে এই উদ্দেশ্যে যে বিশেষ কোন চেষ্টা হয়েছে তা লক্ষ্যে পড়িছে না। অবশ্য এ বিষয়েও আমি অর্থসচিব ও প্রধান মন্ত্রী মহাশয়দের সঙ্গে আলোচনা করেছি। আমি জানি তাঁরা এবিষয়ে নিশ্চিন্ত নন, কিন্তু বাজেটে সে বিষয়ের বিশেষ কিছু না জানতে পারার লক্ষণ আমি অর্থসচিব মহাশয়ের মাধ্যমে প্রধান মন্ত্রী মহাশয়দের দৃষ্টি আকর্ষণ করছি। এ বিষয়টা কেন্দ্রীয় সরকারের jurisdictionএর মধ্যে পড়ে বলে,

কিন্তু বেশকি military-minded করার জন্য বাঙালিদের বিচার্য দেশের লোক পারদর্শী হই সেজন্য অর্ধসচিব মহাশয় এরকম ব্যবস্থা করুন যে যেন একটা National Guard বা National Militian স্ট্রীট হই এবং প্রত্যেক ইউনিয়নে কেহন খুলে দেশের লোককে অস্ত্রবিদ্যার পারদর্শী কোরে তুলবার চেষ্টা হ'লে ভাল হয়। অবশ্য ইউনিয়নে ইউনিয়নে এই রকম করতে হ'লে অনেক খরচ হ'তে পারে যেটা বর্তমান বাজেট থেকে ব্যবস্থা করা সম্ভব নাও হ'তে পারে, কিন্তু যদি একটু চেষ্টা করা হয় তাহ'লেও অনেক ডিসাষ্টিয়ার পাওয়া যেতে পারে এবং যারা শিখিতে আসবে তাদেরও বিশেষ কোন খরচ হবে না; উপরন্তু গভর্নমেন্টের উদ্যোগে যদি এই লব কাজ হয় তাহলে শিক্ষানবীসীদের শিক্ষার জন্য লোকের অভাবও হবে বোলে বোঝা হয় না। কারণ, ex-service menদের একটা Ex-service Association আছে এবং তাঁদের কাছে trainer পাওয়ার জন্য অনুদান ক'রলে হয়ত trainer বিনা পরশাই পাওয়া যাবে। বাই হউক আমি এখানে অর্ধসচিব মহাশয়ের দৃষ্টি আকর্ষণ করছি। আর একটা জিনিষ -- Lake areas বা দুই একটা জায়গায় Rifle Club করা হয়েছে বাঙালিদের লোকেরা অস্ত্রবিদ্যা কিছু কিছু শিখতে পারে। একথা বলছি যেহেতু দেশের লোক বাঙালি military-minded হয় তাই করার জন্য।

আরও ২১১টা বিষয়ের প্রতি মাননীয় অর্ধসচিব মহাশয়ের দৃষ্টি আকর্ষণ করতে চাইছি। গ্রাম বা মহলে কোথাও কোথাও পানীয় জলের ব্যবস্থা করা হয়েছে বটে, কিন্তু সত্যিকারের যাদের মধ্যে পানীয় জলের অভাব খুব বেশী সেখানে পানীয় জলের ব্যবস্থা হয় না। যীশা অবস্থাপন বা influential, যীশা district board বা union boardএর Chairman বা সভা, তাঁদেরই বাড়ীর আপপানে সেগুলি হয়। কিন্তু যাদের মধ্যে সত্যিই জলের অভাব, অর্থাৎ নিম্নস্তরের লোক যারা সত্যিই জলের অভাবে কষ্ট পায়, তাদের মধ্যেই সেই ব্যবস্থা করা উচিত।

আর একটা জিনিষ হচ্ছে এই যে আত্মকাল প্রায় প্রত্যেক জায়গায় -- গভর্নমেন্ট ডিপার্টমেন্টে বন্স বা অন্য সাধারণ জায়গায় বন্স -- corruption জিনিষটা বড় বেশী রকম আমোলের চোখে পড়ে। গভর্নমেন্ট অফিসিয়ালদের মধ্যে যাতে corruption বড় হয় তার ব্যবস্থা থাকা উচিত। অন্যান্য provincial Governmentএর মধ্যে দেখা গিয়াছে যে তাঁরা একটা anti-corruption department নিজেদের মধ্যে খুলেছেন যাতে গভর্নমেন্ট অফিসিয়ালদের শিথিলতা ধরা পড়ে। আমোলেও এখানে এই রকম একটা ডিপার্টমেন্ট থাকা উচিত। সেজন্য আমি অর্ধসচিব মহাশয়ের দৃষ্টি সেরিক আকর্ষণ করছি।

আর একটা জিনিষ হ'ল এই যে বাংলাদেশ ভাপ হয়ে যাওয়ার জন্য আমরা দেখতে পাচ্ছি পূর্ণাঙ্গ থেকে অনেক লোক পশ্চিমবঙ্গে আসছে, এবং জায়গা বা পাওয়ার বিশেষ দু'টিপাকে পড়ে রয়েছে। পুণ্ড্রের তাঁরা নিজেদের বেশ থেকে চলে আসছেন তাঁদের জিনিষপত্র, বাড়ীঘর অত্যন্ত কম দরে বেচে। তাঁরা সেখানে সাদা রকম অভ্যাসের সহ্য কোরে এখানে পালিয়ে আসতে বাধ্য হয়েছেন, কিন্তু এখানে এসেও তাঁরা ভাল অবস্থায় যে পড়েছেন তা নয়। এই সব কারণে আমার একান্ত ইচ্ছা যে আমাদের অর্ধসচিব মহাশয় এবং প্রধান মন্ত্রী মহাশয় এমন ব্যবস্থা করুন যাতে এর একটা বিধান হয়। এদিক দিয়ে তাঁকে কিছু করতে বলছি। আমার মনে হয় পুণ্ড্র-পাকিস্তান গভর্নমেন্টের সঙ্গে পশ্চিমবঙ্গের গভর্নমেন্ট একসঙ্গে বসে বহুভাবে আলোচনা কোরে একটা নিষ্পত্তি ক'রলে খুব ভাল হয়।

আমি আপনাদের আর বেশী সময় নিতে চাই না। শেষ কালে অর্ধসচিব মহাশয়কে আমার আন্তরিক ধন্যবাদ জ্ঞাপন কোরে আসন প্রণাম করছি।

Janab MUHAMMAD IDRIS: Mr. Speaker, Sir, with the dawn of freedom millions of people of our country began to look forward for a bright and prosperous India. They thought that there would be complete change of the outlook of the Government immediately after the achievement of freedom. They hoped that the untold sufferings and hardships they have undergone so long would come to an end. They hoped that the maladministration that has been the root cause of their sufferings would stop since the Government is now their own Government, entirely administered by their people and their representatives. But, Sir, the budget that has been presented in this House has completely disheartened them. Sir, it is regrettable that the West Bengal Government in spite of its being a people's Government has not been able to do away with its bureaucratic mentality. A careful study of the budget will definitely show that far

from its being a common man's budget it is a bureaucrat's budget in its entirety. Our West Bengal province in its size is practically one-third of the undivided Bengal but this huge reduction in size has not brought proportionate reduction in its expenditure, for we find for one-third of Bengal we are going to spend more than half of the expenditure of the undivided Bengal. And yet it is a deficit budget.

It is indeed very regrettable when we find that this large expenditure is not meant for ameliorating the deplorable conditions of the ordinary masses nor it is meant for the ill-paid Government servants who receive Rs. 20, Rs. 25, Rs. 30 as their monthly salaries, and what can be more regrettable than this that this deficit is not due to any notable development programme.

The Hon'ble Finance Minister has himself admitted that this large expenditure is chiefly due to maintaining proportionately larger number of Government officers. The Hon'ble Finance Minister says that there is a large body of surplus personnel opting from East Bengal for whom provision has had to be made. Sir, nobody denies that provision has had to be made for them. But why a small province like West Bengal is to make provision for them, particularly when West Bengal is confronted with so many problems of her own? I think it is entirely Central Government's lookout, rather it is their duty, to make provision for this heavy surplus of officers who have opted for service from East Bengal.

Then again, the Hon'ble Finance Minister says that Government is to make heavy expenditure for the administration of Calcutta and that this is also a cause of large expenditure of West Bengal Government. Sir, though virtually Calcutta happens to be the capital of West Bengal but yet who is benefited by Calcutta? Are the ordinary masses of West Bengal? Certainly not. Who are exploiting Calcutta to the best of their interests? Are they not non-Bengali capitalists coming from all parts of India and abroad? And yet this heavy burden of administrative expenditure of Calcutta is placed on the weak shoulders of ordinary masses of West Bengal. Why not West Bengal Government is bold enough to raise their voice and demand reasonable grants from the Centre for making provision for this surplus personnel opting from East Bengal and demand to allow sufficient grant for Calcutta to meet its administrative expenditure and to continue its rationing organisation, if at all it is needed?

Sir, we know that during last great war the expenditure for running rationing organisation at Calcutta was borne by the Centre and not by the Provincial Government. I do not understand how the Central Government can shirk their responsibility to bear the expenses for rationing organisation at Calcutta where the food situation has become much more acute owing to large number of influx in this city.

Now coming to Civil Supplies Department under Grant No. 34 we find a large amount of more than 3 crores has been estimated. Sir, the whole country does not want that this notorious department continue any further. I do not understand why this large amount of money has been estimated for Civil Supplies Department, particularly when control over many commodities like sugar and cloth, etc., has already been withdrawn. Generally speaking I do not think that there is any necessity to continue this department any further. If at all urgent necessity is felt to maintain this department to tackle the acute food situation in this province, it may be allowed to continue in a small skeleton scale. Sir, I do not understand how this Government can squander away public money by indulging in lavish expenses by maintaining many unnecessary highly-paid officials in this department. A Government servant of Bengal Junior Civil Service cadre begins with Rs. 125 as monthly pay, whereas a Subdivisional Controller or District Controller of Civil Supplies Department enjoys princely pay of more

than Rs. 500 and Rs. 600 respectively. These District Controllers and Subdivisional Controllers and their like are in no way better qualified or more competent than the officers of Bengal Civil Service cadre who are to come out successful in a competitive examination before they are appointed. And yet mark the difference of pay.

Sir, I have already said that a Civil Supplies Department in its small skeleton scale may be allowed to continue only to tackle the acute food situation of West Bengal, if it is so urgent. If the Government wants to control the food situation in the province, they should control it satisfactorily. It is no good to control a commodity if it is not available as soon as it is controlled. If Government fixes the controlled price of paddy at Rs. 7 a maund and if it is not available even at Rs. 12 a maund, then for God's sake give up this sort of control and leave the people to their own fate.

Sir, on account of the acute food situation in our province I would suggest that Government should immediately launch a food drive and procure sufficient amount of paddy and rice from the surplus districts to meet the demand of deficit districts.

Sir, coming to Grant No 29 I find that my district, Howrah, has been deprived of its reasonable share from this head of account. Sir, it is curious enough that Howrah, so near to Calcutta and so important a district from industrial and commercial points of view, can be so hopelessly neglected about its roads and communications. There is no allotment for Howrah except for Maurigram-Uluberia Provincial Highway. Sir, there has been a constant demand from the people of Howrah district for immediate improvement of the Howrah-Jagatvallavpur-Amta Road for the last many years. Last year a strong representation was made to the Government by about 5,000 signatories of representative character for immediate improvement of this road, but unfortunately nothing has been done as yet.

Lastly, Sir, we are very much disappointed as we do not find any allotment to *madrassa* education while similar other institutions such as *tols*, etc., have been allotted adequate grants. Muslim education has only been referred to non-lapsable fund meant for the promotion of education to the economically and educationally backward classes. But no indication as to how much will be allotted for the Muslim education has been made—perhaps that depends on the sweet will of the authority who will administer the fund. Sir, *madrassas* were not only meant for the Muslims as an educationally and economically backward community but, Sir, *madrassas* are a particular type of educational institutions where Islamic religious teachings are given—religious teachings which are not available in any other class of educational institutions.

Now, Sir, as the *tols* as religious institutions have been allotted grants there is no reason as to why similar grants will not be made for *madrassas*. Sir, this has created a sense of disappointment among the Muslims regarding the future of *madrassas* and their religious teachings. The Mussalmans of West Bengal demand a just, fair and impartial treatment, if not a generous gesture towards them.

Sri SUSIL KUMAR BANERJEE : মাননীয় স্পীকার মহোদয়, স্বাধীনতা লাভের পর পশ্চিম বাংলায় এই প্রথম বাজেট। এ বাজেটের বাজেটে বর লোকহিতকর কার্যের জন্য টাকা ব্যক্তি হইয়াছে ইহা তত মূল্য বন্দিয়া গিয়া নগর্য্যায়। এর জন্য মাননীয় অর্থ মন্ত্রী মহোদয়কে আমি অভিনন্দন জানাই।

মাননীয় মেশের জনসংসর্গের জীবন-সংসার সমস্তগুলিই আকাশের নক্ষত্র সমাধান করিতে হইবে। কংগ্রেস পার্টি ও কংগ্রেসপন্থিত স্বাধীনতা এই লক্ষ্যে গৃহণ করিয়াছে, এবং যতদিন না আশা যে লক্ষ্যে পূর্ণভাবে পালন করিতে সক্ষম হইতেছি, ততদিন আমরা দেশবাসীদের নিকট হইতে প্রাণের পাঠে পারি না। নির্ধারিত ইচ্ছাযাবে দেশবাসীদের আশা যে সব প্রতিশ্রুতি সিদ্ধি, তাহা আশাযে সর্বাঙ্গোভাবে পালন করিতেই হইবে।

বর্তমান বৎসরের বাজেটে বাংলার রাজনৈতিক নির্ভ্যাতিতদের সাহায্য করা হইবে বলিয়া আশ্বাস দেওয়া হইয়াছে এবং সে বিষয়ে এক পরিকল্পনাও সরকারের বিবেচনাবীন রহিয়াছে। স্বাধীনতা-সংগ্রামে বীরা নিজেদের নিঃশ করিয়া দিয়াছেন তাঁহাদের বা তাঁহাদের পরিবারবর্গের প্রতি সাহায্য ও শ্রদ্ধা প্রদর্শন করা স্বাধীন সরকারের কর্তব্য হওয়া উচিত। আশা করি উহা শুধু পরিকল্পনাতেই পর্যাবসিত হইবে না, অর্থসচিব মহাশয় উহাকে কার্যকরী করিয়া তুলিয়া দেশবাসীর কৃতজ্ঞতা অর্জন করিবেন।

১৯৪৮-৪৯ সনের বাজেটে যে সবগুলি জনকল্যাণকর কাজের জন্য টাকা বরাদ্দ রহিয়াছে তন্মধ্যে নিম্নলিখিত বিষয়গুলি বিশেষ উল্লেখযোগ্য, যথা শিক্ষা, স্বাস্থ্য, সেচ, শিল্প ও কৃষি। যানবাহনের প্রসার ব্যবস্থাও কিছু টাকা ধরা হইয়াছে। বর্ধাবিত জনসাধারণের বসবাসের ব্যবস্থা করার ও বস্ত্রী-উন্নয়নের দিক হইতেও দৃষ্টি এড়াইয়া যায় নাই। স্বল্প বেতনভোগী সরকারী কর্মচারীদের দাবী পূরণের ব্যবস্থাও এ বাজেটে রহিয়াছে।

জমিদারী প্রথা উচ্ছেদের ব্যবস্থা করার জন্য কিছু টাকা ধরা হইয়াছে। ইংরাজ সাম্রাজ্যবাদের অতীত কলঙ্ক এই জমিদারী প্রথা। শতকরা ৯৫ জনেরও উপর দেশবাসীর জীবনযাত্রা এই প্রথার দরুণ দূষিত ও দূর্ভিক্ষ হইয়া উঠিয়াছে। অচিরেই এই প্রথাটার বিলোপসাধন করিতে না পারিলে জমিদার কৃষক ও মজুরের অবস্থাকে আরো ভীষণ হইতে ভীষণতরভাবে বিপন্ন করা হইবে। বর্তমান মন্ত্রিগণের একিকে যথেষ্ট কর্তব্য রহিয়াছে; ভরসা আছে, অর্থসচিব তাহা সম্পন্ন করিবেন।

শিক্ষা ব্যাটে অন্যান্য প্রয়োজনীয় ব্যাপারে টাকা ধরা হইলেও প্রাথমিক শিক্ষাকে অবৈতনিক ও বাধ্যতামূলক করা এবং উহার প্রসারের ব্যবস্থা করা এবং প্রাথমিক বিদ্যালয়ের শিক্ষকদের বেতনবৃদ্ধি ইত্যাদি কার্যের জন্য কোন টাকার বরাদ্দ নাই। ইহা ছাড়া এই সকল শিক্ষকদের শিক্ষাকেন্দ্রকে নূতন পরিকল্পনা অনুযায়ী গঠনমূলক করার জন্যও কোন টাকার ব্যবস্থা নাই। জাতির জীবন-সংগ্রামের প্রথম সমস্যা শিক্ষা। জনসাধারণের জীবনযাত্রার প্রথম পাথেয় শিক্ষা। অবৈতনিক বাধ্যতামূলক প্রাথমিক শিক্ষা ব্যতিরেকে জাতিগঠন অসম্ভব। কিন্তু দুঃখের বিষয় স্বাধীনতার পর প্রথম বাজেটে সেমিকে আমরা বিশেষ মনোযোগ দিতে পারি নাই। অবশ্য বিনিয়োগ শিক্ষার জন্য ১১ লক্ষ টাকা ধরা হইয়াছে সত্য।

Sri JYOTI BASU: On a point of order, Sir. I do not find the Finance Minister here while the speeches are going on

The Hon'ble Rai HARENDRA NATH CHAUDHURI: He has gone to take his tea.

Sri JYOTI BASU: It is amazing that the Finance Minister should go for tea at this moment when speeches are going on.

The Hon'ble Rai HARENDRA NATH CHAUDHURI: Sir, I am here to take notes for him.

Mr. SPEAKER: Order, order. That is not a point of order.

Sri SUSIL KUMAR BANERJEE: জাতির পক্ষে কল্যাণকর কোন কোন বিভাগের বরাদ্দ প্রয়োজনের তুলনায় অতি অল্পই হইয়াছে--এমন কি গত বৎসরের (১৯৪৬-৪৭ ও ১৯৪৭-৪৮) বাজেট হইতেও। কিন্তু তাহা বর্তমান ক্ষেত্রে বাস্তব সজাব্যতার প্রতি দৃষ্টি রাখিয়াই বোধ হয় প্রথম বৎসরের পরিমাণ নির্ধারিত হইয়াছে বলিয়া মনে হয়। সেই কারণে, এই সকল বিষয়ে প্রয়োজনের তুলনার বরাদ্দ যথেষ্ট অপ্রতুল হইলেও আমাদের অনুরোধের কারণ দেখিতেছি না।

স্বদেশে বিধা বিভক্ত হইয়াছে। কিন্তু জাতীয় জীবনের বিভিন্ন স্তরের কর্মপ্রচেষ্টা ও প্রভাবের বিষয় জনসাধারণের আলোচনার জন্য প্রচারকার্যের বিবিধ ব্যবস্থা করা আত প্রয়োজন। এই কার্যের জন্য প্রয়োজন সতর্ক প্রচার বিভাগ গঠন ও প্রচারক সৃষ্টি করা। আশা করি, বর্তমান মন্ত্রিগণী একিকে নিশ্চয়ই দৃষ্টি দিবেন। এক্ষণে সন্দেহে যথোপযুক্ত আয়োজন সম্পূর্ণ করার জন্য অর্থসচিব মহাশয়কে আমি অনুরোধ জানাই।

কোমারিক সরবরাহ বিভাগের বাধ্যসম্মত সরবরাহ অত্যধিক হ্রাস করার ক্রমে পশ্চিম বঙ্গে, বিশেষতঃ বর্তমান বিভাগের কতিপয় জেলার খাদ্যসচট বৃদ্ধি পাইয়াছে। উহার সজাবিত পরিপত্তি হইতে দরিদ্র, নিম্ন বর্গীয় জনসাধারণের আর্থিক অবস্থার ভীষণ হ্রাস ঘটিয়াছে। সেই কারণে সরকারী সাহায্য রাখার ব্যবস্থা করা বর্তমান বাজেটেই প্রয়োজন। আশা করি, মাননীয় অর্থসচিব মহাশয় এ বিষয়েও অবহিত হইবেন।

বর্তমান বাজেটে স্বাস্থ্যসেবার প্রতিষ্ঠানগুলির সাহায্য হিসাবে কিছুই বরাদ্দ রাখা হয় নাই। কলিকাতা কংগ্রেস, হাওড়া মিউনিসিপালিটি, ডিষ্ট্রিক্ট বোর্ড প্রভৃতি পৌর প্রতিষ্ঠানগুলি অর্থাভাবে কি নিশ্চয় অর্থসাহায্য পড়িত হইয়াছে তাহার সঠিক সংবাদ আশা করি বহিনবংশী রাখেন। গত মহানুজের বরাদ্দ প্রত্যেকবীরজা হিসাবে তাহাদের উপর দিয়া কার্য চালাইয়া তাহাদের যে পোচনীর অবস্থা করা হইয়াছিল বর্তমান অর্থ সচিব নিশ্চয়ই সেকথা জানেন। ইউনিয়ন বোর্ডগুলির আর্থিক অবস্থা আরো পোচনীর। বাংলার জনসাধারণের সুবিধা, সুযোগ ও সুব্যবস্থার জন্য এই সকল প্রতিষ্ঠান গঠিত হইয়াছে। বাংলার পল্লী-পঠন ও গ্রামোন্নয়ন সম্পর্কে ইহাদের সাহায্যের প্রয়োজন আছে। বলা বাহুল্য, এতদিন সরকার যে উদ্দেশ্য ও কর্তনীতি অনুসরণ করিয়া চলিতেছেন ব্রিটিশ শাসনের অবসানের পর সেই উদ্দেশ্য ও কর্তব্যের পরিবর্তন অপরিহার্য হইয়া উঠিয়াছে। কারণ এই সমস্ত প্রতিষ্ঠানই পণ্ডত্বের শ্রবণ ও প্রধান ভিত্তি।

বাংলা সরকারের বাখাদারী (top heavy) শাসনভার কবাইবার কোন লুচনা বর্তমান বাজেটে দেখিতে পাওয়া যায় নাই। প্রদেশের এই সাফল্য আন, বিশেষ করিয়া বহন বর্তমান বৎসরে এক কোটি টাকা বাটতি হইয়াছে, তখন বহিনবংশীর এটিক দৃষ্টি দেওয়া বিশেষ প্রয়োজন বলিয়া মনে করি। ডবলা আছে বর্তমান অর্থ সচিব মহাশয় এ বিষয়ের গুরুত্ব সত্য উপলব্ধি করিবেন।

পরিশেষে আমার বক্তব্য এই যে বর্তমান বাজেটের দ্বারা বরাদ্দগুলি স্বল্প হইলেও কার্যকরী করিয়া তুলিবার ভার স্বামী কর্তব্যীদের উপর। অতীতে তাঁহাদের ক্রটি-বিচ্যুতি ও কর্তব্যবিমূঢ়তার ব্যেট পরিচয় পাওয়া গিয়াছে। পশ্চিম বঙ্গ প্রদেশের পোচনীর দুরবস্থা কথা সম্যক অগত হইয়াও প্রতিষ্ঠানের উপায় সম্পর্কে সকল সময়েই তাঁহারা নিশ্চেষ্ট ছিলেন। আজ স্বাধীন রাষ্ট্রত্বের বাচক হিসাবে আমরা যেন তাঁহাদের নিকট চাইতে আশা করিতে পারি অন্য পরিচয়; আজিকার এই সব বরাদ্দের অন্তর্নিহিত প্রতিষ্ঠা প্রদ্বার কার্যে রূপান্তরিত করিবার ও তাহার উপর ভিত্তি করিয়া পরিকল্পনা রচনা করা ও তাহা সম্পূর্ণ করার ভার তাঁহারা গ্রহণ করিবেন।

Sri PRAMATHANATH BANDYOPADHYAY : মাননীয় Speaker মহোদয়, আমি এই বাজেট সম্বন্ধে কিছু বলবার পূর্বে অর্থ সচিব মহাশয়কে, আমদানিকে স্বামী মহাশয় যে নতুন বাজেট উনিয়েছেন সেজন্য, তাঁকে অভিবাদন জানাই। সোভাগ্যই হোটক বা দুর্ভাগ্যই হোটক গত ১৯২৪ খ্রীষ্টাব্দ হতে বহো বহো এই বাজেট সভায় উপস্থিত থাকবার সুযোগ আমার হয়েছে। বাজেট অধিবেশনের সময়, অর্থ সচিব মহাশয় বাজেট উপস্থিত করতেন। আমরা সেই সময় অর্থ সচিব দ্বারা থাকতেন তাঁদের মুহিমত্বের জন্য এবং তাঁরা এত ভাল বাজেট উপস্থিত করেছেন বলে তাঁদের অভিনন্দন বরাবর করেছি। কিন্তু বৎসর শেষ হবার সময় দেখি যে যেসব আশা এবং ভরসা কথা বাজেটে রাখা হয়েছিল তার অধিকাংশ কাজে পরিণত হয়নি। অধিকাংশ বললে কব করা হবে, প্রায় সমস্তই কাজে পরিণত হয়নি। সেই কৃষি বিভাগ ছিল, Veterinary Department ছিল, Medical বিভাগও ছিল; সবই আছে, কিন্তু বৎসরের শেষে কেবলতে পারেন যে কোষ বিভাগ থেকেই চাবীদের কিছু উন্নতি হয়েছে বলে কখনও লেখা যায়নি। এক মুঠো ধানও বেশী উৎপন্ন হয়েছে এ সংবাদ আমরা পাইনি। আমাদের দেশে শিল্প বিভাগের যে কোন উন্নতি হয়েছে এ খোঁজ হয় আমাদের জানা নেই; যদি অজানা কিছু হয়ে থাকে বলতে পারি না। Veterinary Department যা আছে তার জন্য খরচ হয়, কিন্তু বাংলার গরুর কি রকম উন্নতি হয়েছে এবং কত সের দুধ বেড়েছে সে রকমভাবে আমরা জানা নেই; আপনারা দ্বারা জানেন বলতে পারেন, আমার নিজের জানা নেই। এ রকম বাজেট গত বৎসর পর্যন্ত দেখে আসছি। এখনকার এই স্বাধীন ভারতের স্বাধীন বাংলার আমাদের অর্থ সচিব মহাশয় এই বাজেট পেশ করেছেন এবং আমরা বুঝ আশা করছি যে এবার হয়ত ভাল কাজ হবে। কিন্তু আশা করবো কাদের কাছে? এই যে বাজেট, এতে যে সমস্ত অর্থ নির্দিষ্ট করা হয় তা খরচ করেন কারা? খরচ চর গভর্নমেন্টের কর্তব্যীদের দ্বারা। এই কর্তব্যীদের সঙ্গে দেশবাসীর সম্পর্ক কি? এঁদের ভাষা, এঁদের পোষাক-পরিচ্ছদ, এঁদের চালচলন, সেই সমস্তর সঙ্গে দেশবাসীর সম্পর্ক কি? এঁদের পোষাক দেশবাসীর পোষাক নয়। Agricultural Officer, তিনি যে চালচলনে গ্রামে যান, যে ভাষায় কথা বলেন, তাঁর সঙ্গে কথা বলতে ভয় হয়। চাবীদের সঙ্গে কি তাঁরা মেসেন? দ্বারা Veterinary Departmentএ থাকেন তাঁরা কি পেরোন্সের বাড়ীতে গিয়ে পক্ষ কিতাবে প্রতিপালিত হয়, তার দুধ কেন কমছে, গ্রামে কত খাঁড় আছে, এলর ধর রাখেন? যে সমস্ত ভাষার আছেন চিকিৎসা বিভাগে, সরকারী হাসপাতালে অথবা charitable dispensaryতে তাঁরা দেশের লোকের সঙ্গে কিরকম ব্যবহার করেন? আমাদের স্বামী মহাশয় যদি বোঁজ সেন তাঁর'লে বুঝতে পারবেন যে যদিও দেশ স্বাধীন হয়েছে আজও দেশেতে আমাদের গ্রামে বলতে এবং কলোয়ার গ্রামের লোকেরা পোষাকভায়ে মত দ্বারা আছে। আমি কাল ধর পেয়েছি যে ২৪-পরগণার দুধের বন অঞ্চলে ১৫০০ ইউনিয়নে ব্যাপকভাবে কলো লেখা

Mr. SPEAKER: Your time is up.

Mr. SPEAKER: Your time is up.

SHI PRAMATHANATH BANDYOPADHYAY : এই সিকেন কথারি যে আবারের নব
লেনবাণী এখানকার বীরা সত্য আহেইন, সরকারী কর্তারী এক দেশবাণী সকমে একত্র বিশেষে বহি এবেলোক
উদয় করতে না চোঁ। কয়েদ জাহ'সে তম কেবন বাজেই করে এক বাজেই তুমে কোদ কহ হয়ে না।

শ্রী KRASHENDRA NATH DAS GUPTA: বামদিক Speaker মহোদয়, বাঁদিকের দিক থেকেই শুরু হবে এবং লাইভ অসেটস বা assets and liabilities তার জপ শেষ হইবে। এই পরিবর্তন এবং নানা প্রতিভুল অবস্থার মধ্যে অর্থসচিব মহোদয়কে তাঁর কাজে প্রস্তুত করতে হইবে। তা সত্ত্বেও তিনি আমাদের জাতিগঠনমূলক বিভাগের প্রতি যে অধিকতর মনোযোগ দিতে পেরেছেন এজন্য আমি তাঁকে অভিনন্দন করছি। এই কাজেটের একটা বৈশিষ্ট্য আমাদের চোখে পড়লো এই যে দেশের নানাবিধ আর্থন্যাকতার কোনটাই এতকালে উপেক্ষিত হয়নি। আমাদের অর্থনৈতিক সম্প্রদায়ের, নিম্ন অর্থনৈতিক সম্প্রদায়ের, গৃহস্থিরাণ্ডির পরিকল্পনা থেকে আরম্ভ করে community kitchen, সব কিছুই এই কাজেটে সাধ্যা পেরেছে। আমি আমাদের দেশের যে সব সমস্যার সর্বোত্তম সমাধান প্রয়োজন সেগুলিকে ভিত্তি করে এই কাজেটের বিচার করবো।

আমাদের দেশের সবচেয়ে জরুরী এবং সবচেয়ে প্রয়োজনীয় সমস্যা হচ্ছে বাস। আজকে বাংলার দেশের সমস্যা ২ কোটি লোকের ভিতর ৭০ লক্ষ অধিবাসীকে বাসা প্রদর্শনশীল আশপোতা করে রাখার মধ্যেই রয়েছে। এছাড়াও অন্যান্য জেলায়, আমি যে জেলা থেকে এসেছি, সেই জেলায় সমস্যা দুইতরফে কয়াল দ্বারা দেখতে পাচ্ছি। অথচ এই পশ্চিম বাংলার প্রায় ১৬ লক্ষ একর জমি অনাবাসী পড়ে আছে, যদিও সেগুলি সম্পূর্ণ আবাদযোগ্য। এই অনাবাসী জমি যদি আমরা আবাদে পরিণত করতে পারি তাহলে বাংলাদেশে বাসার অভাব দুই দিনের দূর হয়ে যেতে পারে। এজিওলিকে আবাদে পরিণত করতে হ'লে সবচেয়ে বড় প্রয়োজন সেচব্যবস্থা। আমাদের এই কাজেটে সাধারণ বাসে সেচ সম্পর্কে প্রত্যক্ষগতিক ব্যবস্থাই করা হয়েছে। তবে development project-এর উন্নয়ন পরিকল্পনায় আমরা দেখতে পাচ্ছি আমাদের অর্থসচিব মহোদয় ৬০,৯৬,০০০ টাকা এবং Mor reservoir পরিকল্পনা ব্যয় ৮৬,০৪,০০০ টাকা ব্যয় করেছেন। কিন্তু এই উন্নয়ন পরিকল্পনায় প্রধান স্থান অধিকার করে আছে প্রধান বর্ষা মাসের চিকিৎসা বিভাগ, সেখানে আড়াই কোটি টাকা ব্যয়। পশ্চিম বাংলার আমি আমার দুটি জেলায় কথাই বিশেষ করে এখানে তুলবো, জলপাইগুড়ী এবং লালসিং, এই দুটো ঘাটতি জেলা। পাকিস্তানের মধ্যে দিয়ে এখানে বান ঢাল জালানী করা অত্যন্ত দুর্ভাগ এবং এই দুইটি জেলা পশ্চিম মজের অন্যান্য জেলা থেকে সম্পূর্ণরূপে বিচ্ছিন্ন হয়ে আছে। এই অঞ্চলগুলিকে স্বাধীন করবার জন্য অগোচর অবস্থিত হওয়া উচিত ছিল। এই অঞ্চলে বহু লক্ষ একর, আমি লালসিং পাহাড়ী জেলায় কথা বলছি না, শিলিগুড়িতে বহু লক্ষ একর জমি অনাবাসে পড়ে আছে। সামান্য সেচ ব্যবস্থা হ'লে সেগুলি আবাদে পরিণত হতে পারে। অথচ আলোচ্য কাজেটে এই দুই অঞ্চলকে সম্পূর্ণ উপেক্ষা করেছে। জলপাইগুড়ী ও শিলিগুড়ী বহুতর থেকে অনেক ছোট সেচ পরিকল্পনা সরকারের নিকট পৌঁছ করা হয়েছিল, জানি না সেগুলি কোথায় হানাদিত করেছে। যে টাকা এই অঞ্চলের জন্য ব্যয় হয়েছে তাহা অতি সাধারণ ও নৈরাস্যজনক। নদীরা আর একটা ঘাটতি জেলা হ'লেও জলাভায়ে বহু জমি সেখানে অনাবাসী পড়ে আছে। এই জেলার জন্য সেচ বাসে একটা পর্যায়ে বরাদ্দ করা হয় নাই। অথচ বালোবিরার জন্য ক্যুয়া এই জেলার হাজারেকা নদীগুলির সংস্কার করলে ওখ থেকে পত্রিত জমিগুলির উদ্ধার হ'ত তা নয়, জেলার বাসোত্তর বহু উদ্ভূতি হ'ত।

পূর্ণরূপ থেকে সর্বাপেক্ষা বেশী অশ্রুশ্রাবী এই অঞ্চলে এসে উপস্থিত হয়েছে। সেচ বিভাগের বরাদ্দ-ব্যবস্থা থেকে স্থানীয়ভাবে ছিটেকোটা সেওয়া হয়েছে বটে, কিন্তু বালবহের ভাগে পড়েছে ন্যূন। বর্ডন বিভাগকে তার পৌত্তাগ্যের জন্য অভিনন্দন জানাচ্ছি।

জীবনযাত্রার মানস উন্নত করার জন্য কৃষি নিষ্পন্ন পুসার অত্যাবশ্যক। কৃষি বাসে ২ কোটি ৩১ লক্ষ টাকা ব্যয় করা হয়েছে। এই পশ্চিম বঙ্গ সরকারের আয়ের তুলনায় এই ব্যয় যে একটা গাঢ়তা মোটা টাকা সে বিষয়ে কোন সন্দেহ নাই। কিন্তু এর মধ্যে ৯৫ লক্ষ ১৫ হাজার টাকা manure বা সাব বাব, ২৬ লক্ষ টাকা বীজ বা বীজ বিতরণ বাব, বাকী ১ কোটি টাকা বেতন ইত্যাদি establishment ব্যয় ব্যয় করা হয়েছে। যে ৯৫ লক্ষ টাকা সাব বাব ব্যয় হয়েছে তার মধ্যে ৬১ লক্ষ টাকা হচ্ছে chemical fertiliser-এর জন্য। এই chemical fertiliser বাংলার কৃষকেরা কতখানি গ্রহণ করতে সে বিষয়ে সন্দেহ আছে।

General Administration ও Police বিভাগ দ্বারা এই বিভাগে establishment বাসে সবচেয়ে বেশী টাকা ব্যয় হয়েছে সেখানে পাচ্ছি। এই বিভাগে কার্যকর অনুপাতে কর্মচারীর সংখ্যা অনেক বেশী। বাংলাদেশে যে ১৬ লক্ষ একর জমি অনাবাসী পড়ে আছে সেগুলি আবাদি করবার জন্য বৈজ্ঞানিক পদ্ধতি ও জ্ঞানভিত্তিক অনেক বড় প্রয়োজন হতে পারে। তারজন্যে আমাদের অত্যন্ত গুরুত্বপূর্ণ—মোরে, বিদ্যা, ইন্টার-কন্ট্রোল, কন্ট্রোলিং—এই কর্মী পুসলে Central Government-এর দ্বারাও তাদের নিয়োগের অবসান

জরি বৈজ্ঞানিক পদ্ধতি এবং বৈজ্ঞানিক্যাল ট্রাক্টর ইত্যাদির সাহায্যে আবাদে পরিণত করার কাজে লেগেছেন— কিন্তু বাংলার সেক্স কোম বন্যমা আদরা বর্জনান কাজেটে লেগেতে পাচ্ছি না। বীচনের জন্য অনেক টাকা ধরা হয়েছে। কিন্তু বীচন সরবরত প্রাপ্তির উপরই এর সার্থকতা নির্ভর করছে।

শিল্পোন্নতি বিভাগ প্রধান স্রী তাঁর নিজের হাতে লেগেছেন। এর chemical planning বাইদে ৫ লক্ষ টাকা বরাদ্দ লেগে এই বিভাগের উন্নয়ন সম্বন্ধে বনে কিছুটা আশা সজার হয়েছে। ট্যানিং ও শ্রীমামপুর ট্রেনিং ইন্সটিটিউট ব্যতীত এই বৎসর কয়েকটা কুটার শিল্পের অবতারণা করা হয়েছে—স্বপ্নের বিষয় সন্দেহ নাই। পঞ্চাশ হাজার টাকা দিয়ে হাতে তৈরী কাগজ ও ৫৭ হাজার টাকা দিয়ে গুড় শিল্পের কি উন্নতি হবে জানি না। আর একটি কুটার শিল্পের প্রতি অর্থসচিব মহাশয়ের দৃষ্টি আকর্ষণ করতে চাই। পশনের সুতা ও কফল তৈরী। দাজিদিং জেলার কালিংগাও অপর্যাপ্ত পশর হয়। কেন্দ্রীয় গভর্নমেন্টকে যুদ্ধের সময় সুশীলাবাস ও বর্জনান জেলার বিভিন্ন অঞ্চল থেকে লক্ষ লক্ষ টাকার পশরী কফল তৈরী করে সরবরাহ করা হয়েছিল। এই পশর শিল্প নষ্ট হতে দেখা উচিত নয়।

পেশর শিল্পের জন্য বাংলা গভর্নমেন্ট অনেক অর্থ ব্যয় করছেন। কিন্তু বৃষ্টিমেয় ব্যবসাপারমা দান দ্বারা দুল্য নিয়ন্ত্রণ করছে বলে আশানুরূপ সফলতা লাভ করছে না। আমরা চাই বাংলার গ্রামে গ্রামে কুটার শিল্পের জড় প্রসার। এই প্রসার করতে হবে

(The member having reached the time-limit resumed his seat.)

(At this stage the House was adjourned for fifteen minutes.)

(After adjournment.)

Sri BIMAL COMAR CHOSE: Mr. Speaker, I would like to felicitate the Hon'ble Finance Minister for presenting the first Congress budget of West Bengal in a self-governing India. It is a unique honour which, as Janab Abul Hashem has said, he has deservedly earned by virtue of his long service and rich experience.

In trying to examine the budget and assess the various proposals it contains, I must confess I have a feeling of some embarrassment. Although the Finance Minister has been the recipient of high encomiums as also of much adverse criticism, I believe neither is due to him in any appreciable measure. Evidently he could not possibly have devoted much time and attention to its preparation. I feel, Sir, we shall not be doing justice to the undoubted financial acumen and genius of the Finance Minister if we were to ascribe to him either wholly or even substantially the real authorship of the budget.

Apart from certain important and fundamental considerations, to which I shall presently refer, the discerning will notice many a small indication in the budget which will bear out the correctness of my statement. For example, the pattern, the general framework, the presentation of the budget as also of the Finance Minister's statement are what may be called traditional. For another, demand head "63—Extraordinary Charges in India" is still described as including items which are distinguishable from normal and ordinary expenditure of the province. I doubt, Sir, if that description still holds good today. For yet another, although textiles have been decontrolled, the Directorate of Textiles in the Civil Supplies Department still continues. Probably the only important work that this Directorate has to perform is in regard to distribution of yarn. I would suggest that this work could easily be transferred to the Directorate of Transportation and Consumer Goods, thereby eliminating one of the existing five Directorates in the Civil Supplies Department and effecting some economy in expenditure. I shall not cite any more of these small instances in support of my statement.

Sir, one of the more important and fundamental reasons why I am loath to make the Finance Minister primarily or wholly responsible for the preparation of the budget is the absence of any fruitful endeavour to recast or readjust it in the light of altered conditions. I shall try to illustrate my

point by a reference to certain figures in the revised estimates of 1946-47 for undivided Bengal and the budget estimates for 1948-49 of West Bengal. Unfortunately, neither the Blue Book nor the Red Book gives us any figures of the actuals of 1946-47. The total revenue of undivided Bengal, apart from Central assistance, in 1946-47 was 37 crores. The corresponding figure for West Bengal in 1948-49 is 25 crores or 68 per cent. of what it was in 1946-47 for undivided Bengal. The revenue expenditure in 1946-47 for undivided Bengal outside of Central assistance was 39 crores. The corresponding figure for West Bengal in 1948-49 is 24.4 crores or 65 per cent. of what it was in 1946-47 for undivided Bengal. If Central assistance is taken into account, then the proportion of expenditure in West Bengal in 1948-49 will be about 75 per cent. of what it was in 1946-47 for undivided Bengal.

Sir, this unfortunate trait of the Budget has not escaped the notice of the Finance Minister, and on pages 18 and 19 of his Budget Statement he has detailed the major causes as to why expenditure is not in accord with the reduction of the size of the province. I am afraid, Sir, on a closer scrutiny many of these reasons do not appear to be quite so satisfactory. Expenditure on General Administration, which should reflect in a large measure the effect of the influx of surplus services personnel from East Bengal, is in 1948-49 only 52 per cent. of what it was in 1946-47 for undivided Bengal. Extraordinary charges in India again, which should reflect in a large measure the charges peculiar to Calcutta, are only 40 per cent. in 1948-49 of what it was in 1946-47. Again, increase in beneficent expenditure to which the Finance Minister has referred is, as he has also pointed out, most noticeable under head "40—Agriculture". I have tried to analyse the expenditure under this head and the result is not quite satisfactory as a reference to some of the major sub-heads will bear out.

Under Agriculture—Direction, it is mostly establishment expenses: in 1946-47, Rs. 1,71,000, in 1948-49, Rs. 2,38,000 or 140 per cent. of what it was in 1946-47; Superintendence—mostly establishment expenses—Rs. 6,04,000 in 1946-47, Rs. 44,28,000 in 1948-49, or 733 per cent. of what it was in 1946-47; Botanical and other public gardens—also mostly establishment expenses—128 per cent. in 1948-49 of what it was in 1946-47. Thus the increase in expenditure under most of these sub-heads is accounted for mostly by establishment expenses and what benefit will accrue therefrom to agricultural development is rather problematical.

I may also draw the attention of the Finance Minister to the fact that expenditure under Presidency Police is 90 per cent. more in 1948-49 than what it was in 1946-47 for undivided Bengal. I am afraid, Sir, that expenditures like these are responsible for eating away the surplus that this year's budget was at one time expected to yield and which it was hoped would be available for beneficent activities. I would therefore urge upon the Finance Minister to bring to bear his undoubted skill and ability upon a close scrutiny of expenditure under the different sub-heads with a view to release as much money as possible from out of ordinary expenditure for financing development projects. Because, in so far as the Provincial Government is concerned, I do not find, Sir, any very large scope for expansion of revenues. We must therefore concentrate our attention more on the expenditure side. Of course this may result in some unemployment among Government employees. The scope therefore of their absorption in developmental projects and also in measures which the Government may institute for the security of the province should be carefully explored. I believe the Government should also make arrangements for training of lascars and certain categories of railway employees and the like, of whom there is a great dearth not only in West Bengal but also in the whole of the Indian Union.

I may also mention, Sir, without disclosing any secret that the division of expenditure of undivided Bengal over the period 1920-21 to 1938-39 was 53.9 per cent. for West Bengal and 46.1 per cent. for East Bengal, and I believe the ratio had remained substantially the same in subsequent years. It is essential therefore that strenuous effort should be made to bring down our expenditure from 65 per cent. to this figure. In truth, inasmuch as there was admittedly large wastage of expenditure under previous Governments in undivided Bengal, the proportion should come down to a figure even lower than 53.9 per cent.

Another important reason why I think, Sir, the Finance Minister could not possibly have given much time and attention to the preparation of the budget will be found in an analysis of the Government's development programme. The Finance Minister has himself admitted that the development projects are to a great extent continuation of schemes already taken in hand before the date of partition. If any honourable member would care to compare the lists of development projects appended to the Budget Statements of the previous and the present Finance Ministers he will be impressed by the measure of their identity. The only welcome exception, or about the only welcome exception, to that rule is the development programme of the Irrigation Department and the Minister in charge, who unfortunately is not present here, deserves congratulation for his energy and initiative.

I would invite the Finance Minister to peruse the comments and observations we had offered in this House on the development programme introduced by the previous Ministry in undivided Bengal and try to appreciate our anxiety in this matter. Our main criticisms were that this programme had no plan behind it, was a departmental affair, and therefore not likely to make the most fruitful use of the money that was going to be spent on such projects. It is probable that many of the schemes will have been so far advanced that they cannot be held up. Yet I would request the Finance Minister to examine the projects more carefully in the light of the criticisms that we had offered while occupying the benches opposite.

In the second place, quite a few of the schemes included in the development programme are really not developmental in character and should more appropriately have been included in the ordinary budget. Expenditures like the cost of running a Labour Journal or maintenance and repair costs of existing hospitals are cases in point.

In the third place, the Finance Minister's statement that "having regard to the fact that efforts are likely to be wasted or be productive of very limited results in the absence of timely and carefully drawn up plans as parts of an integrated comprehensive scheme, it has been decided to set up special organisations for the survey of requirements and for comprehensive planning in respect of" what may be called the nation-building departments, appears to me to be somewhat confusing in view of the already budgeted expenditure of a little over 6½ crores in the ensuing year, presumably in the absence of an adequate survey of requirements and of comprehensive planning.

It is also a moot point to which my honourable friend Sri J. C. Gupta had also referred, whether the objective of drawing up an integrated comprehensive scheme would be adequately served by providing separate allotments to different departments for planning. I would urge upon the Finance Minister to give his serious thought to this problem with a view to avoiding waste of resources, duplication of work and possible inter-departmental squabbles. The Finance Minister should also give us some idea of the planning machinery that he would like to set up.

In the fourth place, we should like to have some idea from the Finance Minister of the funds that may be available for developmental projects, say,

over the next 3 to 5 years. How much can we expect from the Central Government? The Central Government had at one time assured, if I remember rightly, an amount of nearly 70 crores to undivided Bengal for development projects. How much of this money had already been obtained? How much can we expect for West Bengal from the Central Government? What are the prospects again of any surplus being available from out of the ordinary revenues? In the context of the present budget, that prospect would appear to be rather depressing. What again are the prospects of raising big loans? I do not know, Sir, but I am afraid that both against the background of the present budget and the money market conditions obtaining now, I cannot share the optimism of the Finance Minister that in executing and planning our future development programme lack of money will not prove a very serious obstacle. I am aware that shortage of raw materials, lack of machinery and trained personnel are great handicaps, but in the future lack of funds is also likely to prove another bottle-neck.

I would also request the Finance Minister to explain a little more fully what he meant by the "potentialities immediately ahead of us" which, if fully realised would, according to him, entitle us to take a more definitely optimistic view of the future.

I think, Sir, I have said enough to explain why I said at the beginning that I could not hold the Finance Minister very much responsible for the present budget.

I would now draw your attention to a few other aspects of the budget for your consideration. In the first place, in the industrial sphere I am glad the Government realise that a large sector of industry would have still to be left to private enterprise. Having said that, I am sorry the Finance Minister has hedged in this proposition with various other statements and the final picture does not emerge very clearly. Nothing is more mimical to expansion of production than vague generalisation and confused statements of policy. I would request the Finance Minister to give us a clear and concrete declaration of policy on (1) the specific industries, if any, which the Government want to nationalise, and or (2) the specific industries, if any, that the Government would like to control and the forms of control that Government would like to impose. This enunciation of policy may relate to a period of 3 to 5 years.

In the second place the dichotomy of the province's economy into an urban and a rural sector to which the Finance Minister appears to have referred rather approvingly on pages 5 and 6 of his statement can no longer be regarded as a happy or necessary development. With the development of electricity which would be available even to rural areas I believe a strenuous effort would be made to give a quietus to the age-old feud between the urban and rural areas comparable in the inter-national sphere to the rivalry between industrial and agricultural countries. If future trouble is to be avoided and the welfare of every part of the province promoted, I believe the disparity which today exists between the development and well-being of urban and rural areas should be removed at as early a date as possible.

In the third place I have already indicated my views on the development programme. And I do not like to dilate on that matter except to say that the absence of any indication of the planning machinery that Government would like to set up is a weak point in Government's planning endeavours and is liable to make them open to the charge of proceeding without sufficient forethought.

In the fourth place, Sir, the Finance Minister has provided 50 lakhs for improvement of Calcutta's transport facilities but has not indicated the way in which it should be utilised. If newspaper reports are to be relied upon, Government's intention appears to be to form a company in whose share

capital Government will participate and which will run a fleet of buses. As private capital is not shy in this sphere, I do not find the necessity of Government contributing to share capital in this particular field. I believe, Sir, in any commercial enterprise partly private ownership and control and partly State ownership and control are likely to give rise to awkward problems and create difficulties. Would it not be a better proposition to leave the entire business either to private enterprise or alternatively, if the Government so desire, to nationalise Calcutta's city transport, or at least control and manage it by setting up a transport board or some such machinery.

In the fifth place, the absence of any mention of the East Bengal refugee problem I consider a short-coming of the budget. As items have been mentioned for which no plans have yet been drawn up and no moneys provided for such as the very laudable proposal of assistance to political sufferers, I feel that some mention of the East Bengal refugee problem was called for. I am sure the Government are aware of this problem and would let us know their plans in this regard.

The Finance Minister has expressed his hope and belief that there is ground for taking a definitely optimistic view of the future. I wish I could share that hope in an appreciable measure against the background of this year's budget. But at the same time I have not the least doubt in my mind that if only the Finance Minister will bring to bear his unrivalled expert knowledge on the many facets of West Bengal's finances, we may yet look forward to a much brighter and happier future for this new province of West Bengal.

The Hon'ble Sri NALINI RANJAN SARKER: Mr. Speaker, Sir, as I was listening, with as much attention as the importance of the occasion required, to the speeches made in criticism of the budget, I was struck by the variety of angles from which the same object may be viewed. Some of the criticisms were very helpful in giving me new ideas and I thank the Honourable Members who made valuable contributions to the budgetary problems of the province. Some Honourable Members however are obviously still wedded to the old familiar policy of criticism for criticism's sake. I trust that in course of time as we get more used to the new set-up there will be an adequate re-orientation in our outlook.

The Honourable Member for the Muslim Chamber of Commerce has said that the Government should create an Opposition. I must confess that I have failed exactly to understand what the Honourable Member meant, unless he was referring to the experiment attempted with indifferent results by Kamal Pasha in Turkey by decree. A healthy Opposition, following a constructive policy, has always, within itself, all the factors that make for sturdy growth and should not await the sanction or consent of the Government that it seeks to oppose. I have always attached great value to healthy opposition to a Government for it indicates that there are people who take an intelligent interest in the affairs of the State and who can, in their turn, make up for the shortcomings of those whom they oppose. It is a truism that in a democratic party Government, the Opposition of today is the Government of tomorrow. But it is also equally true that there must be a modicum of agreement between the Government and the Opposition on certain fundamental principles which govern the nation's weal. Parties, as has been well pointed out, operate best when they rest on important divisions of opinion within a common background of agreement on fundamental principles. Subject to this proviso a Finance Minister, overwhelmed by his many problems, can only welcome the criticism of those who are not on his side of the House. Just as the Honourable Members on the other side expect the Government to justify itself in their eyes, would it be too optimistic to hope that the Opposition, by their helpful and constructive criticism, should justify the honoured name which they bear? There is safety in numbers, they say. But the value of an Opposition depends more

on its taking an effective interest in the affairs of the State, as an organised body. I shall convey to my Government the demand which the Honourable Member has put forward and I have no doubt that all legitimate facilities for discharging their duties as an Opposition will be readily conceded.

Some Honourable Members have found the budget stereotyped, dealing as it must inevitably do, with the old familiar themes like Irrigation, Education, Administration, Police, Revenue, Public Health, and so on. I do not know what the Honourable Members expected to find in a budget outside the old familiar story of the stupendous problems facing any Government which may happen to be in the saddle and the inadequacy of our resources. This is a legacy of the past which we have to carry forward from year to year until the new forces have had time to prove effective in liquidating it. I confess that in dealing with the problems of our national life I had perforce to discuss the same old problems which have hitherto defied a solution. A budget is essentially a tentative estimate of receipts and expenditures. No amount of wishful thinking can enhance the receipts to the proportion of the resources of other free countries like America or Russia in the twinkling of an eye; nor can we slur over any essential expenditure such as the cost of maintaining Law and Order and other beneficent activities which, however, may pay delayed or only indirect dividends. This is, or should be, an inescapable principle in the framing of the budget in any country. I confess, however, that I may have failed to present a very clear picture of our problems and our hopes for the future in this, the first budget, framed so soon after the birth of our new province. It is unfortunate but true that a nation's miseries die hard. And here again the remedy lies in the hands of those who constitute the nation and not on its Government alone, however wise and well-intentioned. If multiplying three by four yields twelve as a result today as it did everywhere and every time, the blame, if blame be any, should be laid at the doors of the immutable laws of nature. Some Honourable Members have justly pointed out that merely providing funds in a budget is not enough, it is the duty of the Government to see that the schemes are properly implemented. The Government are in complete agreement with this view and I propose, at the end of the year, to make a statement before the House to show what progress we have achieved in various directions.

Some adverse criticism has been levelled against my exultation at the fact that today we are breathing an air of freedom. That air, it is pointed out, is tainted with the stink of blood and our Communist Comrade says that all that we have achieved is only Dominion Status. I shall not quarrel over the name by which we call our newly earned status. If the freedom which we have got can give us, as it has done, the fullest opportunity for self-expression and self-development free from any outside control, I shall always value it as the beginning of the realisation of our national aspirations. If we have temporarily lapsed into the law of the jungle, we are, at any rate, out of the cage.

Freedom, after all, is an abstract conception and a means to an end. Its material manifestation depends on the toil and earnestness of those who are free. To point at our poverty, illiteracy and many other shortcomings in our national life, to argue that we are not free, is to deny that we are alive because we are suffering from a malady. That malady cannot be removed by the magic wand of the Government nor can human nature undergo an electric metamorphosis which will suddenly change our resources in men and material overnight. Our freedom is only what we can make of it ourselves, through years of earnest endeavour and ungrudging sacrifice.

It is necessary to realise at the outset exactly where we stand. Our province is not even a Dominion but a State within a young Dominion. We are still within the framework of the adapted Government of India 1935 Act which imposes limitations on our financial and monetary resources. In that

context, certain financial powers are vested on the provinces and certain others on the Central Government. A province cannot go beyond the Provincial List, however much it may wish to do so and however great the need. Where, therefore, some Honourable Members in their revolutionary zeal, urge the desirability of imposing further taxation on the rich, I can perhaps support their plea on the ground of equity, but I have to plead my inability to satisfy them on the ground of our constitutional limitations. The two most recognised forms of progressive taxation which tend to bring about a more equitable distribution of wealth are, of course, Income-tax and Estate Duty. But both these taxes can only be imposed by the Centre although we are entitled to a share of the revenue. None of the Honourable Members have given any concrete suggestions as to how we can further tax the rich within our provincial sphere, with any substantial results. But I am always ready to learn. The Honourable Members are, no doubt, aware that incomes in this country are taxed to their uttermost capacity and it is doubtful if there is any further scope of increasing the rates without adding to the retarding effects on our economy already in evidence. The impact of taxation on income in this country is the severest in the world and the highest rate of fifteen and a half annas in the rupee comes into operation at a level of income which is much lower than in any other country in the world. It is my honest view that the stage has been reached when it is to be seriously considered whether it is possible to give any relief to the people groaning under the burden of the heavy income-tax in the interests of our national development. To overload the caravan is but to retard its progress.

Some Honourable Members have expressed their disappointment that the Government have not immediately launched on a more rapid comprehensive plan for nationalisation of industries. Here, again, it is necessary that we should take stock of our position with a clear vision unclouded by common-places of doctrinaire politics. Socialism today is undoubtedly our economic goal and socialisation of industries is certainly the first essential step to that goal. But the process of our evolution to that stage must be gradual. The first emphasis, as Pandit Jawaharlal Nehru has urged, must be on production. Increased production will automatically create more jobs, thus enhancing our national wealth and reducing unemployment—the two most important problems before us. But the Government today, with its limited resources in men, money and material, can neither undertake nationalisation on a large scale which will absorb a reasonably large number of our unemployed and under-employed population. There would thus hardly be any justification, at the present stage, to so shake the existing industrial structure as might cause serious dislocations in our economy. The supreme need of the country is increase of production and Pandit Nehru has categorically stated that the Government of India are not going to sacrifice production for the pursuit of any slogan. We cannot block our meagre resources simply for the pleasure of owning existing industries without reference to our ability to undertake them. In countries which have accepted a more or less socialistic programme without revolution, the question is not one of complete socialisation of industries all at once and abolition of private enterprise, but of examination from time to time of the extent to which the social sector may be increased by placing new industries on the list of state-owned enterprises. In that view of the matter our advance towards socialisation should be gradual if we are to avoid a sudden and violent change and costly errors. We have also to remember that nationalisation as a policy must emanate from the Centre which is the seat of the nation's authority. We can implement such schemes only to the extent of our provincial resources and constitutional limits. It is needless to add that we shall, within our competence, give effect to any policy of nationalisation that the Centre may decide to pursue. In my view the sensible Socialist, conscious of the magnitude of the tasks which must

confront him in any event, will be anxious to avoid unnecessary widening of the range of his responsibilities and to make use of any existing institutions which can be adapted to serve his ends. He will not want to knock anything over merely to give himself the pleasure of building it up afresh. He will have quite enough on his hands with the necessary work of creation to have no time left for super-erogatory works of destruction.

It has become almost the fashion today to cite the Russian example. But we forget that there are big gaps in the analogy. Communism was born in Russia through the blood, sweat and tears of a revolution, whereas we are attempting the experiment through the more gradual and peaceful process of democracy. (Sri JYOTI BASU: More people have died here in riots than throughout the Russian Revolution.) Maybe in riots but not in revolution.

Even in Russia the first five years were years of groping and experimentation. The world is watching their experiments with the socialistic philosophy with admiration and interest. But it would perhaps be a mistake to try to improve on their *modus operandi* either in the matter of time or downrightiness. Even the execution of the first Five-Year Plan in Soviet Russia required great courage and utter ruthlessness and a general tightening up of belts in all classes of the community, all based on expectations of future benefits. To expect to achieve all this by a short-cut and without paying a price would be a poor recognition of Communism as a sound economic philosophy.

Mr. Jyoti Basu has criticised the budget because the Sales Tax and the tax on intoxicating drinks still figure on the revenue side of the budget. But would it surprise the Honourable Member to learn that in 1936 Sales Tax or tax on the total turnover accounted for 79 per cent. of the total revenue in Soviet Russia and is still as high as 70 per cent.? Vodka, their national intoxicating beverage, is also subject to the Turnover Tax. I am not holding a brief against prohibition or for the Sales Tax which undoubtedly affects the common man. But, however much a conscientious Communist may decry the Sales Tax, it has not been found practicable by the principal nations of the world to abolish it, certainly not by the nation that set Communism in vogue.

As I was listening to the speech of Mr. Jyoti Basu, making all sorts of fantastic allegations and insinuations, I was reminded of a remark of Poet Rabindra Nath Tagore:—

“কাজ বান্ধে লাগি দেব কিছু বানী দেব না,
ছেলে বয়েসে জ্যাঠারি করা যায়, কিছু জ্যাঠা হওয়া যায় না।”

As for the demand for the immediate abolition of the zemindary system, the Honourable Members are aware that the principle has been accepted by the Government who are doing their best to expedite its implementation. But considerable spade-work is necessary. We are working under an Act which provides for paying reasonable compensation for acquisition of zemindary rights. And to do so, preparation of records and calculation of the amount of compensation in each case are necessary. For this initial work we have provided for 10 lakhs in the Budget and the work will start immediately. (Sri JYOTI BASU: It will take 50 years.) The rates of compensation and the question of necessary financial arrangement are being discussed at the all-India level. I hope the Honourable Members do not think that we have put the question in cold storage for the present. It is being continuously pursued.

I have just now heard Mr. Jyoti Basu saying that it will take 50 years. If he wants a short-cut method, I would ask him to introduce a private Bill himself to abolish the zemindary system overnight.

Sri JYOTI BASU: Without compensation it can be done.

The Hon'ble Sri NALINI RANJAN SARKER: It can be done only if the members of the Assembly pass the Bill and the Governor-General's sanction is obtained.

Sri JYOTI BASU: গভর্নর-জেনারেলকে বললেই ত হয়,—এখন যখন Independence পরেছে।

The Hon'ble Sri NALINI RANJAN SARKER: The Honourable Member may try this. Misgivings have been expressed by the Honourable Member Sri Annada Choudhury as to whether the growth of cottage industries is likely to be affected by the promotion of large-scale and middle-sized organized industrial development. I may assure the House that Government are fully alive to the need for encouraging cottage industries and giving them all possible facilities for development. Our country is yet so industrially undeveloped and our requirements are expanding so rapidly that there is considerable scope for development in rural industries as well as in large-scale and middle-sized industries, without any unhealthy competition amongst the three. There is as yet ample scope for all three to develop side by side and it will not be the policy of the Government to disturb this condition which, I think, is fundamentally necessary for our economy. As between cottage industries and large-scale industries there is, in fact, a considerable field for mutual collaboration and complementary production and adjustment of spheres of operation. We hope to pursue a policy and programme whereby it will be possible to achieve these objectives and secure thereby a balanced development of rural industries as well as large-scale industries so that the economic standard of the people may rise steadily and substantially. There is absolutely no reason to apprehend that our policy in regard to large-scale industries will handicap cottage and small-scale industries. Indeed, it will be our constant endeavour to see that cottage industries receive all possible facilities for expansion from the State.

It appears that my observations in connection with the provision of funds for Labour have created some confusion in the minds of some Honourable Members. I proceed hastily to make it clear beyond doubt that whatever provision has been made was for the establishment of the necessary machinery and not to subsidise any Trade Union Organisation. The Hon'ble Minister for Labour will, no doubt, make the Government's policy clear to the House while dealing with the demands for grants for his department. But in the meantime I wish to fully associate myself with the speech recently delivered on the floor of the House by the Honourable Member Dr. Suresh Chandra Banerji. There should be a natural sequence in the procedure adopted in settling labour disputes such as conciliation, in the first instance, and arbitration, when conciliation fails to yield results. But at no stage can one uphold the methods sometimes resorted to by Labour to coerce employers into conceding their demands. It is an open secret that Labour often is a tool in the hands of those who are not concerned with the ethics of their methods so long as they gain their ends. The growth of healthy Trade Unionism, far from intimidating employers and managers, should be welcomed as a remedy against such questionable methods and this is what I meant by "development" of Trade Unions on sound lines.

Some of the Honourable Members have said that we have gone against the assurance given by the previous Ministry in the matter of adopting in the provincial sphere the recommendations of the Central Pay Commission in regard to the increase of rates of pay of the subordinate staff. I have seen the answer given by my predecessor, Sri Jut Chowdhury, in reply to a question on the subject and it is for the implementation of that assurance that we have provided for a crore of rupees in the budget. What Sri Jut Chowdhury said on the floor of the House is as follows: "This Government are of the opinion that with a view to secure uniformity of practice with

the Indian Union the revision, standardisation, rationalisation of pay scales in this province should be based as far as practicable on the recommendations of the Central Pay Commission, and action on these lines is being taken accordingly”.

As far as I am aware, every province is examining the question as to how far they could go in approximating to the pay scales recommended by the Central Pay Commission and that no province has yet found that they can go to the full extent. Even Bombay, which has far better revenue resources and a revenue reserve of over 18 crores which she has been able to create over the last few years, has not found it possible to adopt the scales recommended by the Central Pay Commission and has since provided for a smaller increase in the scales of pay for its own employees. Some other provinces, including our neighbouring provinces of Bihar and Orissa, which provide the bulk of our poor grade employees, have not been able to implement the Pay Commission's recommendations and have proposed to give an increment of pay according to their own resources. So, following on the same policy we have provided for a crore of rupees and we intend that we shall go as far as we can with this amount in the lowest ranges of pay. As I have pointed out already our financial resources do not permit us to give full effect to the recommendations of the Central Pay Commission all at once. And it is probable that the repercussions of our action may lead to the creation of further liabilities which our resources will fail to meet. I do not also see why, with our scanty resources, made scantier by the recent division, we should be the pioneer province in India in this respect. Let it not be construed that I have no sympathy for the hard lot of this class of employees. But we have naturally to follow a gradual process in view of the various factors involved. It has been suggested by some of the Honourable Members that the financial resources necessary for giving effect to the Central Pay Commission's recommendations in the lower pay scales could be obtained by a downward revision of the salary of the higher paid employees. This suggestion is based on certain misconceptions. I shall mention some figures in this connection. The number of officers drawing salary at the rate of Rs. 1,000 or over per month is roughly 157 and the total salary they draw per month is roughly 2½ lakhs. On the lowest scales we have roughly one lakh Government servants drawing salary of Rs. 150 or below per month. So even by a 50 per cent. reduction of the salary of the higher paid officers, the sum that would be released is about one lakh and a quarter which, if distributed among one lakh employees in the lowest cadre, would lead to an increase of Re. 1 per head per month. This would be a poor relief for the subordinate staff, whereas the 50 per cent. reduction in the higher scales may result in the reduction in the efficiency of the fresh recruits under prevailing conditions. Besides, in this country many of the higher paid employees in all-India services are covered by a guarantee against a reduction of their pay. We have, in this connection, to bear in mind that all over the world today the demand for efficient managerial and technical staff has increased to such an extent that there is a tendency, even in a country like Soviet Russia, to revise the salaries of these experts in an upward direction. We are, however, examining the scales of pay of the poor paid staff with a view to finding out to what extent we can increase the rates of pay and when our survey is complete I shall place a White Paper on the table.

I have heard with great interest the very lucid statement of Mr. Walker on the question of jute quotas and the confusion it has created in the world jute market. I agree that it is a matter of vital importance to West Bengal. The subject, however, is under the control of the Central Government. Because of the importance of the matter I am taking it up with the Centre and shall try to make a statement on the floor of the House in the near future.

Sir, different Members have raised different issues in the discussion. The time at my disposal will not permit me to reply to every question raised, but we shall get an opportunity to clear those points at the time of discussion on demands for grants. Today Sri Bimal Comar Ghose has asked me categorically to give him a picture of next four or five years' finance, but may I point out, it is not possible today. It is not possible now because our Constitution is in the process of framing. We do not know what sort of revenues will be allotted to us in the Constitution Act that is being framed in Delhi. So I think the next two years will be our transition period. After we finally know what will be our resources, we can give a picture for the next few years.

Before I resume my seat I want to submit before the House that I have stressed the difficulties not with a view to shirk our responsibilities but to let the Honourable Members form a correct view of the realities of the situation. As for my colleagues and myself I can assure the Honourable Members, if any assurance is necessary, that we shall spare no pains in addressing ourselves to the task of resolving those difficulties and proceed with the development schemes to the best of our ability.

Adjournment.

The House was then adjourned at 7-2 p.m. till 3-45 p.m. on Wednesday, the 3rd March, 1948, at the Assembly House, Calcutta.

Proceedings of the West Bengal Legislative Assembly assembled under the provisions of the Government of India Act, 1935, as adapted.

THE ASSEMBLY met in the Assembly House, Calcutta, on Wednesday, the 3rd March, 1948, at 3-45 p.m.

Present:

Mr. Speaker (the Hon'ble Sri ISWAR DAS JALAN) in the Chair, 9 Hon'ble Ministers and 57 members.

Obituary.

MR. SPEAKER: Ladies and Gentlemen, before we proceed with the business of the House it is my most painful duty to bring to the notice of the House the sad demise of Sri Debi Prosad Khaitan, who was until January, a member of this House. He was a member of this House since 1937 and was a very valuable member of this House. His opinions and his views were always given due credit and due importance in this House. He was also for a considerable time a member of the old Bengal Legislative Council and took a very prominent part at the time when the Calcutta Municipal Act was on the anvil being introduced by Sir Surendra Nath Banerjee. He was also a member of the Calcutta Corporation for a considerable time. At the time of his death he was a member chosen by us of the Constituent Assembly. He was a member of the Union Powers Committee and was one of the 7 members who were entrusted with the task of drafting the constitution of India, which constitution has now been published. He was born at Midnapore in 1888; in 1911 he became a solicitor and within a short period of 7/8 years the firm which he started became one of the most important solicitors' firms of the Calcutta High Court. In 1919 he left the profession and became attached to Messrs. Birla Brothers, Ltd., and up to the time of his death he was connected with that firm. After he left the profession he took a very prominent part in the commercial sphere of the Courts. He became the President of the Federation of the Indian Chambers of Commerce. He was also the President of the Indian Chamber of Commerce, Calcutta. He was also deputed to represent India in several Conferences in Europe and in other countries. By his death we have lost a fine scholar, a great constitutionalist and so far as the commercial world is concerned it has lost a very valuable guide and helper. He was of a very amiable temperament and an asset to the country. By his death a void has been created which it is difficult to fill. So far as I am personally concerned I worked in his office since 1916 and I was connected with the firm which he started until I was chosen to represent you as the Speaker in this House. Therefore so far as my personal bereavement is concerned I feel it all the more. I think it is the desire of the House that we should send a message of condolence to the members of the bereaved family and I do hope that you will be pleased to rise in your seats and offer your condolence by remaining silent for one minute.

(The members rose in their seats.)

Thank you, Ladies and Gentlemen. The Secretary will do the needful.

STARRED QUESTIONS

(to which oral answers were given)

Corruption in Relief Departments of Contai Subdivision.

*5. (SHORT NOTICE.) Sri PRAMATHA NATH BANDYOPADHAY:
(a) Will the Hon'ble Minister in charge of the Co-operation, Credit and

Relief Department be pleased to state if it is a fact that recently huge sums of money were misappropriated by Government servants of Relief Departments of Contai subdivision, by selling articles meant for relief, and submitting false accounts and various other illegal means?

(b) If the answer be in the affirmative, do the Government propose that a Public Enquiry Committee should be set up to enquire into the matter and submit reports thereon?

(c) Is it a fact that the Accountant-General's office of Bengal was making enquiries about keeping of false and illegal accounts by the Relief Officers of Contai? If so, what is the result of those enquiries?

The Hon'ble Sri NIKUNJA BEHARI MAITI: (a) There have been numerous audit objections and investigation is proceeding for the purpose of eliciting all relevant facts.

(b) No public enquiry is contemplated at present.

(c) The Accountant-General has pointed out irregularities. Further enquiries will reveal whether there has been any misappropriation of public money.

Sri PRAMATHA NATH BANDYOPADHYAY: মাননীয় মহী মহাশয় অনুগ্রহ করে বলবেন কি কতদিন পরে সেই enquiry শেষ হবে ?

The Hon'ble Sri NIKUNJA BEHARI MAITI: যত শীঘ্র সম্ভব পারা যাবে করা হবে।

Sri PRAMATHA NATH BANDYOPADHYAY: মাননীয় মহী মহাশয় দয়া করে বলবেন কি এই রকম যে কেবল এক জায়গার হয়েছে তা নয়, সমস্ত বাংলার হয়েছে ? এই enquiry কি শুধু এক জায়গার হবে, না সমস্ত জায়গার হবে ?

The Hon'ble Sri NIKUNJA BEHARI MAITI: যে রকম যখন পাওয়া গেছে তাকে স্বীকৃতি দেওয়া হয়েছে বলে জানা গেছে।

Sri BIMAL COMAR CHOSE: With reference to (a), will the Hon'ble Minister be pleased to state as to the nature of the audit objections, if he is aware of them?

The Hon'ble Sri NIKUNJA BEHARI MAITI: There have been, so far as storing is concerned, certain irregularities; so far as the distribution of muster rolls and dry rations are concerned there have been irregularities and also in regard to accounts and balance of stocks and several other things.

Sri BIMAL COMAR CHOSE: In view of the irregularities to which the Hon'ble Minister has just now referred, does he not think it would be in the interest of the public as well as of the administration to set up an enquiry with which some non-official members may be associated?

The Hon'ble Sri NIKUNJA BEHARI MAITI: Yes, I have already answered that question that after the departmental enquiry, if I am not satisfied, I shall certainly set up a public enquiry.

Sri BIMAL COMAR CHOSE: Will the Hon'ble Minister be pleased to state whether the enquiry has already been set up or whether—

The Hon'ble Sri NIKUNJA BEHARI MAITI: Yes, departmental enquiries are going on.

Restriction on publication of "Swadhinata".

***Q. Sri SHYAMAPADA BHATTACHARYYA:** (a) Will the Hon'ble Minister in charge of the Home Department be pleased to state whether it is a fact that censorship was imposed on the daily newspaper *Swadhinata* restricting its publication?

(b) If so, will the Hon'ble Minister be pleased to state the reason thereof?

(c) Is it a fact that the said restriction has since been withdrawn?

(d) If so, when and for what reasons?

The Hon'ble Dr. BIDHAN CHANDRA ROY: (a) and (c) Yes.

(b) For publishing three editorial articles on 31st January, 1948, 2nd February, 1948, and 3rd February, 1948, which in the opinion of the Government tended to incite lawlessness and violence.

(d) The Order was withdrawn on 6th February, 1948, because the Government was satisfied after discussion with the management of *Swadhinata* that nothing would be published in the paper which might tend to incite lawlessness and violence.

Sri SHYAMAPADA BHATTACHARYYA: Will the Hon'ble Minister be pleased to state whether any written undertaking has been given by the *Swadhinata*?

The Hon'ble Dr. BIDHAN CHANDRA ROY: I have nothing more to add.

Sri BIMAL COMAR CHOSE: Will the Hon'ble Premier be pleased to state what was the discussion between the management of the paper and himself?

The Hon'ble Dr. BIDHAN CHANDRA ROY: I have nothing more to add.

Sri BIMAL COMAR CHOSE: Will the Hon'ble the Premier be pleased to state if he is satisfied after what transpired between him and the management of the paper that it will no longer, in future, publish materials which would tend to incite lawlessness and violence?

The Hon'ble Dr. BIDHAN CHANDRA ROY: If the Government were not satisfied they would not have withdrawn the Order and this is proved by the fact that the paper since then has been behaving very well.

Sri SHYAMAPADA BHATTACHARYYA: Will the Hon'ble Minister be pleased to state whether any verbal assurance has been given?

The Hon'ble Dr. BIDHAN CHANDRA ROY: I have nothing more to add.

Sri BIMAL COMAR CHOSE: Will the Hon'ble the Premier be pleased to state if he does not consider it desirable that the House should be taken into confidence in the matter of the discussion that took place and what transpired between himself and the management of *Swadhinata*?

The Hon'ble Dr. BIDHAN CHANDRA ROY: I do not think so, Sir.

Mr. SPEAKER: Questions over. Government Business.

Amendments to the Bengal Motor Vehicles Rules, 1940.

The Hon'ble Dr. BIDHAN CHANDRA ROY: Sir, I beg to lay the amendments to the Bengal Motor Vehicles Rules, 1940.

GOVERNMENT BILL.

The West Bengal Premises Rent Control (Temporary Provisions) Bill, 1947, as reported by the Select Committee.

The Hon'ble Sri MOHINI MOHAN BARMAN: Sir, I beg to move that the West Bengal Premises Rent Control (Temporary Provisions) Bill, 1947, as reported by the Select Committee, be taken into consideration.

The motion was put and agreed to.

Clause 1.

Sri A. K. GHOSE: Sir, I beg to move that in the first proviso to clause 1(3), line 6, for the expression "proviso (i)" the expression "clause (i) of the proviso" be substituted.

The motion was put and agreed to.

Sri A. K. GHOSE: Sir, with your permission I beg to move a short-notice amendment that for sub-clause (4) of clause 1, the following be substituted, namely:—"It shall in the first instance remain in force up to the 31st day of March, 1950, but it shall continue in force for such further period or periods not exceeding in the aggregate three years if the Provincial Legislature by a resolution or by successive resolutions approves of such continuance".

Mr. SPEAKER: In this connection I wish to draw the attention of the Government to the fact that my office received this short-notice amendment at such a short notice that it was not possible to circulate the amendment. It is desirable that such notices of amendments should be sent earlier so that my office may be able to circulate such short-notice amendments in time.

The motion of Sri A. K. Ghose that for sub-clause (4) of clause 1, the following be substituted, namely:—"It shall in the first instance remain in force up to the 31st day of March, 1950, but it shall continue in force for such further period or periods not exceeding in the aggregate three years if the Provincial Legislature by a resolution or by successive resolutions approves of such continuance", was then put and agreed to.

The question that clause 1, as amended, do stand part of the Bill, was then put and agreed to.

Clause 2.

Sri A. K. GHOSE: Sir, I beg to move that in clause 2(3), line 15, after the words "a tenant" the words "or sub-tenant" be inserted.

The motion was put and agreed to.

Sri A. K. GHOSE: Sir, I beg to move that in clause 2, paragraph (3a) be omitted.

Mr. SPEAKER: The question before the House is the motion of Sri A. K. Ghose that in clause 2, paragraph (3a)—

Janab MD. KHUDA BUKHSH: Sir, I want to say something on this amendment.

Mr. SPEAKER: I am putting the motion to vote now; so you are late.

Janab MD. KHUDA BUKHSH: I want to know why is it that Government wishes to move this amendment. He has formally moved it, but the House is entitled to know the reason why he has moved it.

Mr. SPEAKER: If you wished to say anything, you should have immediately risen in your seat. I waited for some time before putting the motion to vote, and strictly speaking I cannot permit you to speak at this stage, when I am putting it to the House. Without creating a precedent however, if the honourable mover of the motion agrees to state the reasons, I will allow him to do so.

Sri A. K. CHOSE: Sir, paragraph (3a) is covered by the subsequent clauses, and that is the reason why it has been omitted here.

At this stage the motion of Sri A. K. Chose that in clause 2, paragraph (3a) be omitted, was then put and agreed to.

The question that clause 2, as amended, do stand part of the Bill was then put and agreed to.

Clause 3.

The question that clause 3 do stand part of the Bill was then put and agreed to.

Clause 6.

The question that clause 6 do stand part of the Bill was then put and agreed to.

Clause 7.

The question that clause 7 do stand part of the Bill was then put and agreed to.

Clause 8.

The question that clause 8 do stand part of the Bill was then put and agreed to.

Clause 9.

Sri A. K. CHOSE: Sir, I beg to move that in clause 9(I), lines 4 to 7, for the words beginning with "where any sum" and ending with the expression "before such date" the following be substituted, namely:— "Where any sum has been paid on or after the date of commencement of this Act or within a period of six months before such date in respect of the occupation of any premises,".

The motion was put and agreed to.

The question that clause 9, as amended, do stand part of the Bill was then put and agreed to.

Clause 10.

Sri A. K. CHOSE: Sir, I beg to move that in clause 10, line 4, for the word "leased" the word "let" be substituted.

The motion was then put and agreed to.

The question that clause 10, as amended, do stand part of the Bill was then put and agreed to.

Clause 12.

Sri A. K. CHOSE: Sir, I beg to move that in paragraph (a) of clause 12, line 1, for the word "the" the word "any" be substituted.

I beg to move that in paragraph (a) of clause 12, line 1, after the words "have been" the words "or are" be inserted.

I beg to move that in the proviso (i) to clause 12, line 5, for the italicised word "and" the word "and" be substituted.

With your permission I beg to move the short-notice amendment that in lines 3 to 5 of clause 12 for the words "at such amount as having regard to the provisions of this Act and the circumstances of the case" the words "of any premises at such amount as having regard to the provisions of this Act and the circumstances of the case including the municipal rates, taxes or cesses payable in respect of such premises" be substituted.

The motions were then put and agreed to.

The question that clause 12, as amended, do stand part of the Bill was then put and agreed to.

Clause 13.

Sri A. K. CHOSE: Sir, I beg to move that in the proviso to clause 13, line 4, for the word "and" the word "or" be substituted.

The motion was then put and agreed to.

The question that clause 13, as amended, do stand part of the Bill was then put and agreed to.

Mr. SPEAKER: Inasmuch as a large number of short-notice amendments have been given by the Chief Whip of the Government Party and it is necessary that those amendments should be circulated to the members before they are considered, I do adjourn the House till tomorrow at 3-45 p.m.

Adjournment.

The House was then adjourned at 4-20 p.m. till 3-45 p.m. on Thursday, the 4th March, 1948, at the Assembly House, Calcutta.

Proceedings of the West Bengal Legislative Assembly assembled under the provisions of the Government of India Act, 1935, as adapted.

THE ASSEMBLY met in the Assembly House, Calcutta, on Thursday, the 4th March, 1948 at 3-45 p.m.

Present:

Mr. Deputy Speaker (Sri ASHUTOSH MALLICK) in the Chair, 6 Hon'ble Ministers and 52 members.

(Unstarred Question No. 1 was called.)

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: Sir, as the Hon'ble Premier is unavoidably held up elsewhere, the question may be held over.

Mr. DEPUTY SPEAKER: If there be no supplementary question, then there is no need of holding it up.

Sri ANNADA PRASAD CHOUDHURY: Yes, Sir, there are supplementary questions to be put.

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: Sir, as there are supplementary questions to be put and the Hon'ble Premier is unavoidably held up elsewhere, the question may please be allowed to be held over.

Mr. DEPUTY SPEAKER: The question is held over.

GOVERNMENT BILLS.

The West Bengal Premises Rent Control (Temporary Provisions) Bill, 1947, as reported by the Select Committee.

Mr. DEPUTY SPEAKER: We have done up to clause 13. Clause 14, amendment No. 17, Sri A. K. Ghose.

Sri A. K. CHOSE: Sir, as the House is aware there are several vital short-notice amendments to this Bill. Government want some time to examine those amendments more carefully. In the circumstances Government do not propose to continue with this Bill today.

Mr. DEPUTY SPEAKER: I think it is the intention of the House not to take up this Bill today. Next item.

The West Bengal Repealing and Amending Bill, 1948.

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: Sir, I beg to introduce the West Bengal Repealing and Amending Bill, 1948.

(Secretary then read the short title of the Bill.)

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: Sir, I beg to move that the West Bengal Repealing and Amending Bill, 1948, be taken into consideration.

Sir, this is a formal Bill and in the statement of objects and reasons, reasons are stated why this Bill is necessary. It is some sort of a clearance of law's dead letters. Those which have become superfluous or redundant go out and in the columns are set forth very precisely how those Acts which are sought to be repealed or amended had to be repealed and as a consequence of

what other enactments or for what other reasons. I do not suppose, Sir, the House will require any speech on this subject: It is plain enough and I commend this for the acceptance of the House.

The motion was then put and agreed to.

Clause 1.

The question that clause 1 do stand part of the Bill was then put and agreed to.

Clause 2.

The question that clause 2 do stand part of the Bill was then put and agreed to.

Clause 3.

The question that clause 3 do stand part of the Bill was then put and agreed to.

Clause 4.

The question that clause 4 do stand part of the Bill was then put and agreed to.

First Schedule.

The question that the First Schedule do stand part of the Bill was then put and agreed to.

Second Schedule.

The question that the Second Schedule do stand part of the Bill was then put and agreed to.

Preamble.

The question that the Preamble do stand part of the Bill was then put and agreed to.

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: Sir, I beg to move that the West Bengal Repealing and Amending Bill, 1948, as settled in the Assembly, be passed.

The motion was then put and agreed to.

Mr. DEPUTY SPEAKER : Next item.

The West Bengal Expiring Laws Bill, 1948.

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: Sir, I beg to introduce the West Bengal Expiring Laws Bill, 1948.

(Secretary then read the short title of the Bill.)

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: I beg to move that the West Bengal Expiring Laws Bill, 1948, be taken into consideration.

As mentioned in the statement of objects and reasons, the ordinances shown in the schedule to the Bill, which were enacted and continued in operations by the Bengal Ordinances (Temporary Provisions) Act, 1947, for a period of six months and further continued for a period of six months by notification under the said Act, will expire on the 16th March and, Sir, that will give rise to an anomaly. The entire laws relating to the provisions which are given in the schedules, namely, the Bengal Molasses Control Ordinance, 1946, the Calcutta Rent Ordinance, the Bengal Jute Mills Ordinance (Temporary Provisions), 1946—all these will then be in

abeyance. Therefore, Sir, it has become necessary to continue the life of these Bills. Otherwise, the entire laws relating to rent control will suffer a breakdown. The House is aware, Sir, that we are considering the main Bill for rent control, and for technical reasons there is no possibility of that Bill being put through or becoming an Act within the date line of 16th March for this Bill will require the assent of the Governor-General and the margin of time left will not enable this Bill to be put through as an Act by that time. Therefore it has become necessary to continue the existing law beyond the 16th of March, 1948. It is proposed, Sir, to give it a lease of life till the 16th March, 1949, with the proviso that when the Rent Control Bill is finally passed by this House and becomes law then this Bill—rather this Act—will come to an end, and a provision to that effect is being incorporated in the main Rent Control Bill. That is why this matter is of some urgency and this is in the interest of the public who will continue to get the protection of the Rent Control Ordinance. It is in that view, Sir, I move, this motion for the acceptance of the House and I hope that as a measure of urgency this will be accepted and continued until the House has given mature consideration for the Bill which is intended to be put rather permanently on the Statute Book.

Shaik MOHAMAD RAFIQUE: The Hon'ble Minister has not made it clear whether this Bill which practically extends the life of the three ordinances by two years will be inoperative as soon as the three measures are enacted. The Hon'ble Minister should have provided a clause here just to the effect that as soon as these ordinances are transformed into Acts, this Bill will have no effect. Supposing in the Rent Control Bill the repealing provision is deleted. The effect will be that this Bill before the House and the Bills to take the place of the ordinances will run parallel together. Sir, some sort of provision should be made here that as soon as these ordinances are passed by the Assembly into Acts, this Bill will have no effect.

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: My honourable friend will notice that a repealing clause is provided in the Rent Control Bill and there the name of this particular Act will be inserted and by virtue of this House passing the Rent Control Bill into an Act this Act will become a dead letter by virtue of that repealing clause. As I have pointed out, I invite my friend's attention to the repealing clause in the Rent Control Bill which is under the consideration of the House. Now as soon as that Rent Control Bill has been passed with the repealing clause inserting the name of this Act, namely, the Calcutta Rent Ordinance, 1946, this Act will cease to be in operation along with the passing of that Bill into an Act and therefore no question of two Acts being in existence simultaneously will arise. If my friend will kindly look at the repealing clause of that Bill carefully, namely, clause 40, it will, I think make matters clear to him.

The motion of the Hon'ble Sri Niharendu Dutt-Mazumdar that the West Bengal Expiring Laws Bill, 1948, be taken into consideration was then put and agreed to.

Clause 1.

The question that clause 1 do stand part of the Bill was then put and agreed to.

Clause 2.

The question that clause 2 do stand part of the Bill was then put and agreed to.

Clause 3.

The question that clause 3 do stand part of the Bill was then put and agreed to.

Schedule.

The question that the Schedule do stand part of the Bill was then put and agreed to.

Preamble.

The question that the Preamble do stand part of the Bill was then put and agreed to.

The Hon'ble Sri NIHARENDU DUTT-MAZUMDAR: Sir, I beg to move that the West Bengal Expiring Laws Bill, 1948, as settled in the Assembly be passed. Sir, I hope I need hardly make a reply here. Because hardly any point has been raised and I do hope, Sir, that this legacy of stop-gap legislation with which we are saddled will be removed with the bringing into existence of the well-considered statutes for which the present Government has got a programme and which will be placed before the House, and the House will then have every opportunity to consider them fully and taking a long range view to put them on the Statute Book as a regular enacted law. I am very sorry, Sir, that I have to come before this House and ask this House to pass into laws and give a long lease of life to this unfortunate legacy of bad laws which we have inherited from the past.

The motion of the Hon'ble Sri Niharendu Dutt-Mazumdar that the West Bengal Expiring Laws Bill, 1948, as settled in the Assembly be passed was then put and agreed to.

Adjournment.

The House was then adjourned at 4-12 p.m. till 3-45 p.m. on Friday, the 5th March, 1948, at the Assembly House, Calcutta.

Proceedings of the West Bengal Legislative Assembly assembled under the provisions of the Government of India Act, 1935, as adapted.

THE ASSEMBLY met in the Assembly House, Calcutta, on Friday, the 5th March, 1948, at 3-45 p.m.

PRESENT :

Mr. Speaker (the Hon'ble Sri ISWAR DAS JALAN) in the Chair, 7 Hon'ble Ministers and 52 Members.

STARRED QUESTION No. 7.

Sri A. K. CHOSE: Sir, the question may be held over on account of the fact that the Premier is unavoidably absent.

Mr. SPEAKER: Yes.

UNSTARRED QUESTION No. 1.

Sri ANNADA PROSAD CHOUDHURY: Sir, this question was held over yesterday. Shall I take it to be held over till Monday next because I shall not be here tomorrow?

Mr. SPEAKER: Yes.

GOVERNMENT BILL.

The West Bengal Private Forests Bill, 1948.

The Hon'ble Sri HEM CHANDRA NASKAR: বাঙ্গালীরা শীকার বহুতরক আদি প্রভাব করি যে the West Bengal Private Forests Bill, 1948, এখানে আলোচনার জন্য উপস্থিত করা হোক।

Mr. SPEAKER: The Hon'ble Minister will please move the motion in the language in which the motion is printed.

The Hon'ble Sri HEM CHANDRA NASKAR: Sir, I beg to introduce the West Bengal Private Forests Bill, 1948.

(Secretary then read the short title of the Bill.)

Janab MD. KHUDA BUKHSH: Sir, this Bill was circulated to the members of the House day before yesterday and we were expected to send in our amendments by twelve noon today. It was not possible for many members to send in amendments in time. I must confess that I was not able to hand over my amendment before 3 o'clock in the afternoon. Will you please permit me to move those amendments on the floor of the House? That is with regard to myself.

Sir, it has become a chronic habit with the Government to circulate the Bills just before one or two days of their being taken up in the House. There is a statutory time for members to study the Bills, clause by clause, and suggest amendments. That right and privilege of the members are being consistently ignored by the Government, and I seek your protection on the subject.

Sri A. K. CHOSE: Sir, this Bill was circulated on 3rd March and members were asked to submit the amendments by 12 noon today. The reasons

which prompted the Government to bring this Bill before the House in this session are obvious. It is true that we are not able to give as much time for the purpose of giving notices of amendments as is required under the rules, but the fact remains that in spite of our best efforts we could not proceed with this Bill methodically as we desired, the reason being that there are so many Bills to be brought before the House for the purpose of enactment that it was impossible to give sufficient time for notice.

Janab MD. KHUDA BUKHSH: Sir, in the Statement of Objects and Reasons the Minister has stated that the Governor's Proclamation under section 93 of the Government of India Act, 1935, having been revoked on the 24th April, 1946, the Bengal Private Forests Act, 1945, will cease to have effect on the expiry of two years from the date of revocation unless sooner repealed or re-enacted by an Act of the Legislature. But I do not think that heavens would fall if members were allowed two or three days more or even the statutory period of seven days before the consideration of the Bill.

Mr. SPEAKER: If the Bill is not taken up today, from the 8th March onwards the whole of the next three weeks will be taken up by cut motions and if we have to give time, this Bill will have to be taken up after the cut motions are disposed of. I have already stated and I repeat again that more time should be given to the members and that rules should be observed as far as possible. Suspension of rules should not be the rule but an exception, and I hope Government will see to that.

So far as the present Bill is concerned, I shall permit Janab Khuda Bukhsh to move short-notice amendments if he so desires and we shall now proceed with the Bill.

The Hon'ble Sri HEM CHANDRA NASKAR: Sir, I beg to move that the West Bengal Private Forests Bill, 1948, be taken into consideration.

Janab MD. KHUDA BUKHSH: Sir, this Bill was a Governor's Act and has been in operation in our province for a long time. Sir, I have gone through the Bill and given it the consideration that I could, but I find that in the clause where the Government proposes to levy a cess in proportion to the acreage, I have not been able to understand how the Government proposes to levy the cess on all plots. The plots will be of variable sizes. There will be plots of five hundred acres each as also of one hundred acres. Government only proposes to have a cess levied to cover the expenses of the various officers and their staff. But the salaries of officers and their staff being almost a constant figure, I should like to have that figure bear a proportion to the amount of the cess to be levied. I should also like to have an explanation as to how the Government proposes to bring about a parity in the levy of cesses for two contiguous plots of varying sizes.

The Hon'ble Sri HEM CHANDRA NASKAR: এখন প্রতি একরে বে শ্রকার ব্যবস্থা আছে সেইরূপ থাকাই আরার মধ্যে সমীচীন।

The motion of the Hon'ble Sri Hem Chandra Naskar that the West Bengal Private Forests Bill, 1948, be taken into consideration, was then put and agreed to

Clause 1.

The question that clause 1 do stand part of the Bill was then put and agreed to.

Clause 2.

The question that clause 2 do stand part of the Bill was then put and agreed to.

Clause 3.

The question that clause 3 do stand part of the Bill was then put and agreed to.

Clause 4.

The question that clause 4 do stand part of the Bill was then put and agreed to.

Clause 5.

The question that clause 5 do stand part of the Bill was then put and agreed to.

Clause 6.

The question that clause 6 do stand part of the Bill was then put and agreed to.

Clause 7.

The question that clause 7 do stand part of the Bill was then put and agreed to.

Clause 8.

Janab MD. KHUDA BUKHSH: Sir, I beg to move that in clause 8(3)(a), line 2, after the words "rate of the interest" the words "if any" be inserted.

Sir, here this clause contemplates giving loans to persons adversely affected by the operation of section 4 or sub-section (2) of section 6 or section 7 or sub-section (6) of section 10 or sub-section (2) of section 25. Here the Government feel that a person may be adversely affected inasmuch as his income may suffer owing to any temporary reduction of income. But here, Sir, when they feel that to such persons loans should be advanced by Government to meet their obligations in regard to compensation and other things, they also provide for the amount of the loan that should be granted and the rate of interest that should be charged. I suggest that when the Government admit that the man is suffering owing to no fault of his—owing to the action of the Government—for the better afforestation of the country, which is to the country's good but which is bad to a particular person inasmuch as he may have to suffer financially for the loss of income, the loan should be interest-free. Indeed, Sir, if you would notice two or three lines below—in sub-section (4)—you would find Government say: "Subject to rules made under this Act all loans granted under sub-section (1), all interests, if any." Here Government feel that there may be persons in whose cases circumstances would justify the Government not to charge any interest at all. That is why they have provided "all interests, if any", but in the absence of the words "if any" in the main clause, this will become inoperative. So, I suggest that when Government themselves provide for "all interests, if any", meaning that there may be such cases of loans where interest will not be charged or where it will not be justifiable to charge any interest, they should have protection in the main clause where the words "if any" should be inserted which will not take away the meaning of the clause or there will not be any other implication. It will be a simple thing and it will be intelligible to all the people who are called upon to administer this Act—the amount of the loan that should be granted and the rate of interest, if any.

Sir, I suggest that this amendment be accepted by the Government.

The Hon'ble Sri HEM CHANDRA NASKAR: যে প্রস্তাব উনি করিলেন সেটা accept করা সম্ভব নয়,—তাই আমি সেটা গ্রহণ করতে পারি না।

The motion of Janab Md. Khuda Bukhsh that in clause 8(3)(a), line 2, after the words "rate of the interest" the words "if any" be inserted, was then put and lost.

The question that clause 8 do stand part of the Bill was then put and agreed to.

Clause 9.

The question that clause 9 do stand part of the Bill was then put and agreed to.

Clause 10.

The question that clause 10 do stand part of the Bill was then put and agreed to.

Clause 11.

Janab MD. KHUDA BUKHSH: Mr. Speaker, Sir, I beg to move that in clause 11(3), in lines 5 to 7, for the words "be divided in equal shares between the Provincial Government and the owner of the land" the words "after recovery of the management charges, be made over to the owner of the land" be substituted.

Sir, here it contemplates that when the Government have afforested private lands and when all the expenses incurred in such afforestation of private lands have been recovered by Government, Government propose to cultivate or keep in possession all the afforested lands as *bhag chashis* on half and half basis. I suggest that Government have achieved their object in afforestation and when such object has been achieved, in the absence of any principle of nationalisation or in the absence of any principle of State acquirement of land, when private ownership is admitted by Government, the ownership of the forest should vest in the owner. Sir, I think that if the Government by the operation of this sub-clause of clause 11 were to keep possession of the afforested land, it will be tantamount to forfeiture of the private person's land. Afforestation is in the larger interest of the country and we welcome afforestation by Government and Government will be entitled to take hold of or take possession of any land that will be found suitable by the Government for afforestation, being contiguous to other forests, but, after afforestation has been achieved and all the expenses incurred thereon have been recovered, the land should be restored to its owner.

Sir, with these words I commend my motion to the acceptance of the House.

The Hon'ble Sri HEM CHANDRA NASKAR: I oppose the amendment.

The motion of Janab Md. Khuda Bukhsh that in clause 11(3), in lines 5 to 7, for the words "be divided in equal shares between the Provincial Government and the owner of the land" the words "after recovery of the management charges, be made over to the owner of the land" be substituted, was then put and lost.

The question that clause 11 do stand part of the Bill was then put and agreed to.

Clause 12.

Janab MD. KHUDA BUKHSH: Mr. Speaker, Sir, I beg to move that in clause 12(2), line 3, the words "and shall not be questioned in any Court" be omitted.

Here the Bill says, "An appeal shall lie from every order passed under sub-section (1) to the Commissioner of the Division if it is presented within thirty days from the date of such order and the decision of the Commissioner on such appeal shall be final and shall not be questioned in any Court".

Here this clause takes away even the right of the Hon'ble the High Court of West Bengal to question any decision of the Commissioner of a Division. The Commissioner of a Division is not a judicial officer. He is only promoted from the I.C.S., the *subjunta* steel frame of the administration usually, Sir, and where a finding involves a question of fact or a question of law, I suggest that the Hon'ble the High Court should be given jurisdiction to question the finding of the Commissioner of the Division who after all is not an infallible person and whose knowledge of law cannot be compared to a judicial officer's knowledge of law. Therefore, I suggest the words "shall not be questioned in any Court" be omitted.

The Hon'ble Sri HEM CHANDRA NASKAR: I oppose the amendment.

The motion of Janab Md. Khuda Bukhsh that in clause 12(2), line 5, the words "and shall not be questioned in any Court" be omitted, was then put and lost.

The question that clause 12 do stand part of the Bill was then put and agreed to.

Clause 13.

The question that clause 13 do stand part of the Bill was then put and agreed to.

Clause 14.

The question that clause 14 do stand part of the Bill was then put and agreed to.

Clause 15.

The question that clause 15 do stand part of the Bill was then put and agreed to.

Clause 16.

Janab MD. KHUDA BUKHSH: Sir, I beg to move that the following proviso be added to clause 16, namely: "Provided that the Regional Forest Officer shall not charge more than 12½ per cent. of gross revenue as the cost of management".

Sir, here the Government have left it delightfully vague as to the amount that will be permissible for them to charge as the cost of management. We know, Sir, that Government officers are very highly paid and their establishment charges are higher than a private zemindari office, and therefore in order that the man whose land has been taken or whose land has been notified as a controlled forest is not made to suffer on account of the administrative cost of Government, I beg to provide that 12½ per cent., which is allowed by Government to the zemindars when they submit their returns in respect of agricultural income-tax, should be the highest that can be paid as cost of their management and cost of collection. Sir, I say that Government should not be entitled to any more than what they would be prepared to give to a private zemindar. If that is not expressly provided here, I am afraid Government will be charging much more, because they will show to the owner of the private forest that here are the Government officers—a highly paid staff—and lot of other overhead charges and the cost of management is so much, and under the Act that poor person will have to pay so much. Therefore, I suggest that there should be a maximum limit set, so that the Forest Officer may not charge any more than 12½ per cent. which Government themselves agree should be the cost of collection and cost of management.

The Hon'ble Sri HEM CHANDRA NASKAR: আমি এই amendment গ্রহণ করিতে পারি না।

Janab ABUL HASHEM: On a point of privilege, Sir. During the discussion of the Bengal Security Bill, on a point of privilege, I submitted to you that members are entitled to hear from the Hon'ble Minister who pilots a Bill the reasons and explanations as to why he cannot accept a particular amendment, but I have been noticing here that the Hon'ble Minister on two or three occasions when Janab Khuda Bukhsh moved his amendments simply rose on his seat and said: "I accept it or reject it", without any reason or explanation. So, I seek your protection, because I consider this a very valuable and precious privilege of the members to know reasons and explanations as to how an amendment cannot be accepted. I would, therefore, request you to request the Hon'ble Minister to have the courtesy to give some reply to us as to why he cannot accept an amendment.

Mr. SPEAKER: It is in the discretion of the Hon'ble Minister to state reasons or not. I have no power to compel him to do so. So far as the Hon'ble Minister is concerned, he will exercise his discretion as to whether he should give any reasons.

Janab ABUL HASHEM: That is the legal aspect of things, but I requested him to have the courtesy to give us a reply. If he denies that, we have to withdraw our objection because we are helpless and he has got the votes by which he can get through anything. But, Sir, this is highly unfair.

Mr. SPEAKER: Your request has been expressed on the floor of the House and I think the Hon'ble Minister will take due note of it.

The Hon'ble Sri HEM CHANDRA NASKAR: যে amendment উনি করিলেন সেই amendment-টা গ্রহণ করতে পারলাম না। তবে পতন-বোর্ড দেখবে যে ভিনিষগুলো সব ঠিক হয়—এবং কল্যাণেরও সুবিধা হয়।

The motion of Janab Md. Khuda Bukhsh that the following proviso be added to clause 16, namely: "Provided that the Regional Forest Officer shall not charge more than 12½ per cent. of gross revenue as the cost of management", was then put, and a division taken with the following result:—

NOES—35.

Bandopadhyay, Sri Pramatha Nath
Banerjee, Sri Sibnath.
Banerjee, Sri Butil Kumar.
Barmen, The Hon'ble Sri Mohini Mohan.
Bose, Sri Momanta Kumar.

Clause 58.

The question that clause 58 do stand part of the Bill was then put and agreed to.

Clause 59.

The question that clause 59 do stand part of the Bill was then put and agreed to.

Clause 60.

Janab MD. KHUDA BUKHSH: Sir, I beg to move that in clause 60(4), line 1, for the words "two months" the words "one year" be substituted.

Sir, this sub-clause deals with any surplus that may be left over after meeting all the charges, namely, the money payable to the Regional Forest Officer or the money payable in respect of the forest produce, or the money to be paid to Forest Officers in respect of other charges. If there is a surplus, the surplus has to be claimed by the owner of the forest within two months from the date of the sale and by the failure to do so the money shall be forfeited to the Crown. Sir, here it lays down that any money that is in surplus shall have to be taken away from the Regional Forest Officer within two months, but in cases where the surplus will be so small that it will not be worthwhile for the owner to go to the district headquarters or the forest headquarters to get the money, he may think that it would be more convenient and profitable to leave it to the Forest Officer until such time as the money accumulated is such that a search in connection with the withdrawal of the money is justified. But as the Bill provides, if it is not claimed within two months the money will be forfeited to the Crown, that is, the money will go to the Provincial Government. Sir, in no other cases the money lying with the Government is time-barred within two months. Then why in this case the money lying with the Government shall be deemed to be forfeited if such claims are not realised within two months?

Sir, I feel that we shall be doing an injustice if we do not give opportunities to poor owners of forests to claim the surplus until it has accumulated to such an amount that they may feel that they can go to the district headquarters or the forest headquarters to claim it. Sir, the withdrawal of money from Government coffers involves a lot of expenses and delay and therefore the owner of the money may not feel justified or may not feel it desirable that he should go through all the technicalities and formalities that are attended with the withdrawal of the money when the amount is very small, and he may let it grow until such time when it becomes large enough for him. Therefore I hope the Government will accept my amendment and extend the period to one year after which the Government might be justified in forfeiting the money to the Crown.

The Hon'ble Sri HEM CHANDRA NASKAR: আমবা ভাভাতাড়ি বাতে কাজ হয়, ভাব অন্য চেষ্টা করেছিল। তবে honourable member যদি চান যে এক বৎসর সময় নেওয়া হোক, আমি তাতে রাজি আছি।

The motion of Janab Md. Khuda Bukhsh that in clause 60(4), line 1, for the words "two months" the words "one year" be substituted, was then put and agreed to.

The question that clause 60 as amended do stand part of the Bill was then put and agreed to.

Clause 61.

The question that clause 61 do stand part of the Bill was then put and agreed to.

Clause 62.

The question that clause 62 do stand part of the Bill was then put and agreed to.

Clause 63.

The question that clause 63 do stand part of the Bill was then put and agreed to.

Clause 64.

Sri A. K. GHOSE: Sir, with your permission I beg to move a short notice amendment that in clause 64 the words "in its application to West Bengal" be omitted.

Janab MD. KHUDA BUKHSH: Sir, he has not explained why he is moving this short notice amendment. We expect that he should explain why he is doing so.

Sri A. K. GHOSE: "In its application to West Bengal" is superfluous. So I thought that it needs no explanation, specially to my friend Mr. Khuda Bukhsh.

The motion of Sri A. K. Ghose that in clause 64 the words "in its application to West Bengal" be omitted was then put and agreed to.

The question that clause 64, as amended, do stand part of the Bill was then put and agreed to.

Preamble.

Janab MD. KHUDA BUKHSH: Sir, I beg to move that, in the Preamble, for the word "Crown", wherever it occurs, the words "Provincial Government" be substituted.

I move this amendment with full knowledge that the 1935 Act prescribes that all this should be done in the name of the Crown, but, Sir, we are under an impression that we have achieved independence. I was thinking whether or not we would take up the relevant sections of the 1935 Act and move the relevant authorities to have them so changed to suit the altered conditions of independence. Here the property shall certainly not vest in the Crown, which no more exists in respect of the free province of West Bengal but this nomenclature and technicality exists. Here when they say Crown they certainly mean the Provincial Government in which the property shall vest. So this amendment is more to seek an elucidation as to what the legal position is whether we could or could not alter the relevant sections of the Act to suit the altered conditions of independence and whether this word "Crown" could be dispensed with and the words "Provincial Government" be inserted in its place.

The Hon'ble Sri HEM CHANDRA NASKAR: Indian Dominion

যখন হয়েছে তখন আমরা Crownকে একেবারে বাত দিতে পারি না।

Janab ABUL HASHEM: Mr. Speaker, Sir, Janab Khuda Bukhsh has moved an amendment to the Preamble to the effect that wherever the word "Crown" occurs should be substituted by the words "Provincial Government". I think he is suffering under a general misunderstanding that has been so successfully created by my friends sitting on my opposite, namely, that we have achieved complete independence. During the general discussion of the budget criticising the Hon'ble Sri Nafisi Rannan Sarker's assertion in his statement that we have achieved complete independence, I remarked that so far as we are concerned we could not agree with his view that Dominion Status and complete independence were one and the same thing. But being conscious of the fact that we have not yet achieved complete independence my friends sitting on our opposite have been persistently trying to deceive us and perhaps deceive themselves also. But in this Bill which must come within the four corners of the existing law they are forced by circumstances to insert that precious word "Crown" instead of "Provincial Government", otherwise they will land themselves into great difficulties. I think that we should have honesty and courage to see things in their realities and should not in any case deceive ourselves and others. So I think that the word "Crown" which has been mentioned there is the proper word and in the present circumstances it cannot be substituted by anything like Provincial Government.

So, I am sorry. I cannot agree with Mr. Khuda Bukhsh, and here I am in full agreement with the Government that the word "Crown" should be there so that it may correspond with realities and may not deceive anybody.

Sri A. K. CHOSE: May I draw the attention of Janab Khuda Bukhsh to section 175(2) of the Adaptation Order of the Government of India Act, 1935?

Janab MD. KHUDA BUKHSH: That is what I wanted to make out.

Sri A. K. CHOSE: It is clear that we have accepted the Government of India Act as adapted by the Provincial Constitution Order, 1947. We have no right to go beyond that so long as we are sitting in this House.

The motion of Janab Md. Khuda Bukhsh that for the word "Crown" wherever it occurs the words "Provincial Government" be substituted was then put and lost.

The question that the Preamble do stand part of the Bill was then put and agreed to.

The Hon'ble Sri HEM CHANDRA NASKAR: Sir, I beg to move that the West Bengal Private Forests Bill, 1948, as settled in the Assembly, be passed.

Janab MD. KHUDA BUKHSH: Sir, at the outset I drew your attention to clause 17 which provides that cesses shall be levied on private forests to cover the expenses of the forest staff, etc., and, Sir, at the outset I gave the Hon'ble Minister an opportunity to look up the section and prepare his reply. I wanted that he should reply as to how he proposes to levy those cesses and without any disparity between areas and areas. I mentioned it at the outset in order that the Hon'ble Minister, who does not seem to have studied the Bill with as much scrutiny and care as he should have, may be prepared to offer his remarks and make his replies, but, Sir, I find that he is formally moving the Bill for the acceptance of the House without elucidating the points I needed elucidation on. Sir, this is very important. This cess should have parity and cess on one particular plot should not be heavier than on another particular plot. I can understand the point of the Government when they want to levy cess to cover their expenses but such cess should not vary with different plots. I wanted to know from the Hon'ble Minister as to how he proposes to levy this cess so that parity could be maintained. I hope, Sir, that you will request the Hon'ble Minister to clarify as to how he proposes to do it.

The Hon'ble Sri HEM CHANDRA NASKAR: এই প্রসঙ্গে আমার বক্তব্য এই যে পশ্চিম বঙ্গে সমগ্র বনভূমির পরিমাণ ২,৭৪২,১৭১ একর। ইহার মধ্যে বেসরকারী বনের পরিমাণ ১,০৪৪,৪৮০ একর। বর্ধমান, বীরভূম, বাঁকুড়া ও মেদিনীপুর জিয়ার বেসরকারী বনের পরিমাণ যথাক্রমে ৩৯,০৪০; ৩১,০৬০; ৩০২,১৬০; এবং ২৭৬,৪৮০ একর। উদ্ভূত এই চারটি জিয়ার বেসরকারী বনের অধিকাংশ মালিক ও প্রজাঙ্গণ উত্তরোত্তর বন কাটিয়া নষ্ট করিয়া চলিয়াছেন; কিন্তু সজে সজে সেই স্থানে বন সৃষ্টি করিবার চেষ্টা আদৌ করেন নাই। অতএব সকলেই জানেন যে যেখানে বনের আবরণ থাকে, সেখানে বৃষ্টির জল মাটি হইয়া ভয় করিতে পারে না; তাহা হাড় উহাতে ভূপৃষ্ঠে জলপ্রবাহের সারা রাস্তা হয় এবং পার্শ্বের শিকড় ও মাটি-আটকাইয়া রাখে।

Janab MD. KHUDA BUKHSH: মাননীয় মন্ত্রী মহোদয় কি বলছেন শুনতে পাচ্ছি না।

The Hon'ble Sri HEM CHANDRA NASKAR: বন ধ্বংস হেতু উক্ত জেলাগুলিতে মাটি ক্ষয়প্রাপ্ত হওয়ার বহু বড় বড় ভূখণ্ডের উপাদানিকা নষ্ট হইয়াছে। ক্রমাগত বন নষ্ট হওয়ার ফলশ্রুতি হিসেবে কোনও জংশে জলস্রাব ও অনাবৃষ্টির সম্ভাবনা বাড়িয়াই চলিয়াছে। তাহা হাড় স্থানীয় জন-সামাজিক পুষ্টি নিষ্কাশনের উপযোগী ও জরাজীর্ণ কাঠ সরবরাহ সূচক হইয়া দাঁড়াইয়াছে। যে পোষক

সারের জন্য ব্যবহৃত হইতে পারিত, তাহা জনজানী কাঠের অভাবে পোড়ান হইত। এই অবস্থার অবস্ফার প্রতিবন্ধানের উদ্দেশ্যে এবং জনগণের স্বার্থরক্ষা, বেসরকারী বনের সংরক্ষণ ও উন্নয়ন এবং পতিত জমিতে বন সৃজন দ্বারা মালিক ও চাষীদের এবং জেলের হিতকল্পে Bengal Private Forests Act প্রণীত হইয়াছিল। Government of India Act-এর ১০ ধারার ঘোষণার (Proclamation) অধীনস্থ মহামান্য গভর্নর এই আইন প্রণয়ন করিয়াছিলেন। বর্তমান আইন অনুযায়ী ১৯৪৬ খৃষ্টাব্দের ২৪শে এপ্রিল উক্ত ঘোষণাটি প্রত্যাহৃত হওয়ার ১৯৪৬ খৃষ্টাব্দের Bengal Private Forests Act-এ তারিখ হইতে দুই বৎসর পর্যন্ত বলবৎ থাকিবে। যদি ইহা উৎসর্গে প্রত্যাহৃত না হয় অথবা ব্যবস্থা পরিষদে অনুমূল্য একটি আইন প্রণীত না হয়, তবে আগামী ২৪শে এপ্রিল হইতে এই আইনটি বাতিল হইয়া যাইবে। যে সকল কারণে Governor's Act-এ প্রণীত হইয়াছিল সেই সকল কারণ এখনও বর্তমান থাকায় এই Governor's Act-এর সমস্ত বিধানসম্মিলিত এই আইনটি এই সত্তা কর্তৃক পাশ করিবার প্রস্তাব করিতেছি। আমার প্রেমের বন্ধুবর্গের অবগতির জন্য খসড়া আইনের প্রধান বিধানগুলির মূল উদ্দেশ্য আমি এখন বর্ণনা করিতেছি—

- (১) যে কোনও notified area-তে প্রত্যেক বেসরকারী বনের মালিককে, তাহার বন পরিচালনার জন্য একটি সুনির্দিষ্ট working plan (অর্থাৎ বিজ্ঞানসম্মত প্রণালী বন সৃজন, বনের ব্যবহার ও পরিচালনার পরিকল্পনা) অনুসরণ করিতে বাধ্য করা হইবে।
- (২) খসড়া আইনের ২(১), ৩ এবং ৪ ধারায় কোন মালিকের পক্ষে নিজের খরচে উক্ত বৈতনে দক্ষ ও অভিজ্ঞ কর্মচারী নিয়োগ করিয়া working plan প্রস্তুত এবং উন্নয়নের কার্য করা সম্ভব না হইলে সরকারী Regional Forest Officer ও তাহার অধীনস্থ কর্মচারী দ্বারা মালিককে সাহায্য করার ব্যবস্থা করা হইয়াছে। মালিক ও Regional Forest Officer-এর মধ্যে পরিকল্পনা বিষয়ে মতানৈক্য ঘটিলে, Appellate Committee-র নিকট আশ্রয় করা চলিবে। সাধারণতঃ এ কমিটির সভাপতি থাকিবেন জিলার Collector; তাহা ছাড়া আরও দুইজন সভ্য থাকিবেন—একজন বন বিভাগের কর্মচারী যিনি অন্ততঃ Deputy Conservator of Forests-এর পদমর্যাদাসম্পন্ন এবং অপরটি হইবেন সরকার মনোনীত বেসরকারী বনের মালিক।
- (৩) যে সমস্ত বন সূচারূপে এবাং পরিচালিত হইয়া আসিতেছে, তাহাদের পরিচালনার ভার মালিকদের উপরই থাকিবে। তাহাদের কেবলমাত্র Regional Forest Officer-এর অনুমোদিত working plan অনুসারে কার্য করিতে বাধ্য থাকিতে হইবে এই বনগুলিকে Controlled forests বলা হইবে।
- (৪) প্রস্তাবিত ৬ ও ৭ ধারায় working plan-এর বিধান ক্রমাগত লঙ্ঘনের দাখিলকরণ অথবা notified area-তে কোনও বেসরকারী বনের সংরক্ষণ, মালিকের উপর আর রাখিয়া দেওয়া সম্বন্ধীয় নথি—সরকার এইরূপ বিবেচনা করিলে, বনের পরিচালনার ভার সরকার স্বহস্তে লইয়া নিশ্চিত কালের জন্য একজন Regional Forest Officer-এর তত্ত্বাবধানে রাখিবেন। এই সকল বনকে vested forests বলা যাইবে। যে ক্ষেত্রে ক্ষুদ্র ক্ষুদ্র মালিকদের মধ্যে উক্ত অর্থবল নাই সেই ক্ষেত্রেও বেসরকারী বনকে vested forests বলিয়া ঘোষণা করা চলিবে। তাহা ছাড়া কোনও জমি অন্ততঃ তিন বৎসর পতিত থাকিলে এবং উহা বন সৃজনের উপযোগী বলিয়া ঘোষিত হইলে যদি মালিক ঐ জমিতে চাষ করিতে বা Regional Forest Officer-এর উপদেশ অনুসারে উহাতে ঘাস জন্মাইতে বা বন সৃজন করিতে অনিচ্ছুক বা অক্ষম হন, তবে প্রস্তাবিত ১১ ধারায় সরকার উক্ত জমিকে vested forests-এ পরিণত করিতে পারিবেন।
- (৫) বন্য সজ্জাকারের জন্য এবং বিভিন্ন মালিক বিশিষ্ট বনসমষ্টির সংরক্ষণকল্পে vested forest-সমূহে একই working plan-এর অন্তর্ভুক্ত করা যায়, খসড়া আইনের ১৩ ধারায় তাহারও ব্যবস্থা করা হইয়াছে।

- (৬) প্রস্তাবিত ১৮ ধারার বিধিত সঠিকভাবে vested forestগুলি অনুসরণ ১৫-ইংলিশ ৩০ বছর পরে মালিকসমূহকে তাহাদের বনভূমি ফিরিয়ে দেওয়ার ব্যবস্থা করা হইয়াছে।
- (৭) Working plan অবলম্বন করিবার কালে সাময়িকভাবে জারি করার অধীন Controllee অথবা vested forestএর মালিক কষ্ট পাইতেছেন এরূপ বিবেচিত হইলে প্রস্তাবিত ৮ ধারা-নির্দিষ্ট বিধান অনুযায়ী তাহাকে ৪৭ দিবসি ব্যবস্থা করা হইয়াছে।
- (৮) Regional Forest Officer এবং উহার কম্পটারীদের বরত বাবদ প্রথম ১০ বৎসরের ব্যয় সরকার বহন করিবেন এবং পরে প্রস্তাবিত ১৭নং ধারা অনুযায়ী একটি cess ধায়া করিয়া উহা আদায় করিয়া লইবেন। পশ্চিম বঙ্গের সকল বনের মালিক cess দিলে বৎসরে প্রতি একরে এক হইতে দেড় আনা পর্যন্ত cessএর হার হইবে বলিয়া অনুমান করা যায়। উপযুক্ত ক্ষেত্রে cess মকুব করার ব্যবস্থাও করা হইয়াছে।
- (৯) Indian Forest Act, 1927এর ৩৫, ৩৬, ৩৭ ও ৩৮নং ধারা, বাছাতে বে-সরকারী বন ও জমি কিয়তপরিমাণে নিয়ন্ত্রণ করা সম্ভবপর হইত, তাহা এই খসড়া আইনে বাতিল করা ব্যবস্থা করা হইয়াছে এবং ৩৮নং ধারার অনুসরণ একটি (৫৯নং) ধারা বর্তমান খসড়া সংযোজিত হইয়াছে, বাছাতে মালিকদের অনুরোধে সরকার বন ও পতিত জমি vested forestভাবে পরিচালনা সম্মত হইতে পারেন।

এই সম্পর্কে ইহা বলা প্রাসঙ্গিক হইবে যে বে-সরকারী বন নিয়ন্ত্রণকণে Bengal Private Forests Act, 1945, এ পর্যন্ত গরবেতা থানা ছাড়া সমগ্র মেদিনীপুর জিলা এক বাঁকুড়া জিলার বহুবৎ করা হইয়াছে। Indian Forest Act এর ৩৭নং ধারা Bengal Private Forest Actএর ৬০নং ধারার বাতিল করা হইয়াছে। গরবেতা থানার Indian Forest Act এর ৩৭নং ধারা অনুসারে Land Acquisition Actএ বন সৃজনের জন্য জমি সংগ্রহ করা হইতেছে। Indian Forest Act ও Bengal Private Forest Actএকই স্থানে প্রয়োগ করা হইলে কোন আইনে চলা হইবে, সে সম্পর্কে যোজ্যযোগ হইতে পারে, Legislative Department ইহা সম্মত গরবেতা থানার Bengal Private Forest Act বহুবৎ করা হয় নাই।

বৈজ্ঞানিকদের মতে প্রত্যেক দেশেই উহার সমগ্র আয়তনের অন্ততঃ শতকরা ২০ ভাগে বন থাকা অত্যাবশ্যক। পশ্চিম বঙ্গ বর্তমানে বনভূমির পরিমাণ শতকরা ১৫ ভাগ। ইহার মধ্যে প্রায়সংখ্য বে-সরকারী বনের পরিমাণও কম নহে। কৃষিকৃষির উপাদানিকা শক্তি বৃদ্ধি করিয়া কৃষি ও বন সম্মানে এই প্রদেশকে উন্নয়ন করিতে হইলে বে-সরকারী বন-নিয়ন্ত্রণ নষ্টপ্রায় বনাংশে পুনরায় বন সৃজন এক পতিত জমিতেও বন সৃজন করা একান্ত প্রয়োজন।

আশা করি আমি এখন আমার প্রস্তাবের বন্দোবস্তকে এই আইন প্রণয়নের যৌক্তিকতা বিষয়টাকে বন্ধ করে দিতে পারি।

The motion of the Hon'ble Sri Hem Chandra Naskar that the Bengal Private Forests Bill, 1948, as settled in the Assembly, be passed was then put and agreed to.

Adjournment.

The House was then adjourned at 5-12 p.m. till 3-45 p.m. on Monday the 8th March, 1948, at the Assembly House, Calcutta.
